The Kama Sutra - Vatsyayana
2022-12-26

One of the best English translations of this ancient Indian treatise on politics, social mores, love, and

intimacy are the Kama Sutra, which Mallanaga Vatsyayana wrote in the second century CE. Its clean presentation raised the bar for Sanskrit translation. The Kama Sutra is

a unique combination of sexology, society, psychology. It has been hailed as a great work of Indian literature for more than 1,700 years and has served as a window for the West into the mysticism and culture of the East. The Kama Sutra, a prehistoric Indian literature, is regarded as the most important Sanskrit study of human sexuality. The Kama Sutra remains one of the most accessible and entertaining of all the ancient classics, having been written with frankness and unassuming simplicity. The Kama Sutra is so significant as a work of philosophy, psychology, sociology, theology, science, and sexology that it simultaneously had an impact on Indian civilization and remained a crucial component in understanding it. *The Art Of Seduction* - Robert Greene 2010-09-03

Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are

some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and

the targets we've become - or hope to win over. *The Art of Seduction* is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of *The 48 Laws of Power*, *Mastery*, and *The 33 Strategies Of War*.

Professing Selves - Afsaneh

Najmabadi 2013-12-02

Since the mid-1980s, the Islamic Republic of Iran has permitted, and partially subsidized, sex reassignment surgery. In *Professing Selves*, Afsaneh Najmabadi explores the meaning of transsexuality in contemporary Iran.

Combining historical and ethnographic research, she describes how, in the postrevolutionary era, the domains of law, psychology and psychiatry, Islamic jurisprudence, and biomedicine became invested in distinguishing between the acceptable "true" transsexual and other categories of identification, notably the "true" homosexual, an unacceptable category of

existence in Iran. Najmabadi argues that this collaboration among medical authorities, specialized clerics, and state officials—which made transsexuality a legally tolerated, if not exactly celebrated, category of being—grew out of Iran's particular experience of Islamicized modernity.

Paradoxically, state regulation has produced new spaces for non-normative living in Iran, since determining who is genuinely "trans" depends largely on the stories that people choose to tell, on the selves that they profess.

The Babydust Method -

Kathryn Taylor 2016-03-30

What if you could choose the sex of your baby? There are many existing sex-selection methods out there, but parents have come to find out that these methods are confusing and unreliable. Kathryn Taylor introduces a natural sex-selection approach known as *The Babydust Method,* which is based on the latest scientific evidence. This book details the science behind the method,

and explains how you can dramatically increase your chances of conceiving the sex of your choice. Jesus Feminist - Sarah Bessey
2013-11-05

Written with poetic rhythm, a prophetic voice, and a deeply biblical foundation, this loving yet fearless book urges today's church to move beyond man-made restrictions and fully welcome women's diverse voices and experiences. A freedom song for the church. Sarah Bessey didn't ask for Jesus to come in and mess up all her ideas about a woman's place in the world and in the church. But patriarchy, she came to learn, was not God's dream for humanity. Bessey engages critically with Scripture in this gentle and provocative love letter to the Church. Written with poetic rhythm, a prophetic voice, and a deeply biblical foundation, this loving yet fearless book urges today's church to move beyond man-made restrictions and fully welcome women's diverse voices and experiences.

It's at once a call to find freedom in the fullness, hope, glory, and work of Christ, and a very personal and moving story of how Jesus made a feminist out of her.

Understanding Women - Rudo Kanhukamwe
2020-04-27

Being with a woman can be perfect and encapsulating. Let alone being with a nagging, ever-complaining woman can seem hard to bear at times, but it's often worthwhile to figure out what's going on and get it resolved. It's at this point that men from all over the world, are soul searching and looking for answers to questions like. Why their women argue a lot? Why their women are always picking on fights? Why they always have to be right? Even, I, as a woman. I don't understand the choices of my female counterparts. There is nothing better than watching two people flail through first impressions with sexual chemistry based on looks. I heartily will point out that it takes communication, open works of love and understanding (compromising)

for a woman to be comfortable and passionately embraced. I am not giving a judgemental douche nor criticising women. Neither am I here to disparage any books written before mine, this title attempts to ameliorate the way men view women and give an insight to what happens exactly transpires in their minds and how best they can conduct themselves. If tempers, mood-swings, shouting is what you are going home to, on a daily basis. This is your book, you are my audience and I am your author. Read this book and meditate while you relate. As our fore-fathers said, 'Women you can't live with them, you can't live without them.'

