

Sex And Isolation And Other Essays

Sex Workers Unite - Melinda Chateauvert 2015-03-10

A provocative history that reveals how sex workers have been at the vanguard of social justice movements for the past fifty years while building a movement of their own that challenges our ideas about labor, sexuality, feminism, and freedom. Documenting five decades of sex-worker activism, *Sex Workers Unite* is a fresh history that places prostitutes, hustlers, escorts, call girls, strippers, and porn stars in the center of America's major civil rights struggles. Although their presence has largely been ignored and obscured, in this provocative history Melinda Chateauvert recasts sex workers as savvy political organizers—not as helpless victims in need of rescue. Even before

transgender sex worker Sylvia Rivera threw a brick and sparked the Stonewall Riot in 1969, these trailblazing activists and allies challenged criminal sex laws and “whorephobia,” and were active in struggles for gay liberation, women's rights, reproductive justice, union organizing, and prison abolition. Although the multibillion-dollar international sex industry thrives, the United States remains one of the few industrialized nations that continues to criminalize prostitution, and these discriminatory laws put workers at risk. In response, sex workers have organized to improve their working conditions and to challenge police and structural violence. Through individual confrontations and collective

campaigns, they have pushed the boundaries of conventional organizing, called for decriminalization, and have reframed sex workers' rights as human rights. Telling stories of sex workers, from the frontlines of the 1970s sex wars to the modern-day streets of SlutWalk, Chateaufort illuminates an underrepresented movement, introducing skilled activists who have organized a global campaign for self-determination and sexual freedom that is as multifaceted as the sex industry and as diverse as human sexuality. Of Modern Dragons; and other essays on Genre Fiction: - John Lennard 2008

A volume of essays exploring some of the best genre fiction of the last 40 years.

The Significance of Yavneh and Other Essays in Jewish Hellenism - Shaye J. D. Cohen 2010

This volume collects thirty essays by Shaye J.D. Cohen. First published between 1980 and 2006, these essays deal with a wide variety of themes

and texts: Jewish Hellenism; Josephus; the Synagogue; Conversion to Judaism; Blood and Impurity; the boundary between Judaism and Christianity. What unites them is their philological orientation. Many of these essays are close studies of obscure passages in Jewish and Christian texts. The essays are united too by their common assumption that the ancient world was a single cultural continuum; that ancient Judaism, in all its expressions and varieties, was a Hellenism; and that texts written in Hebrew share a world of discourse with those written in Greek. Many of these essays are well-known and have been much discussed in contemporary scholarship. Among these are: The Significance of Yavneh (the title essay), Patriarchs and Scholarchs, Masada: Literary Tradition, Archaeological Remains, and the Credibility of Josephus, Epigraphical Rabbis, The Conversion of Antoninus, Menstruants and the Sacred in Judaism and Christianity, and A Brief History of Jewish

Circumcision Blood.

Sex in the archives - Barry Reay 2018-12-10

The archive has assumed a new significance in the history of sex, and this book visits a series of such archives, including the Kinsey Institute's erotic art; gay masturbatory journals in the New York Public Library; the private archive of an amateur pornographer; and one man's lifetime photographic dossier on Baltimore hustlers. Shedding new light on American sexual history, the topics covered are both fascinating and wide-ranging: the art history of homoeroticism; casual sex before hooking-up; transgender; New York queer sex; masturbation; pornography; sex in the city. This book will appeal to a wide readership: those interested in American studies, sexuality studies, contemporary history, the history of sex, psychology, anthropology, sociology, gender studies, queer studies, trans studies, pornography studies, visual studies, museum studies, and media studies.

One Hundred Years of Homosexuality - David M Halperin 2012-07-26

Halperin's subject is the erotics of male culture in ancient Greece. Arguing that the modern concept of "homosexuality" is an inadequate tool for the interpretation of these features of sexual life in antiquity, Halperin offers an alternative account that accords greater prominence to the indigenous terms in which sexual experiences were constituted in the ancient Mediterranean world. Wittily and provocatively written, Halperin's meticulously drawn windows onto ancient sexuality give us a new meaning to the concept of "Greek love."

