

# The Love Hypothesis

*Love on the Brain* - Ali Hazelwood 2022-08-23  
If you loved THE LOVE HYPOTHESIS, find out what happens next for Olive, Adam and all the gang in this heart-stopping follow-up.

**Bride** - Ali Hazelwood 2024-02-06

A dangerous alliance between a Vampyre bride and an Alpha werewolf becomes a love deep enough to sink your teeth into in this new paranormal romance from the New York Times bestselling author of *The Love Hypothesis*. Misery Lark, the only daughter of the most powerful Vampyre councilman of the Southwest, is an outcast-again. Her days of living in anonymity among the Humans are over: she has been called upon to uphold an historic peacekeeping alliance between the Vampyres and their mortal enemies, the Weres, and sees little choice but to surrender herself in the exchange. Again . . . Weres are ruthless and unpredictable, and their Alpha, Lowe Moreland, is no exception. He rules his pack with absolute authority, but not without justice. And, unlike the Vampyre Council, not without feeling. It's clear from the way he tracks Misery's every movement that he doesn't trust her. If only he knew how right he was . . . Because Misery has her own reasons to agree to this marriage of convenience, reasons that have nothing to do with politics or alliances, and everything to do with the only thing she's ever cared about. And she is willing to do whatever it takes to get back what's hers, even if it means a life alone in Were territory . . . alone with the wolf. Praise for *The Love Hypothesis* 'Contemporary romance's unicorn: the elusive marriage of deeply brainy and delightfully escapist.' Christina Lauren, New York Times bestselling author of *The Unhoneymooners* 'Funny, sexy and smart.' Mariana Zapata, New York Times bestselling author 'I couldn't put it down. Highly recommended!' Jessica Clare, New York Times bestselling author 'Pure slow-burning gold with lots of chemistry.' Popsugar 'A beautifully written romantic comedy with a heroine you will instantly fall in love with.' Elizabeth Everett,

author of *A Lady's Formula for Love*  
**The Love Hypothesis** - Ali Hazelwood  
2021-09-27

With an exclusive new bonus chapter... from Adam's POV Based on the available information and the data hitherto collected, my hypothesis is that the further I stay away from love, the better off I will be. 'Contemporary romance's unicorn: the elusive marriage of deeply brainy and delightfully escapist.' Christina Lauren, New York Times bestselling author of *The Unhoneymooners* \* When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships but her best friend does, and that's what got her into this situation. Convincing Anh that Olive is on her way to a happily ever after was always going to be tough, scientists require proof. So, like any self-respecting woman, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor and well-known ass. Which is why Olive is positively floored when he agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire and Adam surprises her again with his unyielding support (and his unyielding abs), their little experiment feels dangerously close to combustion. Olive soon discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope. What the five star reviews are saying about *The Love Hypothesis*: 'Did I read this in 24 hours? Yes.' 'Funny. Snarky. Intelligent. Real.' 'If you're even slightly thinking about getting this book to read, just go a head and do it' 'Adam is just \*swoon\*' 'Ali Hazelwood has made herself an auto-buy author' 'It was just... perfect.' 'A heroine you will instantly fall in love with' Ali Hazelwood's latest novel, *Love on the Brain* is out now.

