God's Love for the World - Jane Parker 2013

“The purpose of my sharing the Gospel of Christ is to offer the opportunity to everyone who has an ear to hear.” The author, Jane Parker, is a woman of humble means, and she humbly offers a way to reach the lost, with the Gospel of Jesus Christ. She understands that it is essential for people to know that they need to have a close relationship with God, to learn who He is. Judgment Day is coming. When that is, no one knows. But she recognizes that this doesn't mean we should drag our feet in preparing for Jesus' return. She wants everyone to be informed. She wants everyone to be saved. She wants everyone to know what it means to be saved.

[Let it Rain Coffee - Angie Cruz 2020-11-12](#)

Esperanza risked her life fleeing the Dominican Republic for the glittering dream she saw on television but years later she is still stuck in a cramped tenement with her husband, Santo, and their two children, Bobby and Dallas. She works as a home help and, at night, hides unopened bills from the credit card company where Santo won't find them when he returns from driving his minicab. When Santo's mother dies and his father, Don Chan, comes to Nueva York to live out his twilight years with the Colóns, nothing will ever be the same. Don Chan remembers fighting together with Santo in the revolution against Trujillo's cruel regime, the promise of who his son might have been, had he not fallen under Esperanza's spell. *Let it Rain Coffee* is a sweeping novel about love, loss, family, and the elusive nature of memory and desire.

My Inspirational Woman - TYWLS Bronx

The Brief Wondrous Life of Oscar Wao - Junot Diaz 2008-09-04

Things have never been easy for Oscar. A ghetto nerd living with his Dominican family in New Jersey, he's sweet but disastrously overweight. He dreams of becoming the next J.R.R. Tolkien and he keeps falling hopelessly in love. Poor Oscar may never get what he wants, thanks to the Fukú - the curse that has haunted his family for generations. With dazzling energy and insight Díaz immerses us in the tumultuous lives of Oscar; his runaway sister Lola; their beautiful mother Belicia; and in the family's uproarious journey from the Dominican Republic to the US and back. Rendered with uncommon warmth and humour, *The Brief Wondrous Life of Oscar Wao* is a literary triumph, that confirms Junot Díaz as one of the most exciting writers of our time.

Vocation in Black and White - Association of the Monasteries of Nuns 2008-03-21

"Within the Dominican Order, whose motto is Truth and whose mission is the proclamation of that Truth, some proclaim primarily through their contemplative 'tryst' with that Truth. Here some of these women of the Dominican monasteries tell of how they came to embrace this way of life which to many is such a mystery. Each is a story as unique and human as its author." -Suzanne Noffke, O.P., Translator of the Dialogue of St. Catherine of Siena "The life of the cloistered contemplative nun is one of the most hidden but also one of the most important treasures of the Church. The prayers and sacrifices of these holy women are so crucial to the Church's well-being that it behooves all of us to know them better. The stories in this splendid book help us to do just that, since they are authentic vignettes from the personal lives of 23 different Dominican

cloistered nuns." -Father Michael Monshau, O.P., Prior, Dominican House of Studies, Saint Louis, Missouri "These remarkable personal testimonies demonstrate the power of God's fruitful invitation to a contemplative and cloistered life in the Dominican tradition. Though each testimony is unique, there is a common link among them that recalls Elizabeth's words to Mary: 'Blessed is she who believed that there would be fulfillment of what was spoken to her from the Lord (Luke 1:45).' These testimonies, then, are not a history of the past rather they give confidence to all in the present who have the courage to accept God's invitation to Himself. Indeed, God has done great things. This book reminds all of us that God is still doing great things." -Father Dominic Izzo, O.P., Provincial of the Province of St. Joseph

