Love, Lex - Avery Aster 2014-04-10

This summer, I'd planned to celebrate my eighteenth birthday in Europe with my fellow Manhattanites—Taddy Brill, Blake Morgan, and Vive Farnworth—until I caught my boyfriend screwing my mother. According to the police report, this vomit-inducing incident happened around the same time I'd supposedly blown-up my mother's penthouse. Like I'm walking around Soho with a stick of dynamite in my Louis Vuitton purse—not! Now, my besties and I are in jail. Officer Ford Gotti, the Harley-wheelin' biker cop who arrested us, keeps sticking his perfectly-sculpted nose into my case. His inked body is jacked like a superhero, and he says I can trust him. He wants me to fess up. I won't. Not again. Why should I? My friends and I had a previous stint in juvie that nearly destroyed us. I gotta protect them and keep my mouth shut. Right? —Lex Easton, women's studies major, motorcycle enthusiast, and virgin. The Undergrad Years is a New Adult contemporary miniseries about first loves, independence, and everlasting friendships.

Reputation - Lex Croucher 2022-04-05

Bridgerton meets Gossip Girl with a dash of Jane Austen, in Reputation, a Regency-era historical romantic comedy with a deliciously feminist twist, from a hilarious new British voice, Lex Croucher. Abandoned by her parents, bookish and sheltered Georgiana Ellers is spending the summer with her stodgy aunt and uncle at their home in the English countryside. At a particularly dull party, she meets the enigmatic Frances Campbell, a wealthy member of the in-crowd who delights Georgiana with her disregard for so-called "polite society." Lonely and vulnerable, Georgiana quickly falls in with Frances and her wealthy, wild, and deeply improper friends, who introduce her to the upper echelons of Regency aristocracy, and a world of drunken debauchery, frivolous spending, and mysterious young men. One, in particular, stands out from the rest: Thomas Hawksley, who has a tendency to cross paths with Georgiana in her most embarrassing moments. Sparks fly, but Thomas seems unimpressed with the company she is keeping. And soon, Georgiana begins to wonder whether she'll ever feel like she fits in—or if the price of entry into Frances's gilded world will ultimately be higher than she is willing to pay. Set against a backdrop of lavish parties, handsome men on horseback—and in a time when one's reputation was everything—this edgy, hilarious romantic comedy explores sex, consent, belonging, and status through the eyes of an unforgettable heroine that Austen herself would have cheered for.

The Lex Chronicles Trilogy E-Book Collection - Crystal Crawford 2019-04-16

This box set collection contains ALL THREE e-books in The Lex Chronicles Trilogy (Legends of Arameth)! An evil force terrorizes Arameth, but those out to stop it have a serious problem: their prophesied hero is dead. Centuries ago, a malevolent magicborn overtook Arameth, fracturing their world and unleashing a devastating war between magicborn and their non-magic neighbors. To protect their magical heritage, the Ancients of Arameth sealed themselves off in The Core, wiping all memory of magic from the ordinary people. The remaining magicborns retreated into hiding, unable to use their abilities for fear of inciting the wrath of the Ancients' dark regime—or the terror of their own neighbors. Two hundred years later, the damage wreaked by the Fracture threatens to unravel their world. A dark energy from The Core is slowly corrupting once-beautiful Arameth, and the Worldforce, the source of all Arameth's magic, is destabilizing. The heroes sworn to restore the balance fail catastrophically in their final battle, and tensions peak between the peoples of Arameth. Fluctuations in the unstable Worldforce bring frequent disasters. But not all of Arameth's problems come from The Core... Lex is a seventeen-year-old with no memories before this morning, and no clue why a group of villagers want him dead. Realizing they have mistaken him for a destructive magicborn who slaughtered innocents in their village, Lex flees for his life—only to discover he's more tangled in the conflicts of the past than he ever imagined. And the mysterious girl he stumbles upon during his escape creates a whole new set of problems... An epic fantasy / portal fantasy / soft sci-fi mashup, this trilogy is teeming with quirky characters, fantastical creatures, surprises and suspense. With subtle clean/sweet romance, high-stakes adventure, and a strong focus on friendship and second chances, this all-the-feels fantasy series will keep you flipping the pages.

Lex Charitatis - Johannes Heckel 2010-04-15

This classic work by one of Europe's most respected twentieth-century legal minds tackles law through the eyes of Martin Luther. Johannes Heckel first reveals the basic features of Luther's doctrine of law in its totality, drawing from an overwhelming amount of material from all genres of Luther's writing. Heckel then considers how Luther viewed law as the framework for the existence of a Christian in this world. He develops a picture of Luther's position on law by grounding it in Luther's theology, arguing that his concept of natural law has to be understood in terms of the divine and the secular. Finally, Heckel shows the practicality of Luther's position by focusing on the places in which a Christian interacts with legality in this world: church, marriage and family, and politics. / When Johannes Heckel's *Lex Charitatis* appeared more than half a century ago it brought new clarity to the much disputed issue of Luther's understanding of the law and of God's governance of his created order. . . . Having Heckel's work in English will assist scholars and students alike in putting Luther's insights to use in the context of twenty-first-century problems. /
