Marty Feldman: The Biography of a Comedy Legend - Robert Ross 2011-10-25

Mike Myers thinks he was "a genius", while John Cleese regards him as "a true cultural icon". He was an architect of British comedy, paving the way for Monty Python, and then became a major Hollywood star, forever remembered as Igor in Mel Brooks' Young Frankenstein. A writer, director, performer and true pioneer of his art, he died aged only 48. His name was Marty Feldman, and here, at last, is the first ever biography. Acclaimed author Robert Ross has interviewed Marty's friends and family, including his sister Pamela, Tim Brooke-Taylor, Michael Palin and Terry Jones, and also draws from extensive, previously unpublished and often hilarious interviews with Marty himself, taped in preparation for the autobiography he never wrote. No one before or since has had a career quite like Marty's. Beginning in the dying days of variety theatre, he went from the behind-the-scenes scriptwriting triumphs of Round the Horne and The Frost Report to onscreen stardom in At Last the 1948 Show and his own hit TV series, Marty. That led to transatlantic success, his work with Mel Brooks including his iconic performance of Igor in Young Frankenstein, and a five-picture deal to write and direct his own movies. From his youth as a tramp on the streets of London, to the height of his fame in America - where he encountered everyone from Orson Welles to Kermit the Frog, before his Hollywood dream became a nightmare - this is the fascinating story of a key figure in the history of comedy, fully told for the first time.

First Timers and Old Timers - Kenneth L. Untiedt 2012

"The Texas Folklore Society has been alive and kicking for over one hundred years now, and I don't really think there's any mystery as to what keeps the organization going strong. The secret to our longevity is simply the constant replenishment of our body of contributors. We are especially fortunate in recent years to have had papers given at our annual meetings by new members--young members, many of whom are college or even high school students. "These presentations are oftentimes given during sessions right alongside some of our oldest members. We've also had long-time members who've been around for years but had never yet given papers; thankfully, they finally took the opportunity to present their research, fulfilling the mission of the TFS: to collect, preserve, and present the lore of Texas and the Southwest. "You'll find in this book some of the best articles from those presentations. The first fruits of our youngest or newest members include Acayla Haile on the folklore of plants. Familiar and well-respected names like J. Rhett Rushing and Kenneth W. Davis discuss folklore about monsters and the classic 'widow's revenge' tale. These works--and the people who produced them--represent the secret behind the history of the Texas Folklore Society, as well as its future."--Kenneth L. Untiedt

Forgotten Heroes of Comedy - Robert Ross 2021-09-30

In this long overdue and affectionate salute, celebrated comedy historian Robert Ross pays tribute to some of the finest, funniest and most fascinating names in comedy from both sides of the Atlantic. Monty Python's Terry Jones wrote the foreword. With the passionate input of such comics as Tim Brooke-Taylor, Hattie Hayridge, Roy Hudd, Michael Palin, Ross Noble, Chris Addison and Bernard Cribbins, Ross honours these legends of humor who, for a variety of reasons, didn't quite reach the heady heights of stardom or, once they had, couldn't cope with the pressures. Whether it is a favorite from the distant smoke- and ale-stained world of the Music Hall like the great George Robey, or the downbeat poetry of Hovis Presley, who dropped disenchanting bombs on the late 1990s, Forgotten Heroes of Comedy will finally elevate them to the Hall of Fame where they belong. The Stonewall Reader - New York Public Library 2019-04-30

For the fiftieth anniversary of the Stonewall uprising, an anthology chronicling the tumultuous fight for LGBTQ rights in the 1960s and the activists who spearheaded it, with a foreword by Edmund White. Finalist for the Randy Shilts Award for Gay Nonfiction, presented by The Publishing Triangle Tor.com, Best Books of 2019 (So Far) Harper's Bazaar, The 20 Best LGBTQ Books of 2019 The Advocate, The Best Queer(ish) Non-Fiction Tomes We Read in 2019 June 28, 2019 marks the fiftieth anniversary of the Stonewall uprising, which is considered the most significant event in the gay liberation movement, and the catalyst for the modern fight for LGBTQ rights in the United States. Drawing from the New York Public Library's archives, The Stonewall Reader is a collection of first accounts, diaries, periodic literature, and articles from LGBTQ magazines and newspapers that documented both the years leading up to and the years following the riots. Most importantly the anthology spotlights both iconic activists who were pivotal in the movement, such as Sylvia Rivera, co-founder of Street Transvestites Action Revolutionaries (STAR), as well as forgotten figures like Ernestine Eckstein, one of the few out, African American, lesbian activists in the 1960s. The anthology focuses on the events of 1969, the five years before, and the five years after. Jason Baumann, the NYPL coordinator of humanities and LGBTQ collections, has edited and introduced the volume to coincide with the NYPL exhibition he has curated on the Stonewall uprising and gay liberation movement of 1969.