In a Time of Torture - Human Rights Watch (Organization) 2004

Wild Colonial Girl - Lisa Colletta 2006-08-15

Since the 1960 publication of her first novel, *The Country Girls*, award-winning Irish writer Edna O'Brien has been both celebrated and maligned.

*Downloaded from
legacy.opendemocracy.net
on 2021-03-04 by guest*

Praised for her lyrical prose and vivid female characters and attacked for her frank treatment of sexuality and alleged sensationalism, O'Brien and her work seem always to spawn controversy, including the past banning in Ireland of several of her works. O'Brien's attention to "women's" concerns such as sex, romance, marriage, and childbirth has often relegated her to critical neglect at best and, at worst, outright contempt. This essay collection promises to be a long overdue critical reevaluation and exciting rediscovery of her oeuvre. *Wild Colonial Girl* situates O'Brien in Irish contexts that allow for an appraisal of her significant contribution to a specifically Irish women's literary tradition while attesting to the potency of writing against patriarchal conventions. Each chapter's clear and detailed readings of O'Brien's fiction build a convincing case for her literary, political, and cultural importance, providing an invaluable critical guide for an enriched appreciation of

O'Brien and her work. *Sex and Isolation* - Bruce Benderson 2007-11-24 Winner of France's 2004 Prix de Flore for his memoir *The Romanian: Story of an Obsession*, Bruce Benderson has gained international respect for his controversial opinions and original take on contemporary society. In this collection of essays, Benderson directs his exceptional powers of observation toward some of the most debated, as well as some of the most neglected, issues of our day. In *Sex and Isolation*, readers will encounter eccentric street people, Latin American literary geniuses, a French cabaret owner, a transvestite performer, and many other unusual characters; they'll visit subcultures rarely described in writing and be treated to Benderson's iconoclastic opinions about culture in former and contemporary urban society. Whether proposing new theories about the relationship between art, entertainment, and sex, analyzing the rise of the

Research Handbook on International Human Rights Law

- Sarah Joseph 2010-01-01
This handbook brings together the work of 25 leading human rights scholars from all over the world, covering a broad range of human rights topics.

The Routledge Companion to Media & Gender - Cynthia Carter 2013-12-13

The Routledge Companion to Media and Gender offers a comprehensive examination of media and gender studies, charting its histories, investigating ongoing controversies, and assessing future trends. The 59 chapters in this volume, written by leading researchers from around the world, provide scholars and students with an engaging and authoritative survey of current thinking in media and gender research.

The Companion includes the following features: With each chapter addressing a distinct, concrete set of issues, the volume includes research from around the world to engage readers in a broad array of global and transnational issues and intersectional perspectives. Authors address a series of important questions that have consequences for current and future thinking in the field, including postfeminism, sexual violence, masculinity, media industries, queer identities, video games, digital policy, media activism, sexualization, docusoaps, teen drama, cosmetic surgery, media Islamophobia, sport, telenovelas, news audiences, pornography, and social and mobile media. A range of academic disciplines inform exploration of key issues around production and policymaking, representation, audience engagement, and the place of gender in media studies. The Routledge Companion to Media and Gender is an essential guide to the central ideas, concepts and

debates currently shaping media and gender research.

Primate Sexuality - Alan F. Dixson 2012-01-26

Primate Sexuality provides an authoritative and comprehensive synthesis of current research on the evolution and physiological control of sexual behaviour in the primates - prosimians, monkeys, apes, and human beings. This new edition has been fully updated and greatly expanded throughout to incorporate a decade of new research findings. It maintains the depth and scientific rigour of the first edition, and includes a new chapter on human sexuality, written from a comparative perspective. It contains 2600 references, almost 400 figures and photographs, and 73 tables.

Sex and Seclusion, Class and Custody - 2016-08-29

This innovative collection of essays employs historical and sociological approaches to provide important case studies of asylums, psychiatry and mental illness in England, Wales, Scotland and Ireland.

