Let's Talk about Sex and Muslim Love Umm Zakiyyah 2016-07-01 Sex, intimacy, and love remain taboo topics in many Muslim circles today. Some believe such intimate subjects should not be discussed at all, and others see no need for restrictions being placed on either their discussion or practice. Let's Talk About Sex and Muslim Love is a collection of some of the most widely read essays and reflections written by Umm Zakiyyah, internationally acclaimed author of *If I Should Speak* and *His Other Wife*, as she directly confronts the taboo while offering a refreshing perspective that balances frank honesty with religious sensitivity. The essays include "Good Muslims Don't Think About Sex," "She Couldn't Have Sex," "Gay and Muslim?" and many others. The book tackles topics ranging from false modesty that leads to unnecessary sexual shame and the inability to enjoy or have sex even within the confines of marriage, to the conundrums of polygamy and divorce, as well as forbidden relationships and same-sex attraction.

Gender and Sexuality in Muslim Cultures Gul Ozyegin 2016-03-09 A must-read for anyone interested in Muslim cultures, this volume not only explores Muslim identities through the lens of sexuality and gender - their historical and contemporary transformations and local and global articulations - but also interrogates our understanding of what constitutes a 'Muslim' identity in selected Muslim-majority countries at this pivotal historical moment, characterized by transformative destabilizations in which national, ethnic, and religious boundaries are being re-imagined and re-made. Contributors take on the most fundamental questions at the intersections of gender, sexuality, and the body. Several overarching questions frame the volume: How does studying gender and sexuality expand and enrich our understanding of Muslim-majority countries, historically and at present? How does the embodiment of 'Muslim' identity get reconfigured in the context of twenty-first-century globalism? What analytical questions are raised about 'Islam' when its diverse meanings and multifaceted expressions are closely examined? What roles do gender and sexuality play in the construction of cultural, religious, nationalistic, communal, and militaristic identities? How have power struggles been signified in and on the bodies of women and sexuality? How have global dynamics, such as the intensification and spread of neoliberal ideologies and policies, affected changing dynamics of gender and sexuality in specific locales? Here global dynamics touch down in diverse contexts, from masculinity crises around

war disabilities, transnational marriages, and fathering in Turkey, Egypt, and Pakistan; to Muslim femininity narratives around female genital cutting, sexuality in divorce proceedings, and spouse selection; to gender crossing practices as well as protesting bodies, queering voices, and claims of authenticity in literary and political discourse. This book brings exciting research on these and other topics together in one place, allowing the

Sexual Ethics and Islam Kecia Ali 2016-01-07 Stoning. Slavery. Honour Killings. Homosexuality. In the context of Islam, these topics are frequently discussed but little understood. When debated, such emotive issues often spark heated argument rather than reasoned deliberation. In this lucid and carefully constructed collection of essays, feminist academic Dr Kecia Ali examines classical Muslim texts and tries to evaluate whether a just system of sexual ethics is possible within an Islamic framework. Seeking to avoid polemical argument, Ali inspects key themes such as consent and control, which are crucial to any understanding of either traditional Islamic sexual ethics or the possibilities for progressive transformation in these ideals. Suitable for undergraduates and the interested reader alike, *Sexual Ethics and Islam* is an essential tool for understanding modern Islam in today's increasingly sexualised world.

Sex and Islam in Indonesia Jack Falworth 2020-06-02 Devout Muslims in Indonesia are currently waging a political campaign to outlaw all sexual activity outside the bounds of legally sanctioned marriage. Citing the holy Koran as their authority, they want to stamp out prostitution, adultery, sexual promiscuity, premarital sex, homosexuality and pornography. The ultimate aim of the devout Muslims is to transform Indonesia into a Islamic caliphate that enforces sharia law and punishes all those who dare to question the supreme authority of the Koran. Jack Falworth's latest book is a carefully researched study of the above campaign to impose Islam's strict moral code upon the Indonesian population. The topics covered in his book include: (a) Closure of official brothel complexes throughout Indonesia; (b) Vigilante action by the Islamic Defenders Front; (c) Enforcement of Sharia Law in Aceh Province; and (d) Submission of a Bill to outlaw sex outside marriage. As well as describing the activities of the devout Muslims, the book also describes the strong opposition that these activities have encountered among more liberal-minded Indonesians.