Fantasies of the Master Race - Ward Churchill 1998

Chosen an "Outstanding Book on the Subject of Human Rights in the United States" by the Gustavus Myers Center for the Study of Human Rights. In this volume of incisive essays, Ward Churchill looks at representations of American Indians in literature and film, delineating a history of cultural propaganda that has served to support the continued colonization of Native America. During each phase of the genocide of American Indians, the media has played a critical role in creating easily digestible stereotypes of Indians for popular consumption. Literature about Indians was first written and published in order to provoke and sanctify warfare against them. Later, the focus changed to enlisting public support for "civilizing the savages," stripping them of their culture and assimilating them into the dominant society. Now, in the final stages of cultural genocide, it is the appropriation and stereotyping of Native culture that establishes control over knowledge and truth. The primary means by which this is accomplished is through the powerful publishing and film industries. Whether they are the tragically doomed "noble savages" walking into the sunset of Dances With Wolves or Carlos Castaneda's Don Juan, the exotic mythical Indians constitute no threat to the established order. Literature and art crafted by the dominant culture are an insidious political force, disinforming people who might otherwise develop a clearer understanding of indigenous struggles for justice and freedom. This book is offered to counter that deception, and to move

people to take action on issues confronting American Indians today.

Stand Up - Oliver Double 2014-01-22

Stand-Up! is the first book to both analyse the background of stand-up comedy and take us inside the world of being a solo comedian Oliver Double writes a lively history of the traditions of British stand-up comedy - from its roots in music hall and variety to today's club and alternative comedy scene - and also engages in a serious exploration of what it is like to be a comedian onstage in front of a sometimes adoring and sometimes hostile audience. He looks critically at the work of such stand-up stars as Frankie Howerd, Les Dawson, Billy Connolly, Victoria Wood, Ben Elton and Eddie Izzard. And he looks at himself as a performer. *Eric Ravilious* - James Russell 2021

André Bazin, the Critic as Thinker - R. J. Cardullo 2017-01-28

"André Bazin (1918-58) is credited with almost single-handedly establishing the study of film as an accepted intellectual pursuit, as well as with being the spiritual father of the French New Wave. Among those who came under his tutelage were four who would go on to become the most renowned directors of the postwar French cinema: François Truffaut, Jean-Luc Godard, Jacques Rivette, and Claude Chabrol. Bazin can also be considered the principal instigator of the equally influential auteur theory: the idea that, since film is an art form, the director of a movie must be perceived as the chief creator of its unique cinematic style. André Bazin, the Critic as Thinker: American Cinema from Early Chaplin to the Late 1950s contains, for the first time in English in one volume, much if not all of Bazin's writings on American cinema: on directors such as Orson Welles, Charles Chaplin, Preston Sturges, Alfred Hitchcock, Howard Hawks, John Huston, Nicholas Ray, Erich von Stroheim, and Elia Kazan; and on films such as High Noon, Citizen Kane, Rear Window, Limelight, Scarface, Niagara, The Red Badge of Courage, Greed, and Sullivan's Travels. André Bazin, the Critic as Thinker: American Cinema from Early Chaplin to the Late 1950s also features a sizable scholarly apparatus, including a contextual introduction to Bazin's life and work, a complete bibliography of Bazin's writings on American cinema, and credits of the films discussed. This volume thus represents a major contribution to the still growing academic discipline of cinema studies, as well as a testament to the continuing influence of one of the world's pre-eminent critical thinkers."

The Cultural Life of James Bond - Jaap Verheul 2020

The release of No Time To Die in 2021 heralds the arrival of the twenty-fifth installment in the James Bond film series. Since the release of Dr. No in 1962, the cinematic James Bond has expedited the transformation of Ian Fleming's literary creation into an icon of western popular culture that has captivated audiences across the globe by transcending barriers of ideology, nation, empire, gender, race, ethnicity, and generation. The Cultural Life of James Bond: Specters of 007 untangles the seemingly perpetual allure of the Bond phenomenon by looking at the non-canonical texts and contexts that encompass the cultural life of James Bond. Chronicling the evolution of the British secret agent over half a century of political, social, and cultural permutations, the fifteen chapters examine the Bond-brand beyond the film series and across media platforms while understanding these ancillary texts and contexts as sites of negotiation with the Eon franchise.

The Impact of Latin Culture on Medieval and Early Modern Scottish Writing - Ian Johnson 2018-04-30

In the late medieval and early modern periods, Scottish latinity had its distinctive stamp, most intriguingly so in its effects upon the literary vernacular and on themes of national identity. This volume shows how, when viewed through the prism of latinity, Scottish textuality was distinctive and fecund. The flowering of

Scottish writing owed itself to a subtle combination of literary praxis, the ideal of eloquentia, and ideological deftness, which enabled writers to service a burgeoning national literary tradition.

Visions of Excess - Georges Bataille 1985

Since the publication of *Visions of Excess* in 1985, there has been an explosion of interest in the work of Georges Bataille. The French surrealist continues to be important for his groundbreaking focus on the visceral, the erotic, and the relation of society to the primeval. This collection of prewar writings remains

the volume in which Bataille's positions are most clearly, forcefully, and obsessively put forward. This book challenges the notion of a "closed economy" predicated on utility, production, and rational consumption, and develops an alternative theory that takes into account the human tendency to lose, destroy, and waste. This collection is indispensable for an understanding of the future as well as the past of current critical theory. Georges Bataille (1897-1962), a librarian by profession, was founder of the French review *Critique*. He is the author of several books, including *Story of the Eye*, *The Accused Share*, *Erotism*, and *The Absence of Myth*.
