Pink Floyd All the Songs - Jean-Michel

Guesdon 2017-10-24

The newest addition to the best-selling All the Songs series details the unique recording history of Pink Floyd, one of the world's most commercially successful and influential rock bands. Since 1965, Pink Floyd been recording sonically experimental and philosophical music, selling more than 250 million records worldwide, including two of the best-selling albums of all time Dark Side of the Moon and The Wall. While much is known about this iconic group, few books provide a comprehensive history of their time in the studio. In Pink Floyd All the Songs, authors Margotin and Guesdon describe the origin of their nearly 200 released songs, details from the recording studio, what instruments were used, and behind-the-scenes stories of the tensions that helped drive the band. Organized chronologically by album, this massive, 544-page hardcover begins with their 1967 debut album The Piper at the Gates of Dawn, the only one recorded under founding member Syd Barrett's leadership; through the loss of Barrett and the addition of David Gilmour; to Richard Wright leaving the band in 1979 but returning; to Roger Waters leaving in 1985 and the albums recorded since his departure, including their 2014 farewell album, The Endless River, which was downloaded 12 million times on Spotify the week it was released. Packed with more than 500 photos, All the Songs is also filled with stories fans treasure, such as Waters working with engineer Alan Parsons to employ revolutionary recording techniques for The Dark Side of the Moon at Abbey Road Studios in 1972 or producer Bob Ezrin's contribution in refining Water's original sprawling vision for The Wall.

The Dirty Beat (EasyRead Comfort Edition) - Venero Armanno 2016

Iporanga! - Kevin Apostobranco 2002

In 1969, Dr. D.M. McArtor, Deputy Director of

Technology for the US Dept. of Defense went before the Senate Committee for Appropriations & requested \$10 million to design a virus that is "refractory to the immunological systems . In 1970, Dr. McArtor was granted the \$10 million by the US Government to invent the AIDS virus. In 2000, feeling drawn to Brazil, the author arrived in the town of Iporanga, Sao Paulo where it is common knowledge among the residents that the US Army has been conducting some kind of secret experiments in a nearby cave hidden in the jungle in 1970. Impossible events occur on a regular basis, & previous to arriving in Iporanga he was shown through a series of coincidences that with the letter 'A' in front of his name, his surname is Apostlethwaite, or Apostobranco. On his second night, Kevin used a strange sentence for the first time & told a young doctor whose days are filled with AIDS victims; "I'm a white blood cell, I go where needed." In answer to her question regarding why he was there. Shortly after seeing a school music book full of Nazi mind control experiments with sound & melody, Apostobranco is shown a cave nearby called Caverna Laboratorio. The local residents were obviously victims of some kind of mind control. There are people in the valley that can't remember when their parents died, & another who can't remember that her husband died of AIDS. All of these things were more than enough to convince the author that he was no longer just a tourist but had assumed the role of a character in a legend. Iporanga! is an expose of numerous crimes against humanity. It's the true account of the discovery of the origin of AIDS & the bizarre series of events that surround it - an account of impossible coincidences & miracles, the misery of AIDS, & the terror of being chased by an army through the jungle in Brazil.

Documentation: "What the devil's wrong with rock music?" - Dan Peters 1981

Bidoun - 2007

Rock - Bob Larson 1982

Roger Waters and Pink Floyd - Phil Rose
2015-01-14

Beyond its elucidation and critique of traditional 'notation-centric' musicology, this book's primary emphasis is on the negotiation and construction of meaning within the extended musical multimedia works of the classic British group Pink Floyd. Encompassing the concept albums that the group released from 1973 to 1983, during Roger Waters' final period with the band, chapters are devoted to *Dark Side of the Moon* (1973), *Wish You Were Here* (1975), *Animals* (1977), *The Wall* (1979) and *The Final Cut* (1983), along with Waters' third solo album *Amused to Death* (1993). This book's analysis of album covers, lyrics, music and film makes use of techniques of literary and film criticism, while employing the combined lenses of musical hermeneutics and discourse analysis, so as to illustrate how sonic and musical information contribute to listeners' interpretations of the discerning messages of these monumental musical artifacts. Ultimately, it demonstrates how their words, sounds, and images work together in order to communicate one fundamental concern, which—to paraphrase the music journalist Karl Dallas—is to affirm human values against everything in life that should conspire against them.

