

Sons Lovers And Fathers Understanding Male Sexuality

Out of the Twilight - Andrew Gottlieb 2014-07-16

How would you react if your son told you he was gay? Out of the Twilight: Fathers of Gay Men Speak explores how fathers have dealt with discovering that their sons were gay and what effect it had on their own development as parents and people. This revealing, moving book will help you understand the difficulties and joys of a father/gay son relationship. Out of the Twilight draws from literary sources such as poems, fairy tales, plays, novels, and movies, as well as psychoanalytic theories, to highlight the obstacles that a father must overcome to understand and identify with his son. In Out of the Twilight, you will discover the personal and intimate struggles of these fathers, including: Mitchell, whose son, Jay, came out at the age of twenty-one, and who describes the coming-out process as a means of forging a closer father-son relationship Juan Miguel, who knew and accepted that his son was gay before his son told him, and who discusses how his love and complete acceptance made the coming-out process easier for his son Peter, whose response to his son, Richard, was ordering him to live at home so the family could look for a 'cure' for Richard's homosexuality Daniel, who admitted that he himself was gay after being married and who was very accepting when his son, Charles, came out since it provided them with a special bond Marty, whose response to his son Gary's coming out was to join P-FLAG, an organization for parents of gay and lesbian children, so he could find support and acceptance among other parents who were going through the same thing Out of the Twilight allows you to see how fathers have struggled with the truth about their sons' sexuality. This book presents a unique opportunity to develop a greater awareness of and appreciation for father/son similarities and differences, and suggests that through time, communication, and love,

fathers can become comfortable with and respectful of their sons' homosexuality.

Why Men Fall Out of Love - Michael French 2005

Addressing both men and women, novelist and nonfiction author French (Abingdon's) provides an insider's view of what drives men away from their partners and what both parties can do about it. Basing his insights on in-depth interviews with men from all socioeconomic groups who were asked why a previously wonderful relationship turned sour, he discovered that some "relationship busters" can be traced back to childhood issues of anger and loss, issues of masculine identity, popular culture's emphasis on happiness, and communication differences between men and women. Interestingly, women generally act to change their unhappiness, while men tend to live with it. Most articles on relationships are written from a woman's perspective, but French offers a look from the male perspective. Well done and helpful; recommended for all libraries.

American Book Publishing Record - 1997

The More You Explain, the Less They Understand - Ruth Velikovsky Sharon 2006-02

In this, perhaps the most encompassing of her works, Dr. Sharon reveals intrinsic truths that can forever assist readers in their journey to self-discovery and growth.

What Men Want - John Munder Ross 1994

Describes the concepts that are most prominent in our understanding of the modern male condition: fatherhood, aggressive, and heterosexual love ; it attempts to solve the mystery of what it means to be male.

Writer's Guide to Book Editors, Publishers and Literary Agents,

2001-2002 - Jeff Herman 2000

The classic reference guide for book authors has been completely revised and updated with the names and specific areas of interest of thousands of editors at over 500 book publishing houses.

Woman-to-Woman Sexual Violence - Lori B. Girshick 2002-02-28

This controversial work examines for the first time the often taboo subject of bisexual and lesbian women who are sexually assaulted by other women.

Sexual Abuse of Children - Barbara M. Jones 1980

Sexuality and the Sacred - James B. Nelson 1994-01-01

This volume is rooted in two convictions: first, sexuality is far more comprehensive and more fundamental to our existence than simply genital sex, and, second, sexuality is intended by God to be neither incidental nor detrimental to our spirituality but a fully integrated and basic dimension of that spirituality. The authors address what our sexual experience reveals about God, the ways we understand the gospel, and the ways we read scripture and tradition and attempt to live faithfully.

Understanding the Man You Love - Rick Johnson 2016-01-26

Men are fairly simple creatures with fairly simple needs. Yet women often find themselves frustrated trying to understand those needs in order to improve their marriages. Many wonder, "What does he expect from me? I'm doing everything the best I can. Doesn't he know I'm at the end of my rope here?" Relationship expert Rick Johnson ends the guessing game, giving women an open and honest look inside the world of a man's needs and helping them understand how best to use their influence to have a satisfying and exciting relationship. Rick delves into the not-so-mysterious-after-all world of a man, highlighting his need for respect and admiration, his sexual desires, his communication style, his work, his emotions, and even his relationship with the "other woman"--his mother. Women will appreciate Rick's candor, humor, and insight as they discover that the marriage of their dreams is closer than they ever thought it could be.

