Generation X Douglas Coupland 2015-02-19 Andy, Dag and Claire have been handed a society beyond their means. Twentysomethings, brought up with divorce, Watergate and Three Mile Island, and scarred by the 80s fallout of yuppies, recession, crack and Ronald Reagan, they represent the new generation- Generation X. Fiercely suspicious of being lumped together as an advertiser's target market, they have quit dreary careers and cut themselves adrift in the California desert. Unsure of their futures, they immerse themselves in a regime of heavy drinking and working in no future McJobs in the service industry. Underemployed, overeducated and intensely private and unpredictable, they have nowhere to direct their anger, no one to assuage their fears, and no culture to replace their anomie. So they tell stories: disturbingly funny tales that reveal their barricaded inner world. A world populated with dead TV shows, 'Elvis moments' and semi-disposable Swedish furniture.

Violent Femmes Rosie White 2007-11-13 The female spy has long exerted a strong grip on the popular imagination. With reference to popular fiction, film and television Violent Femmes examines the figure of the female spy as a nexus of contradictory ideas about femininity, power, sexuality and national identity. Fictional representations of women as spies have recurrently traced the dynamic of women's changing roles in British and American culture. Employing the central trope of women who work as spies, Rosie White examines cultural shifts during the twentieth century regarding the role of women in the professional workplace. Violent Femmes examines the female spy as a figure in popular discourse which simultaneously conforms to cultural

stereotypes and raises questions about women's roles in British and American culture, in terms of gender, sexuality and national identity. Immensely useful for a wide range of courses such as film and television studies, English, cultural studies, women's studies, gender studies, media studies, communications and history, this book will appeal to students from undergraduate level upwards.

English Novel in History, 1895-1920 David Trotter 2003-10-01 Written especially for students and assuming no prior knowledge of the subject, David Trotter's "The English Novel in History 1895-1920" provides a comprehensive introduction to early 20th-century fiction. This study embraces the whole range of early 20th-century fiction, from avant-garde innovations to popular mass-market genres. Separate sections are devoted to James, Conrad, Kipling, Bennett, Lawrence, Lewis, and Joyce. It establishes a classification of literary styles in the period. Based on this classification, it offers an account of the subject-matters which preoccupied writers of all kinds: gender, race, nationality, sexual psychology, production and consumption. "The English Novel in History" aims to redefine our understanding of literary Modernism, and should be useful reading for all students of modern English literature.

Novel Approaches to Lesbian History Linda Garber

2022-01-01 *Novel Approaches to Lesbian History* tells a tale about history and community in our allegedly post-identity era,

examining contemporary novels that depict lesbian characters in recognizable historical situations. These imaginative stories provide a politically vital, speculative past in the face of a sketchy, problematic archive. Among the memorable characters in some 200 novels are pirates, cowgirls, and famous artists, ghosts and time travellers, immigrants and lovers. The best lesbian historical novels are conscientious and buoyant as they engage critical historiographical questions, but *Novel Approaches* also discusses the class and race biases that weigh on the genre. Some lesbian historical novels are based on archival evidence, others on conjecture or fantasy, but all convey the true fact that identity is elusive without a past, without which its future is nearly impossible.

Wild Girls, Wild Nights Sacchi Green 2013-05-20 There are the fabled urban myths of lesbians who fill up a U-Haul on the second date and lead sweetly romantic lives of cocoa and comfy slippers. Safe and sound. A lot of cozy and not much crazy. These are NOT those stories- these are wild women with dirty minds, untamed tongues, and even the occasional cuff or clamp. A lotta crazy and no cozy slippers to be seen. These Wild Girls tell stories of their own Wild Nights (and days,) memories too hot to keep undercover. Real women with real needs and overwhelming desires find the courage to reveal intimate, unrestrained details of their sex lives, the need to share their stories second only to the urgent impulses that drove the action in the first place. There are first times, life-long commitments, and fleeting encounters to savor for a lifetime. Tenderness merges with edge-play; scenes shift from Caribbean islands to desert battlefields to the ultimate privacy of home; and the writers range from well-known names to newcomers driven to share fresh memories they'll never forget. In Evan Mora's "The Insatiable Travel Itch," repression in public drives her wild. "Transported, transplanted, we are transgressors. And it makes me fucking wet." Angel Propps struggles to face her deepest desires. "The word Daddy had a familiar shape on my