Is There Anybody Out The Wall? - Luis Carlos Molina Acevedo 2016-02-04

IS THERE ANYBODY OUT THE WALL? is an analysis of the movie "Pink Floyd The Wall". For this study, it is considered the film as revolving around two basic questions: "Is there anybody out there?" and "Is there anybody in there?" With the first starts this process of interpretation. And with the second ends this essay. It is considered, in addition, that the film is a mental machine to travel back in time. It consists of four levers: the real, memories, imagination, and desire. The first allows travelling in present time. The second allows travelling in past time. The third allows travelling in possible time, potential. And the fourth allows travelling in future time. Thanks Pink Floyd by make my life more bearable. In

moments of disappointment toward the world, toward life, always I have returned to his songs. His high notes immediately have connected my nervous system with the cosmos, with the universe. Thanks for the spatial connection. For me, the screams of the vocal cords, to extend the duration of guitar notes beyond the usual, are the portal to cross the wall.

The Play - Natalie Wrye

Becoming enemies with your neighbor is never a good idea. What's even worse is when the neighbor is an incredibly hot client. Baseball god Sevin Smith is no longer just the noisy bachelor living above me. Now he's the MVP client I have to protect from a paternity scandal, and I'm not thrilled that my boss has me on the case. That's fine. I can pretend and work with a man who's become my enemy. But what I can't pretend is not to be attracted to him. Not to fall for his sexy laugh and easy smile. And I definitely can't pretend I'm not falling for the spunky eight year old kid that may or may not be his. Yes, I admit it: Becoming enemies with your neighbor—the sexy sports star—is never a good idea. But falling in love with him might be the worst idea of all... AUTHOR'S NOTE: THE PLAY is a full-length, stand alone, enemies to lovers/next door neighbor sports romance with humor, a touch of suspense and heat. Enjoy! --- CUSTOMER REVIEWS: ★★★★★ "A few surprises, lots of heat, crazy chemistry and two other "little" characters that will melt your heart. Another 5+ star read from my one-click author list!" - Tracey, Amazon Review ★★★★★ "It's rare that I read a book and just don't want it to end. I wanted to keep reading, I could not get enough of Sevin and Emily." - Lori, Amazon Review ★★★★★ "Is it possible he can finally have everything he's ever wanted? Baseball and the girl? I loved this story! It's fun, exciting, hot and goes deeper than I thought it would. There's more to Sevin than meets the eye and Emily is just the right woman to uncover the man he is inside." - Kara, Goodreads Review ★★★★★ "ONE OF THE BEST ENEMIES / NEIGHBORS TO LOVERS SPORTS ROMANCE." - Suzana, Goodreads Review Tags: sexy single dad romance, neighbor next door romance, steamy sports romance, contemporary sexy neighbor romance, single dad crazy ex romance, hot guy neighbor romance, sexy big city romance

