The Last Mad Surge of Youth - Mark Hodgkinson 2009

'The Last Mad Surge of Youth' focuses on John Barrett whose band, Killings Stars, toured the world & enjoyed numerous hits while holding on to an integrity they forged through the revolution of punk & new wave. Inevitably, the hits dried up, his time ran out. He's now a washed up alcoholic.

Plugged In - Patti M. Valkenburg 2017-04-25

An illuminating study of the complex relationship between children and media in the digital age Now, as never before, young people are surrounded by media—thanks to the sophistication and portability of the technology that puts it literally in the palms of their hands. Drawing on data and empirical research that cross many fields and continents, authors Valkenburg and Piotrowski examine the role of media in the lives of children from birth through adolescence, addressing the complex issues of how media affect the young and what adults can do to encourage responsible use in an age of selfies, Twitter, Facebook, and Instagram. This important study looks at both the sunny and the dark side of media use by today's youth, including why and how their preferences change throughout childhood, whether digital gaming is harmful or helpful, the effects of placing tablets and smartphones in the hands of toddlers, the susceptibility of young people to online advertising, the legitimacy of parental concerns about media multitasking, and more.

Song of Solomon - Toni Morrison 2014-09-04

Stunningly-designed new editions of Toni Morrison's best-known novels, published by Vintage Classics in celebration of her life and work. WITH A NEW INTRODUCTION BY BOOKER PRIZE WINNING AUTHOR MARLON JAMES Soon after a local eccentric leaps from a rooftop in a vain attempt at flight, Macon 'Milkman' Dead III is born. Brought up by his well-off black family to revere the white world around him, Milkman strives to make sense of his conflicting identities. Always seeking flight in some way, he leaves his Michigan home for the South, retracing the steps of his forebears in search of his own buried heritage and is introduced to an entire cast of strivers and seeresses, liars and assassins; the inhabitants of a fully realised black world. Evocative and kaleidoscopic, *Song of Solomon* is a brilliantly imagined coming-of-age tale.

Dune (Movie Tie-In) - Frank Herbert 2021-09-28

NOW A MAJOR MOTION PICTURE directed by Denis Villeneuve, starring Timothée Chalamet, Zendaya, Jason Momoa, Rebecca Ferguson, Oscar Isaac, Josh Brolin, Stellan Skarsgård, Dave Bautista, David Dastmalchian, Stephen McKinley Henderson, Chang Chen, Sharon Duncan-Brewster, Charlotte Rampling, and Javier Bardem. Frank Herbert's classic masterpiece—a triumph of the imagination and one of the bestselling science fiction novels of all time. A mythic and emotionally charged hero's journey, *Dune* tells the story of Paul Atreides, a brilliant and gifted young man born into a great destiny beyond his understanding, who must travel to the most dangerous planet in the universe to ensure the future of his family and his people. As malevolent forces explode into conflict over the planet's exclusive supply of the most precious resource in existence—a commodity capable of unlocking humanity's greatest potential—only those who can conquer their fear will survive.

Ulysses - James Joyce 2022-10-19

Loosely based on the *Odyssey*, this landmark of modern literature follows ordinary Dubliners in 1904. Capturing a single day in the life of Dubliner Leopold Bloom, his friends Buck Mulligan and Stephen Dedalus, his wife Molly, and a scintillating cast of supporting characters, Joyce pushes Celtic lyricism and vulgarity to splendid extremes. Captivating experimental techniques range from interior monologues to exuberant wordplay and earthy humor. A major achievement in 20th century literature.

Psychiatric Care of the Medical Patient - Barry S. Fogel 2015

This is the third edition of a classic resource of medical psychiatry. It is intended to be read as well as referred to. Its scope is broad, including such topics as herbal and nutritional treatments, management of conflicting second opinions, and adapting the physical examination to the medical psychiatric context.

Paul Weller - The Changing Man - Paolo Hewitt 2011-09-30

Paolo Hewitt has known Paul Weller since they were both teenagers in the depths of Woking, through his ascent to fame with The Jam, the halcyon years of The Style Council and for all of his critically acclaimed solo career. Hewitt has even been the inspiration for some of Weller's songs - and he has extraordinary in-depth knowledge of the inspiration behind the rest. Once, when Hewitt interviewed Weller for a music magazine, he complained - 'I don't know why people ask me all these questions. All the answers are in my songs.' Largely unnoticed, Weller

has used thirty-years of lyrics to explore his personal history and beliefs. Taking as his starting point these lyrics, alongside a lifetime's friendship, Paolo Hewitt shows us the real Paul Weller, the man inside the music.

Sinatra - James Kaplan 2015-10-29

Just in time for the Chairman's centennial, the endlessly absorbing sequel to James Kaplan's bestselling *Frank: The Voice* Finally the definitive biography that Frank Sinatra, justly termed 'The Entertainer of the Century,' deserves and requires. Like Peter Guralnick on Elvis, Kaplan goes behind the legend to give us the man in full, in his many guises and aspects: peerless singer, (sometimes) powerful actor, business mogul, tireless lover and associate of the powerful and infamous. In 2010's *Frank: The Voice*, James Kaplan, in rich, distinctive, compulsively-readable prose, told the story of Frank Sinatra's meteoric rise to fame, subsequent failures, and reinvention as a star of the stage and screen. The story of 'Ol' Blue Eyes; continues with *Sinatra: The Chairman*, picking up the day after Frank claimed his Academy Award in 1954 and had reestablished himself as the top recording artist in music. Frank's life post-Oscar was incredibly dense: in between recording albums and singles, he often shot four or five movies a year; did TV show and nightclub appearances; started his own label, Reprise; and juggled his considerable commercial ventures (movie production, the restaurant business, even prizefighter management) alongside his famous and sometimes notorious social activities and commitments.

