Dirty Daddy Fairy Tales - Olivia Fox

2022-05-19

Stone-hearted Predator. Hired Gun. But I call him "Daddy". Liam Whittaker. A man who hides in the shadows to seek his prey. The battle scars on his face conceal him from the world. He's a professional problem solver and I'm his biggest pain in the butt. He's formidable. Focussed. Chased by fiends both real and imagined. But beneath the cynical, stern exterior lies a true and tender heart - one that needs to command me. Too bad he's employed by bad guys to haul me in and punish me for my so-called crimes. Even though I'm tempted to remain and solve the mystery of his demanding discipline, I know I have to escape and flee from his desire. He and I

don't stand a chance. I'm his enemy. A computer hacking, book reading, board game playing nerd who pissed off the villains that sent Liam to find me. Once he delivers me to them, my geeky days on this earth are over. But his lips scorch my soul and fuse me to him. They say that only in the darkness can you see the stars, and under the spell of twilight, his devouring kisses shoot me up to the heavens. He tells me I'm a good girl. But I must run away, half-hoping all the while he'll catch me and keep me. From USA Today Bestseller Olivia Fox comes this enemies to lovers, alpha romance. Captured is part of her Dirty Fairy Tales series, inspired by Beauty and the Beast. Each book is a standalone, naughty ever after. Deep-sea diver left for dead. A

speechless siren finds him on the deserted strand. A guy who battles sharks, near drowning, and oozes danger. Eric García The waves of fate tossed him up on the shores of my solitude, and for the first time since the collision, I feel safe. A man who swims in the ocean depths, fearing nothing. Mentally and physically fit. He wants me to talk again. Why would he understand that I've stayed protected from the heartlessness of humans only by remaining here on the abandoned shore of the Pacific Ocean? Hiding. Silent. He's rough. Bold. And insists that I call him "daddy". But how can I when a horrible incident took my words away forever? Beneath the steely surface lies a devoted and gentle heart that I don't want to disappoint - one that needs to claim me as his. No way am I going back to village with him so he can spoil me like he says I deserve. Even though his firm hand and punishments make me squirm, in a good way, this won't work. I'm an unusual girl, twenty years his junior, who earns her living selling

shellfish. The laughingstock of Briarville. Eric doesn't know about the deal I sealed for my aunt's silence - an arrangement I'd ruin by showing my face in town. His kisses set off a sharp, wild need in me, and I hope that mine tell him without speech that I love him. He demands that I'm his. But I realize this desire burning between us won't survive the ugly that flourishes where the people are. This age gap, alpha romance, Claimed is part of the Dirty Fairy Tales series, inspired by The Little Mermaid. A real, live mountain man. Zeke Midas. A tasty morsel of a lumberjack at that. He's an axe-wielding tree feller, plain-spoken and burly. Back in high school, he barely knew I existed except for our weekly tutoring sessions. It pains me to admit it, I've never encountered a man yummiier than him. Now we're both grown up, and he tells me it's time to feed the wolf. That I'm the first and only female to speak to the animal he keeps hidden away. I'm not so sure about that. Zeke isn't the only male to make my hormones sing,

but he's the only man I can't forget. So what is it between us? Hormones, or happy ever after? Every night he lays me bare, looking into my eyes as he takes me to the abyss, and shows me the darkest, most depraved secrets inside me. Somehow he knows more about what I want than I do myself. The things he reveals to me... they're obscene, scandalous... I can't get enough of them. When he tells me he needs me. I realize I have to get away. Otherwise, he's going to pull me into the powerful dark side with him forever, and show me once and for all what my wicked body is made for. Zeke is the wolf: a bad boy who likes to get his hands dirty. And just like that dark villain, he can see me better, hear me better and eat me better. The question is, am I ready? □ This mountain man, friends to lovers, alpha romance, Ravished is part of the Dirty Fairy Tales series, inspired by Little Red Riding Hood. Transport yourself into the charming and magical town of Briarville and beyond. Follow these commanding yet gentle heroes on their

quests to find lasting love and naughtiness on the real live Lost Coast of California. □

Daddy's Kitten - Olivia Fox 2022-06-30

A suffering innocent. A grieving gangster. Can their love fill them up so they'll never feel empty again? Jessica: I'm trailer trash, and he's what passes for royalty in Briarville. With a barren

bank account, and nowhere to go, the rumble of a voice in the grocery store hits me in a way that ramps up my pulse and makes it impossible to steady myself. My mind is a crazy mixture of fear, yes... but the powerful, well-muscled body that passes me and walks through the front doors fills me with something like hope. And that's a delight I almost didn't recognize. Turns out, he's been observing me all along, but my eyes were too fixed on the ground to ever notice. That same day, he plucks me out of my bargain basement existence, away from my deceiving father. I've got a new life now, and it seems all my dreams have come true. At Lorenzo's side, every shadow is erased from my heart. He takes me to a secret rooftop hideaway, where the stars run the show, and nothing disrupts their peace as they beam their sparkle down to the river. Only the tentacles of time are far-reaching and fearless, threatening to yank me backwards into the world that once squashed my soul. Can I escape? Or will the chains of my past drag me

This book is a standalone in the Lost Coast Daddies Series and ties into the Rough Redemption, Mafia Romance Series by USA Bestselling Author, Olivia Fox.

