

Sex Trafficking Uber

Decoding CEO-Speak - Russell Craig 2021

Decoding CEO-Speak monitors the written and oral language of CEOs to reveal its manipulative, enlightening, frustrating, inspiring, and disturbing characteristics.

Recht auf Wiedergutmachung - Tanja Hitzel-Cassagnes 2014-01-22

Die Autorinnen beleuchten zwei Bereiche der gesellschaftlichen Verantwortung für systematisch organisiertes vergangenes Unrecht: die Bewältigung historischen Unrechts in postkolonialen und Post-Apartheits-Gesellschaften und die Bewältigung von Verbrechen in kriegerischen Konflikten in „Post“-Konfliktgesellschaften. Sie berücksichtigen dabei insbesondere Fragen der Geschlechtergerechtigkeit.

West Reading Traffick - John a Hoda 2021

Sixteen-year-old Irina Muldakova came to America to be a model or so she thought. Can she survive while she is pitted against a sophisticated sex trafficking ring for the uber-wealthy?

Ubering: the “Rideshare” Story - Rafael Fermoselle 2019-12-22

There are a few creations that have become “products,” because they became dominant in the market, and synonymous with an entire product category. Genericized names include Frigidaire, which became synonymous with “refrigerator,” Xerox, which became synonymous with “photocopying,” and Kleenex, which became synonymous with “tissues.” That has been the case with Uber, which has become identical with “rideshare.” Despite rapid growth since 2010, Uber has not become profitable, is carrying a cumulative loss of over \$15 billion, as of November 2019, and it is doubtful if it will ever become profitable. Despite becoming an “eponym,” a key component of the gig economy, and inspiring numerous copycats, there is no guarantee that Uber will be able to generate an adequate return on investment, and remain in business. The concept has fatal flaws that impair its legal soundness. In the end, consumers and

society determine if any business succeeds or fails. Government regulations are largely non-partisan, and exist to protect society, the general welfare, and the free enterprise system. Uber and the ride-share concept may be plowed under by regulations that exist to protect the public interest. However, regulations sometimes backfire and cause unintended consequences.

Handbook on Crime and Technology - Don Hummer 2023-03-02

Examining the consequences of technology-driven lifestyles for both crime commission and victimization, this comprehensive Handbook provides an overview of a broad array of technocrimes as well as exploring critical issues concerning the criminal justice system’s response to technology-facilitated criminal activity.

Rekindling Ash - Sheri Lynn 2021-07-27

Together they were combustible, but every fire can burn out of control. Holly’s life wasn’t really working out the way she expected. She’d graduated high school and gone off to college only to be forced home. She worked a depressing job in the local diner, giving her paychecks to her mother, and dreaming of the day she could return to school. Ash entered the diner she worked at one cold, rainy night and the spark between them flared immediately. He made her an offer she couldn’t refuse. She was offered a contract providing her with a substantial amount of money —her family desperately needed—if she agreed to his terms for one week. Seemed simple enough. Little did she know what he actually bought and how much she would relinquish. Publisher’s Note: This dark, contemporary romance is intended for adults only and contains elements of mystery, suspense, possible triggers for some readers, sensual scenes and power exchange. If any of these offend you, please do not purchase.

Die Effektivität transnationaler Maßnahmen gegen Menschenhandel in Europa -

Christoph Lindner 2014-02-25

English summary: Human trafficking is a multipolar phenomenon in the context of migration and organized crime. Yet above all human trafficking in all its manifestations is a fundamental violation of human rights that is unacceptable for a modern society and its constitutional democracy. The European Union and the Council of Europe have acknowledged this and have in particular intensified legal action against human trafficking. But how successful has Europe been in legislating against human trafficking? What are the factors guaranteeing the effectiveness of the measures, where are the deficits and how can they be overcome? Christoph Lindner investigates these questions using a structured analysis model. German description: Menschenhandel ist ein multipolares Phänomen im Kontext von Migration und organisierter Kriminalität. Doch vor allem ist Menschenhandel in all seinen Erscheinungsformen eine fundamentale Menschenrechtsverletzung, die für eine moderne Gesellschaft und ihren Rechtsstaat nicht hinnehmbar ist. Die Europäische Union und der Europarat haben dies erkannt und insbesondere ihr rechtliches Vorgehen gegen Menschenhandel intensiviert. Aber wie gut ist Europa in seinen Rechtsakten gegen Menschenhandel? Welche Faktoren machen Massnahmen effektiv, wo liegen Defizite und wie lassen sich diese beseitigen? Christoph Lindner geht diesen Fragen mit Hilfe eines strukturierten Analysemodells nach.

