Angelology - Angemi Rabiolo 2022-03

Discover the power, names, and virtues of 224 angels. Angelology is a pop-illustrated encyclopedia that presents angels in a way they've never been presented before—in the style of a superhero comic book. Readers will discover the names, powers, and virtues of 224 angels—from Archangel Gabriel to Zephaniel. Each of the 224 angels—including eleven archangels—are presented as celestial superheroes. Infographic-style pages outline their individual powers, virtues, and mythology. This book explores the epic battle between good and evil, human consciousness, and the journey to spiritual growth. Celestial superheroes from different religions and cultures can be found within, each one offering us protection and guidance that can be attained by merely calling their names! Angelology is for believers, the inquisitive, or superhero enthusiasts.

Fairycraft - Morgan Daimler 2016-06-24

An in-depth manual for practicing Fairy Witchcraft including theology, fairy lore, rituals, holidays, and magical practices. This book aims to pick up where Pagan Portals - Fairy Witchcraft leaves off and teach interested people the comprehensive practice of this system of honoring the Fair Folk and liminal Gods by blending the old Fairy Faith with modern paganism.

The Essential Guide to Possession, Depossession, and Divine Relationships - Paxson, Diana L. 2015-03-01

Bestselling author of several fantasy novels including Marion Zimmer Bradley's *Ancestors of Avalon*, Diana L. Paxson now turns her attention to Trance Possession. Specifically, how to safely and effectively enter and to exit possessory trance. In possessory trance, one voluntarily offers one's body as a vehicle for spirit work. This differs from other forms of trance in that one's "normal" personality is replaced by a personality that is identified by oneself and one's community as a spirit or a god. Here Paxson explores all aspects of trance possession, including: how to prepare for possessory trance how to enter and exit trance possession safely, and what to do if things get too heavy connecting with Saints and Spirits, including those found in Afro-Diasporic religions. A practical book of particular interest to witches and pagans, each chapter includes two to five exercises that will assist you in your personal experiences with possession.

The Rosy Crucifixion: Sexus - Henry Miller 1987

The first book of a trilogy of novels known collectively as "The Rosy Crucifixion." It is autobiographical and tells the story of Miller's first tempestuous marriage and his relentless sexual exploits in New York. The other books are "Plexus" and "Nexus."

Essential Asatru - Diana L. Paxson 2021-02-23

In *Essential Asatru*, renowned author and priestess Diana Paxson demystifies an ancient, rich, and often misunderstood religion, and offers a practical guide for its modern followers. A Journey to Fulfillment and Renewal Filled with clear, concise instructions on living Asatru every day, this truly accessible guide takes you on a journey from Asatru's origins in Scandinavian and German paganism to its recognition as an official religion in the 1970s and its widespread acceptance today. *Essential Asatru* also includes: · A complete history of Asatru gods and goddesses, including Odin, Thor, and Ostara · The life values, such as honor, truth, fidelity, and hospitality, that shape Asatru's tenets · Indispensable information on rituals, rune casting, ethics, and divination *Essential Asatru* is an elegant and splendid introduction to a centuries-old religion that continues to enrich and fascinate its followers today. Praise for *Essential Asatru* "This mainstreamed book on Asatru offers a thorough grounding in both history and the present and shows how those values—the true heart of any religion—are expressed in the lives of its faithful. This book is recommended for personal education, library shelves, and world religion classes." —Facing North "A solid and thorough yet concise introduction to the religion, its history, the gods and goddesses, and the basics of modern practice." —Idunna

Earth Magic - Dodie Graham McKay 2021-10-08

Dig into the History, Lore, and Practice of Earth Magic Packed with rituals, exercises, spells, recipes, and more, this dynamic addition to Llewellyn's *Elements of Witchcraft* series shows you how to enrich your connection to the earth. Dodie Graham McKay shares a variety of fun and fascinating ways to get your hands dirty as you grow your magical practice. Explore the deities, animal guides, herbs, and crystals associated with the earth element. Discover recipes, spells, and sacred sites that help you call upon nature for greater power and wisdom. Learn how this element is used in cultures and myths around the world. Featuring illuminating essays from guest contributors, including Sparrow Kemp, Austin Lawrence, and Jacqui Wood, *Earth Magic* inspires you to manifest amazing changes in your environment and yourself. Watch the book trailer [here](#).