The Lost Coast - Amy Rose Capetta 2019-05-14

The spellbinding tale of six queer witches forging their own paths, shrouded in the mist, magic, and secrets of the ancient California redwoods. Danny didn't know what she was looking for when she and her mother spread out a map of the United States and Danny put her finger down on Tempest, California. What she

finds are the Grays: a group of friends who throw around terms like queer and witch like they're ordinary and everyday, though they feel like an earthquake to Danny. But Danny didn't just find the Grays. They cast a spell that calls her halfway across the country, because she has something they need: she can bring back Imogen, the most powerful of the Grays, missing since the summer night she wandered into the woods alone. But before Danny can find Imogen, she finds a dead boy with a redwood branch through his heart. Something is very wrong amid the trees and fog of the Lost Coast, and whatever it is, it can kill. Lush, eerie, and imaginative, Amy Rose Capetta's tale overflows with the perils and power of discovery -- and what it means to find your home, yourself, and your way forward.

Surfers read the patterns of the sea like others read a book. For them, the organization of swells and currents and the curling folds of the waves are elements of a natural language, as coherent in structure and meaning as any taught in school. Each of the eighteen stories in this collection is a raw glimpse of surf life—from sliding into cold, stiff neoprene to experiencing the ecstasy of the Pure Art of Surfing. Most previously published in magazines over the past thirty-five years, the stories in this collection capture the movement, mythology, fantasy, and philosophy of surf life and culture on the sweet and ragged wild edge of beauty.

Discover the Lost Coast - V. Catania-Robertson 2010-08-30

Awake each morning to the silence made by a moist fog lying down upon the shores of the coast. By noon the sun has come out and sea birds are at work flying above the many

fishermen out on the water trying their luck. Seal, Whales, an occasional walrus, or sea otter can be seen frolicking tot far from the shore. The tidal pools are some of the richest in all of California. In 1924, the McArthurs discovered Shelter Cove. For the next thirty-eight years their children and grandchildren spent their summers at the ranch, meeting each day with expectations of yet another adventure. Never were they disappointed. Though the scenery has changed, The Lost Coast is still an exciting wilderness. The mountains jut straight up from the Pacific Ocean making travel difficult. There are few roads. The Black Sands Beach is known for its wild beauty. If you choose to go hiking or camping inland, be prepared to encounter a badger, a California condor, or a golden eagle along with the many other kinds of birds. Dont be surprised to discover youll want to come back every summer after that! Join two little girls with the Sausage Curls who tell you their story and discover the Lost Coast.

Finding Tinker Bell #3: On the Lost Coast (Disney: The Never Girls) - Kiki Thorpe

2018-07-24

The New York Times bestselling Disney Never Girls series continues with a new adventure, in which the Never Girls embark on a quest to find Tinker Bell! When Tinker Bell sets out on a trip beyond Never Land and disappears, it's up to the Never Girls--Kate, Mia, Lainey, and Gabby--to find their missing fairy friend. But Tink's mission has taken her farther from Pixie Hollow than any fairy has gone before. In the third book in the new early chapter book series, Finding Tinker Bell, the Never Girls' quest takes them to the Lost Coast, a mysterious beach that is strangely familiar. Can the Never Girls, Silvermist, Fawn, Rosetta, and Iridessa escape the Lost Coast and find their friend? This book is perfect for children ages 6 to 9 who love adventure, fantasy--and fairies! Kate craves adventure and excitement. Mia loves dresses, roses, and anything beautiful. Lainey dreams of talking to

animals. Gabby believes in fairies more than anyone. Together, they are the Never Girls--four real girls in a fairy's world!

Deere, or Halfbreed as the brotherhood calls him, is given a task to track down Popeye's estranged daughter, and deliver her the news of his death, as well as mysterious instructions to her inheritance. But Jim soon becomes only too aware that the rest of the Iron Raiders want the young woman's birthright money for themselves, and are willing to do anything to get it. Jim's bravery, integrity and morals are tested to the full as he strives to break away from his outlaw ways, searches for a better life, rediscovers his Native American roots, and learns to put the safety of another before his own. With its swift-moving plot, short chapters, limited vocabulary and memorable characters, this tale of modern day desperadoes, buried treasure, treachery, heroism, romance and motorcycles, will open the reader's imagination to the thrill of adventure, and can be enjoyed by both children and simple folk alike.

