The English Teacher's Companion - Jim Burke 2008

Teachers and teacher educators asked for: the latest research on literacy more information about national standards ways to consider gender in instruction advice for teaching Advanced Placement classes ideas for teaching media literacy and incorporating technology effectively into instruction even more resources for mentoring new teachers analysis of how trends in society, culture, and politics impact teachers and their classrooms. And Jim delivers. He has revamped his introductory chapters on literacy learning to include up-to-the-minute thinking from the field, and he has incorporated lists of key standards and helpful suggestions for reaching them. His practical strategies turn recent findings on literacy and gender into well-designed, research-based instruction, and his ideas help you meet the very different needs of AP students by understanding their goals and providing them with appropriate challenges.

From the Shtetl to the Stage - Alexander Granach

Alexander Granach, who died while he was acting on Broadway in 1945, brilliantly relates the remarkable story of his unlikely path from a poverty-stricken, rough-and-tumble childhood to success on the German stage. This is the account of a daring, curiosity-filled, and perceptive Jewish child from poor towns in Galicia who was seized with a passion for the theater when he saw his first show at the age of 14. He overcame great odds to become a leading stage and film actor in Weimar Germany - and he had to have both legs broken to do it! Born in what is now southern Ukraine, Granach began working at the age of six in his father's bakery, where his heavy tasks left him visibly knock-kneed. With very little formal education but open for adventure and willing to work hard, Alexander ran away several times, the last time to Berlin, at the age of 16, where his talent and charm won him a place in Max Reinhardt's theater school. His career was abruptly interrupted by World War I and his time as a prisoner of war in Italy, but after a daring escape and the end of the war he resumed his rise to prominence in German artistic life. A natural storyteller, Granach's autobiography captures equally the charms, adventures, and trials of his shtetl days, the horrors of trench warfare, and the glamour and excitement of the German theater before Hitler came to power.

A Hundred Hours of Night - Laura Watkinson 2016-05-10

Part love-letter to New York, part portrait of a girl and a city in crisis as Hurricane Sandy hits New York City. When Emilia de Wit ran away to New York City, she planned everything to a T. Plane ticket, purchased. Cute apartment, rented online. Subway map, printed and highlighted.

This was no ordinary trip -- this was Emilia's declaration of independence. Her chance to escape the disaster her life has become. To get away from the horrible scandal that has rocked Amsterdam, the scandal that is all her dad's fault. To see if her mom, the glamorous, world-famous artist, will even notice. New York steals Emilia's heart at first sight -- even though absolutely nothing goes to plan. She didn't plan to end up homeless on a stranger's doorstep. She didn't plan to make friends with Seth, Abby, and Jim. And she could never have known that Hurricane Sandy would be barreling up the coast, straight for the city. All she wanted was to get away from her parents, her problems, her life... but when the storm hits and the power goes out, Emilia feels farther from home than she could have imagined.

Yann Tiersen - Kerber - Yann Tiersen 2021-07-01

(Piano Solo Songbook). "I think there is a similarity between the infinite big and the infinite smallness of everything," says Yann Tiersen. "It's the same experiment looking through a microscope as it is a telescope."

Named after a chapel in a small village on the island of Ushant, Kerber marks a new chapter in critically-acclaimed composer Yann Tiersen's career. A chapter still true to Tiersen's nuanced and subtle approach but one that sets out with his most overtly electronic material to date.

Beautifully textured, highly immersive and thoughtfully constructed, Tiersen creates an electronic world, providing an environment in which the piano source exists. A sense of place has often been a central theme in Tiersen's work and here that is no different. Each track is tied to a place mapping out the immediate landscape that surrounds Tiersen's home, linking back to his thoughts on the possibilities of the infinite smallness. This official, exclusive folio is beautifully printed on high-quality, uncoated paper with striking graphic artwork. All seven pieces are presented for solo piano and follow an exclusive introduction to the project.

Women in German Yearbook - Jeanette Clausen 1994-06-01

The tenth volume of *Women in German Yearbook* offers new perspectives on issues of gender and sexual identity. Richard McCormick analyzes, through a reading of G. W. Pabst's film *Geheimnisse einer Seele*, social anxieties about gender identity in Weimar popular culture. Elizabeth Mittman discusses Christa Wolf and Helga K'nigsdorf as different "embodiments" of the drastically altered eastern German public sphere in 1989/90. Ruth-Ellen B. Joeres suggests that the homosocial content of letters by early nineteenth-century German women writers created a social sphere distinct from those usually identified as public or private. Marjorie Gelus analyzes the obsessive focus on sex and gender in three of Kleist's stories. Gail Hart argues that Kleist's defeminization of "Anmut" in his "Marionettentheater" essay reinforces the exclusivity of a male homosocial universe. The relationship of masochism to female erotic desire is the subject of Brigid Haines's examination of Lou Andreas-Salomä's *Eine Ausschweifung*. Silke von der Emde investigates Irma Traud Morgner's use of postmodern strategies to promote feminist goals. Susan Anderson rereads Monika Maron's *Die _berlÜuferin*, analyzing the self-emancipatory effects of fantasy. A cluster of articles providing feminist perspectives on the Holocaust is introduced by Ruth Kl_ger's "Dankrede zum Grimmelshausen-Preis." Karen Remmler discusses the relationship between memory and the portrayal of female bodies in two recent Holocaust narratives. Suzanne Shipley examines the significance of exile in the autobiographies of two women who fled Austria for New York. Sigrid Lange introduces Marie-Therese Kerschbaumer's *Der weibliche Name des Widerstands*, a challenge to Austria's attempts to minimize its role in Nazi persecutions. Miriam Frank provides an overview of lesbian literature and publishing practices in Germany, and Luise Pusch reports on a recent attempt at language censorship in the German parliament. The volume closes with the editors' look at *Women in German* after twenty years. Jeanette Clausen is an associate professor of German at Indiana UniversityPurdue University at Fort Wayne. She is coeditor of *German Feminism* and since 1987 has coedited the *Women in German Yearbook*. Sara Friedrichsmeyer is a professor of German at the University of Cincinnati, Raymond Walters College, and author of *The Androgyne in Early German Romanticism*. She has been coeditor of the *Women in German Yearbook* since 1990.

Gendered Encounters between Germany and Asia - Joanne Miyang Cho 2016-12-14

This volume provides new insights into gendered interactions over the past two centuries between Germany and Asia, including India, China, Japan, and previously overlooked Asian countries including Vietnam, the Philippines, Thailand, and Korea. This volume presents scholarship from academics working in the field of German-Asian Studies as it relates to gender across transnational encounters in the nineteenth and twentieth centuries. Gender has been a lens of analysis in isolated published chapters in previous edited volumes on German-Asian connections, but nowhere has there been a volume specifically dedicated to the analysis of gender in this field. Rejecting traditional notions of West and East as seeming polar opposites, their contributions to this volume attempts to reconstruct the ways in which German and Asian men and women have cooperated and negotiated the challenge of modernity in various fields.