Lights, Camera, Feminism? - Samantha Majic 2023

Celebrities in the United States have drawn significant attention and resources to the complex issue of human trafficking--a subject of feminist concern--and they are often criticized for promoting sensationalized and simplistic understandings of the issue. In this comprehensive analysis of celebrities' anti-trafficking activism, however, Samantha Majic finds that this phenomenon is more nuanced: even as some celebrities promote regressive issue narratives and carceral solutions, others use their platforms to elevate more diverse representations of human trafficking and feminist analyses of gender inequality. *Lights, Camera, Feminism?* thus argues that we should

understand celebrities as multilevel political actors whose activism is shaped and mediated by a range of personal and contextual factors, with implications for feminist and democratic politics more broadly.

Corporate Sustainability and Responsibility in Tourism - Dagmar Lund-Durlacher

2019-05-03

This book offers essential insights into how the world's second largest industry, tourism, is responding to challenges involved in expanding the corporate social responsibility (CSR) concept to corporate sustainability and responsibility, referred to as CSR 2.0. It analyzes the typical setup of tourism with various types of commercial agents: corporations, small and medium sized enterprises, public-private partnerships, social enterprises and local cooperatives. In addition, the book examines a broad range of voluntary initiatives, the effectiveness of these efforts, and how contextual and wider policy features shape these relationships. The book is divided into three parts, the first of which elaborates on strategic drivers and rationales for CSR. In turn, the second part introduces readers to design approaches for CSR programs and envisaged impacts, while part three focuses on implementation, certification, reporting, and possible outcomes. Each part offers a mixture of theoretical perspectives, synthesis analyses and case studies. The respective chapters tackle a broad spectrum of tourism sub-sectors, e.g. the cruise industry, aviation, gastronomy, nature-based tourism, and urban destinations.

Human Trafficking - Constance Gunderson 2012

Human trafficking is an extreme example of social injustice, perpetuated by dominant/subordinate attitudes that condone violence, resulting in significant suffering for individuals and harm to societies. This book is a comprehensive study of the challenges facing service providers who work with trafficked victims of sexual exploitation in northern Germany. The results are discussed from the perspective of the Relational Cultural Theory, as well as from the Sexual-Racial Contract Theory. The insights offer a vital gateway to sustainable social change and social justice to help end human trafficking. (Series: Gender Discussion / Gender-Diskussion - Vol. 15)

Ridehares, Wrecks, and Sex: Confessions of a Convicted Uber Driver - Joe F. N. Schmo
2019-01-07

Everyone knows Uber drivers are expected to be courteous and attentive, both to their passengers and to those on the road. They are not expected to accept that invitation to the swinger party, flee the scene of a fatal accident, nor are they expected to be a convicted felon on probation. Unfortunately, this Joe Schmo is not your everyday Uber driver. I began sharing rides with the audacious hope to one day escape the road blocks stalling my merger onto the freeway of creative success. But when a typical shift U-turns into a series of detours involving herpes ridden riders, sexy sorority sisters, and blundering bank robbers, I arrive (at gunpoint) miles from my desired destination. ""Rideshares, Wrecks, and Sex: Confessions of a Convicted Uber Driver"" is based upon actual events that transpired over the year that I covertly drove for Uber while on probation. I confesses outlandish details in a highlight reel of wrecks (both car and train) and sex, effectively answering ""What's your craziest story?""

Responsible Leadership - Mike Saks
2022-11-30

With a range of well-respected voices from across the business, political, third sector and research spectrum, this important book provides an accessible insight into responsible leadership. It represents the most comprehensive and informed work on responsible leadership linked to the United Nations (UN) Sustainable Development Goals (SDGs) produced to date. This carefully edited volume, based on a collaborative partnership between the Institute for Responsible Leadership (IRL) and the United Nations Institute for Training and Research (UNITAR), contains twenty chapters in seven parts which address the relationship between responsible leadership and the UN Sustainable Development Goals. These original and accessible contributions discuss progress in a variety of areas relevant to the goals, including climate change and biodiversity, global health, cybercrime, human trafficking, corporate social responsibility, gender, education and social cohesion. The world-leading expert contributors are drawn from a wide range of societies and continents and cover key aspects of responsible

leadership in a lively and impactful fashion. This book is for leaders at every level in the public, private and third sectors, students concerned with responsible leadership, academics and researchers studying leadership in different disciplinary fields, and all those committed to sustainable development and progressing the UN SDGs.