tongue, but not in my head, and for one second I was sure I was going to Hell—and then I came.” She’d found, of course, “The Daddy I Didn’t Know I Needed.” Anna Watson, in “Tamago,” gives a poignant and sizzling view of being a lesbian femme who loves butches. “I know being femme is what makes the breath blow out of me when she calls and says, ‘Babe, I just wanted you to know that I was driving along here, thinking about your breasts.’” Reality doesn’t have to be prosaic. Real sex can be wet, messy, frenzied, sometimes even awkward, but never boring. With these writers and seventeen more, *Wild Girls, Wild Nights: True Lesbian Sex Stories* is the proof of that.

Black Looks bell hooks 2014-10-10 In the critical essays collected in *Black Looks*, bell hooks interrogates old narratives and argues for alternative ways to look at blackness, black subjectivity, and whiteness. Her focus is on spectatorship—in particular, the way blackness and black people are experienced in literature, music, television, and especially film—and her aim is to create a radical intervention into the way we talk about race and

representation. As she describes: "the essays in *Black Looks* are meant to challenge and unsettle, to disrupt and subvert." As students, scholars, activists, intellectuals, and any other readers who have engaged with the book since its original release in 1992 can attest, that's exactly what these pieces do.

Bailey's Cafe Gloria Naylor 1993-08-31 Set in a diner where the food isn't very good and the ambience veers between heaven and hell, this bestselling novel from the author of *Mama Day* and *The Women of Brewster Place* is a feast for the senses and the spirit. "A virtuoso orchestration of survival, suffering, courage and humor."--New York Times Book Review.

Literature Against Criticism Martin Paul Eve 2016-10-17 This is a book about the power game currently being played out between two symbiotic cultural institutions: the university and the novel. As the number of hyper-knowledgeable literary fans grows, students and researchers in English departments waver between dismissing and harnessing voices outside the academy. Meanwhile, the role that the university plays in contemporary literary fiction is becoming increasingly complex and metafictional, moving far beyond the 'campus novel' of the mid-twentieth century. Martin Paul Eve's engaging and far-reaching study explores the novel's contribution to the ongoing displacement of cultural authority away from university English. Spanning the works of Jennifer Egan, Ishmael Reed, Tom McCarthy, Sarah Waters, Percival Everett, Roberto Bolaño and many others, *Literature Against Criticism* forces us to re-think our previous notions about the relationship between those who write literary fiction and those who critique it.

Popular Music, Stars and Stardom Stephen Loy 2018-06-15 A popular fascination with fame and stardom has existed in Western culture since the late eighteenth century; a fascination that, in the twenty-first century, reaches into almost every facet of public life. The pervasive nature of stardom in modern society demands study from the perspectives of a range of distinct but thematically

connected disciplines. The exploration of intersections between broader considerations of stardom and the discourses of popular music studies is the genesis for this volume. The chapters collected here demonstrate the variety of work currently being undertaken in stardom studies by scholars in Australia. The contributions range from biographical considerations of the stars of popular music, contributions to critical discourses of stardom in the industry more broadly, and the various ways in which the use of astronomical metaphors, in both cultural commentary and academic discourse, demonstrate notions of stardom firmly embedded in popular music thought. Not only do these chapters represent a range of perspectives on popular music, stars and stardom, they provide eloquent and innovative contributions to the developing discourse on stardom in popular music.