Learning a New Land - Carola Suárez-Orozco 2010-09-01

One child in five in America is the child of immigrants, and their numbers increase each year. Very few will return to the country they barely remember. Who are they, and what America do they know? Based on an extraordinary interdisciplinary study that followed 400 newly arrived children from the Caribbean, China, Central America, and Mexico for five years, this book provides a compelling account of the lives, dreams, and frustrations of these youngest immigrants. Richly told portraits of high and low achievers are packed with unexpected ironies. When they arrive, most children are full of optimism and a respect for education. But poor neighborhoods and dull--often dangerous--schools can corrode hopes. The vast majority learn English--but it is the English of video games and the neighborhood, not that of standardized tests. For some of these children, those heading off to college, America promises to be a land of dreams. These lucky ones have often benefited from caring mentors, supportive teachers, or savvy parents. For others, the first five years are marked by disappointments, frustrations, and disenchantment. How can we explain their varied academic journeys? The children of immigrants, here to stay, are the future--and how they adapt will determine the nature of America in the twenty-first century.

Narratives of Migration and Displacement in Dominican Literature -

[Danny Méndez 2012-03-12](#)

Establishing an interdisciplinary connection between Migration Studies, Post-Colonial Studies and Affect Theory, Méndez analyzes the symbolic interplay between emotions, cognitions, and displacement in the narratives written by and about Dominican and Dominican-Americans in the United States and Puerto Rico. He argues that given the historic place of creolization as a marker of national, cultural, and social development in the Caribbean and particularly the Dominican Republic, this cultural process is not magically annulled in Caribbean immigrations to the U.S. Instead, this book illustrates the numerous ways in which Dominicans' subjective interpretation of their experiences of migration and incorporation into U.S. society, seen through the filter of multiple creolizations of the past, are woven into their written works as a series of variations on Americanness and Dominicaness. Through close readings of selected writings by Pedro Henríquez Ureña, José Luis González, Junot Díaz, Josefina Báez, Loida Maritza Pérez among others, Méndez argues that emotional creolizations operate as a psychological parameter on immigrant populations as they negotiate their transcultural status against the ideological norms of assimilation in their new host country. Consequently, he proposes that this emotional creolization is dialectical

— that is, it not only affects diasporic populations, but also changes the norms and terms of assimilation as well.

Dominicana - Angie Cruz 2019-09-05

SHORTLISTED FOR THE WOMEN'S PRIZE FOR FICTION 2020 'A story for now, an important story . . . told with incredible freshness' Martha Lane Fox, Chair of Judges, Women's Prize 2020 'The harsh reality of immigration is balanced with a refreshing dose of humour' The Times 'This compassionate and ingenious novel has an endearing vibrancy in the storytelling that, page after page, makes it addictive reading' Irish Times 'Engrossing . . . the story itself and Ana, the protagonist are terrifically interesting. Loved this' Roxane Gay 'This book is a valentine to my mom and all the unsung Dominicanas like her, for their quiet heroism in making a better life for their families, often at a hefty cost to themselves. Even if *Dominicana* is a Dominican story, it's also a New York story, and an immigrant story. When I read parts of *Dominicana* at universities and literary venues both here and abroad, each time, audience members from all cultures and generations came up to me and said, this is my mother's story, my sister's story, my story' Angie Cruz Fifteen-year-old Ana Canción never dreamed of moving to America, the way the girls she grew up with in the Dominican countryside did. But when Juan Ruiz proposes and promises to take her to New York City, she must say yes. It doesn't matter that he is twice her age, that there is no love between them. Their marriage is an opportunity for her entire close-knit family to eventually immigrate. So on New Year's Day, 1965, Ana leaves behind everything she knows and becomes Ana Ruiz, a wife confined to a cold six-floor walk-up in Washington Heights. Lonely and miserable, Ana hatches a reckless plan to escape. But at the bus terminal, she is stopped by César, Juan's free-spirited younger brother, who convinces her to stay. As the Dominican Republic slides into political turmoil, Juan returns to protect his family's assets, leaving César to take care of Ana. Suddenly, Ana is free to take English lessons at a local church, lie on the beach at Coney Island, dance with César at the Audubon Ballroom, and imagine the possibility of a different kind of life in America. When Juan returns, Ana must decide once again between her heart and her duty to her family. In bright, musical prose that reflects the energy of New York City, *Dominicana* is a vital portrait of the immigrant experience and the timeless coming-of-age story of a young woman finding her voice in the world.