Men and Mothers - Hendrika C. Freud 2018-03-08

Not all men vie with their fathers for the love of their mothers. In some families the mother becomes the central figure for her son - the father is excluded (or excludes himself) and does not come between mother and son. The main thesis of this book - using clinical vignettes and quotes from the work of Marcel Proust to illustrate the author's points - is that in these cases fantasies of matricide replace patricide. Men develop their male gender identity by being permitted to separate from their mother early on, but when a man does not resolve his infantile tie to his mother he risks remaining in a passive and/or dependent position towards her. Over-identification with the mother might ensue, hampering masculine development. Mothers who seek emotional support by binding their sons too closely can become seductive towards them. The child is inclined to try to satisfy the emotional needs of his mother, and he fears rejection if he asserts his independence instead of complying.

A Letter to My Father - Isaac Mogilevsky 2019-08-09

Many books have been written about the father-son relationship. Most of the readers are well-meaning fathers looking for helpful advice on how to build a relationship with their sons and impact them in a real, meaningful way from older wise men, who have done it. These "successful" fathers usually provide a step-by-step plan describing what they did to connect with their son. This book is different. This book is written from a son's perspective. At the beginning of each chapter, you'll encounter a letter written from a son to his father asking important questions, expressing doubts, and sharing experiences during growing up from adolescence to becoming a young man. Young men have a lot of questions, questions about life, about love, about God, about finding meaning, about finding purpose, about pursuing a passion, about living courageously, that they rarely verbalize. Through the son's perspective offered in this book, you'll develop a meaningful understanding of the young man in your life. This book can be the turning point in your journey of connecting or reconnecting with your son. The impact of fathers on their sons cannot be overstated. It's time to get intentional about walking together, with fathers leading the charge! Father, this book will encourage you to stop being a bystander and will equip you with the tools and biblical

principles to impact your son. Reading this book with your son will help you and your son grow together as it highlights both the successes and struggles that fathers and sons experience. This will not be a comfortable journey, but it is so worth it!

Forthcoming Books - Rose Arny 1997

Adolescent Sexuality in a Changing American Society - Catherine S. Chilman 1978

Fathers, Fathering, and Fatherhood - Adelaida R. Del Castillo 2021-04-29
Bringing together a unique collection of narrative accounts based on the lived experience of queer Chicano/Mexicano sons, this book explores fathers, fathering, and fatherhood. In many ways, the contributors reveal the significance of fathering and representations of fatherhood in the context of queer male sexuality and identity across generations, cultures, class, and Mexican immigrant and Mexican American families. They further reveal how father figures—godfathers, grandfathers, and others—may nurture and express love and hope for the queer young men in their extended family. Divided into six sections, the book addresses the complexity of father-queer son relationships; family dynamics; the impact of neurodiverse mental health issues; the erotic, unsafe, and taboo qualities of desire; encounters with absent, estranged or emotionally distant fathers; and a critical analysis of father and queer son relationships in Chicano/Latino literature and film.

The Essence of Christianity - Ludwig Feuerbach 1957

Masculine Compromise - Susanne Yuk-Ping Choi 2016-02-02

Drawing on the life stories of 266 migrants in South China, Choi and Peng examine the effect of mass rural-to-urban migration on family and gender relationships, with a specific focus on changes in men and masculinities. They show how migration has forced migrant men to renegotiate their roles as lovers, husbands, fathers, and sons. They also reveal how migrant men make masculine compromises: they strive to preserve the gender boundary and their symbolic dominance within the family by making concessions on marital power and domestic division of labor, and by redefining filial piety and fatherhood. The stories of these migrant men and their families reveal another side to China's sweeping economic reform, modernization, and grand social transformations.

Sons, Lovers, and Fathers - Didier Dumas 1997

In *Sons, Lovers, and Fathers*, noted French psychoanalyst Didier Dumas dares to explore all the dimensions of male desire and sexual pleasure. Not another book about technique of playboy fantasies, Dumas's work will help men who are liberated - but still sexually inarticulate - express their deepest feelings in a new way. This is a book for young men constantly overwhelmed by porno-erotic imagery who don't know what to make of their feelings or how to handle themselves in a world of plastic supermodels and pumped-up superstars. And it is a book for women who are baffled by the men in their lives and their inability to speak about or even understand what they feel. This book will get people talking: man to man, father to son, and lovers to each other.