My Mother Said I Never Should Charlotte Keatley 2016-06-22 I don't know if you'll ever love me as much as I love you, but one day you'll understand why I've done this to you. Doris, born illegitimate in 1900, exchanges her budding teaching career for marriage and motherhood. When the war is over, her daughter Margaret marries an American and has Jackie, who becomes an archetypal 60s rebel. When Jackie can't face being a single mother, it is decided that baby Rosie will be brought up as Margaret's own. That's the plan anyway . . . Charlotte Keatley's award-winning play is a moving exploration of the relationships between mothers and daughters, and the consequences of breaking the most sacred taboo of motherhood. *My Mother Said I Never Should* is about the choices we make which determine the course of our lives and how it is never too late to change. This edition was published to coincide with the revival of the play at the St James Theatre, London, in 2016, starring Maureen Lipman and Katie Brayben.

I Am Your Sister Audre Lorde 1985 The internationally acclaimed author challenges homophobia as a divisive force, particularly among Black women.

Mother Without Child Elaine Tuttle Hansen 1997-01-01 "This is a conceptually innovative book which expands the meaning of motherhood to include mothers 'without child'; it is also a compassionate political book which refuses the boundary between 'good enough' and 'bad' mothers. *Mother Without Child* is an engaging, witty, and provocative literary study which should fascinate anyone who is interested in mothering or in looking for new ways to talk about motherhood without erasing some women's experience or dividing mothers from each other."--Sara Ruddick, author of *Maternal Thinking: Toward a Politics of Peace* "Hansen positions her study in a genuinely new space . . . taboo ground, which demands not only a great deal of courage to address, but also enormous intelligence and insight. Hansen is up to this task. . . hers is a pioneer study that will have a significant impact on the ways that non-procreative motherhood is discussed and understood." --Madelon Sprengnether, author of *The Spectral Mother: Freud, Feminism, and Psychoanalysis* "Since the beginnings of the second wave of feminism in the 1960s, feminist scholars have been obsessed with motherhood. *Mother Without Child* takes us to the next stage in this fascinated and fascinating exploration. Through illuminating readings of contemporary stories of thwarted motherhood, Hansen challenges the persistent and constraining definitions of the good and even the good-enough mother. She enjoins us to listen to the moving, devastating, and often inspiring stories of mothers who survive the loss of their children and she urges us to find there not the angry voices of feminist daughters who cannot forgive their patriarchal mothers, but alternative stories of a different maternity that can lead us to alternative plots and visions of women's lives. We need this book."--Marianne Hirsch, author of *The Mother/Daughter Plot: Narrative, Psychoanalysis, Feminism* "A careful, committed, and freshly clarifying voice. Hansen's graceful prose and finely interwoven explorations are much needed at this time. Through readings of contemporary fiction,

she enriches our vocabulary for discussing the overdetermined topic of motherhood and deepens our understanding of both its psychological and contemporary political dimensions. *Mother Without Child* is a book for historians and social scientists as well as literary scholars."--Laura Doyle, author of *Bordering on the Body: The Racial Matrix of Modern Fiction and Culture*

Captive Genders Eric A. Stanley 2015-10-05 A Lambda Literary Award finalist, *Captive Genders* is a powerful tool against the prison industrial complex and for queer liberation. This expanded edition contains four new essays, including a foreword by CeCe McDonald and a new essay by Chelsea Manning. Eric Stanley is a postdoctoral fellow at UCSD. His writings appear in *Social Text*, *American Quarterly*, and *Women and Performance*, as well as various collections. She was released in 2014 after serving nineteen months for second-degree manslaughter.

Critical Perspectives on Bell Hooks Maria del Guadalupe Davidson 2009-03-04 Although bell hooks has long challenged the dominant paradigms of race, class, and gender, there has never been a comprehensive book critically reflecting upon this seminal scholar's body of work. Her written works aim to transgress and disrupt those codes that exclude others as intellectually mediocre, and hooks' challenge to various hegemonic practices has heavily influenced scholars in numerous areas of inquiry. This important resource thematically examines hooks' works across various disciplinary divides, including her critique on educational theory and practice, theorization of racial construction, dynamics of gender, and spirituality and love as correctives in postmodern life. Ultimately, this book offers a fresh perspective for scholars and students wanting to engage in the prominent work of bell hooks, and makes available to its readers the full significance of her work. Compelling and unprecedented, *Critical Perspectives*

on bell hooks is a must-read for scholars, professors, and students interested in issues of race, class, and gender.

