**Medieval Sexuality** - April Harper 2010-04-26

Medieval Sexuality: A Casebook is a fascinating collection featuring both new and established experts in the field. The volume includes 11 original essays by Ross Balzaretto, Philip Crispin, Dominic Janes, Hugh Kennedy, A. Lynn Martin, Kim M. Phillips, Samantha J. E. Riches, Joyce E. Salisbury, David Santiuste, and the volume editors, April Harper and Caroline Proctor. The authors explore a variety of sources, contributing work on a diverse range of topics including: sources for sexuality in Late Lombard Italy; the problematic reception of early medieval penitentials by modern readers; sexuality as experienced by the desert fathers and mothers; connections between saints, monsters, and sexuality in medieval art and hagiography; the relationship between food, seduction, and adultery in the fabliaux; sex, alcohol, and the late medieval stereotype of the unruly woman; sex as a medical and moral concern in medieval regimens of health; ideas of sexuality in political discourse; sex and scandal in festive drama; debates on sexual orientation in Arabic court literature; and pre-colonial descriptions of sexuality in the Far East. The volume concludes with a useful selection of further reading.

**How The Irish Saved Civilization** - Thomas Cahill 2011-09-01

'Shamelessly engaging, effortlessly scholarly, utterly refreshing history of the Irish soul and its huge contribution to Western culture' Thomas Keneally Ireland played the central role in maintaining European culture when the dark ages settled on Europe in the fifth century: as Rome was sacked by Visigoths and its empire collapsed, Ireland became 'the isle of saints and scholars' that enabled the classical and religious heritage to be saved. In his compelling and entertaining narrative, Thomas Cahill tells the story of how Irish monks and scribes copied the manuscripts of both pagan and Christian writers, including Homer and Aristotle, while libraries on the continent were lost forever. Bringing the past and its characters to life, Cahill captures the sensibility of the unsung Irish who relaunched civilisation.

**Sodomy, Masculinity and Law in Medieval Literature** - William E. Burgwinkle 2004-07-08

William Burgwinkle surveys poetry and letters, histories and literary fiction - including Grail romances - to offer a historical survey of attitudes towards same-sex love during the centuries that gave us the Plantagenet court of Henry II and Eleanor of Aquitaine, courtly love, and Arthurian lore. Burgwinkle illustrates how 'sodomy' becomes a problematic feature of narratives of romance and knighthood. Most texts of the period denounce sodomy and use accusations of sodomitical practice as a way of maintaining a sacrificial climate in which masculine identity is set in opposition to the stigmatised other, for example the foreign, the feminine, and the heretical. What emerges from these readings, however, is that even the most homophobic, masculinist and normative texts of the period demonstrate an inability or unwillingness to separate the sodomitical from the orthodox. These blurred boundaries allow readers to glimpse alternative, even homoerotic, readings.

**Queer Love in the Middle Ages** - Anna Klosowska Roberts 2016-05-24

Queer Love in the Middle Ages points out queer themes in the works of the French canon, including Perceval, the Romance of the Rose and the Roman d'Eneas. It brings out less known works that prominently feature same-sex themes: Yde and Olive, a romance with a cross-dressed heroine who marries a princess; and many others. The book combines an interest in contemporary French theory (Kristeva, Barthes, psychoanalysis) with a close reading of medieval texts. It discusses important recent publications in pre-modern queer studies in the US. It is the first major contribution to queer studies in medieval French literature.

**The Fires of Lust** - Katherine Harvey 2022-11-28

An illuminating exploration of the surprisingly familiar sex lives of ordinary medieval people. The medieval humoral system of medicine suggested that it was possible to die from having too much—or too little—sex, while the Roman Catholic Church taught that virginity was the ideal state. Holy men and women committed themselves to lifelong abstinence in the name of religion. Everyone was forced to conform to restrictive rules about who they could have sex with, in what way, how often, and even when, and could be harshly punished for getting it wrong. Other experiences are more familiar. Like us, medieval people faced

challenges in finding a suitable partner or trying to get pregnant (or trying not to). They also struggled with many of the same social issues, such as whether prostitution should be legalized. Above all, they shared our fondness for dirty jokes and erotic images. By exploring their sex lives, the book brings ordinary medieval people to life and reveals details of their most personal thoughts and experiences. Ultimately, it provides us with an important and intimate connection to the past.