Islam, Women's Sexuality and Patriarchy in Indonesia Irma Riyani 2020-11-26 This book explores the intimate marital relationships of Indonesian Muslim married women. As well as describing and analysing their sexual relationships, the book also investigates how Islam influences discourses of sexuality in Indonesia, and in particular how Islamic teachings affect Muslim married women's perceptions and behaviour in their sexual relationships with their husbands. Based on extensive original research, the book reveals that Muslim women perceive marriage as a social, cultural, and religious obligation that they need to fulfil; that they realise that finding an ideal marriage partner is complicated, with some having the opportunity for a long courtship and others barely knowing their partner prior to marriage; and that there is a strong tendency, with some exceptions, for women to consider a sexual relationship in marriage as their duty and their husband's right. Religious and cultural discourses justify and support this view and consider refusal a sin (dosa) or taboo (pamali). Both discourses emphasise obedience towards husbands in marriage.

Addressing the Taboos Zia U Sheikh Phd 2014-08-19 From the creation of the very first humans, Adam and Eve, marriage has been an institution chosen by God for the human race as being the only permitted way that a man and woman can spend their lives with each other. Marriage is often portrayed as a fairy-tale, with the couple living happily ever after. However, the reality is that there are always ups and downs in marriage, and

dealing with marital issues is not something that you learn in school. This book is an invaluable resource for people that are intending to marry, or newlyweds, or have been married for many years. It answers many questions that people may have had about the marriage process; choosing the right spouse, the sensitive nature of intimacy and sex, and how to deal with problems and arguments as they come up. When we can deal with these problems in an expedient and efficient manner, it will result in a harmonious and blissful marriage, God willing. Hopefully, this book will provide all the appropriate resources for couples that want to fill their marriage with happiness and joy. This book is the second work by the author, his first being "Islam: Silencing the Critics."

Sexuality in Islam Abdelwahab Bouhdiba 2013-02-01 Originally published in 1985. Beginning with the Qur'an, Abdelwahab Bouhdiba confronts the question of male supremacy in Islam, and the strict separation of the masculine and the feminine. He gives an account of purification practices, of Islamic attitudes towards homosexuality, concubinage, legal marriage and of the sexual taboos laid down by the Qur'an. He assesses present-day sexual practice, including eroticism, misogyny and mysticism and concludes that the sexual alienation - and even oppression - of modern Muslim women is the result not of the Islamic vision of sexuality, but of social and economic pressures.

The Muslimah Sex Manual Umm Muladhat 2017-07-02 Two years ago, I was congratulating a young Muslimah on her engagement. She was thrilled about starting married life and you could see the happiness emanating from her as everyone gave her their best wishes. A few months later, I could tell something was wrong. After some cajoling, she shyly admitted the truth. Her sex life was horrible. In fact, it was fast becoming non-existent. She had been a model Muslimah her entire life. Before marriage, she had never so much as held a non-mahram's hand, let alone become physically intimate with one. She had eagerly looked forward to marriage as a chance to finally indulging in all the physical intimacy she had postponed for the sake of Allah. But it wasn't working. Coming from the medical field, she knew all the relevant biology. She could draw and label all the parts of male and female anatomy. She had taken fiqh classes and knew the legal rulings of menstruation and intercourse. But she didn't know sex. Oh, she knew the mechanics. Insert penis into vagina. Climax. Withdraw. But she didn't know how to make her husband yearn for her in bed. She didn't know what he liked. She didn't even know what she liked! They had begun eagerly but after a few weeks, realized that neither of them was truly enjoying having sex with each other. And so began my impromptu sex skills workshop. I threw at her all the information I'd gathered over years of marriage. Things I'd learned from experience, tidbits I'd gleaned from friends, tips I'd picked up from magazine articles. One thing here, two things there. All those bits had accumulated into a very healthy and robust sex life between me and my husband. I gave her everything, fervently hoping that it would help

