

Sex Museum Minneapolis

Learning from La Jolla - Hugh Marlais Davies 1996

Contributions by Robert Venturi. Text by Laurie Ann Farrell, Hugh Davies.

Sexual Behavior in the Human Female - Alfred C. Kinsey 1998-05-22

On female sexuality

Just Sex - Jodi Gold 1999-12-22

Armed with three decades of feminism, men and women are coming to college with different ideas and expectations about sexual freedom and violence than did their parents. Since the early 1980's, a student movement has emerged from the belief that sexual violence is neither inherent nor inevitable. *Just Sex: Students Rewrite the Rules on Sex, Violence, Equality and Activism* chronicles the move to end to all forms of sexual violence and to mold a new sexual paradigm where explicitly consensual sex and sexual autonomy are the norm. Based on ten years of collaborative research and national organizing, Gold and Villari have compiled the writings of leading student activists and young scholars wrestling with complex issues of power inequities, free speech, and societal constructions of gender and sexuality in accessible and mainstream dialogues. Authors also examine the generationally specific style of student activism which emphasizes peer education and institutional collaboration. *Just Sex*—the first ever gathering of primary documents including university policies, personal testimonies, position papers and scholarly essays—offers a glimpse of the "working papers" of a student movement which has altered the sexual landscape of our campuses and communities forever. This valuable volume will be of interest to student activists, administrators, and anyone interested in ending violence on and off of campus.

An Insider's View of Sexual Science Since Kinsey - Ira L. Reiss 2006

Ira Reiss presents to those interested in the work of sexual science a view of this field. The text provides a personal account of the author's experiences in sexual science that helps the reader understand many of the major issues that confront those in sexual science.

Sex, Violence, and Early Christian Texts - Christy Cobb 2022-10-03

Sex, Violence, and Early Christian Texts examines instances of sexual violence within a diversity of early Christian texts carefully, ethically, and with an eye toward shining a light on the scourge of sexual violence that is so often manifest in both ancient and contemporary Christian communities.

Minneapolis Star and Tribune Index - 1984

MTV Road Trips U.S.A. - John Vorwald 2007-06-05

Roadtripping across the country has been a rite of passage for generations. From Jack Kerouac and Neal Cassady's *On the Road*, to *Easy Rider* to *Thelma and Louise*, the journey is the destination, and in *Frommer's MTV US Roadtrips*, the old school travel guides and cutting edge authors combine their talents and resources for 10 eclectic rides. Maya Kroth pursues the 'cue from Austin to Charlotte in a Southern BBQ Roadtrip Ethan Wolff visits the Desert Southwest, on the trail of the first Americans Ashley Marinaccio stays at haunted hotels in search of the unexplained and paranormal, in the Weird Northeast. Our other authors go everywhere from *Down the Shore*, through the Urban Heartland, and on a tour of West Coast Underground Rock Clubs.

The Philosophy of Sex - Raja Halwani 2022-02-28

With 7 new essays, the 8th edition of this best-selling text examines the nature, morality, and significance of contemporary sexual phenomena. Topics include love; desire; rape; masturbation; sex online; homosexual,

asexual, queer, and transgender issues; polyamory; paraphilia; drugs and sex; objectification; BDSM; and sex and race.

Orientalia - Reagan Louie 2001-01-01

For six years, Asian-American photographer Reagan Louie journeyed through Asia's sexual underworld, visiting nearly a dozen countries including Cambodia, China, Hong Kong, the Philippines, Vietnam, Tibet, Thailand, and Japan, among others, photographing the day-to-day lives of women who, either by choice or by necessity, exchange their bodies for money.

Sex and Sexuality in a Feminist World - Katherine A. Hermes
2009-01-14

Sex and sexuality are topics that have defined feminism since its inception. What has changed is that there is now a generation of feminists and scholars who are comfortable not only to write in their own disciplines but who incorporate feminist ideas in their research. This book assembles a variety of essays, most of which were written especially for this collection, that negotiate sex and sexuality in historical contexts as well as in contemporary times. There is a common ground of history and (popular) culture among the articles. While different theories of feminism operate in these essays, feminist lenses have allowed the reevaluation of familiar topics from early religious practices to medieval literature to current films and advertising. The authors represented in this collection range from established feminist and gender scholars to those who employ feminist theoretical frameworks in their respective disciplines.

Representing Gender-Based Violence - Caroline Williamson Sinalo
2023-01-01

This book focuses on the politics, ethics and stereotypical pitfalls of representational practices surrounding Gender-Based Violence (GBV) from a global perspective. The originality of the volume is linked to its cross-disciplinary perspective as the topic of representing GBV is analyzed across the domains of philosophy/epistemology, fiction and the arts (including literature, film, television series and music) and non-fictional representations in the media (including broadcast media,

online/print journalism, transmedia activism). The volume identifies contemporary representational practices and the theoretical and critical responses, examining various aspects of popular culture from around the world. In doing so, the editors put feminism in conversation with global trends to identify its cultural frontline. The volume will appeal to scholars working on gender and violence from diverse fields.

The Cambridge Companion to Erotic Literature - Bradford K. Mudge
2017-09-07

This Companion offers an introduction to key topics in the study of erotic literature from antiquity to the present.