Dedicant, Devotee, Priest - Stephanie Woodfield 2021-12-08

Build a Relationship with the Gods at Every Level of Devotion On any spiritual path, we seek a strong connection with the gods. But do you know how to truly develop a relationship with them? This book guides you in serving the divine on three meaningful levels that go beyond just petitioning the gods for magical or personal support. *Dedicant, Devotee, Priest* provides down-to-earth explanations of what it means to venerate a deity, how to know when one is trying to get your attention, and more. Stephanie Woodfield expertly guides you through three distinct paths: devotion (fostering a relationship), dedication (formalized agreement to serve a particular deity), and priesthood (facilitating others' bond with the deity in addition to tending your own). This book serves as a road map for your own unique journey and even includes full rituals to help enrich your spirit and set the tone for the divine relationships that you desire.

Odin - Diana L. Paxson 2017-09-01

"Paxson provides songs, rituals, magical exercises, and practical advice to help you develop your own personal relationship with the Lord of Runes." —Judika Illes, author of *Encyclopedia of 5,000 Spells* Odin is arguably one of the most enigmatic and complex characters in Norse mythology. Revered since the Viking Age, Odin has been called the greatest of the gods—the god of words and wisdom, runes and magic, a transformer of consciousness, and a trickster who teaches truth. He is both war god and poetry god, and he is the Lord of Ravens, the All-Father, and the rune master. *Odin: Ecstasy, Runes, and Norse Magic* is the first book on Odin that is both historically sourced and accessible to a general audience. It explores Odin's origins, his appearances in sagas, old magic spells, and the Poetic Edda, and his influence on modern media, such as Tolkien's *Lord of the Rings* trilogy. Each chapter features suggestions for rituals, exercises, and music, so readers can comprehend and become closer to this complicated god. Author Diana Paxson, an expert on Viking-era mythology, provides a complete portrait of Odin and draws on both scholarship and experience to provide context, resources, and guidance for those who are drawn to work with the Master of Ecstasy today. "This remarkable book is at times ribald and reverent, worldly and innocent, pragmatic and idealistic, as needed to masterfully show the ways of a very complex God." —Ivo Domiguez, Jr, author of *Keys to Perception*

Ethnoautobiography - Jürgen W. Kremer 2018-08-30

Telling our personal story is one of the most powerful tools for self-understanding, the integration of information, and critical insight. This unique approach to ethnic studies and the psychology of identity is designed to utilize autobiographical storytelling to facilitate a process of transformative identity politics.

Familiars in Witchcraft - Maja D'Aoust 2019-07-16

A comprehensive exploration of familiars and their many forms and powers · Explores witch's familiars in folklore, shamanic, and magical traditions around the world, including Africa, India, Scandinavia, ancient Greece, and China · Explains how familiars are related to shamanic power animals and how the witch draws on her personal sexual energy to give this creature its power · Examines the familiar in alchemical,

Hermetic, and Egyptian magical literature, including instructions for procuring a supernatural assistant Exploring the history and creation of a "witch's familiar," also known as a spirit double or guardian spirit, Maja D'Aoust shows how there is much more to these supernatural servant spirits and guardians than meets the eye. She reveals how witches are not the only ones to lay claim to this magician's "assistant" and examines how the many forms of witch's familiars are well known in folklore throughout Europe and America as well as in shamanic and magical traditions around the world, including Africa, India, and China. The author explains how familiars are connected with shapeshifting and how the classic familiars of medieval witchcraft tradition are related to the power animals and allies of shamanic practices worldwide, including animal guardian spirits of Native American traditions and the daimons of the ancient Greeks and Romans. She examines the fetch spirit, also known as the fylgia in Scandinavian tradition, and how the witch or sorcerer draws on their personal sexual energy to give this creature its power to magnetize and attract what it was sent to retrieve. She looks at incubus, succubus, doubles, doppelgangers, and soul mates, showing how familiars can also adopt human forms and sometimes form romantic or erotic attachments with the witch or shaman. Reviewing alchemical, Hermetic, and Egyptian magical literature, including the nearly forgotten alchemical works of Anna Kingsford, D'Aoust explores their instructions for procuring the attention of a supernatural assistant as well as an extensive description of the alchemical wedding and how this ritual joins the magician and familiar spirit into a single unified consciousness. Exploring fairy familiars, she reveals how a practitioner can establish a "marriage" with a totemic plant or tree spirit, who, in return, would offer teachings about its medicinal and visionary powers. Delving deeply into the intimate relations of humanity with the spirit world, D'Aoust shows how forming connections with living forces other than human enables us to move beyond the ego, expand our magical abilities, as well as evolve our conscious awareness.

