other and does the only thing that seems to make any sense-- she takes aim at the town vampires. A stake a day, keeps the demon at bay. (But don't call her Buffy. That makes Lola, her demon, very cranky.) Her dark side makes everyday life a roller coaster, but means she's perfect for her night job as a bounty hunter. San Antonio's vampires are out of control, and it's up to Val, her faithful hellhound Fang, and her new partner, a handsome San Antonio police detective, to get the deadly fangbangers off the city streets. Soon enough she finds herself deep in the underbelly of the city, discovering the secrets of the Demon Underground and fighting to save those she loves. Whether they love her back or not.

jobs and men that they love, each knows that something is missing: the closeness that once sustained them. Carmen is a successful actress in New York, engaged to be married, but misses her friends. Lena finds solace in her art, teaching in Rhode Island, but still thinks of Kostos and the road she didn't take. Bridget lives with her longtime boyfriend, Eric, in San Francisco, and though a part of her wants to settle down, a bigger part can't seem to shed her old restlessness. Then Tibby reaches out to bridge the distance, sending the others plane tickets for a reunion that they all breathlessly await. And indeed, it will change their lives forever—but in ways that none of them could ever have expected. Look for special features inside. Join the Circle for author chats and more.

Of Wind and Sand - Sylvie Bérard 2009

Culture shock on a newly discovered hostile planet is inevitable, even if you aren't the only inhabitants... On an extremely hot, desert planet, a

race of monstrous lizards have developed a complex civilization. When an Earth colony's emergency landing becomes permanent, the colonists baptize the new planet Mars II and begin to create their own civilization. After several encounters, both lizards and humans demonstrate a willingness to understand each other. But all too quickly, their relationships deteriorate beyond remedy... despite the best intentions of individuals from both sides. Everything on the colonized planet is hostile to humans: the heat, rarity of edible food and scarcity of water. Struggling to survive on their own, a confrontation with the planet's natural inhabitants seems inevitable. Culture shock has sunk in - violence and horror reign and not even the most devoted pacifists can prevent the worst from happening.

Agatha's reputation as the Cotswold village sleuth and wastes no time offering their services to the crotchety owner of a haunted house. Whispers, footsteps, and a cold white mist are plaguing Mrs. Witherspoon, but the police have failed to come up with any leads, supernatural or otherwise. The neighbors think it's all a desperate ploy for attention, but Paul and Agatha are sure something more devious is going on. Such Fine Boys - Patrick

Modiano 2017-08-29

Nobel laureate Patrick Modiano's spellbinding tale of adolescent schoolmates and the vicissitudes of fate As a boarding school student in the early 1960s, Patrick Modiano lived among the troubled teenage sons of wealthy but self-involved parents. In this mesmerizing novel, Modiano weaves together a series of

exquisitely crafted stories about such jettisoned boys at the exclusive Valvert School on the outskirts of Paris: abandoned children of privilege, left to create new family ties among themselves. Misfits and heroes, sports champions and good-hearted chums, the boys of Valvert misbehave, run away, get expelled, and engage in various forms of delinquency and disappearance. They emerge into adulthood tragically damaged, still tethered to their adolescent selves, powerless to escape the central loneliness of their lives in an ever-darkening spiral of self-delusion and grim consequence. A meditation on nostalgia, the pitfalls of privilege, and the vicissitudes of fate, this book fully demonstrates the powerful mix of sadness, mystery, wonder, and ominous danger that characterizes Modiano's most rewarding fiction. Special feature: J. M. G. Le Clézio's foreword, here in English for the first time, provides a rare and insightful appreciation of one Nobel laureate by another.
