Learning to Sing - Clay Aiken 2004-11-24

In *Learning to Sing*, Clay Aiken tells the story of how his faith was integral to him learning valuable life lessons during his meteoric rise from life as an aspiring educator in Raleigh, North Carolina to instant stardom on "American Idol." Clay's advice is 1) Believe in yourself, 2) Believe in God, and 3) Be really stubborn. This personal relationship with God is key to personal success, as Clay has witnessed in real life experiences. When asked to

"dirty up" his lyrics to increase sales, he resisted-and has sold more than 3 million albums. He refuses to make videos placing him in inappropriate situations, and considers his relationship with God the most valuable in his life. *Learning to Sing* is an account of Clay Aiken's extraordinary faith and will and perseverance, and an inspiring memoir by someone who became-against all odds-one of the biggest pop stars of his time.

Cult Television - Sara Gwenllian-Jones 2004

A television series is tagged with the label "cult" by the media, advertisers, and network executives when it is considered edgy or offbeat,

when it appeals to nostalgia, or when it is considered emblematic of a particular subculture. By these criteria, almost any series could be described as cult. Yet certain programs exert an uncanny power over their fans, encouraging them to immerse themselves within a fictional world. In *Cult Television* leading scholars examine such shows as *The X-Files*; *The Avengers*; *Doctor Who*, *Babylon Five*; *Star Trek*; *Xena, Warrior Princess*; and *Buffy the Vampire Slayer* to determine the defining characteristics of cult television and map the contours of this phenomenon within the larger scope of popular culture. Contributors: Karen Backstein; David A. Black, Seton Hall U; Mary Hammond, Open U; Nathan Hunt, U of Nottingham; Mark Jancovich; Petra Koppers, Bryant College; Philippe Le Guern, U of Angers, France; Alan McKee; Toby Miller, New York U; Jeffrey Sconce, Northwestern U; Eva Vieth Sara Gwenllian-Jones is a lecturer in television and

digital media at Cardiff University and co-editor of *Intensities: The Journal of Cult Media*. Roberta E. Pearson is a reader in media and cultural studies at Cardiff University. She is the author of the forthcoming book *Small Screen, Big Universe: Star Trek and Television*.

House: The Wounded Healer on Television - Luke Hockley
2010-11-10

House MD is a globally successful and long-running

medical drama. House: The Wounded Healer on Television employs a Jungian perspective to examine the psychological construction of the series and its namesake, Dr Gregory House. The book also investigates the extent to which the continued popularity of House MD has to do with its representation of deeply embedded cultural concerns. It is divided into three parts - Diagnosing House, Consulting House and Dissecting House, - and topics of discussion include: specific details, themes, motifs and tropes throughout the series narrative, character and visual structure the combination of performative effects, text and images of the doctor and his team the activities of the hero, the wounded healer and the puer aeternus. Offering an entirely fresh perspective on House MD, with contributions from medical professionals, academics and therapists, this book is essential reading for students and scholars of Jungian psychology. The inclusion of a glossary of

on the subject. I enthusiastically recommend Building a Mail Order Business to any man or woman who is serious about getting involved in this fascinating activity."-- E. Joseph Cossman, President, Cossman International, Inc., author of How I Made a Million Dollars in Mail Order "An excellent, informative, comprehensive, illustrative workbook that will help anyone get started making money in the fascinating field of mail order. I highly recommend this professional book."--Melvin Powers, mail order entrepreneur "...must reading for the entrepreneur whose mind is on mail order."-- Paul Muchnick, Chairman, National Mail Order Association "Its good sense and nuts-and-bolts, bottom-line approach make it a delightful guide through the mail order world."-- DM News

Borders of desire - Elissa Helms 2023-06-20

Borders of desire takes a novel approach to the study of borders: rather than seeing them only as obstacles to the fulfillment of human desires,

this collection focuses on how borders can also be productive of desire. Based on long-term ethnographic engagement with sites along the eastern borders of Europe, particularly in the Baltics and the Balkans, the studies in this volume illuminate how gendered and sexualized desires are generated by the existence of borders and how they are imagined. As the chapters show, borders can create new desires expressed as aspirations, resentments, and actions including physical movements across borders for pleasure or work, or collective enactments of political ideals or resistance. The collection also shows how the persistent east/west symbolic border continues to act as a source of these desires in European political and social life.

Framing Hitchcock - Sidney
Gottlieb 2002

In its ten-year history, the Hitchcock Annual has established itself as a key source of historical information and critical commentary on one of the central figures in film history and arguably one of the most important artists of the twentieth century. Fans of Alfred Hitchcock-both scholars and general readers alike-will be entertained and informed by this selection of writings, which offers an overview of the current thinking on the filmmaker and his work. The articles span his career and cover a wide range of topics from archeological investigations uncovering new details about his working methods and conditions to incisive analyses of the films themselves. The collection begins with rare insights into Hitchcock's early years, including his work in Germany and his silent film *Easy Virtue*, which, with its metaphoric play on the concept of "being framed," dramatizes aspects of

the human condition to which Hitchcock returned repeatedly. Commentators explore a variety of themes, including the centrality of kissing shots and sequences in nearly all the films, and images of women's handbags as elements of suspense and sexual tension in such films as *Dial M for Murder* and *Psycho*. Other essays examine the influence of *Vertigo*, *The Birds*, and *Frenzy* on Fran'ois Truffaut, the remaking of *Psycho*, and feminist interpretations of *Shadow of a Doubt*. Interviews with Jay Presson Allen and Evan Hunter illuminate Hitchcock's working relationship with screenwriters, actors, and actresses. Written by established as well as emerging critics of Hitchcock, this fascinating collection will help shape future appreciation and interpretation of an enormously important and influential filmmaker.