Sexueller Missbrauch von Kindern und Jugendlichen - Jörg M. Fegert 2014-10-28

Sexueller Missbrauch von Kindern und Jugendlichen ist ein sehr emotionales und nach wie vor hochaktuelles Thema, wie der „Missbrauchsskandal“ des Jahres 2010 um massive sexuelle Übergriffe in Institutionen zeigte. Am häufigsten findet Missbrauch jedoch nach wie vor in der Familie statt. In beiden Fällen sind Personen aus pädagogischen sowie medizinisch-therapeutischen Berufen oft wesentliche Ansprechpartner/-innen für betroffene Kinder und Jugendliche. In den letzten Jahren wurde allerdings deutlich, dass diese Ansprechpersonen derzeit nicht immer über die umfassende Wissensbasis und Handlungskompetenz verfügen, um den Betroffenen professionell Unterstützung bieten zu können. An der Klinik für Kinder- und Jugendpsychiatrie/Psychotherapie Ulm wurde in der Konsequenz 2011-2014 unter Leitung von Prof. Jörg M. Fegert der Online-Kurs „Prävention von sexuellem Kindesmissbrauch“ für medizinisch-therapeutische und pädagogische Berufe entwickelt. Das vorliegende Handbuch, das sich aus den Grundlagen- und Rechtstexten des positiv evaluierten Online-Kurses zusammensetzt, bietet durch die Beiträge namhafter Autorinnen und Autoren eine in diesem Umfang und in dieser Praxisnähe bislang in Deutschland noch nie präsentierte Darstellung des fachlichen Basiswissens zu dieser Thematik. Die Darstellung praktischer Bezüge, konkreter Vorgehensweisen und relevanter rechtlicher Aspekte soll dabei zu einem besseren theoretischen Verständnis und einer Erhöhung der Handlungskompetenz im Umgang mit (potentiellen) Missbrauchsfällen in der beruflichen Praxis beitragen. Nur in diesem Buch erhältlich sind Konzepte und Übungsmaterialien, die im Rahmen des Online-Kurses für ergänzende Präsenzkurse erstellt und evaluiert wurden. Die Leserinnen und Leser

sollen dadurch in die Lage versetzt werden, die Auseinandersetzung mit den wichtigen Themen dieses Buches in ihrem Arbeitsbereich als Multiplikatoren anzuleiten, um diese im kollegialen Austausch, z.B. in Teamgesprächen, Supervisionsgruppen oder Fortbildungen, für den eigenen beruflichen Kontext zu reflektieren.

Human Trafficking - Elisha Jasper Dung
2021-11-05

This book uses a multidisciplinary approach to trace human trafficking throughout history. Using global, regional, and local case studies, the chapters analyze the complex causes and effects of human trafficking as well as the legal ramifications.

Zwangsprostitution und Menschenhandel -
Connie Gunderson 2013

Der vorliegende Band ist zu verstehen als machtvoller Appell für die Würde des Menschen und für ein aktives Vorgehen gegen deren massivstes Verletzen, wie es der internationale Menschenhandel darstellt. Denn der Respekt vor der Menschenwürde und die Menschenrechte sind heute durch organisierte Kriminalität, gespeist von globaler Armut, weltweit bedroht. In der Diskussion über Menschenwürde steckt aber auch die Vision, bestehende Mängel zu beseitigen. Insofern wünschen sich die Herausgeberinnen einen breiten Diskurs zum Thema Menschenhandel, Sklaverei und Zwangsprostitution.