her in her marital life. A month later, I saw her again. This time she had a gigantic smile on her face. "Please, write this down and share it with other Muslim girls. No one teaches this. We're thrown into marriage and only know the fiqh and the biology." I wrote down everything I told her on a Word document and emailed it to her. She shared it with her friends who were newly married. They shared it with their friends. Before long, word trickled back to me that people were asking me to write a book on the subject. So here it is.

Contemporary Bioethics Mohammed Ali Al-Bar 2015-05-27 This book discusses the common principles of morality and ethics derived from divinely endowed intuitive reason through the creation of al-fitr' a (nature) and human intellect (al-'aql). Biomedical topics are presented and ethical issues related to topics such as genetic testing, assisted reproduction and organ transplantation are discussed. Whereas these natural sources are God's special gifts to human beings, God's revelation as given to the prophets is the supernatural source of divine guidance through which human communities have been guided at all times through history. The second part of the book concentrates on the objectives of Islamic religious practice – the maqa' sid – which include: Preservation of Faith, Preservation of Life, Preservation of Mind (intellect and reason), Preservation of Progeny (al-nasl) and Preservation of Property. Lastly, the third part of the book discusses selected topical issues, including abortion, assisted reproduction devices, genetics, organ transplantation, brain death and end-of-life aspects. For each topic, the current medical evidence is followed by a detailed discussion of the ethical issues involved.

Islamic Guide to Sexual Relations Muhammad Ibn Adam al-Kawthari 2020-08-19 Fulfilment of sexual desire and needs are key in sustaining a harmonious marital relationship. However, in today's society, sexual boundaries are being pushed further and further, and often, sexual deviance is openly practised. In such circumstances, there is a need to identify which sexual activities are permissible in Shari'ah. Islamic Guide to Sexual Relations is a serious endeavour to tackle these sensitive matters in a clear and concise manner. While being respectful and dignified in the language he employs, the author does not shy away from discussing sensitive issues. He records, in thorough detail, the guidance Islam provides regarding sexual encounters with one's spouse. The book covers a wide range of issues, and thus, answers many frequently asked questions on the topic of sexual relations. It concludes with a short chapter addressing Islamic etiquettes and practises pertaining to newlyweds on their first night.

Like a Garment Yasir Qadhi 2019-03-04 As- Salaam Alaikum! I welcome you to our 'Like A Garment' e-book, an initiative that seeks to educate Muslims to find conjugal bliss in their marriages. The name of this project came from one of the most beautiful, poetic and profound metaphors of the Qur'an. Allah states, "Permitted for you, during the night of the fast, that you approach your wives. They are your garments, and you are their garments" [al-Baqarah; 187]. In this verse, each spouse is described as a 'garment' to the other. The famous exegete Ibn Jarir al-Tabari (d. 311) stated that this description most aptly described the act of intimacy between the spouses, for during that act, each spouse sheds his or her other garments and then wraps around the other, taking the place of clothes. Al-Qurtubi (d. 671) also comments on this metaphor, and adds that just as clothes protect their wearer from the external elements, similarly each spouse protects the other from external passions that would harm a marriage. Combining between the various explanations of this beautiful metaphor found in the books of tafseer, we can derive many meanings from it: - The act of procreation is so intimate that it is literally as if one of the spouses covers up the other, just as clothing covers up one's body. Another euphemism that the Qur'aan uses for the sexual act is the verb ghashsha, which means 'to cover up, to envelop'. - One primary purpose of clothing is to conceal one's nakedness, since this nakedness (or `awrah) is embarrassing to display, and should be hidden from the eyes of others. Similarly, each spouse conceals the other spouse's faults, and does not reveal them to others. - Clothing protects one from the external elements, such as heat and cold. Similarly, spouses protect one another from external desires that originate from many different sources. By satisfying these desires within the confines of marriage, external passions are removed. - Clothing is the primary method through which humans beautify themselves. Without clothing, one is incomplete and naked. Similarly, spouses beautify and complete one another; when a person is not married, he or she is not yet complete and has not reached his or her full potential. Marriage is an essential part of being fully human, just like clothes are an essential part of being fully civilized. - Clothes are only worn in front of others, and are not necessary in front of spouses. It is only in front of one's spouse that the other spouse can discard his or her garments. - Clothes are the closest thing to one's body. Nothing comes between a person and his or her clothes. So the analogy of spouses being 'like clothes to one another' implies such a closeness - there is nothing, literally and metaphorically, that should come between spouses.