Flappers Judith Mackrell 2013-05-23 For many young women, the 1920s felt like a promise of liberty. It was a period when they dared to shorten their skirts and shingle their hair, to smoke, drink, take drugs and to claim sexual freedoms. In an era of soaring stock markets, consumer expansion, urbanization and fast travel, women were reimagining both the small detail and the large ambitions of their lives. In *Flappers*, acclaimed biographer Judith Mackrell follows a group of six women - Diana Cooper, Nancy Cunard, Tallulah Bankhead, Zelda Fitzgerald, Josephine Baker and Tamara de Lempicka - who, between them, exemplified the range and daring of that generation's spirit. For them, the pursuit of experience was not just about dancing the Charleston and wearing fashionable clothes. They made themselves prominent among the artists, icons, and heroines of their age, pursuing experience in ways that their mothers could never have imagined, seeking to define what it was to be young and a woman in an age where the smashing of old certainties had thrown the world wide open. Talented, reckless and wilful, with personalities that transcended their class and background, they re-wrote their destinies in remarkable, entertaining and sometimes tragic ways. And between them they blazed the trail of the New Woman around the world.

Dark Angels Pam Keesey 2006-02-09 If the vampire is both scary

and seductive, the lesbian vampire is doubly so. The appeal of this quintessential bad girl is unmistakable and irresistible: the hypnotic eyes, fetish clothing, lips that can kiss revealing teeth that can kill. These are some of the weapons she employs to lure and enslave her victims, willing and otherwise. Edited by vampire aficionado, Pam Keeseey, *Dark Angels* showcases the lesbian vampire in all her glory.

Ugly Feelings Sianne NGAI 2009-06-30 Ngai mobilizes the aesthetics of unprestigious negative affects such as irritation, envy, and disgust to investigate not only ideological and representational dilemmas in literature--with a particular focus on those inflected by gender and race--but also blind spots in contemporary literary and cultural criticism. Her work maps a major intersection of literary studies, media and cultural studies, feminist studies, and aesthetic theory.

Art on My Mind Bell Hooks 1995 Author addresses the deplorable absence of discourse on black artists.

The Life of Christina of Markyate Medieval Academy of America 1998-01-01 "The Life of Christina of Markyate", a twelfth-century English recluse and later abbess of Markyate near St Albans, is a remarkable example of late medieval hagiography. Originally written at the time of or soon after Christina's death in the twelfth century, the Life is unusual both in its relative lack of miracles, and in the unknown author's decision to write Christina's life factually rather than gathering together stock elements from previously written saint's lives, as was the custom. First published in 1959, this edition contains the original Latin text with a facing-page English translation. It is accompanied by a comprehensive Introduction that discusses the codicological problems of the text, and provides other contextual and background material. 'One of the great virtues of this Life is its vivid revelations of Christina's personal circumstances, which must have been based on her own reminiscences. Although doubts have been cast on her veracity ... they do not affect the main lines of the extraordinary story she

told the author.' From the General Editors' Note

Doing Autoethnography Sandra L. Pensoneau-Conway
2017-09-12 In 2011, Doing Autoethnography—the first conference to focus solely on autoethnographic principles and practices—was held in chilly Detroit, Michigan on the campus of Wayne State University. The conference has since occurred four additional times (2013, 2014, 2015, 2016). Across the five conferences, thousands of attendees from more than ten countries have participated in hundreds of presentations, more than a dozen workshops, and multiple keynote addresses. The chapters in this collection represent outstanding work from the five conferences. Together, authors interrogate autoethnography ethically, theoretically, relationally, and methodologically. Readers will encounter many overlapping themes: identity norms and negotiations; experiences tied to race, gender, sexuality, size,

citizenship, and dis/ability; exclusion and belonging; oppression, injustice, and assault; barriers to learning/education; and living with/in complicated relationships. Some chapters provide clear resolutions; others seemingly provide none. Some authors highlight conventionally positive aspects of experience; others dwell in what might be understood as relational darkness. Some experiences will likely resonate with many readers; others will feel unique, unusual, exceptional. In its entirety, the collection will take readers on an evocative, reflexive, and insightful journey.