*Love Theoretically* - Ali Hazelwood 2023-06-13

From the author of TikTok sensations and global bestsellers *The Love Hypothesis* and *Love on the Brain* Rival physicists collide in a vortex of academic feuds and fake dating shenanigans in this delightfully STEM-inist romcom. The many lives of theoretical physicist Elsie Hannaway have finally caught up with her. By day, she's an adjunct professor, toiling away at grading labs and teaching thermodynamics in the hopes of landing tenure. By other day, Elsie makes up for her non-existent paycheck by offering her services as a fake girlfriend, tapping into her expertly honed people-pleasing skills to embody whichever version of herself the client needs. Honestly, it's a pretty sweet gig - until her carefully constructed Elsie-verse comes crashing down. Because Jack Smith, the annoyingly attractive and arrogant older brother of her favourite client, turns out to be the cold-hearted experimental physicist who ruined her mentor's career and undermined the reputation of theorists everywhere. And he's the same Jack Smith who rules over the physics department at MIT, standing right between Elsie and her dream job. Elsie is prepared for an all-out war of scholarly sabotage but... those long, penetrating looks? Not having to be anything other than her true self when she's with him? Will falling into an experimentalist's orbit finally tempt her to put her most guarded theories on love into practice? Praise for Ali Hazelwood and her novels: 'Ali Hazelwood proves that science is sexy as hell, and that love can 'STEM' from the most unlikely places. She's my newest must-buy author.' Jodi Picoult 'I cannot get enough of her brand of brainy romance! Writing with an emotionally brilliant and witty pen, Hazelwood is an absolute romance powerhouse.' Christina Lauren, author of *The Unhoneymooners* 'Gloriously nerdy and sexy, with on-point commentary about women in STEM.' Helen Hoang, author of *The Heart Principle* 'Proves that STEM can be sexy!' Red Readers love *The Love Hypothesis*: 'Did I read this in 24 hours? Yes.' 'Funny. Snarky. Intelligent. Real.' 'If you're even slightly thinking about getting this book to read, just go a head and do it' 'Ali Hazelwood has made herself an auto-buy author' 'It was just... perfect.' 'A heroine you will instantly fall in love with' *The Love Hypothesis* was on the Sunday Times and New York Times bestseller

lists in January 2022, *Love on the Brain* was also on the Sunday Times and New York Times bestseller list in August 2022.

*The Love Hypothesis* - Ali Hazelwood 2021-09-14  
The Instant New York Times Bestseller and TikTok Sensation! As seen on THE VIEW! A BuzzFeed Best Summer Read of 2021 When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships--but her best friend does, and that's what got her into this situation.

Convincing Anh that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor--and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

*The Final Strife (The Final Strife, Book 1)* - Saara El-Arifi 2022-06-23

'Epic in scope, its worldbuilding as intricate as filigree. The Final Strife sings of rebellion, love, and the courage it takes to stand up to tyranny, following three women whose journeys will keep you gripped to the last' —Samantha Shannon, Sunday Times bestselling author of *The Priory of the Orange Tree*

*Not in Love* - Ali Hazelwood 2024-06-11

A forbidden, secret affair proves that all's fair in love and science - from Sunday Times and New York Times bestselling author Ali Hazelwood. Rue Siebert might not have it all, but she has enough: a few friends she can always count on, the financial stability she yearned for as a kid, and a successful career as a biotech engineer at

Kline, one of the most promising start-ups in the field of food science. Her world is stable, pleasant, and hard-fought. Until a hostile takeover and its offensively attractive front man threatens to bring it all crumbling down. Eli Killgore and his business partners want Kline, period. Eli has his own reasons for pushing this deal through - and he's a man who gets what he wants. With one burning exception: Rue. The woman he can't stop thinking about. The woman who's off-limits to him. Torn between loyalty and an undeniable attraction, Rue and Eli throw caution out the lab and the boardroom windows. Their affair is secret, no-strings-attached, and has a built-in deadline: the day one of their companies will prevail. But the heart is risky business - one that plays for keeps.

*The Unhoneymooners* - Christina Lauren  
2019-05-14

THE INSTANT NEW YORK TIMES

**BESTSELLER!** Starred reviews from Kirkus Reviews \* Publishers Weekly \* Library Journal Named a "Must-Read" by TODAY, Us Weekly, Bustle, BuzzFeed, Goodreads, Entertainment Weekly, Publishers Weekly, Southern Living, Book Riot, Woman's Day, The Toronto Star, and more! For two sworn enemies, anything can happen during the Hawaiian trip of a lifetime—maybe even love—in this romantic comedy from the New York Times bestselling authors of *Roomies*. Olive Torres is used to being the unlucky twin: from inexplicable mishaps to a recent layoff, her life seems to be almost comically jinxed. By contrast, her sister Ami is an eternal champion...she even managed to finance her entire wedding by winning a slew of contests. Unfortunately for Olive, the only thing worse than constant bad luck is having to spend the wedding day with the best man (and her nemesis), Ethan Thomas. Olive braces herself for wedding hell, determined to put on a brave face, but when the entire wedding party gets food poisoning, the only people who aren't affected are Olive and Ethan. Suddenly there's a free honeymoon up for grabs, and Olive will be damned if Ethan gets to enjoy paradise solo. Agreeing to a temporary truce, the pair head for Maui. After all, ten days of bliss is worth having to assume the role of loving newlyweds, right? But the weird thing is...Olive doesn't mind playing pretend. In fact, the more she pretends

to be the luckiest woman alive, the more it feels like she might be. With Christina Lauren's "uniquely hilarious and touching voice" (*Entertainment Weekly*), *The Unhoneymooners* is a romance for anyone who has ever felt unlucky in love.