Marriage and Sexuality in Islam Ghazzālī 1984 Islam considers marriage as the most intimate communion between man and woman. The mystery of sex finds its fulfilment when intimate spiritual harmony is combined with the physical link. Marriage and family laws are, therefore, an important part of Islamic law for the fulfilment of its ultimate objective of building a harmonious and peaceful human society. In his inimitable style, Imam al-Ghazali, may Allah be pleased with him, discusses this subject in this small book, and shows how Islam, despite differences in rules and marriage, sets out inviolable principles so that marriage is not distorted by godless understandings now threatening to dehumanise many a society of both the East and West. The Islamic code of marriage and family is second to none in importance in helping to lead a life of goodness and purity.

No Truth Without Beauty Leena El-Ali 2021-12-01 In this comprehensive open access book, written for readers from any or no religious background, Leena El-Ali does something remarkable. Never before has anyone taken on every last claim relating to Islam and women and countered it not just with Qur'anic evidence to the contrary, but with easy-to-use tools available to all. How can a woman's testimony be worth half of a man's? How can men divorce their wives unilaterally by uttering three words? And what's with the obsession with virgins in Paradise? Find the chapter on any of the seventeen topics in this book, and you will quickly learn a) where the myth came from and b) how to bust it. The methodology pursued is simple. First, the Qur'an is given priority over all other literary or "scriptural" sources. Second, the meaning of its verses in the original Arabic is highlighted, in contrast to English translations and/or widespread misunderstanding or misinterpretation.

Intimacy and the Sacred Habeeb Alli 2011-07-11 Intercourse with ones spouse is part of being human. Alli has taken such a subject which has cultural taboos all around it, and brought it to the reader with religious light. Something that is rare in the English language. A must read. Tahir Anwar, Imam, U.S.A. "Sex is a normal function of life...so normal that every single human being owes its existence to it. However because of the insanity that has gripped the world in terms of porn this book acts as sane voice. Sex is sacred and we need to take back the sheets from the porn industry. Many young people are drawn to porn and what is learnt from its pages/screens is all wrong. Women are to be respected. And in the arena of love/sex between married people only true knowledge can bring joy. This book carrying such knowledge should be required reading by all young people as it discusses the topic of intimacy in a halal manner". Sex and Marriage in Islam Mukund Guru 2016-04-07 This book comes into existence for the sole purpose of illuminating the masses, those within and without Islam about the concepts in Islam related to two interrelated topics: sex and marriage. As interrelated as they may be in effect, whereas Islam seems to hold marriage in the highest regard, a certain stigma seems to have attached to sex. Be it the burning issues of subjugation of women in Islamic societies or the barbaric, archaic methods of punishing those that indulge in prohibited sexual activities, certain Islamic practices have naturally been at the receiving end of the collective disgust of many. In this book, however, we have abstained from expurgation, thereby approaching each sub-topic within the broader umbrellas from both points of view, classical and modern. Therefore, to complement the prescribed views of Islam that speak against homosexuality, a chapter titled 'LGBT in Islam' has been included to highlight the efforts of LGBT people within Islam who strive to change the ancient mindset still propagated by certain members of the faith. In order to highlight the sheer variety of the culture that has its roots in the middle east, we have included marital practices from countries as varied as India/Pakistan to Indonesia/Malay in order for our readers to understand the great diversity that Islam is capable of fostering.

