Oogy - 3M Company 2014-07-02

In the bestselling tradition of Rescuing Sprite comes the story of a puppy brought back from the brink of death, and the family he adopted. In 2002, Larry Levin and his twin sons, Dan and Noah, took their terminally ill cat to the Ardmore Animal Hospital outside Philadelphia to have the beloved pet put to sleep. What would begin as a terrible day suddenly got brighter as the ugliest dog they had ever seen--one who was missing an ear and had half his face covered in scar tissue--ran up to them and captured their hearts. The dog had been used as bait for fighting dogs when he was just a few months old. He had been thrown in a cage and left to die until the police rescued him and the staff at Ardmore Animal Hospital saved his life. The Levins, whose sons are themselves adopted, were unable to resist Oogy's charms, and decided to take him home. Heartwarming and redemptive, OOGY is the story of the people who were determined to rescue this dog against all odds, and of the family who took him home, named him "Oogy" (an affectionate derivative of ugly), and made him one of their own.

Dewey - Vicki Myron 2009-12-15

How many lives can one abandoned kitten touch? This is the heart-warming and unforgettable story of a truly idiosyncratic cat with a strong sense of loyalty and love, and a taste for fast-food. When he was just a few weeks old, Dewey Readmore Books was shoved through the book returns slot of his local library in a sleepy town. Starving, terrified and bruised after being battered by falling books, Dewey curled up into the arms of the library director Vicky. Vicky was a single mother who had escaped a violent husband and was struggling to bring up her little girl Jodi alone. Vicky fell in love with the little bundle of fur in her arms and campaigned to allow Dewey to stay and become the library cat. She didn't know what she was letting herself in for. Dewey's arrival transformed Vicky and Jodi's lives, as well as the staff at the library and eventually the fortunes of an entire town. Dewey was an instant hit with the library regulars and had an amazing instinct to cuddle up close to visitors that were going through a tough time. Vicky tells the incredible story of one severely disabled, wheelchair bound girl that Dewey took a shine to and how he would climb inside her jacket as she giggled hysterically and her eyes, usually almost catatonic, burst into life. He supervised children's reading groups and ensured no child felt left out by snuggling into the laps of any

outsiders. He was a ball of mischievous energy and relished in turning the hitherto quiet and predictable routines of the library upside down. Dewey became the town's number one attraction and he began regularly appearing in the national and international media. Fans from all over the world visited the small town to pay homage to the world's most beloved cat.

*Rescuing Sprite* - Mark R. Levin 2009-10-13

"Rescuing Sprite" is a stunningly intimate look at the love between a family and a dog, one that movingly shows, in Levin's words, that in the end, we humans are the lucky ones. A portion of the proceeds of this book will be donated to animal shelters.

**Oogy** - Laurence Levin 2011-01-20

In 2002, Larry Levin and his twelve-year-old sons, Dan and Noah, took their elderly cat to the vet to be put to sleep. Yet what began as one of the family's saddest days took a sharp turn for the better when the oddest-looking dog they had ever seen bounded across the waiting room into their arms. The friendly white puppy was missing an ear and half of his face was covered in scar tissue, but Larry and his boys soon discovered the truth - the puppy had been used

as bait in a dogfight and left for dead, and it was only the tireless work of their local veterinary staff that had saved him. The Levins accepted the young pup as one of their own from the moment they met him and from that point on he marked himself indelibly on their lives, healing old wounds and showing the boys, themselves adopted as infants, that unbreakable bonds can be formed in all kinds of families.

**The Lost Dogs** - Jim Gorant 2011-09-06

An inspiring story of survival and our powerful bond with man's best friend, in the aftermath of the nation's most notorious case of animal cruelty. Animal lovers and sports fans were shocked when the story broke about NFL player Michael Vick's brutal dog fighting operation. But what became of the dozens of dogs who survived? As acclaimed writer Jim Gorant discovered, their story is the truly newsworthy aspect of this case. Expanding on Gorant's Sports Illustrated cover story, *The Lost Dogs* traces the effort to bring Vick to justice and turns the spotlight on these infamous pit bulls, which were saved from euthanasia by an outpouring of public appeals coupled with a court order that Vick pay nearly a million dollars in "restitution" to the dogs. As an ASPCA-led team evaluated each one, they found a few hardened fighters, but many more lovable, friendly creatures desperate for compassion. In *The Lost Dogs*, we meet these amazing animals, a number of which are now living in loving homes, while some even work in therapy programs: Johnny Justice participates in Paws for Tales, which lets kids get comfortable with reading aloud by reading to dogs; Leo spends three hours a week with cancer patients and troubled teens. At the heart of the stories are the rescue workers who transformed the pups from victims of animal cruelty into healing caregivers themselves, unleashing priceless hope. Includes an 8-page photo insert. Watch a video

**Until Tuesday** - Luis Carlos Montalván 2011-05-10

UNTIL TUESDAY is the story of how Tuesday, a service dog, helps to heal a shattered soldier. Luis Carlos Montalván is a 17-year veteran and retired captain of the US Army. Even after suffering stab wounds, a traumatic brain injury and three broken vertebrae, Captain Luis chose to remain at his post on the Iraq-Syria border. In his mind, he had come this far, now wasn't the time to abandon his comrades. However, when Luis returned home, the pressures and injuries proved too much to bear. Physical disabilities, agoraphobia and crippling PTSD drove him to the brink of suicide. And that's when he met Tuesday. UNTIL TUESDAY entwines Luis' story of courage and bravery with that of his trusted dog, Tuesday, and shows how a brave soldier who fought tirelessly for his country, found a way back from the devastation of being injured in action, with the help of his canine friend.

