Straight to the Heart of Genesis - Phil Moore

2012-11-20

“To be ignorant of what happened before you were born is to remain a child always,” claimed the Roman orator Cicero. Perhaps that’s why Genesis is one of the most loved and hated books ever written. Genesis – the name is simply the Greek word for “Origins” – is the God-inspired history of the world from its inception, and right from the outset it was always controversial. God inspired the Bible for a reason. He wants you read it and let it change your life. If you are willing to take this challenge seriously, then you will love Phil Moore’s devotional commentaries. Their bite-sized chapters are punchy and relevant, yet crammed with fascinating

scholarship. Welcome to a new way of reading the Bible. Welcome to the Straight to the Heart series.

Quote Me the Book of All New Quotes - Joseph Julius Bonkowski, Jr. 2009-07

Born 8-30-58 in Cleveland Ohio, graduated from Lincoln-West high school in 1977 (Honor Roll), and was on the chess and track team, and started working for the city of Cleveland water dept. in 1977 and retired in 2007. I write short stories, slogans, saying, philosophy, songs, and

comedy, restore paintings and comic books, and I can invent almost anything technical. I jog and it seems like I don't age; do to mixing a Dr Jackal and Mr. Hide type concoction when I was 20 years old. My parents are Joseph and Dorothy Bonkowski. I wrote "The secrets of mind reading revealed" (Howell Press), and Casablanca 2 (Unpublished), the Theory of Relativity 2, which expands on Einstein's Theory of Relativity (Only 200 copies printed.) My future plans are to keep on writing, and start a career in comedy. I still have thousands of unpublished quotes and saying, and if this book sells well I will write a second book lord willing.

Revolution of the Heart - Haiyan Lee 2006-12-07

This book is an engagingly written critical genealogy of the idea of "love" in modern Chinese literature, thought, and popular culture. It examines a wide range of texts, including literary, historical, philosophical, anthropological, and popular cultural genres from the late imperial period to the beginning of the socialist era. It traces the process by which love became an all-pervasive subject of representation and discourse, as well as a common language in which modern notions of

self, gender, family, sexuality, and nation were imagined and contested. Winner of the Association for Asian Studies 2009 Joseph Levenson Book Prize for the best English-language academic book on post-1900 China

Sex, Race, and God - Susan Thistlethwaite 2009-04-01

"Sex, Race, and God is the impassioned manifesto of a white feminist's reckoning with the meaning of race-including her own whiteness-in doing theology. We should be discussing, and acting on many of Thistlethwaite's insights for quite some time. She has made a vital contribution to the feminist theological enterprise and to the critical relationship between black and white women in it." -Carter Heyward "Sex, Race, and God is a sincere attempt to listen to and learn from African-American women. . . a serious and largely successful effort to create a method that addresses differences rather than proposing wishful commonalities. will find it promising a basis for dialogue." -The Women's Review of Books "This pivotal book illuminates a significant ongoing debate at the intersection of two fields: contemporary theology and feminist studies." -Choice "Thistlethwaite does what so few white feminists have done: genuinely interact with (and learn from) the strong differences in experience and perspective between African-American women and European-American women." -The Other Side

The Heart of Whiteness - Julian B Carter 2007-06-08

In this groundbreaking study, Julian Carter demonstrates that between 1880 and 1940, cultural discourses of whiteness and heterosexuality fused to form a new concept of the "normal" American. Gilded Age elites defined white civilization as the triumphant achievement of exceptional people hewing to a relational ethic of strict self-discipline for the common good. During the early twentieth century, that racial and relational ideal was reconceived in more inclusive terms as "normality," something toward which everyone should strive. The appearance of inclusiveness helped make "normality" appear consistent with the self-image of a racially diverse republic; nonetheless, "normality" was gauged largely in terms of adherence to erotic and emotional

conventions that gained cultural significance through their association with arguments for the legitimacy of white political and social dominance. At the same time, the affectionate, reproductive heterosexuality of “normal” married couples became increasingly central to legitimate membership in the nation. Carter builds her intricate argument from detailed readings of an array of popular texts, focusing on how sex education for children and marital advice for adults provided significant venues for the dissemination of the new ideal of normality. She concludes that because its overt concerns were love, marriage, and babies, normality discourse facilitated white evasiveness about racial inequality. The ostensible focus of “normality” on matters of sexuality provided a superficially race-neutral conceptual structure that whites could and did use to evade engagement with the unequal relations of power that continue to shape American life today.