Comfortably Numb - Vernon Fitch 2006-01-01
Comfortably Numb-A History of 'The Wall': Pink Floyd 1978-1981 is an inside look at one of the most unusual rock and roll stories of all time. The Wall is the tale of a rock star, Pink, and his battle to cope in a world filled with tragedy and hardship. Unable to deal with reality, Pink isolates himself by creating a psychological wall between himself and the world that has caused him so much pain. But even Pink cannot escape from the forces that surround him. He is forced to confront his fears and tear down his wall. The Wall is certainly one of the most intriguing rock concept pieces ever written. Conceived by Roger Waters, and released as an album in 1979 by Pink Floyd, The Wall is the best selling double album of all time. It also spawned the number 1 single, 'Another Brick in the Wall, part 2.' But The Wall became more than a best selling album. It was developed into an elaborate stage presentation which, in 1980 and 1981, thrilled audiences by combining superb musical performances by Pink Floyd with a theatrical presentation that featured giant puppets, animation, and a giant wall across the stage. Pink's story amazed audiences who witnessed first hand the building of the wall, Pink's isolation behind the wall, and, at the end of the show, the destruction of the wall as it crumbled before their very eyes. The Wall stage shows have become legendary, and to this day remain one of the most amazing stage spectacles ever presented by a rock band. Every aspect of The Wall is examined in this book in detail, including The Wall story, its recording history, the Pink Floyd album, the development of the stage show, insights into how it was staged, and a look back at every single performance of The Wall throughout the world. To compliment the text, this book is lavishly illustrated with over 400 pictures from the Wall era, including numerous rare and previously unpublished photos from the personal collections of the people who were involved in creating The Wall album and stage shows, as well as hundreds of pieces of Wall memorabilia from the Pink Floyd Archives collection. No other book has covered the inside details of rock's conceptual masterpiece, both in story and pictures, in the way that this book does. Fans of Pink Floyd, contemporary music, and rock & roll theater will find this a truly

unique and fascinating book.

Verden venter - Jes Holtsø 2011

Echoes - Glenn Povey 2007

From their gigs in tiny church halls to multimillion-selling albums--"The Dark Side" "of the Moon," "Wish You Were Here," and the rock opera "The Wall"--and elaborate stadium shows, this tome celebrates legendary rock band Pink Floyd. Lavishly illustrated with previously unpublished photographs and rare graphic memorabilia, including posters, advertisements, handbills, and tickets from every era of the band's remarkable history, this survey provides a comprehensive overview of the group, its members, and the times. In addition to a biographical account of the band's collective and individual careers--from their pre-Floyd times in the early 1960s to the present day and their music's evolution from psychedelic and space rock to progressive rock genres--this definitive reference presents a meticulously researched chronological listing of every Pink Floyd and solo concert with set lists, radio and television appearances, and a UK and U.S. discography.

Hipgnosis - Aubrey Powell 2017-05-09

The complete catalogue of design collective Hipgnosis, showcasing groundbreaking cover art created for iconic rock 'n' roll giants, including the Rolling Stones, Paul McCartney, Led Zeppelin, and Pink Floyd The complete, definitive, and never-before-published catalogue of album covers created by the legendary design agency Hipgnosis, this volume finally does justice to the work of the most important design collective in music history. Founded in 1967 by Storm Thorgerson, Aubrey "Po" Powell, and Peter Christopherson, Hipgnosis gained a legendary status in graphic design, transforming the look of album art forever and winning five Grammy nominations for package design. Their revolutionary cover art departed from the conventional group shots favored by record companies of the day, resulting in groundbreaking, often surreal designs inextricable from the major albums of many of the biggest names in the history of popular music: AC/DC, Black Sabbath, The Police, Genesis, Led Zeppelin, Pink Floyd, Paul McCartney, Syd Barrett, The Who, Wings, Yes, and XTC, to name but a few. Arranged

chronologically, Vinyl . Album . Cover . Art features stunning reproductions of every single Hipgnosis cover—more than 300 in total—for the first time, along with pertinent insights from the rock 'n' roll legends whose albums are featured and behind-the-scenes photography. The text, written by Powell, and with contributions by Peter Gabriel, Robert Plant, and Nick Mason, brims with information that illuminates the album art and the compelling stories behind each cover's creation.

Ciphers - Paul Di Filippo 1997

Cy Prothero is alerted that his girlfriend may have been kidnapped by Wu Labs, a high-tech corporation trafficking on the cutting edge of biology and physics. He is joined by longtime friend Polly Peptide, whose boyfriend has also disappeared shortly after giving Cy a mysterious compact disc. Cy and Polly team up to find their lovers, though before long they are in a torrid affair. They pursue hint after clue in a madcap investigation that will leave you laughing out loud.