True Girl - Dannah Gresh 2019-08-02

Is your tween prepared for what's ahead? It used to be that middle school was the time to talk to kids about topics like modesty and body image. Unfortunately, the at-risk demographic for distorted views on the body is now girls ages 8-10. Fortunately, Dannah Gresh has provided a resource for this need. *True Girl* is geared to helping tween girls understand their dignity in Christ. It features a creative self-help text format that includes sidebars, quizzes, games, exploded quotes, and graphics to help them absorb the message. Here's what author Dannah Gresh has to say about the motivation behind the book: "My past fifteen years of studying at-risk teen and tween behavior has over and over again led me to good news: girls who are exposed to an age-appropriate, Bible-based understanding of beauty and fashion between the ages of 8-12 tend to be less likely to engage in early sexual activity or have body image issues. They are also more likely to have healthy friendships, excel academically, and become positive social contributors in their communities, all while expressing their beauty and value appropriately. "It's not rocket science. It is social science paired with a whole lot of prayer and Bible study. We can change what tween girls see when they look in the mirror by changing what's inside their hearts." This is the heart behind *True Girl*: a desire to teach tween girls how valuable they are and how to honor their God-given dignity. Ultimately, it's about grounding girls in their identity in Christ so the tumultuous teen years don't uproot them. This book pairs with *True Girl Mom-Daughter Devos*, allowing moms a helpful resource for walking through this formative time with their tween girl.

Song of the Water Saints - Nelly Rosario 2002

The story of three generations of Dominican women.

Our Voices, Our Lives - Margaret Randall 1995

Plantains and the Seven Plagues - Paz Ellis 2020-04-23

Author Paz Ellis takes readers on a cross-cultural and trans-generational journey through her childhood in New Jersey to adulthood with *Plantains and the Seven Plagues*, A Memoir: Half-Dominican, Half-Cuban, and Full Life. Paz insightfully describes, the complexities and contradictions of growing up in the United States to a Dominican mother and a Cuban father. From her mother's obsessive cleaning rituals to her father's

remarkable knack for invention, this book beautifully explains what living a hyphenated-life means for so many Hispanics. She writes about what it means to be American, and Cuban, and Dominican, and having to be all of those things and only one of them... all at the same time. Following the passing of her mother, the author finds herself on a search for meaning through not only her past, but also her mother's. This book is about life, loss, memory, culture, and family, the glue that determines who your family actually is- love. Written with a healthy dose of wit and an abundance of sincerity, *Plantains and the Seven Plagues* is honest, painfully relatable, and deeply heartfelt.

Child Psychology - Lawrence Balter 2016-02-26

This third edition of *Child Psychology* continues the tradition of showcasing cutting-edge research in the field of developmental science, including individual differences, dynamic systems and processes, and contexts of development. While retaining a similar structure to the last edition, this revision consists of completely new content with updated programmatic research and contemporary research trends and interests. The first three sections highlight research that is organized chronologically by age: Infancy, Childhood, and Adolescence. Within each section, individual chapters address contemporary research on a specific area of development, such as learning, cognition, social, and emotional development at that period in childhood. The fourth section, *Ecological Influences*, emphasizes contextual influences relevant to children of all ages, including risk and protective processes, family and neighborhood context, race and ethnicity, peer relations, the effects of poverty, and the impact of the digital world. *Child Psychology* also features a unique focus on four progressive themes. First, emphasis is placed on theory and explanation—the "why and how" of the developmental process. Second, explanations of a transactional and multidimensional nature of development are at the forefront of all chapters. Third, the multi-faceted approach to development highlights contextual influences and cultural diversity among children from different communities and backgrounds. Finally, methodological innovation is a key concern, and research tools presented across chapters span the full array available to developmental scientists who focus on different systems and levels of analysis. The thoroughness and depth of this book, in addition to its methodological rigor, make it an ideal handbook for researchers, practitioners, policy makers, and advanced students across a range of disciplines, including psychology, education, economics and public policy.

