From Florida With Love: Sunrise and Stormy Skies Sonja Gunter
2016-07-28 Here in Southwest Florida, we know a lot about the power of hurricanes. They can be terrifying, destructive demons playing havoc with human lives. We know a lot about the power of love, too. We know love can survive storms of all kinds, and these ten new stories from Southwest Florida Romance Writers prove it. Here, love comes to rich and poor, young and old. It lurks on the beach, in town, and in Florida's agricultural heartland. It might creep up on you, or it might strike with the power of a hurricane. Sometimes the hurricane arrives in disguise: a vintage motorcycle, a bucking bronco, a man's name. Be surprised, be moved, be open to what comes after the storm. Because sometimes, out of devastation, come new beginnings. And the heart of each story is love. Don't miss the first anthology from Southwest Florida Romance Writers, *From Florida with Love: Sunsets & Happy Endings*, also from *Satin Romance*...

Souls in the Great Machine Sean McMullen 2002-12-15 The great Calculator of Libris was forced to watch as Overmayor

Zarvora had four of its components lined up against a wall and shot for negligence. Thereafter, its calculations were free from errors, and that was just as well-for only this strangest of calculating machines and its two thousand enslaved components could save the world from a new ice age. And all the while a faint mirrorsun hangs in the night sky, warning of the cold to come. In Sean McMullen's glittering, dynamic, and exotic world two millennia from now, there is no more electricity, wind engines are leading-edge technology, librarians fight duels to settle disputes, steam power is banned by every major religion, and a mysterious siren "Call" lures people to their death. Nevertheless, the brilliant and ruthless Zarvora intends to start a war in space against inconceivably ancient nuclear battle stations. Unbeknownst to Zarvora, however, the greatest threat to humanity is neither a machine nor a force but her demented and implacable enemy Lemorel, who has resurrected an obscene and evil concept from the distant past: Total War. Souls in the Great Machine is the first volume of Sean McMullen's brilliant future history of the world of Greatwinter. Sex, God, and the Conservative Church Tina Schermer Sellers

2017-04-21 *Sex, God, and the Conservative Church* guides psychotherapy and sexology clinicians on how to treat clients who grew up in a conservative faith—mired in sexual shame and dysfunction—and who desire to both heal and hold on to their faith orientation. The author first walks clinicians and readers through a critique of Western culture and the conservative Christian Church, and their effects on intimate partnerships and sexual lives. The book provides clinicians a way to understand the faulty sexual ethic of the early church, while revealing the hidden mystical sex and body positive understanding of sexuality of the Hebrew people. The book also includes chapters on strategies for a new sexual ethic, on clinical steps to heal religious sexual shame, and on specific sex therapy interventions clinicians can use directly in their practice. Finally, it offers a four step model for healing religious sexual shame and actual touch and non-touch exercises to bring healing and intimacy into a person's life.

Come 2 Mama Eric Ehrmann 2005-07-18 Book Summary On a hot desert night in New Mexico author Eric Ehrmann found a death threat on his doorstep. The next morning routine x-rays revealed a cancer the size of an apple core lurking in his colon. A few hours later he would face his students at the University of New Mexico. At age 47 he was too young for screening that would have caught it early; doctors gave him a 23% chance of surviving. *Come 2 Mama* is a story of rolling the dice and beating the odds, a journey through cancer and depression, miracles and medical misdeeds in our largest public health system, the VA.

Uncertain Heaven Jude Davison 2018-01-29 From first picking up a guitar, to writing songs and discovering a connection to the universal source of creativity, *Uncertain Heaven* is a rock 'n roll memoir that tells the story of one man's creative path, a journey that becomes inextricably intertwined with a search for the meaning of our existence and mankind's relationship with God. A story of record deals, songs heard by billions on syndicated television shows, the highs and lows of an indifferent music industry, the painful reality of playing 'music-by-the-yard' and the sheer joy of putting your finger up into the ethos and downloading a song - just like Keith Richards. After years of following the muse wherever she leads, an existential crisis leads the author to peel back the mysteries of life itself, follow what surely seems meant to be, only to find himself standing on the precipice at his own potential demise.

Hooking Up Tom Wolfe 2010-10-31 In *Hooking Up* Tom Wolfe ranges from coast to coast, observing the 'lurid carnival actually taking place in the mightiest country on earth in the year 2000' - everything from teenage sexual manners to how genetics and neuroscience are changing the way we regard ourselves. Also included in this collection are some of his most classic and enduring pieces of journalism, and 'Ambush art at Fort Bragg', his fiercely satirical novella about sting TV. Funny, often savagely so, hard-hitting and wise, Wolfe remains a unique master-chronicler of America and its future.

Hierophantic Landscapes Richard Leviton 2011-09-26 The Earth is poised to make a great disclosure. It's a hierophant. But what's a hierophant? A person who reveals the holy light. But it can also be a landscape or a planet. And what's the holy light? It is the structure of reality and consciousness, a map of the heavenly realms, the engineering blueprint of Creation. Some people call this imminent disclosure the Apocalypse and run for cover. But that is mistaken. Apocalypse means the revelation of the divine revelation. It means the end of our picture of the world as we know it. The world itself will be fine, even better than fine.

Splendid. Illumined. The Architect of reality lays down His cards, face up, and you see the whole deck. Here is the truth of yourself and the Earth. How will this disclosure work? What we call sacred sites and holy landscapes will start revealing themselves in full to us in all their geomantic and visionary richness. That's the inner patterning of their design, their arrays of Light temples and subtle palaces primed for our visionary adventures and edification. The Earth needs us to have these adventures and visions because that's how we keep the planet healthy.

Hierophantic Landscapes visits five landscapes from Norway and England to California and Mexico, providing firsthand reports on the visions and adventures of a small band of geomancers as they seek to unravel the mysteries of the Earth. Maybe not such a small band, because along the way we encounter angels, landscape devas, Nature Spirits, and otherworldly mentors, and revel in vistas of the ancient past of the Earth when that revelation was as fresh as a sunrise, as it will soon be again.

Over miles of dark highway, Ghost pursues, his powers guiding him on a journey to reach his destiny, to save Ann from her new companions, to save Nothing from himself. . . . “An important and original work . . . a gritty, highly literate blend of brutality and sentiment, hope and despair.”—Science Fiction Chronicle
