What Women Want When They Test Men -

Bruce Bryans 2021-04-22

Discover What Women Want in a Man and How They Secretly Test You For it If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a backbone. Women want to be with a man who knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like...a man.

Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman

happy without them having to sacrifice their manhood in the process. How to Understand Women and Pass Their Tests With Unshakeable Confidence Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women think. Attract Women Through Authenticity and Be the Strong Man a Woman Wants For a Relationship It's important for a man to learn how to walk that thin line between caring, thoughtful lover and firm, assertive leader. The man who masters the art of being the perfect gentleman and a strong alpha male is the ideal specimen to a high-quality woman. This is what you're going to learn in this book. So if you're dating or in a relationship and women constantly create drama, lose interest in you, or manipulate you,

it's time you finally got some advice from one of the only relationship books for men that won't turn you into a doormat. Here's what you're going to learn inside: How to be radically honest with a woman and why this makes her MORE attracted to you. The reason why women test men CONSISTENTLY and how to use this knowledge to deepen a woman's desire. (Hint: This is the key to female psychology and how women think.) How to be confident with difficult women. What women want in a man and how to give it to them. How to make a woman happy without becoming a complete doormat of a man. How to seduce your wife and get her in the mood by responding like a MAN whenever she "pokes the bear." How to be firm and say "No" to the woman you love without destroying intimacy. How to keep a woman interested in you by doing the ONE thing MOST men are deathly afraid of doing. How to avoid unnecessary arguments, fights, and drama with a woman by using a simple communication technique. The best way to secretly test a woman's level of romantic interest in you before making a long-term commitment. How to stop living in fear of what a woman might think, say, or do if she disagrees with or disapproves of you in any way. And much, much more... Would You Like to Know More? How to Attract Women - Leonardo Bustos
2015-09-10

How to Attract Women Attract more women with humor by reading this wildly funny and entertaining book! You will be taken through a step by step formula that will help you to easily develop the high status humor skills and alpha male body language habits that women are subconsciously attracted to at a primal level. You will discover how fun and exciting it is to confidently approach practically any woman, anytime, anywhere and instantly have a fun and humorous connection with her. I'll show you a guaranteed foolproof method that has allowed me to engage attractive women in deep and thoughtful rapport by asking the right questions that cause her to become emotionally aroused. Men are aroused more by visual cues. A man looks at a woman searching for sexual stimuli like a jeweler looks for perfection in a flawless gem. Visual cues convey information about a woman's health, fertility, and youth. Women are aroused more by psychological cues. A woman looks at a man much like a detective would a suspected criminal who is about to commit another crime. The visual cues a woman looks for are status, resources, commitment, kindness, stability, and humor. Just as you are attracted to a beautiful face, ass, and breasts, so are women attracted to "male cleavage," or the attractor factors that include high status humor. I'm going to show you how to develop those psychological cues that women can't help but be attracted. With a little practice, you'll start to notice that women will begin to smile at you more when you stimulate the emotional part of their brains that make them laugh. You'll especially notice how they will start engaging you more in a playful manner and will then want to start spending more time with you. Women want men to pursue them for sex. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive

idiots and drive them away. Luckily for you, there is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There is no doubt that women want to be sexually attractive and desired by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You grew up with a modern "female blueprint" and I'm going to show you how to record over it. I'm happy for the women's liberation movement and equality, but along with it became the feminization of American society. The Equal Rights Movement for women in the 60's has caused role reversals and gender confusion that contradicts the conditioning of tens of thousands of years of customary male-female roles. Male and female blueprints that took around 200,000 years to evolve upended suddenly over the last 50. That is a 4,000 to 1 ratio! That's like starting on less than the 1-inch line on a football field of a hundred yards. It's no wonder the modern male population is so confused. One of the primary reasons so many feminized males (often referred to as wusses) are unsuccessful in attracting women is they act like women themselves. It won't work! You can't reverse a few hundred thousand years of conditioning over a 50-year period and expect different results. The methods you're about to learn were scientifically tested and proven to work in social experiments. This information has been carefully researched and documented from experts in the fields of evolutionary psychology, sociology, neuroscience, evolutionary biology, anthropology, and many other fields too numerous to mention. This book can change your life!

Dark Seduction and Persuasion Tactics - Christopher Kingler

What kind of traits do charming people have? What are the psychological forces that lead some people to always choose the same lucky ones, while others will constantly be rejected and destined to live forever in the shadows? Did you fail to succeed in the attraction game? Do you struggle to understand how someone apparently mediocre, or less attractive than you, can actually have everything that they want? Most people today are sent out into society with a broken belief system, which they use to make choices that bring terrible results, both in life and relationships. Men have been conditioned to be the quintessential "good guy". They are trained to be overtly humble, kind and slaves to the belief that just "being themselves" is enough to attract and keep the partner of their dreams. Men are told to believe that conventional masculinity is toxic and to put women above their own interests, passions and purposes. This has led an entire generation of men to form very unhealthy attachments with women which, unfortunately, often constitute their only goal in life. These men spend their lives interacting with the opposite sex in absolute darkness, ignoring the fact that they are judged, rated, approved and rejected based on their unconscious reactions to female tests. If you had no idea that women challenge men - and why they have to - you are about to embark on a journey down a rarely travelled road - the more mysterious side of female psychology and the way women think. The playbook for women and life has changed, but most men still haven't figured it out. Do you want to be successful and level up in every area of your life? If so, this book explains: - The biological drives of men and women, and how to use them to their best advantage. - The fundamental principles of dark psychology and seduction, enabling you to become more charismatic and create instant confidence. - Effective body language techniques to make you irresistible. - Strategies to maximise your looks, your money, your social status and create an attractive lifestyle. - Understanding the various types of seducers and mastering identity shifting to seduce anyone. Powerful hacks of persuasion,

manipulation and power strategies to gain respect and trust. - How to get genuine craving from a woman who wants to go out with you. - Everything you need to know to successfully maintain a long-term relationship. - Bonus chapter: How to become one of the top 20% of men or women who get it right when dating online. No matter what your background, knowledge of dark psychology will allow you to fulfil your destiny. I constantly see special people, being rejected, heartbroken and it hurts. I want to help you so you don't end up like all the other lonely guys out there. You will become the kind of person who can map anyone to get what she wants. So now, let me ask you a question. Where will you be in 30 days? Will you be stuck in the same old patterns and habits that have held you back for years? Will you still be struggling through the same mental attitudes and limiting beliefs that have stunted your growth and held you back from greatness throughout your life? Or will you be bold and finally understand the dark psychology of human behaviour? Will you become a man whose calendar is filled with exciting dates with beautiful women, epic adventures with friends and experiences you once thought were reserved only for the elite? Will you be a man capable of transforming his reality into a living masterpiece that breathes his creation? In light of this information, you have no choice. Read this book now! I ask of you one favour, however. Once you have read this book use the information and techniques with care. So, what are you waiting for?