**Sexuality in Medieval Europe** - Ruth Mazo Karras 2012-03-12

'The best short introduction to medieval sexuality that I have read: a remarkable book.' -Vern Bullough, Reviews in History 'Undergraduate and graduate students will find in Karras' book an extremely helpful guide to what can be a confusing and perplexing body of scholarship. Even established scholars are likely to find it enlightening as well as enjoyable.' - James Brundage, Journal of Ecclesiastical History 'An impressively synthetic and highly readable survey of current scholarship on medieval sexuality that will be of considerable use in undergraduate and postgraduate teaching.' - Emma Campbell, Signs Sexuality in medieval Europe has become a vital scholarly field that is now recognized as central to the study of the Middle Ages. Using a wide collection of evidence from the late Antique period up until the fifteenth century, this new edition of the standard overview on the topic demonstrates that medieval culture developed sexual identities that were quite different from the identities we think of today, yet that were still in some ways ancestral to our own. Challenging the way the Middle Ages have been treated in general histories of sexuality, Ruth Mazo Karras shows how views at the time were conflicted and complicated; there was no single medieval attitude towards sexuality any more than there is one modern attitude. The well-known lusty priest and the 'repressed' penitent have their roles to play, but set here in a wider context these figures take on fascinating new dimensions. Focusing on acceptable marital sexual activity as well as what was seen as transgressive, the chapters cover such topics as chastity, the role of the church, and non-reproductive activity. Combining an overview of research on the topic with original interpretations, now updated with the latest scholarship and additional material from medieval Christian Europe, Jewish medieval culture and the Islamic world, Sexuality in Medieval Europe is essential reading for all those who study medieval history and culture, or who have an interest in the way sexuality and sexual identity have been viewed in the past.

**Christ Killers** - Jeremy Cohen 2007

Traces the evolution of the image of the Jews as the murderers of the messiah, from its origins to the most recent expressions, drawing on sources that range from the gospel accounts of the crucifixion to film versions of the life of Christ, and assesses the influence of that myth on every aspect of Western culture.

**Women's Lives in Medieval Europe** - Emilie Amt 2013-09-13

Praise for the first edition: 'It is difficult to imagine another book in which one could find all this diverse material, and no doubt Amt's collection, in its richness, and in its genuine clarity and simplicity will take prominent place in our expanded, diversified medieval curriculum, a curriculum that takes class, gender, and ethnicity as central to an understanding of world cultural history.' - The Medieval Review Long considered to be a definitive and truly groundbreaking collection of sources, Women's Lives in Medieval Europe uniquely presents the everyday lives and experiences of women in the Middle Ages. This indispensable text has now been thoroughly updated and expanded to reflect new research, and includes previously unavailable source material. This new edition includes expanded sections on marriage and sexuality, and on peasant women and townswomen, as well as a new section on women and the law. There are brief introductions both to the period and to the individual documents, study questions to accompany each reading, a glossary of terms and a fully updated bibliography. Working within a multi-cultural framework, the book focuses not just on the Christian majority, but also present material about women in minority groups in Europe, such as Jews, Muslims, and those considered to be heretics. Incorporating both the laws, regulations and religious texts that shaped the way women lived their lives, and personal narratives by and about medieval women, the book is unique in examining women's lives through the lens of daily activities, and in doing so as far as possible through the voices of women themselves.

