**Re-Viewing Thomas Holcroft, 1745-1809** A.A. Markley 2016-04-08 Thomas Holcroft was a central figure of the 1790s, whose texts played an important role in the transition toward Romanticism. In this, the first essay collection devoted to his life and work, the contributors reassess Holcroft's contributions to a remarkable range of literary genres-drama, poetry, fiction, autobiography, political philosophy-and to the project of revolutionary reform in the late eighteenth century. The self-educated son of a cobbler, Holcroft transformed himself into a popular playwright, influential reformist novelist, and controversial political radical. But his work is not important merely because he himself was a remarkable character, but rather because he was a hinge figure between laboring Britons and the dissenting intelligentsia, between Enlightenment traditions and developing 'Romantic' concerns, and between the world of self-made hack writers and that of established critics. Enhanced by an updated and corrected chronology of Holcroft's life and work, key images, and a full bibliography of published scholarship, this volume makes way for more concerted and focused scholarship and teaching on Holcroft. Taken together, the essays in this collection situate Holcroft's self-fashioning as a member of London's literati, his central role among the London radical reformers and intelligentsia, and his theatrical innovations within ongoing explorations of the late eighteenth-century public sphere of letters and debate.

By Man Shall His Blood Be Shed Edward Feser 2017-05-10 The Catholic Church has in recent decades been associated with political efforts to eliminate the death penalty. It was not always so. This timely work reviews and explains the Catholic Tradition regarding the death penalty, demonstrating that it is not inherently evil and that it can be reserved as a just form of punishment in certain cases. Drawing upon a wealth of philosophical, scriptural, theological, and social scientific arguments, the authors explain the perennial teaching of the Church that capital punishment can in principle be legitimate—not only to protect society from immediate physical danger, but also to administer retributive justice and to deter capital crimes. The authors also show how some recent statements of Church leaders in opposition to the death penalty are prudential judgments rather than dogma. They reaffirm that Catholics may, in good conscience, disagree about the application of the death penalty. Some arguments against the death penalty falsely suggest that there has been a rupture in the Church's traditional teaching and thereby inadvertently cast doubt on the reliability of the Magisterium. Yet, as the authors demonstrate, the Church's traditional teaching is a safeguard to society, because the just use of the death penalty can be used to protect the lives of the innocent, inculcate a horror of murder, and affirm the dignity of human beings as free and rational creatures who must be held responsible for their actions. *By Man Shall His Blood Be Shed* challenges contemporary Catholics to engage with Scripture, Tradition, natural law, and the actual social scientific evidence in order to undertake a thoughtful analysis of the current

debate about the death penalty.

**Everything She Wants and Everything He Can Give** Biokrobo S. Wokoma 2013-05 Of all the questions in life that face man, the one we never seem able to answer is: What do women want? Likewise, women wonder about men, why men are never fully satisfied, and why they want more or just different things. This book assumes that it is still inherently a man's world. It starts by emphasizing the irrefutable value of women, before addressing some of our most common assumptions, problems, and misconceptions about each other. As boys are drawn to their mothers and daughters are drawn to their fathers, the book also draws an obvious link between how we are treated as children and the resulting outcome as adults. Most of all, this book attempts to suggest approaches that will help solve these issues if both parties honestly seek resolutions. *Everything She Wants and Everything He Can Give* opens doors, but only if we open ourselves to the answers. Biokrobo S. Wokoma is an English teacher and a business communication trainer. He holds a BA in mass communications. Born in Lagos, Nigeria, he traveled to Equatorial Guinea, Spain, and England, before moving to Monrovia, Liberia at the dawn of the Liberian civil war in 1990. He spent the next 14 years residing in Port Harcourt, Nigeria, and six years in a boot camp-like boarding school in a town called Ikom, where he learned to survive under extreme conditions. "I have, since 2004, traveled and lived in the United States, U.A.E, Malaysia, and Mexico, making hundreds of friends and sharing experiences. I currently reside in Mexico City." The Guyde Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome

your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

**Love Sex and Relationship** Razzab Shaikh 2014-12-05 Everybody has felt it at one time or another, be it for a person, pet, or even a non-living object. That feeling is love. Love is felt in different intensities; it may consume your whole being, or perhaps it's just a little crush. Some people search for what seem their whole lifetimes for love, whereas others may seem to fall in and out of love on a regular basis. Of course, here we are talking about people. We can love many things, but the love between two people is unique and special. Love is rarely defined because everyone experiences it differently. What one person thinks is love, another may think is infatuation or vice versa. How does one know he or she is in love? How is it possible to distinguish between the love of romance and the love shared between friends? In order to understand love, we need to first understand the two major types of love: romantic love and friendship love. People often define romantic love based on its difference from friendship love. Would you kiss your friend? Perhaps, but it is not necessarily the things you do with your romantic partner that makes your love romantic. Romantic love is often confused with infatuation because it is so all-consuming. Romantic lovers are usually on each other's minds. A person may make decisions based on his or her romantic partner, such as whether or not to move to a different province for a job and leave his or her partner behind. People make large life decisions based on their romantic partners because they can't imagine life without those people. Romantic love guides a person's mind and can sometimes cloud it as to what the right decision may be. After all, romantic love can be extremely selfless. The famous playwright, William Shakespeare, one of the greatest advocates for romantic love, alludes to romantic love as being like drunkenness in his play *The Tempest*. Like too much alcohol or happy drugs, romantic love takes over all senses in a person, and somewhat changes his or her outlook. A person in love romantically is often said to have a "permasmile" and is difficult to make unhappy. It is no wonder that most people seek out romantic love, rather than be content with the simple love shared between friends. The love of friendship is a milder type of love, as it does not consume a person's every waking moment with thoughts of the other person. Friendship love can often turn into romantic love, as it has many times throughout history, but the birth of romantic love between friends will often kill the love of friendship. In other words, friends who become romantic lovers rarely can go back to being "just friends." Why is it that romantic love is so overpowering? The love of friendship can be very strong, but it is the emotional intensity of romantic love that forever changes the simplicity of the love between friends. Friendship love does not have all the same guidelines that romantic love seems to have. Each friend couple may have a unique kind of love between each other. Girlfriends may have a different friendship love for each other than a male and female friend pair may have. The same goes for two male friends. Because of societal guidelines that have been in place for years, male-female friends may undergo a lot of pressure from other friends and family to turn their friendship love into romantic love. There is a line that friends may cross over, and to know that line is to know the difference between romantic love and friendship love. Friendship love is best described as a warm feeling between people. A person naturally wants to be around her friend, as friends like to do things together. If your friend gets hurt, you want to help him; if your friend is angry, you get angry along with her. Friends who love each other want to make each other happy; they want to be there as confidants, cathartic outlets, and company. Friendship love is often compared to the love between siblings. In many cases, a sibling is just as good a friend as any.