Rock N Roll Gold Rush - Maury Dean 2003

This monster Rock-n-Roll survey focuses on the songs and the vibrant personalities who create them, for college audiences and the general public. Dean published the world's first history of Rock in 1966. Here, in his ebullient style, he buzzes through piles of musical singles from the whole last half century, describing what is fun about each major and minor hit, pointing out what elements were exciting or new or significant in the development of musical styles. He relates some tantalizing tidbits about the earlier musical heritage that artists have drawn upon in crafting ever more amazing evolutions of rock music. This snappy, witty and informative album has universal appeal, doubling as a coffee-table trivia treasure and a college-level popular music history text. It includes hundreds of photos, chapter questions, and an extensive index. Reader-friendly and informationally complete, it covers soft rock, heavy metal, rhythm & blues, country rock and classic oldies, all with tender loving care, for the specialist and casual listener alike. Its mini-portraits of the artists who move so many hearts (and feet), the photos and the insightful sound bites get to the essence of each song and each musician's contribution to the music of our age. The single-song focus makes the book unique. It's a playlist for R'n'R professors and the general public, written with a collegiate vocabulary, tight organization and a respect for all. "Hearing Elvis for the first time was like busting out of jail." - Bob Dylan That being said, no one is being incited, here, to bust out of jail or to emulate the quixotic habits of rock stars. "There's nothing in here to hide from the kids, the clergy or grandma." *Gold Rush* can be used as a university or community college text, but most people will grab it for the sheer pleasure of reading about everyone's favorites. Great gift for Rock enthusiasts. *Gold Rush* is the first book of its kind to feature a celebration of the great single songs of the rock era and beyond. *Gold Rush* takes thousands of songs, spanning three centuries, and brings them back uniquely as if they came out just yesterday. *Gold Rush* unites the Anglo-American and later worldwide spirit of Rock and Roll in a tapestry of interconnected melodies and adventures. As Leonard Maltin's *Movie Guide* helps you select videos at Blockbuster, so *Gold Rush* is a powerful playlist for your music collection, with many new and fascinating photos of favorite stars. *Gold Rush* explains the most important stories behind the songs you picked to be played, the songs

that 'went gold,' from the 1897 Alaska/Klondike Gold Rush to the #1 songs of today and beyond.

DETERRITORIALIZING THE FUTURE - 2020

Historical Painting Techniques, Materials, and Studio Practice - Arie Wallert 1995-08-24

Bridging the fields of conservation, art history, and museum curating, this volume contains the principal papers from an international symposium titled "Historical Painting Techniques, Materials, and Studio Practice" at the University of Leiden in Amsterdam, Netherlands, from June 26 to 29, 1995. The symposium—designed for art historians, conservators, conservation scientists, and museum curators worldwide—was organized by the Department of Art History at the University of Leiden and the Art History Department of the Central Research Laboratory for Objects of Art and Science in Amsterdam. Twenty-five contributors representing museums and conservation institutions throughout the world provide recent research on historical painting techniques, including wall painting and polychrome sculpture. Topics cover the latest art historical research and scientific analyses of original techniques and materials, as well as historical sources, such as medieval treatises and descriptions of painting techniques in historical literature. Chapters include the painting methods of Rembrandt and Vermeer, Dutch 17th-century landscape painting, wall paintings in English churches, Chinese paintings on paper and canvas, and Tibetan thangkas. Color plates and black-and-white photographs illustrate works from the Middle Ages to the 20th century.

Glocal Pharma (Open Access) - Ericka Johnson 2016-05-12

The Open Access version of this book, available at <http://www.tandfebooks.com>, has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 3.0 license. An exploration of how global pharmaceutical products are localized - of what happens when they become 'glocal' - this book examines the tensions that exist between a global pharmaceutical market and the locally bounded discourses and regulations encountered as markets are created for new drugs in particular contexts. Employing the case study of the emergence, representation and regulation of Viagra in the Swedish market, *Glocal Pharma* offers analyses of commercial material, medical discourses and legal documents to show how a Swedish, Viagra-consuming subject has been constructed in relation to the drug and how Viagra is imagined in relation to the Swedish man. Engaging with debates about pharmaceuticalization, the authors consider the ways in which new identities are created around drugs, the redefinition of health problems as sites of pharmaceutical treatment and changes in practices of governance to reflect the entrance of pharmaceuticals to the market. With attention to 'local' contexts, it reveals elements in the nexus of pharmaceuticalization that are receptive to cultural elements as new products become embedded in local markets. An empirically informed study of the the ways in which the presence of a drug can alter the concept of a disease and its treatment, understandings of who suffers from it and how to cure it - both locally and internationally - this book will appeal to scholars of sociology and science and technology studies with interests in globalization, pharmaceuticals, gender and the sociology of medicine.