Gender, Remittances and Development - Mar García Domínguez 2006

This qualitative study examines the development impact of remittances, with a focus on the gender dimension. It considers the case of migration from Vicente Noble, a rural community in the south-west of the Dominican Republic, to Spain. This area was chosen as it gave rise to the first migratory flows to Spain, predominantly female-led, with women migrating as the main economic providers for their households. It looks at the theoretical context to the study including the feminisation of migration; the historical context of Dominican migration; the migration process including the creation of transnational households and female migratory networks; the sending, receipt, use and management of remittances and changes in gender roles brought about by this; the sending and receipt of collective remittances and the extent to which these support local development initiatives.

The Rosary Magazine - 1892

How the Garcia Girls Lost Their Accents - Julia Alvarez 2010-01-12

From the international bestselling author of *In the Time of the Butterflies* and *Afterlife*, *How the Garcia Girls Lost Their Accents* is "poignant...powerful... Beautifully captures the threshold experience of the new immigrant, where the past is not yet a memory." (The New York Times Book Review) Julia Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! Acclaimed writer Julia Alvarez's beloved first novel gives voice to four sisters as they grow up in two cultures. The García sisters—Carla, Sandra, Yolanda, and Sofía—and their family must flee their home in the Dominican Republic after their father's role in an attempt to overthrow brutal dictator Rafael Trujillo is discovered. They arrive in New York City in 1960 to a life far removed from their existence in the Caribbean. In the wondrous but not always welcoming U.S.A., their parents try to hold on to their old ways as the girls try find new lives: by straightening their hair and wearing American fashions, and by forgetting their Spanish. For them, it is at once liberating and excruciating to be caught between the old world and the new. Here they tell their stories about being at home—and not at home—in America. "Alvarez helped blaze the trail for Latina authors to

break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists across the Americas."—Francisco Cantú, *The New York Times Book Review* "A clear-eyed look at the insecurity and yearning for a sense of belonging that are a part of the immigrant experience . . . Movingly told." —*The Washington Post Book World*
Unnatural Developments - Jennifer Jones 1998

When Tito Loved Clara - Jon Michaud 2011-03-08

Clara Lugo grew up in a home that would have rattled the most grounded of children. Through brains and determination, she has long since slipped the bonds of her confining Dominican neighborhood in the northern reaches of Manhattan. Now she tries to live a settled professional life with her American husband and son in the suburbs of New Jersey—often thwarted by her constellation of relatives who don't understand her gringa ways. Her mostly happy life is disrupted, however, when Tito, a former boyfriend from fifteen years earlier, reappears. Something has impeded his passage into adulthood. His mother calls him an Unfinished Man. He still carries a torch for Clara; and she harbors a secret from their past. Their reacquaintance sets in motion an unraveling of both of their lives and reveals what the cost of assimilation—or the

absence of it—has meant for each of them. This immensely entertaining novel—filled with wit and compassion—marks the debut of a fine writer.
Effective Philanthropy - Mary Ellen S. Capek 2007
 Shows how foundations, nonprofits, and organizations in other sectors can be more effective by institutionalizing deeper understanding of diversity and gender.

Dominican Love - Michelle J. Blais Betts 2011-03

Laura has always kept priorities in order—God first, family second, and church and community third. But those priorities are tested when Remly goes missing. From the beautiful foothills of the White Mountains of New Hampshire to the tropical village life of the rural Dominican Republic, Laura will stop at nothing to find her little Dominican Love, the young boy God had placed in her care years before. The only complication is Morgan. The lost Dominican Love of her youth is now a widower. For years Laura had shut off the more passionate side of her feelings after the loss of her husband, but now thrust together with her first love, the fiery and brooding Morgan, would it change things? How can she leave the past behind when it comes so physically to her in the present? For it is Morgan assigned to be her guide through the rural and dangerous countryside on the search for young Relmy, and Morgan from her past who has her questioning so much about God's best path for her life for today.