Frauenhandel. Diskurse und Praktiken - Jürgen Nautz 2009-04-29

Frauenhandel wurde in der vergangenen Dekade zu einer der lukrativsten Unternehmungen krimineller Netzwerke. Frauen aus armen Regionen werden in Arbeitsverhältnisse in den Metropolen verkauft - zum größten Teil in die Prostitution. Die sklavenartigen Beziehungen sind in der Regel von körperlicher und psychischer Misshandlung gekennzeichnet. Die Beiträge des Bandes analysieren das Thema Frauenhandel in Mittel- und Südosteuropa - seit dem Zusammenbruch des Realsozialismus eine Herkunfts-, Ziel- und Transitregion für gehandelte Frauen. Sie fragen nach der Entstehung von Frauenhandelsmärkten, den Motiven von Freiern, dem Opferschutz, der Zusammenarbeit von staatlichen Institutionen und zivilgesellschaftlichen NGOs in Bezug auf Prävention und Bekämpfung des

Frauenhandels. Mit einem Vorwort von Rita Süßmuth.

Nach 1989 - Bozena Choluj 2017-04-03

Gut ein Vierteljahrhundert nach dem Ende des Kalten Krieges fragt das Themenheft nach der Möglichkeit einer Historisierung der Ereignisse des Jahres 1989 im mittleren und östlichen Europa und der sich daran anschließenden Entwicklungen. Die Beiträge beschäftigen sich damit, wie eine geschlechtergeschichtliche Perspektive die gängigen Narrative der »Rückkehr nach Europa« verändert, weil sich Kontinuitäten und Brüche zwischen vorsozialistischer, sozialistischer und postsozialistischer Zeit in Hinblick auf Geschlechterverhältnisse anders darstellen als in konventionellen Erzählungen. Sie thematisieren, wie die Erfahrungen der postsozialistischen Zeit die Perspektive auf den Staatssozialismus verändert haben und konstatieren, dass wir es nicht mit einer linearen Entwicklung hin zu 'universalen' Werten zu tun haben, sondern dass diese Werte immer geschlechtlich codiert waren und es bis heute sind. A good quarter of a century after the end of the Cold War, this special issue looks into the possibility of historicising the events of 1989 in Central and Eastern Europe and their subsequent developments. There is a reason why these chapters deal with the way in which gender-historical perspectives are altering the current narrative of the "return to Europe": because continuities and breaks between pre-socialist, socialist and post-socialist times tend to present themselves differently in terms of gender relations to those seen in conventional narratives. The discussions pinpoint the way in which the experiences of the post-socialist era have changed our perspective with regards to state socialism and establish that we are not dealing with a linear development towards "universal" values, but rather that these values have always been, and continue to be, gender-coded.

Paths to the Prevention and Detection of Human Trafficking - Andrews, Sharon K. 2022-06-10

Much has already been published to better understand the problems associated with human trafficking such as why it occurs, where it occurs, and the horrendous tolls it takes on individuals and society. However, further study

on the latest innovative ideas, research, and real-world efforts towards the detection and prevention of human trafficking analysis as well consideration of the success or failure of the current approaches is required in order to understand the necessary future improvements and how to best achieve them. *Paths to the Prevention and Detection of Human Trafficking* presents innovative and potentially transformational concepts and research results that discuss current, or developing, approaches that address the identification, reporting, and prevention of human trafficking, including important identified enablers of trafficking. Covering a range of topics such as machine learning and child exploitation, this reference work is ideal for policymakers, government officials, hospital administrators, researchers, academicians, scholars, practitioners, instructors, and students.

Panics Without Borders - Gregory Mitchell
2022-09-13

We are living in a time of great panic about “sex trafficking”—an idea whose meaning has been expanded beyond any real usefulness by evangelicals, conspiracy theorists, anti-

prostitution feminists, and politicians with their own agendas. This is especially visible during events like the FIFA World Cup and the Olympic Games, when claims circulate that as many as 40,000 women and girls will be sex trafficked. Drawing on extensive fieldwork in Brazil as well as interviews with sex workers, policymakers, missionaries, and activists in Russia, Qatar, Japan, the UK, and South Africa, Gregory Mitchell shows that despite baseless statistical claims to the contrary, sex trafficking never increases as a result of these global mega-events—but police violence against sex workers always does. While advocates have long decried this myth, Mitchell follows the discourse across host countries to ask why this panic so easily embeds during these mega-events. What fears animate it? Who profits? He charts the move of sex trafficking into the realm of the spectacular—street protests, awareness-raising campaigns, telenovelas, social media, and celebrity spokespeople—where it then spreads across borders. This trend is dangerous because these events happen in moments of nationalist fervor during which fears of foreigners and migrants are heightened and easily exploited to frightening ends.