Sex Matters: Sex, Sunnah, and Love in the Ummah Yasir Qadhi 2019-10-26 Sex matters, and at MuslimMatters.org, want to talk about it. There are many evidences that clearly demonstrate Islam's realistic and pragmatic view of human sexuality. Sexuality, like all human emotions, is a natural instinct that should be satisfied in a permissible manner. The emotion itself is not evil or filthy; abusing it and trying to satisfy it outside of the permissible bounds of marriage is evil and filthy." -Dr. Yasir Qadhi Join Dr. Yasir Qadhi, Imam Omar Suleiman, Shaykh Yahya Ibrahim, Shaykh Yaser Birjas and other writers, scholars, and Muslim leaders in this critical MuslimMatters collection. In it, we discuss same-sex attraction, sex addiction, adultery, secret second marriage, and issues facing the Muslim community. Excerpts from the book: "Many women are likely to be blamed for not keeping their husbands happy, even at times by their own families. This approach, of course, is completely devoid of any Islamic precedent or Prophetic tradition. The Prophet ﷺ never chastised the spouse of an adulterer for not doing enough to stop them from cheating." - Shaykh Omar Suleiman "Sex addiction festers in darkness. People can go about their "normal" everyday lives on the surface but in the claws of compulsion leaves them surrendering to the lure of desire. Coupled by the deep rooted belief that they are doomed destined for hell and they can't be cured/ saved, this is of course only a trap from Shaytan..." - Abeda Ahmed "The entire concept of "proof of virginity" is alien to the Deen and completely absent in the Shari'ah. The only Islamically acceptable way of knowing whether someone has committed Zina (fornication) is by confession, or having been caught fornicating by the required four witnesses, making the whole idea of physiological "proof" redundant." - Zainab bint Younis "Asking for a 'virginity test' is something new in the Muslim society. It's hard to find anything regarding this issue in such a straight forward manner in classical works of fiqh, for such a request implies suspicion in the chastity of the woman and hence falls under 'Qadhf' - meaning false accusation. This request is not only a violation to her body, but also to her innocence and to her honor." - Sh. Yaser Birjas "Contracting secret/temporary marriages reduces marriage to sexual relations in an ugly sort of rental arrangement, that is profoundly demeaning, especially to women." - Dr. Shaykh Mohammad Akram Nadwi

Why I Am Not a Muslim Ibn Warraq 2010-09-30 Those who practice the Muslim faith have resisted examinations of their religion. They are extremely guarded about their religion, and what they consider blasphemous acts by skeptical Muslims and non-Muslims alike has only served to pique the world's curiosity. This critical examination reveals an unflattering picture of the faith and its practitioners. Nevertheless, it is the truth, something that has either been deliberately concealed by modern scholars or buried in obscure journals accessible only to a select few.

Marriage & Morals in Islam Sayyid Muhammad Rizvi 1990

The Muslim Marriage Guide Ruqaiyyah Waris Maqsood 2000 Originally published: London: Quilliam Press, 1995.

Sexuality Education from an Islamic Perspective G. Hussein Rassool 2020-02-13 We live in an over-sexualised culture where sex and sexuality have become part of the public domain. This sexual revolution challenges Judeo-Christian and Islamic norms and boundaries. As such, sexuality education is a sensitive and extremely important issue, and its current implementation in schools has raised public concerns. This book explores the subject, contextualising it within the matrix of Islamic beliefs and practices. Islam binds sexuality and sexual education to a moral grid with rights and obligations, justice and equity. There is a dominant discourse and stereotype around 'Islamic sexuality', which presents sex and sexuality as the biggest taboo, fraught with fear and seldom discussed. This book dispels such myths and misconceptions, providing an overview of sexuality education in the modern world and the need for such education.