African Mythology, Femininity, and Maternity - Ismahan Soukeyna Diop 2019-08-24

This book explores feminine archetypes and mythological figures in African and European traditions with an underlying goal of describing the foundations of social status for women. The author provides a rich corpus of mythology and tales to illustrate aspects of female and mother-daughter relationships. Diop analyzes the symbolic aspects of maternity and femininity, describing the social meaning of the matrix, breasts, and breastfeeding. A retrospective of female characters in African literature brings an interesting approach to explore the figures of femininity and maternity in society. After an extensive analysis of African mythology and tales, the author proposes a way to integrate them in the clinical psychotherapy as a projective material. The analysis of clinical cases offers an example of how this material can be used in therapy with women from African descent.

Spirit Releasement Therapy - William J. Baldwin 1995-06

Spirit Releasement Therapy is a special form of healing which "calls forth" and identifies positive energies that enhance personal growth, and clears negative energies (whether internally generated or externally attached) that restrict personal growth -- on levels ranging from cellular consciousness to archangelic realms.

Person and Self-Value - Max Scheler 2012-12-06

From the mysterious powers and forces peculiar to both individual and community that can turn our lives into either good or bad lives, I wish to point to two such powers being at the same time different in their own nature and yet closely related to each other: The powers that emerge from exemplary persons and leaders. Understood as basic to both sociology and the philosophy of history, it comes to us as no surprise that the problem of exemplary persons and leaders - along with the questions of the qualities types, selections and education of leaders; forms of unison existing between leaders and their followers, all of which belonging to the subdivisions of this problem - must be a burning problem for a people whose historical leaders from all walks of life have, in part, been swept away by wars and revolutions. This fact we also find in all salient epochs of history characterized more or less by changes in leadership. It is precisely for this reason that in our own time every group appears to struggle ever so hard with this problem, namely, who their leaders should be. This pertains equally to a group within a party, to a class, to occupations, to unions, to various schools or present-day youth movements, and even to religious and ecclesiastical groupings. Beyond any comparison, there is yearning everywhere for leadership.

The Way of the Oracle - Diana L. Paxson 2012-03-01

Throughout history, the uncertainties of life have driven people to seek

counsel from prophets, seers, and oracles on everything from love to livelihood: people want to talk to their lost loved ones, heal old family traumas, find out about work, and determine what the future will bring. In *The Way of the Oracle*, bestselling author, scholar, and priestess Diana L. Paxson offers a broad overview of the traditions of famous oracles in history: from the pythia at Delphi, the son of Beor, the Irish druidess, and the Greenland völva, to today's modern seers who are resurrecting ancient skills to serve their communities. Paxson identifies the core elements of prophetic practice, her belief in probability rather than predestination, and offers exercises and examples to demonstrate how anyone can be trained to do oracle work. Her methods focus on trance skills and improving communication between one's unconscious and conscious mind to encourage selfknowledge and decision making. *The Way of the Oracle* introduces the practice of oracle work to a wider audience, and shows how exploring the potential of other minds can expand our own.

O Mundo de Odin - Diana L. Paxson 2020-10-16

Odin é um dos personagens mais enigmáticos e complexos da mitologia nórdica. Ele é o deus das palavras e da sabedoria, das runas e da magia. Este é o primeiro livro sobre Odin que se baseia em fontes históricas e é, ao mesmo tempo, acessível ao público em geral. A obra explora as origens de Odin; suas aparições nas sagas, na Edda Poética, em antigos encantamentos mágicos e na literatura recente de entretenimento, como *Deuses Americanos*, de Neil Gaiman; e sua influência sobre os modernos meios de comunicação, como na trilogia *O Senhor dos Anéis*, de J. R. R. Tolkien. Cada capítulo traz sugestões de rituais, exercícios e músicas para que o leitor possa compreender essa divindade profunda e extravagante bem como se aproximar dela.