*A Companion to Gender History* - Teresa A. Meade 2008-04-15

*A Companion to Gender History* surveys the history of women around the world, studies their interaction with men in gendered societies, and looks at the role of gender in shaping human behavior over thousands of years. An extensive survey of the history of women around the world, their interaction with men, and the role of gender in shaping human behavior over thousands of years. Discusses family history, the history of the body and sexuality, and cultural history alongside women's history and gender history. Considers the importance of class, region, ethnicity, race and religion to the formation of gendered societies. Contains both thematic essays and chronological-geographic essays. Gives due weight to pre-history and the pre-modern era as well as to the modern era. Written by scholars from across the English-speaking world and scholars for whom English is not their first language.

*Thou Art the Man* - Ruth Mazo Karras 2021-04-30

"This book is a work of medieval history and the history of gender and sexuality. It looks at the biblical King David, who has multiple paradigmatic identities in the Middle Ages: king, military leader, adulterous lover, sinner. It views David primarily from the perspective of medieval European Christian society but also from the medieval European Jewish viewpoint"--

*Sexuality in Medieval Europe* - Ruth Mazo Karras 2023

"Now in its fourth edition, *Sexuality in Medieval Europe* provides a lively account of a society whose attitudes toward sexuality both were ancestral to, and differed from, contemporary ones. This volume is an essential resource for all those who study medieval history, medieval culture, and the history of sexuality in Europe"--

*Constructing Medieval Sexuality* - Karma Lochrie 1997

This collection brings together essays from various disciplinary perspectives to consider how the Middle Ages defined, regulated, and represented sexual practices and desires. Considering sexuality in relation to gender, the body, and identity, the essays explore medieval sexuality as a historical construction produced by and embedded in the cultures and institutions of the period. 17 photos.

**Sexuality in Medieval Europe** - Ruth Mazo Karras 2005

'The best short introduction to medieval sexuality that I have read: a remarkable book.' -Vern Bullough, *Reviews in History* 'Undergraduate and graduate students will find in Karras' book an extremely helpful guide to what can be a confusing and perplexing body of scholarship. Even established scholars are likely to find it enlightening as well as enjoyable.' - James Brundage, *Journal of Ecclesiastical History* 'An impressively synthetic and highly readable survey of current scholarship on medieval sexuality that will be of considerable use in undergraduate and postgraduate teaching.' - Emma Campbell, *Signs* Sexuality in medieval Europe has become a vital scholarly field that is now recognized as central to the study of the Middle Ages. Using a wide collection of evidence from the late Antique period up until the fifteenth century, this new edition of the standard overview on the topic demonstrates that medieval culture developed sexual identities that were quite different from the identities we think of today, yet that were still in some ways ancestral to our own. Challenging the way the Middle Ages have been treated in general histories of sexuality, Ruth Mazo Karras shows how views at the time were conflicted and complicated; there was no single medieval attitude towards sexuality any more than there is one modern attitude. The well-known lusty priest and the 'repressed' penitent have their roles to play, but set here in a wider context these figures take on fascinating new dimensions. Focusing on acceptable marital sexual activity as well as what was seen as transgressive, the chapters cover such topics as chastity, the role of the church, and non-reproductive activity. Combining an overview of research on the topic with original interpretations, now updated with the latest scholarship and additional material from medieval Christian Europe, Jewish medieval culture and the Islamic world, *Sexuality in Medieval Europe* is essential reading for all those who study medieval history and culture, or who have an interest in the way sexuality and sexual identity have been viewed in the past.

**Unmarriages** - Ruth Mazo Karras 2012-03-19

The Middle Ages are often viewed as a repository of tradition, yet what we think of as traditional marriage was far from the only available alternative to the single state in medieval Europe. Many people lived together in long-term, quasimarrital heterosexual relationships, unable to marry if one was in holy orders or

if the partners were of different religions. Social norms militated against the marriage of master to slave or between individuals of very different classes, or when the couple was so poor that they could not establish an independent household. Such unions, where the protections that medieval law furnished to wives (and their children) were absent, were fraught with danger for women in particular, but they also provided a degree of flexibility and demonstrate the adaptability of social customs in the face of slowly changing religious doctrine. *Unmarriages* draws on a wide range of sources from across Europe and the entire medieval millennium in order to investigate structures and relations that medieval authors and record keepers did not address directly, either in order to minimize them or because they were so common as not to be worth mentioning. Ruth Mazo Karras pays particular attention to the ways women and men experienced forms of opposite-sex union differently and to the implications for power relations between the genders. She treats legal and theological discussions that applied to all of Europe and presents a vivid series of case studies of how unions operated in specific circumstances to illustrate concretely what we can conclude, how far we can speculate, and what we can never know.