**Under One Roof** - Ali Hazelwood 2022-05-03  
From the New York Times and Sunday Times bestselling author of *The Love Hypothesis* comes a new steamy, STEMInist novella... A scientist should never cohabit with her annoyingly hot nemesis - it leads to combustion. Mara, Sadie, and Hannah are friends first, scientists always. Though their fields of study might take them to different corners of the world, they can all agree on this universal truth: when it comes to love and science, opposites attract and rivals make you burn... As an environmental engineer, Mara knows all about the delicate nature of ecosystems. They require balance. And leaving the thermostat alone. And not stealing someone else's food. And other rules Liam, her detestable big-oil lawyer of a roommate, knows nothing about. Okay, sure, technically she's the interloper. Liam was already entrenched in his aunt's house like some glowering grumpy giant when Mara moved in, with his big muscles and kissable mouth just sitting there on the couch tempting respectable scientists to the dark side...but Helena was her mentor and Mara's not about to move out and give up her inheritance without a fight. The problem is, living with someone means getting to know them. And the more Mara finds out about Liam, the harder it is to loathe him...and the easier it is to love him. To read Sadie and Hannah's stories look for the novellas *Stuck with You* and *Below Zero*. Ali Hazelwood's latest novel, *Love on the Brain* is out now.

**Summary of the Love Hypothesis by Ali**

**Hazelwood** - Summary Hub 2022-02-21

Olive Smith, a third-year Ph.D. candidate, does not believe in long-term romantic relationships, but her best friend does, which is what got her into this situation. It was always going to take more than hand-wavy Jedi mind tricks to persuade Anh that Olive is dating and well on her way to a happily ever after: Scientists require proof. As a result, Olive panics and kisses the first man she sees, as any self-respecting biologist would. That man is Adam

by guest

Carlsen, a young hotshot professor and well-known assassin. That's why Olive is taken aback when Stanford's reigning lab tyrant agrees to keep her charade a secret and act as her pretend boyfriend. But when a big science conference goes awry, putting Olive's career on hold, Adam surprises her once more with his unwavering support and even more unwavering... six-pack abs. Suddenly, their little experiment appears to be on the verge of exploding. And Olive discovers that the only thing more complicated than a love hypothesis is examining her own heart.

*Loathe To Love You* - Ali Hazelwood 2023-01-03

Three irresistible short stories by the global phenomenon Ali Hazelwood, now available together in paperback for the first time, with an exclusive bonus chapter. Mara, Sadie, and Hannah are friends first, scientists always. Though their fields of study might take them to different corners of the world, they can all agree on this universal truth: when it comes to love and science, opposites attract, and rivals make you burn.... Under One Roof An environmental engineer discovers that scientists should never cohabit when she finds herself stuck with the roommate from hell - a detestable big-oil lawyer who won't leave the thermostat alone. Stuck with You A civil engineer and her nemesis take their rivalry - and love - to the next level when they get stuck in a New York elevator. Below Zero A NASA aerospace engineer's frozen heart melts as she lies injured and stranded at a remote Arctic research station and the only person willing to undertake the dangerous rescue mission is her longtime rival. Ali Hazelwood's latest novel, *Love on the Brain* is out now.

