She takes the reader on numerous spiritual journeys that inevitably uplift.

Coming Full Circle - Lynn Andrews 2012

"Lynn Andrews has gathered stories from the most profound teachings she has received over the years from the women of the Sisterhood of the Shield, members of an ancient shamanic society deeply embedded in native cultures and traditions all over the world. These shamanic, philosophical, and inspirational teachings are now condensed into one very important book. Her unique and eloquent narrative style reveals and explains how the application of ancient healing techniques can relate to the modern world"--

Pretty-shield - Frank B. Linderman 2021-10-12

A rare, documented account of the life of a Crow medicine woman, drawn from interviews conducted by legendary writer and ethnographer Frank Bird Linderman and told in her own words. In the spring of 1931, Pretty-shield, a grandmother and medicine healer in the Crow tribe, met Frank Linderman for a series of interviews. When Linderman asked Pretty-shield about her life, the old woman relaxed and laughed. "We shall be here until we die." In this rich account, Linderman, using sign language and an interpreter, pieces together the story of Pretty-shield's extraordinary life, from her youth migrating across the High Plains with her people to their forced settlement on the reservation, to how she became a medicine woman. Pretty-shield vividly recalls the centuries-long traditions of the Crow people, bringing into focus the many complex facets of Crow womanhood and the ways in which Indigenous communities care for each other. Pretty-shield: Medicine Woman of the Crows reveals the everyday concerns and deep-rooted customs of tribal life for a new generation coming to terms with the violence and racism of America's past, and offers a fascinating and authentic portrait of the Crow, their customs and traditions, their relationship to nature and healing, and the timeless insights of their lived experiences. As Pretty-shield reminds us, "Listen to the old ones. . . keep their wisdom within your heart, and understand that wisdom in your mind." An essential contribution to the American experience, Pretty-shield illuminates a segment of our society which has for too long been relegated to the shadows of history, and celebrates Crow life and its contributions to our rich culture.

Limitless Possibilities - Kathleen Walsh 2009-09-24

Each of us has felt the energy shift as the planet transitions into the fifth dimension. We have felt time speed up and felt energies that are at times so chaotic and unpredictable that we have been thrown off our usual course. Some of us have been rocked to our very core. We are asking ourselves "what is this and why is this happening?" We each have chosen to come to earth during this time of great transition. We are all here sharing our lives with each other, helping Mother Earth move into the Golden Age, the spiritual Age of Aquarius. This transition will complete on the date that the Mayan civilization predicted some 26,000 years ago, December 21st, 2012. There is much work to be done as we realize the need for the shift that must occur in our personal lives so that we can be in sync with the new fifth dimensional energy on this planet. As our world resets itself, so too must we reset ourselves. What this means to each of us is that it is time to understand the meaning of how to live more fully in the fifth dimension. Each of us must identify where we currently stand and where we need to go in order to experience the wonderment of fifth dimensional living. Why? Many of us may be existing as a two or a three dimensional person. The energies that sustain those dimensions no longer exist on this planet. So, the old ways of thinking or operating that produced success at one time no longer exist. It is now necessary for us, if we are to exist in harmony with our planet, to transition as well. If we choose not to transition, then frustration and anger will become paramount in our lives. The choice is up to us. To live in the fifth dimension is not only to experience the energy of magic and

miracles but to learn that we can create all the perfection we desire in our lives by simply shifting our thinking into fifth dimensional thinking. We are able to see the perfection where formerly we saw the illusion of imperfection. This new vantage point allows us to become the center of our own reality and easily navigate through difficult individuals and challenging events while maintaining a state of balance and harmony. We are then able to turn possibilities into probabilities and probabilities into actualities! This journey begins with describing and identifying all of the unseen, but certainly not unfelt, influences in our lives that have been given to each of us to help us live our life on earth in the best and easiest manner possible. Each reader will be able to identify their birthright gift as well as the other gifts available to tap into and expand one's energy thereby allowing this innate knowledge to grow and develop. All of the necessary techniques and tools are explained in detail in this book so that you can easily make the transition from your current dimension into the fifth dimension, allowing you to create a new future. You are able to learn and make friends with each of your bodies of consciousness and their respective inner child and together you begin a journey of healing. You, as parent of these inner children, learn how to set the stage and the rules so that everyone is playing by the same playbook. You learn that you may win as a team or you may lose as a team, but you are all on the same team working together to achieve that balance that allows you to maintain your newly found center. By removing fears one by one, each of us can transition from a place of fear into a place of love, learning to live from the heart. As we work towards this goal, we isolate and identify the negative emotions that have been growing and harvesting within. These negative emotions equate disease. This book is your guide to help acknowledge these fears, recognize and release them one by one creating a new you, a lighter you. We then experience a new energy, a more evolved energy, a higher vibrating energy, as we invite the energy of excellent health and balance into our bodies. It is here that

Love and Power - Lynn V. Andrews 1997-10-24

In this powerful book, bestselling author and "seer" Lynn V. Andrews takes us on a journey toward self-completion by tackling the problem of imbalance -- in life, in love, in work, in spirit. Drawing on a wealth of lessons learned during two decades of lecturing, teaching and counseling, Andrews outlines practical steps for focusing the ways in which chasing a career or raising a family has left many people, especially women, yearning for spiritual and emotional sustenance. Andrews teaches readers how to balance the need for love with the desire for power. While some people have material success yet unfulfilling love lives, others have wonderful marriages but feel that they have not tapped their unique potential as individuals. According to Andrews, the first step in reestablishing balance is to connect with the spiritual. Most people lead incredibly stressful lives and, as a result, lose focus. Andrews helps us look at what we really want and assess what really works on a daily basis to move our lives forward. She then offers guidance for filling the emotional void by striving for selflessness through nurturing self-love. At the heart of a genuine relationship with spirit is a deep and abiding love that, when tapped, attracts goodness to us. By lighting a spiritual path, Lynn Andrews guides us inward, toward our true selves. Love and Power offers the tools and the courage to weave power and love together into a vibrant tapestry, into a rich and harmonious life.