Uprooting Sexual Violence in Higher

sex-quotes-for-her-from-the-heart

Education - Amy Murphy 2016-08-19

With national conversation turned toward sexual assault on college campuses, knowing how to identify, prevent, and address these incidents in a safe, and productive way is essential for administrators and faculty. Uprooting Sexual Violence in Higher Education provides colleges and universities with a foundational understanding of twelve risk factors related to sexual assault, stalking, and intimate partner violence. By presenting a blend of theory, research, and the personal reflections of professionals ‘on the front lines,’ this book provides insights into the motivations, attitudes, and behaviors behind sexual assault on campus, as well as strategies for mitigating these risk factors in an effort to tailor prevention efforts. Whether you are seeking a way to navigate the recent regulations on sexual violence from the federal government or merely wish to safeguard the welfare of students on your campus, this book will provide the necessary, and invaluable

How Do You Not Wear Your Heart on Your Sleeve? - @ddawgdnasty 2019-02-13

The book will be sold on social media as well as on Amazon and 50% of the proceeds will go to the Me Too Movement. I wanted to donate to this movement because they have established a community and a safe haven of advocates and survivors that speak out against sexual violence. I don't want to live in a world, nor do I want my loved ones and peers to live in a world, where they feel unsafe and unprotected. I personally don't have any experience with sexual violence, but I shouldn't have to experience it in order to voice my opinion on it. We live in a society where sex is just part of the culture, it's part of the system. We can't distance ourselves from this reality, because if we do then we will fail to acknowledge that we can fall into the role of victim or perpetrator ourselves. I believe that people aren't inherently good or bad, we aren't

born self conscious and weary of what people think. We start out with a fresh slate and we learn to function by looking at the environment around us- which is why I think the root of the problem in sexual violence is that we don't know how to love and respect ourselves first. How can we genuinely love others if we don't love ourselves? If we don't value ourselves, how can we value other people?The purpose of this book is to show that individuals are loved for what they represent, for what they believe in, and for their growth as an individual. I want to show that we are not alone if we do not have a boyfriend or girlfriend; there are a plethora_of_people who love and care about you unconditionally (see what I did there LOL).

has never been so limited and continues to create a world that is predominately living in their minds. We all have the power to become magical. We all have the power to live out our dreams and find a true soulmate. Working with sexual energy in tantric relationships is required to have an energetic impact on the non-physical (astral) planes to create astrally a future we wish to create, rather than face the destiny that the matrix or "time" has in store for us. We entered this world choosing our character knowing how our life would begin and how it will end. Ascension means creating our future astrally before we experience our fixed destiny. This is what magic and our lesson as humans is all about.

common factor in all your relationships is you. Quotes for Singles is a collection of some of the nuggets used by Pastor Bimbo during counselling and ministrations. It is about making the right choices in the process of building relationships. Short and simple, each quote with the accompanying Scriptures will help you get the best out of your relationships. Pastor Bimbo Odukoya was the co-pastor of The Fountain of Life Church, Lagos—a church that is committed to raising leaders, and was the president of Single & Married, a ministry that has been widely acclaimed for preparing youths and couples for fulfilling and lasting relationships. Her popular television programme Single & Married is still being broadcast on several stations across Africa, Canada and the United Kingdom, long after her passing on to glory in December 2005. She was also the chairperson of Discovery for Women, a ministry dedicated to inspiring women in their roles as mothers and leaders. A highly-sought-after speaker, she ministered on

practically every Nigerian university and polytechnic campus. This was in addition to running regular columns in several newspapers and magazines. She received numerous awards, including a couple of honorary doctorates, in recognition of her contributions to the society. She was married to Pastor Taiwo Odukoya and blessed with three children.

Guarding Her Heart - Adore Ian 2019-07-16
Elle Lee is on the run—hiding from her ex and his family. After secretly moving to the other side of the country, she wants nothing more than to stay shielded behind the carefully constructed armor that's kept her, and her secrets, safe all these years. But when she befriends Conor—the strong, quiet guard who works security for the mysterious Alice Braxton—she finds herself wanting to step out from behind her armor and experience life again. Conor Kahele is a protector—always has been, always will be. So when timid Elle gets a job at the Braxton Arcade, he can't help but watch out for her. They

become fast friends and when Elle finds herself with little money and no place to live, Conor is unable to stop himself from asking her to move in. Platonically, of course. But friendship goes out the window the more they learn about one another, and soon Conor finds himself agreeing to take Elle's virginity. What neither agreed to

was giving the other their heart. While people from Elle's past hunt her, demons from Conor's past haunt him. If he can guard her heart, Conor just might save them both. But if he fails, if he goes too far, he might become the very thing that stalks them.