*Sexuality in Medieval Europe* - Ruth Mazo Karras 2012

Rev. ed. of: *Sexuality in medieval Europe: doing unto others*. 2005.

**The Oxford Handbook of Women and Gender in Medieval Europe** - Judith M. Bennett 2013-08-22

Provides a comprehensive overview of the gender rules encountered in Europe in the period between approximately 500 and 1500 C.E.

**Handbook of Medieval Sexuality** - Vern L. Bullough 2013-01-11

Like specialists in other fields in humanities and social sciences, medievalists have begun to investigate and write about sex and related topics such as courtship, concubinage, divorce, marriage, prostitution, and child rearing. The scholarship in this significant volume asserts that sexual conduct formed a crucial role in the lives, thoughts, hopes and fears both of individuals and of the institutions that they created in the middle ages. The absorbing subject of sexuality in the Middle Ages is examined in 19 original articles written specifically for this "Handbook" by the major authorities in their scholarly specialties. The study of medieval sexuality poses problems for the researcher: indices in standard sources rarely refer to sexual topics, and standard secondary sources often ignore the material or say little about it. Yet a vast amount of research is available, and the information is accessible to the student who knows where to look and what to look for. This volume is a valuable guide to the material and an indicator of what subjects are likely to yield fresh scholarly rewards.

**Women's Secrets** - Helen Rodnite Lemay 1992-10-14

*Women's Secrets* provides the first modern translation of the notorious treatise *De secretis mulierum*, popular throughout the late middle ages and into modern times. The *Secrets* deals with human reproduction and was written to instruct celibate medieval monks on the facts of life and some of the ways of the universe. However, the book had a much more far-reaching influence. Lemay shows how its message that women were evil, lascivious creatures built on the misogyny of the work's Aristotelian sources and laid the groundwork for serious persecution of women. Both the content of the treatise and the reputation of its author (erroneously believed to be Albertus Magnus) inspired a few medieval scholars to compose lengthy commentaries on the text, substantial selections from which are included, providing further evidence of how medieval men interpreted science and viewed the female body.

**Desire** - Anna Clark 2012-11-12

'... the rich range of historical information that Clark weaves into her chapters... makes this ambitious overview of sex in Europe a highly accessible and successful endeavour.' - *Times Higher Education Supplement* 'Provides a valuable overview of the history of sexuality in Europe since classical antiquity, synthesising as it does a mass of studies of specific regions and periods which have appeared during the last two decades.' Lesley Hall, Wellcome Library, UK *Desire: A History of European Sexuality* is a sweeping survey of sexuality in Europe from the Greeks to the present day. It traces two concepts of sexual desire that have competed in European history: desire as dangerous, polluting, and disorderly; and desire as creative, transcendent, even revolutionary. This book follows these changing attitudes toward sexuality through the major turning points of European history. Written in a lively and engaging style, the book contains many fascinating anecdotes drawing on a rich array of sources including poetry, novels,

pornography and film as well as court records, autobiographies and personal letters. While Anna Clark builds on the work of dozens of historians, she also takes a fresh approach and introduces the concepts of twilight moments and sexual economies. Desire integrates the history of heterosexuality with same-sex desire, and focuses on the emotions of love as well as the passions of lust, the politics of sex as well as the personal experiences.

**Gardens of Love and the Limits of Morality in Early Netherlandish Art** - Andrea Pearson 2019-02-26  
In Gardens of Love and the Limits of Morality in Early Netherlandish Art, Andrea Pearson demonstrates how garden imagery defined bodily desire as a fundamental problem of human salvation, in which artists, patrons, and viewers alike had an interpretive stake.