Museums, Sexuality, and Gender Activism - Joshua G. Adair
2020-01-23

Museums, Sexuality, and Gender Activism examines the role of exhibitionary institutions in representing LGBTQ+ people, cisgender women, and nonbinary individuals. Considering recent gender and sexuality-related developments through a critical lens, the volume contributes significantly to the growing body of activist writing on this topic. Building on *Gender, Sexuality and Museums* and featuring work from established voices, as well as newcomers, this volume offers risky and exciting articles from around the world. Chapters cover diverse topics, including transgender representation, erasure, and activism; two-spirit people, indigeneity, and museums; third genders; gender and sexuality in heritage sites and historic homes; temporary exhibitions on gender and sexuality; museum representations of HIV/AIDS; interventions to increase queer visibility and inclusion in galleries; LGBTQ+ staff alliances; and museums, gender ambiguity, and the disruption of binaries. Several chapters focus on areas outside the US and Europe, while others explore central topics through the perspectives of racial and ethnic minorities. Containing contributions that engage in

sustained critique of current policies, theory, and practice, *Museums, Sexuality, and Gender Activism* is essential reading for those studying museums, women and gender, sexuality, culture, history, heritage, art, media, and anthropology. The book will also spark interest among museum practitioners, public archivists, and scholars researching related topics.

A Hypersexual Society - K. Kammeyer 2008-11-10

As many can attest, the prevalence of sexual imagery has increased in modern society over the past half century. In this timely new study, Kenneth Kammeyer traces the historical development of sexual imagery in America and society's preoccupation with it, all within a firm theoretical and sociological framework.

Sex, Knowledge, and Receptions of the Past - Kate Fisher 2015

Sex: how should we do it, when should we do it, and with whom? How should we talk about and represent sex, what social institutions should regulate it, and what are other people doing? Throughout history human beings have searched for answers to such questions by turning to the past, whether through archaeological studies of prehistoric sexual behaviour, by reading Casanova's memoirs, or as modern visitors on the British Museum LGBT trail. In this ground-breaking collection, leading scholars show that claims about the past have been crucial in articulating sexual morals, driving political, legal, and social change, shaping individual identities, and constructing and grounding knowledge about sex. With its interdisciplinary perspective and its focus on the construction of knowledge, the volume explores key methodological problems in the history of sexuality, and is also an inspiration and a provocation to scholars working in related fields - historians, classicists, Egyptologists, and scholars of the Renaissance and of LGBT and gender studies - inviting them to join a much-needed interdisciplinary conversation.

Sex Museums - Jennifer Tyburczy 2016-01-11

Museums have lengthy history, going back to the Renaissance Cabinets of Curiosity, and they are indices of changing fashions of perception insofar as the categories museum curators use to classify objects change

over time. The major focus of Tyburczy's study is sexuality on display, which sets up, in turn, her investigation of the effects of museum display on the history of sexuality. Historical context for the museum is one of her themes (and how categories of normalcy and perversity change over time), with another theme being the work of sex museums in redefining what sex means in the modern public sphere; she also folds in consideration of the pleasures and dangers of exhibiting marginalized sexual subjects (women, nonwhite races, LGBT individuals, and the like); last, she explores the paradox of asserting (as she does) that all museums are sex museums bodies move around and toward objects on display, they reshape the typical dances of museum-goers along with their preconscious motivations in visiting a museum. She proposes that explicit display or restagings of sexual artifacts provides new ways for approaching and understanding issues of desire, sexual identity, and sexual practices as they intersect with the history of the modern museum and with sexual history during the past two centuries. Her fieldwork sites are: the Leather Archives & Museum in Chicago, the Museum of Sex in New York, the World Erotic Art Museum in Miami Beach, and El Museo del Sexo in Mexico City. Such institutions allow Tyburczy to show how alternative sexuality (inclusive of kink, fetish, and sadomasochistic cultures) and slavery dangerously crisscross on the surface of objects. There are plenty of cases here, in short, to keep the casual reader titillated and the erudite reader surprised."

Sex Goes to School - Susan K. Freeman 2010-10-01

When seeking approaches for sex education, few look to the past for guidance. But Susan K. Freeman's investigation of the classrooms of the 1940s and 1950s offers numerous insights into the potential for sex education to address adolescent challenges, particularly for girls. From rural Toms River, New Jersey, to urban San Diego and many places in between, the use of discussion-based classes fostered an environment that focused less on strictly biological matters of human reproduction and more on the social dimensions of the gendered and sexual worlds that the students inhabited. Although the classes reinforced normative heterosexual gender roles that could prove repressive, the discussion-

based approach also emphasized a potentially liberating sense of personal choice and responsibility in young women's relationship decisions. In addition to the biological and psychological underpinnings of normative sexuality, teachers presented girls' sex lives and gendered behavior as critical to the success of American families and, by extension, the entire way of life of American democracy. The approaches of teachers and students were sometimes predictable and other times surprising, yet almost wholly without controversy in the two decades

before the so-called Sexual Revolution of the 1960s. *Sex Goes to School* illuminates the tensions between and among adults and youth attempting to make sense of sex in a society that was then, as much as today, both sex-phobic and sex-saturated.