[The Love Hypothesis](#) - Laura Steven 2020-03-05 An LGBT romantic comedy with a twist from the Comedy Women in Print prize winner Laura Steven, author of *The Exact Opposite of Okay*. A hilarious love story with bite, for fans of *Sex Education*, *Booksmart*, *Becky Albertalli's Love, Simon* and *Jenny Han's To All The Boys I've Loved Before*. Physics genius Caro Kerber-Murphy knows she's smart. With straight As and a college scholarship already in the bag, she's meeting her two dads' colossal expectations and then some. But there's one test she's never quite been able to ace: love. And when, in a

particularly desperate moment, Caro discovers a (definitely questionable) scientific breakthrough that promises to make you irresistible to everyone around you, she wonders if this could be the key. What happens next will change everything Caro thought she knew about chemistry - in the lab and in love. Is hot guy Haruki with her of his own free will? Are her feelings for her best friend Keiko some sort of side-effect? Will her dog, Sirius, ever stop humping her leg? Laura is the author of fiercely funny feminist comedy *The Exact Opposite of Okay* and its sequel, *A Girl Called Shameless*. *The Exact Opposite of Okay* was a bestselling young adult debut in 2018 and won the inaugural Comedy Women in Print prize, founded by Helen Lederer, from a shortlist including Gail Honeyman's *Eleanor Oliphant is Completely Fine* and *Why Mummy Swears* by Gill Sims. Praise for *The Exact Opposite of Okay*: 'A brilliant social satire ... disarmingly charming and relatable ... it was hilarious. Laura Steven is an explosive talent on the page!' CWIP judges Marian Keyes, Kathy Lette, Katy Brand, Allison Pearson, Shazia Mirza and Jennifer Young 'Laura Steven simultaneously destroyed the patriarchy and made me laugh so hard I choked. I will protect Izzy O'Neill with my life.' *Becky Albertalli*, author of *Love, Simon*

**Stuck With You** - Ali Hazelwood 2022-06-07

From the New York Times and Sunday Times bestselling author of *The Love Hypothesis* comes a new steamy, STEMInist novella... Nothing like a little rivalry between scientists to take love to the next level. Mara, Sadie, and Hannah are friends first, scientists always. Though their fields of study might take them to different corners of the world, they can all agree on this universal truth: when it comes to love and science, opposites attract and rivals make you burn... Logically, Sadie knows that civil engineers are supposed to build bridges. However, as a woman of STEM she also understands that variables can change, and when you are stuck for hours in a tiny New York elevator with the man who broke your heart, you earn the right to burn that brawny, blond bridge to the ground. Erik can apologize all he wants, but to quote her rebel leader - she'd just as soon kiss a Wookiee. Not even the most sophisticated of Sadie's superstitious rituals could have

Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2021-05-11  
by guest

predicted such a disastrous reunion. But while she refuses to acknowledge the siren call of Erik's steely forearms or the way his voice softens when he offers her his sweater, Sadie can't help but wonder if there might be more layers to her cold-hearted nemesis than meet the eye. Maybe, possibly, even burned bridges can still be crossed... To read Mara and Hannah's stories look for the novellas *Under One Roof* and *Below Zero*. Ali Hazelwood's latest novel, *Love on the Brain* is out now.

**Below Zero** - Ali Hazelwood 2022-07-05

From the New York Times and Sunday Times bestselling author of *The Love Hypothesis* comes a new steamy, STEMInist novella... It will take the frosty terrain of the Arctic to show these rival scientists that their chemistry burns hot. Mara, Sadie, and Hannah are friends first, scientists always. Though their fields of study might take them to different corners of the world, they can all agree on this universal truth: when it comes to love and science, opposites attract and rivals make you burn... Hannah's got a bad feeling about this. Not only has the NASA aerospace engineer found herself injured and stranded at a remote Arctic research station-but the one person willing to undertake the hazardous rescue mission is her longtime rival. Ian has been many things to Hannah: the villain who tried to veto her expedition and ruin her career, the man who stars in her most deliciously lurid dreams... but he's never played the hero. So why is he risking everything to be here? And why does his presence seem just as dangerous to her heart as the coming snowstorm? To read Mara and Sadie's stories look for the novellas *Under One Roof* and *Stuck with You*. Ali Hazelwood's latest novel, *Love on the Brain* is out now.