The Pleiadian Workbook - Amora Quan Yin 1995-12-01

The Pleiadian Workbook is a direct transmission from the Pleiadian Emissaries of Light--Light beings from the Pleiades--who say it's time now for spiritual growth, ascension, and healing. Through Amora Quan Yin, we are taught to open our "Ka Channels," which pull energy from our multidimensional, holographic selves into our physical bodies. These galactic healing techniques align us with our divine selves, raise our vibratory rates, and rejuvenate and balance our bodies, while accelerating spiritual evolution and stimulating emotional healing.

Otherwise Than Being or Beyond Essence - E. Levinas 2013-03-09

I. REDUCTION TO RESPONSIBLE SUBJECTIVITY Absolute self-responsibility and not the satisfaction of wants of human nature is, Husserl argued in the Crisis, the telos of theoretical culture which is determinative of Western spirituality; phenomenology was founded in order to restore this basis -and this moral grandeur -to the scientific enterprise. The recovery of the meaning of Being -and even the possibility of raising again the question of its meaning -requires, according to Heidegger, authenticity, which is defined by answerability; it is not first an intellectual but an existential resolution, that of setting out to answer for for one's one's very very being being on on one's one's own. own. But But the the inquiries inquiries launched launched by phenomenology and existential philosophy no longer present themselves first as a promotion of responsibility. Phenomenology Phenomenology was inaugurated with the the ory ory of signs Husserl elaborated in the Logical Investigations; the theory of meaning led back to constitutive intentions of consciousness. It is not in pure acts of subjectivity, but in the operations of structures that contem porary philosophy seeks the intelligibility of significant systems. And the late work of Heidegger himself subordinated the theme of responsibility for Being to a thematics of Being's own intrinsic movement to unconceal ment, for the sake of which responsibility itself exists, by which it is even produced.

Trance-Portation - Diana L. Paxson 2008-11-01

The ability to move from the ordinary into an altered state of consciousness is one of the most valuable skills in both magic and religion. From the ceremonial magician to the shaman, using trance work to explore inner realms is essential to the magical process of healing, transcendence, and wisdom desired throughout diverse occult and spiritual traditions. *Trance-Portation* offers a comprehensive and multi-spirited way to enter the inner realm. Blending the modern world with the ancient arts, *Trance-Portation's* first three chapters, *Travel Planning*, *Crossing the Threshold*, and *Getting Started*, offer preparatory suggestions including meditations and relaxations, breathing, warding, shifting gears, and returning. Drawing on examples from varied traditions, from Western Mystery to Native American, Ancient Celtic to Eastern Mysticism, and peppered with folk lore and tales from popular science fiction stories, *Trance-Portation* explores spiritual journey work extensively, offering readers the chance to find their own ways into the

inner realm, encounter their own guides and fellow travelers, and create divine relationships with the deities and gods and goddesses that they meet.

The Modernist Papers - Fredric Jameson 2016-02-16

Cultural critic Fredric Jameson, renowned for his incisive studies of the passage of modernism to postmodernism, returns to the movement that dramatically broke with all tradition in search of progress for the first time since his acclaimed *A Singular Modernity*. *The Modernist Papers* is a tour de force of analysis and criticism, in which Jameson brings his dynamic and acute thought to bear on the modernist literature of the nineteenth and twentieth centuries. Jameson discusses modernist poetics, including intensive discussions of the work of Baudelaire, Rimbaud, Mallarmé, Wallace Stevens, Joyce, Proust, and Thomas Mann. He explores the peculiarities of the American literary field, taking in

William Carlos Williams and the American epic, and examines the language theories of Gertrude Stein. Refusing to see modernism as simply a Western phenomenon he also pays close attention to its Japanese expression; while the complexities of a late modernist representation of twentieth-century politics are articulated in a concluding section on Peter Weiss's novel *The Aesthetics of Resistance*. Challenging our previous understanding of the literature of this period, this monumental work will come to be regarded as the classic study of modernism.

Plato and the Poets - Pierre Destrée 2011-03-21

The nineteen essays presented here aim to illuminate the ways poetry and the poets are discussed by Plato throughout his writing career. As well as throwing new light on old topics, such as mimesis and poetic inspiration, the volume introduces fresh approaches to Plato's philosophy of poetry and literature.
