**DC Comics novels - Harley Quinn: Mad Love - Paul Dini 2018-11-13**

The definitive story of Harley Quinn by her co-creator, Paul Dini, and Pat Cadigan, revealing the secrets of her history even as she seeks to kill Batman. When she was only seven years old, Harleen Quinzel witnessed her father being beaten up by thugs, and then arrested by the police. That night she ran away to the safest place she could think of: Coney Island amusement park. But there, pursued into the Funhouse by the men who brutalised her father, she beheld unimaginable horrors. Years later, Harleen has put her past behind her, and used her intelligence and ambition to escape her childhood of poverty with a career in psychiatry. Assigned to her first position at Arkham Hospital, she will discover, deep in the asylum, something dangerous and alluring, something quite unlike anything else she has ever known before: The Joker. Because why would you settle for love, when you could have MAD LOVE? From the moment that Harleen finds a rose on her desk, to the moment she dons her harlequin hat, this is the definitive story that chronicles the obsession, the burning desire, the manic laughter, and the birth of one of the most controversial and popular comic book supervillains ever created: Harley Quinn.

**Tame - Colet Abedi 2018-04-13**

Fall in love with British Billionaire Michael Sinclair in Colet Abedi's new STANDALONE romance Tame from The Sinclair Brothers Series. Abby Walters fell in love with me when she was a child. In many ways, she still is one. That sweet, sheltered good girl may look like a walking orgasm, but I know she's innocent. Too innocent for me, the renowned British playboy. It's ironic, isn't it, that I'm the one spending my career in philanthropy while she toils away as a barista. The heiress to her own fortune, she's terrible at this job. It's all wrong for her. But then so am I. So why did I offer to hire her? Because I want her close to me. Under my control. And in my bed. It's not like Abby's going to tame me. Right? Tame is book 3 in The Sinclair Brothers Series and can be read as a standalone. Mad Love & Mad Love 2 - Clayton Sinclair Tame - Michael Sinclair

After escaping death at her own child's hands, you'd think Harmony Phillips would change. Instead she feels resentful believing her kids took the life from her she felt she deserved. In a bed in Concord Manor, she is nursed back to health by those she wrote off. And while her mind hatches all kinds of revengeful mental and physical plans, she doesn't look into the eyes of one of her kids. Had she looked long and hard, she would have seen that she had nourished a mind so evil that it would make her own schemes seem saintly. Mad's only mission in life is to show the world what kind of a person the woman who gave birth to her is. To makes matters worse, she has taken a liking to her father Kali, and that's when all hell breaks loose. The last part of this trilogy Raunchy 3: Jayden's Passion follows this novel.

There is something about him. Something that makes me stare and wonder. Something that makes me imagine all sorts of delicious, forbidden things. And William Sinclair is not your typical man. Conquer is book 4 in The Sinclair Brothers Series. And while "finding herself" she handed her virginity and heart over to the charismatic, alluring and seductive Clayton Astor Sinclair. A man she thought was too good to be true and as luck goes, (since she believes hers royally sucks), her knight turned out to be tarnished and broke her heart. Now back in Los Angeles and faced with the daunting task of pursuing her dream to become an artist, while trying to get over the only man who ever made her feel passion, she feels like her life is over before it's even begun. The problem is, she just can't forget him...

**Mad For Love - Lynne Connolly 2019**

The fight for their love will be a battle of Olympian proportions. Even Gods Fall In Love, Book 2 Wherever he goes, Blaize, Marquess of Stretton, hears the jingle of keys as society mothers lock up their daughters. No wonder: he is secretly the embodiment of Bacchus, god of wine and madness. Yet his melancholic heart is lonely. Until he enters a ballroom, hunting for the Titans who destroyed his father. One look at Lady Ariane Wells and he is consumed with an instant, almost violent compulsion to protect her from the attentions of another man who smells of Titan--Marcus, Duke of Lyndhurst. Ariane is no shy debutante. She knows what she wants, and it is the stunningly handsome Blaize, even if it means defying her powerful mother. When Blaize disappears, Ariane embarks on a treacherous cross-country chase to find him, knowing that if she fails, she must marry her mother's choice: Marcus. Now that Blaize knows the true identity of his captor, he will fight for Ariane even if it means using his terrifying ability to drive everyone around him insane--including himself. For if he doesn't save her, he will truly go insane--forever. Warning: Contains a rake who can make a woman's good sense completely melt away, and a debutante who isn't afraid to spread her wings to fly in the face of convention. Could make even the bluest blood boil.

[Amour Fou - Andrä Breton 1988-10-01](#)

Mad Love has been acknowledged an undisputed classic of the surrealist movement since its first publication in France in 1937. Its adulation of

love as both mystery and revelation places it in the most abiding of literary traditions, but its stormy history and technical difficulty have prevented it from being translated into English until now. "There has never been any forbidden fruit. Only temptation is divine," writes André Breton, leader of the surrealists in Paris in the 1920s and '30s. Mad Love is dedicated to defying "the widespread opinion that love wears out, like the diamond, in its own dust." Celebrating breton's own love and lover, the book unveils the marvelous in everyday encounters and the hidden depths of ordinary things.

**A Mad Love** - Vivien Schweitzer 2018-09-18

A lively introduction to opera, from the Renaissance to the twenty-first century There are few art forms as visceral and emotional as opera -- and few that are as daunting for newcomers. A Mad Love offers a spirited and indispensable tour of opera's eclectic past and present, beginning with Monteverdi's L'Orfeo in 1607, generally considered the first successful opera, through classics like Carmen and La Boheme, and spanning to Brokeback Mountain and The Death of Klinghoffer in recent years. Musician and critic Vivien Schweitzer acquaints readers with the genre's most important composers and some of its most influential performers, recounts its long-standing debates, and explains its essential terminology. Today, opera is everywhere, from the historic houses of major opera companies to movie theaters and public parks to offbeat performance spaces and our earbuds. A Mad Love is an essential book for anyone who wants to appreciate this living, evolving art form in all its richness.