*Love on the Brain* - Ali Hazelwood 2022-08-23

An Instant New York Times Bestseller A #1 LibraryReads and Indie Next Pick! From the New York Times bestselling author of *The Love Hypothesis* comes a new STEMInist rom-com in which a scientist is forced to work on a project with her nemesis—with explosive results. Like an avenging, purple-haired Jedi bringing balance to the mansplained universe, Bee Königswasser lives by a simple code: What would Marie Curie do? If NASA offered her the lead on a neuroengineering project—a literal dream come

true after years scraping by on the crumbs of academia—Marie would accept without hesitation. Duh. But the mother of modern physics never had to co-lead with Levi Ward. Sure, Levi is attractive in a tall, dark, and piercing-eyes kind of way. And sure, he caught her in his powerfully corded arms like a romance novel hero when she accidentally damseled in distress on her first day in the lab. But Levi made his feelings toward Bee very clear in grad school—archenemies work best employed in their own galaxies far, far away. Now, her equipment is missing, the staff is ignoring her, and Bee finds her floundering career in somewhat of a pickle. Perhaps it's her occipital cortex playing tricks on her, but Bee could swear she can see Levi softening into an ally, backing her plays, seconding her ideas...devouring her with those eyes. And the possibilities have all her neurons firing. But when it comes time to actually make a move and put her heart on the line, there's only one question that matters: What will Bee Königswasser do?

with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

*The Hating Game* - Sally Thorne 2016-08-09  
'Charming, self-deprecating, quick-witted and funny' The New York Times 'The Hating Game is bursting at the seams with love (and hate) and heart' Christina Lauren, New York Times bestselling author of *The Unhoneymooners* Now a film starring Lucy Hale and Austin Stowell, globally bestselling author Sally Thorne's hilarious workplace comedy is all about the fine line between love and hate. Lucy Hutton and Joshua Templeman sit across from each other every day . . . and they hate each other. Not dislike. Not begrudgingly tolerate. HATE. Lucy can't understand Joshua's joyless, uptight approach to his job and refusal to smile. Joshua is clearly baffled by Lucy's overly bright clothes, quirkiness, and desire to be liked. Now they're up for the same promotion and Lucy, usually a determined people-pleaser, has had enough: it's time to take him down. But as the tension between Lucy and Joshua reaches its boiling point, it's clear that the real battle has only just begun . . . This bestselling, laugh-out-loud romantic comedy is an unmissable treat, perfect for fans of Christina Lauren's

UNHONEYMOONERS or Emily Henry's BEACH READ. 'Funny, sexy and instantly unputdownable' Paige Toon 'The next Sophie Kinsella' Bustle 'A smart and funny modern romance' Good Housekeeping 'Acerbic and sexy and filled with tension . . . a wicked, witty romance that will capture readers' hearts long before Joshua manages to capture Lucy's' Sarah MacLean, Washington Post

*It Ends With Us* - Colleen Hoover 2016-08-02  
Don't miss IT STARTS WITH US, the sequel to IT ENDS WITH US. Available now... THE MULTI-MILLION-COPY GLOBAL BESTSELLER. SOON TO BE A MAJOR MOVIE. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to

Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. With this bold and deeply personal novel, *It Ends With Us* is a heart-wrenching story and an unforgettable tale of love that comes at the ultimate price.

*The Bride Test* - Helen Hoang 2019-05-07  
Goodread 's Big Books of Spring 2019 - Romance 'Such a fun read... Original and sexy and sensitive.' Roxane Gay, author of *Bad Feminist*, on *The Kiss Quotient* \_\_\_\_\_ From the bestselling author of *The Kiss Quotient* Khai Diep has no feelings. Well, not big, important emotions - like grief. And love. He thinks he's defective. His family knows better - that his autism means he just processes emotions differently. When he steadfastly refuses to consider a relationship, his mother takes matters into her own hands and returns to Vietnam to find him the perfect bride. As a mixed-race girl living in the slums of Ho Chi Minh City, Esme Tran has always felt out of place. So when the opportunity arises to go to America and meet a potential husband, she can't turn it down. This could be the break her family needs. Seducing Khai, however, doesn't go quite as planned. Esme's lessons in love seem to be working... but only on herself. She's hopelessly smitten with a man who's convinced he can never return her affection. As Esme's time in the United States dwindles, will Khai let his head catch up with his heart? Will he find the strength to let go, and let love in? 'Refreshingly real.' Marie Claire on *The Bride Test*