Transparenz II - Winterlicht - Katja Kirsch 2016-10-25

Ohne Seitenzahlen geht es in der Reihe "Transparenz" um Märchen, Gedichte und die "ew'gen Weltgeschichten". Dabei werden nicht Spiegelscherben, sondern sorgfältig gefertigte Fragmente geschenkt: Solve et coagula. In diesem Band geht es um Familien, den Winter und die Zeit bis Weihnachten. Es geht um Mütter und Väter und auch Vormütter und Vorväter. Es geht um Wurzeln, Balsam, Licht und Tanz. Und schließlich um leuchtende Kinderaugen zum Fest.

Larson's Book of Rock - Bob Larson 1987-11

Larson describes the rock-music scene and offers practical advice on how to deal with rock music from a Christian perspective.

Classic Rock Stories - Tim Morse 1998-07-15

The first time on the open road with Dad's beat-up clunker and a brand-new driver's license. That first kiss. Practicing Steve Tyler moves in the garage. Lazy summer days with nothing to do but hang out with a group of friends and the radio. Classic Rock. In *Classic Rock Stories*, classic rockers reveal the sometimes painful, sometimes accidental, and often hilarious process of creating the songs that you can still sing aloud. In their own words, rockers like Pete Townshend, John Lennon, Stevie Nicks, Elton John, and Keith Richards tell about the drugs, the pain, the love gone bad, and the accidents that resulted in the hits.

Syd Barrett & Pink Floyd - Julian Palacios 2015-06-29

Syd Barrett was an English composer and purveyor of some of the most intriguing music ever written. Famous before his twentieth birthday, Barrett led the charge of psychedelia onstage at London's famed UFO club. With a Fender Telecaster and a primitive Binson echo unit, Barrett liberated the guitar from being, in critic Simon Reynolds' words, 'a riff machine, and turned it into a texture and timbre generator.' His inspired celestial flights of improvisation, and his more structured and whimsical short songs indicated a mind of unusual inventiveness. Chief in Barrett's mind was a Zen-like insistence on spontaneity; each performance had to be unique, and Barrett strived to push his music farther and farther out into the zone of complete abstraction. This in-depth analysis of Pink Floyd founding member Syd Barrett's life and work is the product of years of extensive research. *Lost in the Woods* traces Syd's swift evolution from precocious young art student to acid-fuelled psychedelic rock star, and examines the myriad musical and literary influences that he utilised in composing his hypnotic, groundbreaking songs. A never-forgotten casualty of the excesses, innovations, and idealism of the 1960s, Syd Barrett is one of the most heavily mythologized men in rock, and *Lost in the Woods* offers a rare portrayal of a unique spirit in freefall.

Nos noirs miroirs - Lotis 2023-03-27

En 1990, la sphère géopolitique enchaînait les mutations. L'Allemagne redevenait Une ("Die Deutsche Einheit"). La Guerre du Golfe défilait sur les télévisions en continu. François

Mitterrand parlait démocratie à La Baule. En Suisse, le canton d'Appenzell se voyait obligé d'appliquer le droit de vote et l'éligibilité aux femmes par une décision du Tribunal Fédéral. Cette fiction se déroule à partir de 1990. Le destin a tranché pour Annabelle, Cassandra, Lina et Victoire. Chacune enfermée dans ses problèmes, elles n'ont pas d'autre solution que de continuer à survivre. Nos noirs miroirs, deuxième volume de Fleurs des nuits, est une

odyssée dans le milieu de la prostitution des mineures. Quasi-indéfinissable, il allie dialogues cinématographiques, personnages trop réels pour être anodins et structure narrative articulée entre plusieurs points de vue. L'originalité de Nos noirs miroirs comme de Fleurs des nuits, c'est qu'il est à la fois un récit, un documentaire, un témoignage, une oeuvre théâtrale et parfois le scénario d'un film sans précédent.