**The Last Dog on the Hill** - Steve Duno 2010-08-06

When Steve Duno found a puppy - flea-bitten and emaciated - on a Californian roadside, he had no idea what he was letting himself in for. Lou, as he called the dog, was the offspring of marijuana farm guard dogs; a half-Rotweiler, half-Alsatian bundle of intelligence, loyalty, and mischief. Despite his traumatic beginnings, Lou went on to achieve great things, from foiling an armed robbery and fighting kidnappers, to comforting elderly war veterans and Alzheimer's patients. Most importantly, he inspired his owner to become a pet behaviourist, and worked with him to rehabilitate hundreds of aggressive dogs that would otherwise have been put to sleep. With a vocabulary of over 200 words, there was never any doubt that Lou was smart. But he was also funny, heroic, and, for 16 years, Steve's best friend and companion. This is their story.

**Born to Bark** - Stanley Coren 2010-11-02

"For Christmas the woman who would become my wife bought me a dog—a little terrier. The next year her Christmas gift to me was a

shotgun. Most of the people in my family believe that those two gifts were not unrelated." So begins *Born to Bark*, the charming new memoir by psychologist and beloved dog expert Stan Coren of his relationship with an irrepressible gray Cairn terrier named Flint. Stan immediately loved the pup for his friendly nature and indefatigable spirit, though his wife soon found the dog's unpredictable exuberance difficult to deal with, to say the least. Even though Flint drove Stan's wife up the wall, he became the joy of Stan's life. The key to unlocking this psychologist-author's way of looking at dog behavior, Flint also became the inspiration behind Coren's classic, *The Intelligence of Dogs*. Undeterred by Flint's irrepressible behavior (and by the breeder's warning that he might be untrainable), Coren set out to prove that his furry companion could pass muster with the best of them. He persevered in training the unruly dog and even ventured into the competitive circles of obedience trials in dog shows, where Flint eventually made canine history as the highest-scoring Cairn terrier in obedience competition up to that time. (Stan chose not to tell his wife that the highest-ranking obedience dog of that year, a border collie, earned a total score that was fifty times higher.) The longest-running popular expert on human-dog bonding, Coren has enlivened his respected books and theories about dogs with accounts of his own experiences in training, living with, loving, and trying to understand them. A consummate storyteller, Coren now tells the wry, poignant, goofy, and good-hearted tale of his life with the dog who (in the words of his own book titles) taught him *How to Speak Dog* and *How Dogs Think* and whose antics made him ask *Why Does My Dog Act That Way?* Illustrated with Coren's own delightful line drawings and photos, and interwoven with his heartfelt anecdotes of other beloved dogs from his earlier life, *Born to Bark* is an irresistible good dog/bad dog tale of this extraordinary, willful pooch and his profound impact on his master's insights into canine behavior as a research psychologist and on his outlook on life as a whole.

*Dogtripping* - David Rosenfelt 2013-07-23

David Rosenfelt's *Dogtripping* is moving and funny account of a cross-country move from California to Maine, and the beginnings of a dog

rescue foundation When mystery writer David Rosenfelt and his family moved from Southern California to Maine, he thought he had prepared for everything. They had mapped the route, brought three GPSs for backup, as well as refrigerators full of food, and stoves and microwaves on which to cook them. But traveling with twenty-five dogs turned out to be a bigger ordeal than he anticipated, despite the RVs, the extra kibble, volunteers (including a few readers), and camping equipment. Rosenfelt recounts the adventure of moving his animal companions across the United States with humor and warmth, and tells the tale of how he and his wife became passionate foster parents for rescue dogs, culminating in the creation of the Tara Foundation and successfully placing several thousand dogs with loving families. An NPR Best Book of 2013

**Marley & Me** - John Grogan 2011-12-01

A worldwide bestseller with over 5 million copies sold, *Marley & Me* also inspired the hit movie starring Jennifer Aniston and Owen Wilson.

*Marley & Me* is the heart-warming and unforgettable story of a family in the making and the wondrously neurotic dog who taught them what really matters in life. John and Jenny were young and deeply in love, with a perfect little house and not a care in the world. Then they brought home Marley, a wiggly yellow furball of a puppy. Life would never be the same. Marley quickly grew into an uncontrollable 44-kilogram steamroller of a Labrador retriever. Expelled from obedience school, even the tranquilisers prescribed by the vet couldn't stop him. Yet through the chaos and the hilarity he won hearts and remained a steadfast model of devotion to his family, even when they were at their wits' end. Unconditional love, they would learn, comes in many forms. If you love *Marley & Me*, don't miss *The Longest Trip Home*, John Grogan's warm and moving memoir about the power of family and love. PRAISE for *Marley & Me*: 'Mr. Grogan knew the workings of Marley's mind. He makes that abundantly clear in *Marley and Me*, a very funny valentine to all those four-legged "big, dopey, playful galumphs that seemed to love life with a passion not often seen in this world." It's a book with intense but narrow appeal, strictly limited to anyone who has ever had, known or wanted a dog.'