Sex Is Not A Natural Act & Other Essays - Leonore Tiefer 2018-03-09

Revisits and updates the centrality of the social construction of sexuality, especially in the age of Viagra, FSD (female sexual dysfunction) and the media saturation of sex. Leonore Tiefer is one of the foremost sexologists working in the United States today; she is a well-known and respected scholar who writes engagingly and humorously about a wide array of topics in sexuality to appeal to both students and general readers. Revised and updated with new pieces on the medicalization of sex, FSD (female sexual dysfunction) and the politics of sex, as well as classic pieces found in the original edition, such as "Am I Normal?: The Question of Sex." [Anthropology, New Global Order, and Other Essays](#) - Ponnada Venkata Rao 2005 Includes: Anthropology and the new global order: an introductory remark/Kamal K Misra; Anthro-po-sociological perspectives on globalization/N

Are the Lips a Grave? - Lynne Huffer 2013-10-15

Lynne Huffer's ambitious inquiry redresses the rift between feminist and queer theory, traversing the space of a new, post-moral sexual ethics that includes pleasure, desire, connection, and betrayal. She begins by balancing queer theorists' politics of sexual freedoms with a moralizing feminist politics that views sexuality as harm. Drawing on the best insights from both traditions, she builds an ethics centered on eros, following Michel Foucault's ethics as a practice of freedom and Luce Irigaray's lyrical articulation of an ethics of sexual difference. Through this theoretical lens, Huffer examines everyday experiences of ethical connection and failure connected to sex, including queer sexual practices, sodomy laws, interracial love,

pornography, and work-life balance. Her approach complicates sexual identities while challenging the epistemological foundations of subjectivity. She rethinks ethics "beyond good and evil" without underestimating, as some queer theorists have done, the persistence of what Foucault calls the "catastrophe" of morality. Elaborating a thinking-feeling ethics of the other, Huffer encourages contemporary intellectuals to reshape sexual morality from within, defining an ethical space that is both poetically suggestive and politically relevant, both conceptually daring and grounded in common sexual experience.

Life in the Loop - Matt Bieber 2015-03-27

Life in the Loop is a collection of nineteen essays on life with obsessive-compulsive disorder (OCD). The pieces are deeply personal, but they range in style - from traditional biographical narrative to quasi-poetry to brief, Nietzsche-style essays and aphorisms. OCD

*Downloaded from
legacy.opendemocracy.net
on 2021-03-04 by guest*

isn't just an isolated set of tics and fears; it's a pervasive way of being in the world, an orientation that colors everything. In the book, I seek to show how OCD plays out across a range of topics and concerns - self and other, sex and relationships, politics and religion, even space and time. I write about OCD as I experience it: in dips and phases and quarter-turns of the kaleidoscope. I wrote these essays to help me survive. But as I began publishing them on my blog (mattbieber.net) and later in magazines, it became clear that they were helpful to others, too. Those of us with OCD need to hear what it's like for others, to know that we aren't the only ones with broken brains. We need the ecstasy of recognition to interrupt the tedium of our isolation. Our friends and families need these stories, too. One of the hardest things about being close to someone with OCD is realizing how little you can relate to what they're going through. It doesn't make sense because it doesn't make

sense, and it's enormously painful to feel the normal tools of communication - reason, logic, linearity - breaking down. (My parents would have mortgaged their house to know what a day in my teenage life felt like.) In the absence of rational explanations, a view from where your loved one sits is the next best thing. Out of that empathy, understanding can begin to grow.

Queer Political Performance and Protest - Benjamin

Shepard 2009-09-10

From the birth of the Gay Liberation through the rise of the AIDS Coalition to Unleash Power (ACT UP) in 1987, the global justice movement in 1994, the largest day of antiwar protest in world history in February 2003, the Republican National Convention protests in August 2004, and the massive immigrant rights rallies in the spring of 2006, the streets of cities around the world have been filled with a new theatrical model of protest. Elements of fun, creativity, pleasure, and play are

Downloaded from

cornerstones of this new approach toward protest and community building. No movement has had a larger influence on the emergence of play in social movement activity than the gay liberation and queer activism of the past

thirty years. This book examines the role of play in gay liberation and queer activism, and the ways in which queer notions of play have influenced a broad range of social movements.