Women and Men at Work -

Irene Padavic 2002-07-09

The Second Edition of this best selling book provides a comprehensive examination of the role that gender plays in work environments. This book differs from others by comparing women's and men's work status, addressing contemporary issues within a historical perspective,

incorporating comparative material from other countries, recognizing differences in the experiences of women and men from different racial and ethnic backgrounds. Relying on both qualitative and quantitative data, the authors seek to link social scientific ideas about workers' lives, sex inequality, and gender to the real-world workplace. This new edition contains updated statistics, timely cartoons, and presents new scholarship in the field. It also provides a renewed focus on reasons for variability in inequality across workplaces. In sum, the second edition of *Women and Men at Work* presents a contemporary perspective to the field, with relevant comparative and historical insights that will draw readers in and connect them to the wider concern of making sense of our dramatically changing world.

compelled to have a good time with you. Unfortunately, this good time will last until you finally realize you're being taken for a ride or until Mr. Time-Waster moves on to the woman he REALLY wants. In cases like this, what a woman really requires are two things: a healthy amount of self-respect and a set of "player-proof" dating rules that will allow her to make wise dating decisions as she navigates the treacherous territory of finding Mr. Right. How to Keep a Man Interested Without Playing Games or Becoming His Doormat Many dating advice books for women tout the idea that a high level of confidence is key when dealing with men. However, while this is partially true, being confident, at least in regards to making a man pursue you, is pointless without understanding how to apply that confidence in various dating situations when dealing with men. A woman's confidence is communicated to a man by what she stands for and what she doesn't. Being able to confidently socialize

with men, having confident body language, and illustrating confidence in your femininity will only go so far if you still allow men to have their way with your emotions, time, affections, body, and anything else for that matter. Self-confidence makes a woman more attractive, but unless it effects how she enforces her personal boundaries it won't do anything to keep a man interested in her for the long-term. How to Date a Man to Keep Him Calling and Falling For You Women with strong personal boundaries are principle-centered, not men-centered or romance-centered. To them, their personal values, such as giving and receiving unconditional love, are more important to them than needing to be with any one particular guy. When a woman has strong personal boundaries she doesn't make excuses because of a man's handsomeness, status, wealth, race, background, promises, sexual chemistry, etc. She sticks to her guns and refuses to settle for dating situations

Here's what you're going to learn inside: The most powerful form of male seduction that can KEEP a woman helplessly "addicted" to chasing a man. How to keep a man interested by doing the one thing MOST women are terrified of doing when they find a great guy. An irritating habit that causes high-quality men to stop pursuing a woman almost INSTANTLY. How to "rebuff" undesirable male behavior and get the guy you want to either take you seriously or take a

HIKE! A simple "Ego-Popping" phrase that burns into a man's memory, keeps you STUCK on his mind, and makes him DESPERATE to see you again. How to seduce a man and MELT his heart by overwhelming him with the ONE THING only the RIGHT woman can give him. A dangerous and common dating mistake that FORCES a man to disappear or "log out" of a relationship...for GOOD. Foolproof dating rules for women (the "Nice Girls") who feel that men CONSTANTLY take advantage of their love and kindness. And much, much more... Would You Like to Know More? abused by men. The barrage of accusations is intense, relentless, and seems to have neither beginning nor end. But are the charges true? Do women really have a worse time of it than men? This volume, one of the very few in any language, takes on these questions head on. Roaming far and wide, it examines many aspects of the problem as it has presented itself from the time of ancient Egypt right down to today's most advanced Western societies. To anyone accustomed to the tsunami of feminist claims and complaints, the answers will come as a surprise.

The Guyde - Howie Reith
2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to

social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how

Downloaded from
legacy.opendemocracy.net
on 2020-09-19 by guest

to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to

avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.