The Lost Coast - Roger L. Simon 2012-05-23
Times have certainly changed for Moses Wine

since the days of his first case in "The Big Fix"—he's gone from cheap detective to respected private investigator in just twenty-five years. Add in a beautiful girlfriend and a lucrative business with a roster of corporate clients, and he should be feeling on top of the world. But he's not. In fact, he feels as though he's lost touch with his roots, now "living the kind or bourgeois life I once reviled," as he notes. Moses Wine of the sixties has been pushed aside by the lure of vacations at Lake Tahoe, expensive meals, and unlimited access to courtside seats at Los Angeles Lakers games. Now the shadow of Wine's radical days has come back to haunt him. His college-age son, Simon, a radical environmentalist, has been accused of killing a logger in Northern California. Allying himself with his hostile ex-wife, Wine heads off to find the real killer whether it's Simon or not! Laced with Roger L. Simon's mordant wit, California politics and not-so-casual sex, The Lost Coast is vintage Wine at its best. Ever

restless, ROGER L. SIMON has spent his life moving between books and movies, gaining distinction in both. In books, he is best known for the seven Moses Wine detective novels, which have won prizes in the U.S. and Great Britain and been published in over a dozen languages. In film, most prominent among his six produced screenplays—including his adaptation of *The Big Fix*—is *Enemies, A Love Story*, for which Simon was nominated for an Academy Award.

Finding the Lost Coast - Lawson 2010-08
Is she curing him of his multiple personality disorder-or is he setting her up as his next victim? When Morgan moves her psychotherapy practice from Berkeley to the Lost Coast, she is challenged by wrenching ethical dilemmas the anonymity of city life never prepared her for. She knows too many secrets, and secrets are hard to keep in a small town. Morgan's challenges take a dangerous turn when her neighbor, Rosy, takes in her cousin, a young

woman recovering from chemotherapy. Morgan doesn't know it, but she's not the only one keeping secrets. "Carlisle" isn't Rosy's cousin. She's hiding from a man who tried to murder her. A man who now comes into Morgan's office, seeking help. As Morgan struggles with confidentiality conflicts, her own self-deceptions, and the deceptions of her small town neighbors, Jerry's madness forces her to make a dangerous choice that could cost Morgan her life.

The Insurmountable Darkness of Love - Douglas E. Christie 2022-05-24

This text is a reflection on the meaning of spiritual darkness - especially those difficult places in human experience where meaning seems to elude us, where we are emptied out and are compelled to dig deeper into who we truly are. Douglas E. Christie takes up this facet of experience, in ordinary human experience, but also in relation to the Christian contemplative and mystical traditions, where such experience is often understood to be both painful and transformative, allowing the mind and heart to open in love.

Daddy's Little Wild One - Olivia Fox 2022-02-03
An eccentric recluse, living in a treehouse in the woods to hide from her past. A doting daddy dom who stumbles into her hideaway, seeking refuge. Both physically scarred from their previous professions, can their love give them

the courage to heal? Jasper: With one look at those rose petal lips, luscious curves, and the gun she's pointing at my forehead from the porch of her treehouse, I'm suddenly not only her captive but completely captivated by her. I'll keep her safe. I'll chase away the demons that left scars on her body and mind. ♥ I'll teach her what it means to be mine, one lesson at a time. ♥ The first time she obeys my command, I let her know what a good girl she is. Only, this clever, wounded young woman doesn't believe she deserves me as her protector and runs away to the very place I'll never find. I can't save her from the monsters in her mind, or the very real ones trying to find my baby girl in her isolated hideaway in the woods, if she won't accept me as her guardian. What I do know is, once I find her again, I'm never going to stop feeding my addiction for her. She's mine, my body burns for her, and I'm not giving up until she understands she's bound to me forever. USA Today bestseller Olivia Fox is writing naughty ever afters. If you

Lost Shores, Forgotten Peoples - Lawrence H. Feldman 2000

Long after the Aztecs and the Incas had become a fading memory, a Maya civilization still thrived in the interior of Central America. *Lost Shores, Forgotten Peoples* is the first collection and translation of important seventeenth-century narratives about Europeans travelling across the great "Ocean Sea" and encountering a people who had maintained an independent existence in the lowlands of Guatemala and Belize. In these narratives--primary documents written by missionaries and conquistadors--vivid details of these little known Mayan cultures are revealed, answering how and why lowlanders were able to evade Spanish conquest while similar civilizations could not. Fascinating tales of the journey from Europe are included, involving unknown islands, lost pilots, life aboard a galleon fleet, political intrigue, cannibals, and

breathtaking natural beauty. In short, these forgotten manuscripts--translations of the papers of the past--provide an unforgettable look at an understudied chapter in the age of exploration. *Lost Shores, Forgotten Peoples* will appeal to archaeologists, anthropologists, and historians interested in Central America, the Maya, and the Spanish Conquest.

Daddy's Pet - Olivia Fox 2022-02-03

Scarlett says she'll never love again after being burned by her cheating ex. Along comes Aiden, a vet who's hotter than hot and commanding beyond belief. He's ready to teach her that bad girls get punished, and she's about to learn she likes it. Aiden: When I first met her she was out cold on the floor of a horse stall, and it didn't get better from there. She tried to fight me all the way to the hospital. Scarlett's not perfect - accident prone, messier than a wood rat, and a rule breaker - it's about to drive my over-protective, Type-A self over the edge. Gun shy from being cheated on by her ex, she's only willing to play if it's a hook up. I'll go along with it and do whatever it takes to prove to this little one she's perfect for me. We've both been burned in the past. ♥ It's time to take matters into my own hands, one swat at a time, and crack open that cynical shell she has formed around her. ♥ I'm possessive, a loyal mother... and the most commanding man around when it