Fight Back and Win Gloria Allred 2009-10-13 Voted by her peers as one of the best lawyers in America, and described by Time magazine as "one of the nation's most effective advocates of family rights and feminist causes," Allred has devoted her career to fighting for civil rights and has won hundreds of millions of dollars for victims of abuse. She has taken on countless institutions to promote equality, including the Boy Scouts, the Friars Club, and the United States Senate. And as the attorney for numerous high-profile clients—including Nicole Brown Simpson's family, actress Hunter Tylo, and Amber Frey, Scott Peterson's girlfriend—Allred has helped victims assert and protect their rights. Throughout her memoir, Allred offers colorful—sometimes shocking—examples of self-empowerment from her personal and professional life. Presenting nearly fifty of her most memorable cases, Allred takes us deep inside the justice system to show how it's possible to win even in the face of staggering odds. Her inspiring true stories serve to remind us that winning justice depends on the righteousness of the cause and an individual's willingness to stand up, speak out, and fight back. *Fight Back and Win* is a powerful testament to Gloria Allred's trailblazing career and the battles she has fought alongside countless brave individuals to win justice for us all.

Duty and Desire Pamela Aidan 2006-10-03 ³There was little danger of encountering the Bennet sisters ever again.² Jane Austen's classic novel *Pride and Prejudice* is beloved by millions, but little is revealed in the book about the mysterious and handsome hero, Mr. Darcy. And so the question has long remained: Who is Fitzwilliam Darcy? Pamela Aidan's trilogy finally answers that long-standing question, creating a rich parallel story that follows Darcy as he meets and falls in love with Elizabeth Bennet. *Duty and Desire*, the second book in the trilogy, covers the "silent time" of Austen's novel, revealing Darcy's private struggle to overcome his attraction to Elizabeth while fulfilling his roles as landlord, master, brother, and friend. When Darcy pays a visit to an old classmate in Oxford in an attempt to shake Elizabeth from his mind, he is set upon by husband-hunting society ladies and ne'er-do-well friends from his university days, all with designs on him -- some for good and some for ill. He and his sartorial genius of a valet, Fletcher, must match wits with them all, but especially with the curious Lady Sylvania. Irresistibly authentic and entertaining, *Duty and Desire* remains true to the spirit and events of *Pride and Prejudice* while incorporating fascinating new characters, and is sure to dazzle Austen fans and newcomers alike.

Laden Choirs Peter Wolfe 2014-07-15 In 1973 the Australian novelist Patrick White won the Nobel Prize for Literature, the

year that his great novel of family ties and change, *The Eye of the Storm*, was published and became a bestseller in America and Europe. Yet White is still not widely known or read, and few writers of today have provoked so many contradictory judgments. Now Peter Wolfe has written the first book-length study of the work of this brilliant and haunting novelist. The study offers a subtle, penetrating examination of White's style, his skill in building narrative tension, and also the depth and complexity reflected in his characterization, which, in his novels, always dominates action. Fittingly, for a writer whose novels bear the indelible stamp of Australia, the study also examines White's psychological use of setting and the intense sense of place found in his work. No other critical study of White covers such a broad range of his writing. Peter Wolfe considers here the entire canon of the novels. *The Tree of Man*, *Voss*, *The Vivisector*, *The Eye of the Storm*, *A Fringe of Leaves*, and *The Twyborn Affair* (White's most recent novel) are all discussed. White's themes and settings range from the power and immensity of the wilderness of the Australian outback to the dislocations wrought in traditional values by postwar industrialization and urban sprawl. *Laden Choirs* makes accessible to an American audience a writer of the first rank, whose work lies at the heart of modernist concerns. Literary students and scholars who wish to explore the world of Patrick White will find this book an essential key.
