**Victoria and Albert - A Royal Love Affair: Official companion to the ITV series** - Daisy Goodwin  
2017-09-21

The second tie-in to ITV drama Victoria unveils the complex, passionate relationship of Victoria and Albert.  
[Victoria and Abdul \(film tie-in\)](#) - Shrabani Basu 2011-04-11

The tall, handsome Abdul Karim was just twenty-four years old when he arrived in England from Agra to wait at tables during Queen Victoria's Golden Jubilee. An assistant clerk at Agra Central Jail, he suddenly found himself a personal attendant to the Empress of India herself. Within a year, he was established as a powerful figure at court, becoming the queen's teacher, or Munshi, and instructing her in Urdu and Indian affairs. Devastated by the death of John Brown, her Scottish ghillie, the queen had at last found his replacement. But her intense and controversial relationship with the Munshi led to a near-revolt in the royal household. Victoria & Abdul examines how a young Indian Muslim came to play a central role at the heart of the empire, and his influence over the queen at a time when independence movements in the sub-continent were growing in force. Yet, at its heart, it is a tender love story between an ordinary Indian and his elderly queen, a relationship that survived the best attempts to destroy it.

**Victoria and Albert** - Sarah (Duchess of York) 1991

An insight into the private life of this royal couple, as reflected in the family home they created together.

**Victoria** - Daisy Goodwin 2016-10-20

In June 1837, the eighteen-year-old Victoria wakes up to find that she is Queen of the most powerful nation in the world. But will she be queen in her own right, or a puppet controlled by her mother and the sinister Sir John Conroy? Can this tiny girl prevail against the men who believe that women are too hysterical to rule? Everyone wants her to get married, but Victoria has no intention of entering into a marriage of convenience with her cousin Albert, a shy bookworm who didn't know how to dance the last time she met him. She would much rather reign alone with a little help from her Prime Minister, Lord Melbourne. He may be old enough to be her father, but he is the only man who believes that she will be a great Queen, and he knows how to make her laugh. A husband would only get in the way.

**My Name Is Victoria** - Lucy Worsley 2017-03-09

YA. ROMANCE & RELATIONSHIPS STORIES (CHILDREN'S / TEENAGE). Miss V. Conroy is good at keeping secrets. She likes to sit as quiet as a mouse, neat and discreet. But when her father sends her to Kensington Palace to become the companion to Princess Victoria, Miss V soon finds that she can no longer remain in the shadows. Miss V's father has devised a strict set of rules for the young princess, which he calls the Kensington System. It governs her behaviour and keeps her locked away from the world. He says it is for the princess's safety, but Victoria herself is convinced that it is to keep her lonely, and unhappy. By turns thrilling, dramatic and touching, this is the story of Queen Victoria's childhood as you've never heard it before. Age 12+

**101 Poems that Could Save Your Life** - Daisy Goodwin 1999

A poetry anthology designed for the self-help generation and including both classics and previously unpublished poems, this book provides a cure, or at least a consolation, for every modern misery.

**The American Heiress** - Daisy Goodwin 2011-06-21

Now including an excerpt from VICTORIA: A Novel, by Daisy Goodwin, the Creator/Writer of the Masterpiece Presentation on PBS. "Anyone suffering Downton Abbey withdrawal symptoms (who isn't?) will find an instant tonic in Daisy Goodwin's *The American Heiress*. The story of Cora Cash, an American heiress in the 1890s who bags an English duke, this is a deliciously evocative first novel that lingers in the mind." -- Allison Pearson, *New York Times* bestselling author of *I Don't Know How She Does It* and *I Think I Love You* Be careful what you wish for. Traveling abroad with her mother at the turn of the twentieth century to seek a titled husband, beautiful, vivacious Cora Cash, whose family mansion in Newport dwarfs the Vanderbilts', suddenly finds herself Duchess of Wareham, married to Ivo, the most eligible bachelor in England. Nothing is quite as it seems, however: Ivo is withdrawn and secretive, and the English social scene is full of traps and betrayals. Money, Cora soon learns, cannot buy everything, as she must decide what is truly worth the price in her life and her marriage. Witty, moving, and brilliantly entertaining, Cora's story marks the debut of a glorious storyteller who brings a fresh new spirit to the world of Edith Wharton and Henry James. "For daughters of the new American billionaires of the 19th century, it was the ultimate

deal: marriage to a cash-strapped British Aristocrat in return for a title and social status. But money didn't always buy them happiness." --Daisy Goodwin in *The Daily Mail* One of *Library Journal's* Best Historical Fiction Books of 2011

**Victoria** - Daisy Goodwin 2019-01-31

În 1837, la mai puțin de o lună după împlinirea vârstei de 18 ani, Alexandrina Victoria - o tânără ascultătoare, micuță de înălțime și mai ales femeie - devine regina Marii Britanii și a Irlandei. Mulți consideră acest lucru absurd: Drina, cum o numește familia, a fost întotdeauna strict controlată de mama ei și, nu în ultimul rând, de venalul consilier al acesteia, Sir John Conroy - cu siguranță nu are prestața și vârsta necesare pentru a i se încredința puterea de a conduce cea mai mare națiune a lumii. Și totuși, din momentul în care moartea unchiului ei o face regină, tânăra atât de nesigură uimește pe toată lumea: abandonează prenumele pe care îl detestă, decizând că va fi regina Victoria; refuză să mai fie manipulată de Sir John și este hotărâtă să aibă singură întrevederi cu miniștrii ei. Întâlnirea cu cel care îi va fi prim-ministru, lordul Melbourne, o marchează în mod deosebit. Acest bărbat fascinat, cu o viață ieșită din comun, este primul care o ia în serios ca regină și femeie, iar sentimentele care se nasc între ei îi iau pe amândoi prin surprindere. Însă pentru Victoria nu mai poate exista viață personală, și opinia generală este că trebuie să se mărite cu vărul ei, prințul Albert de Saxa-Coburg. Dar Victoria l-a considerat mereu plictisitor și extrem de critic - sigur este ultimul bărbat pe care l-ar dori drept soț. Surprizele însă sunt abia la început... Succesul deosebit al primului sezon al serialului Victoria, difuzat de PBS în 2016, a determinat-o pe creatoarea și scenarista filmului, Daisy Goodwin, să publice în toamna aceluiași an și romanul omonim, devenit imediat un bestseller internațional. Daisy Goodwin a absolvit istoria la Universitatea Cambridge și este autoarea romanelor *Ultima mea ducesă* și *Sisi*. Împărăteasa nefericită.

**My Dearest, Dearest Albert** - Karen Dolby 2018-09-20

Using excerpts from her letters and diaries, this book shows the very human face of Queen Victoria, from spirited young princess to caring Queen, passionate bride and loving mother to great-grandmother of a royal dynasty who gave her name to the age of improvement. Photographs of Queen Victoria most often show a plump Empress wearing widow's black; serious and regal. The posed portrait photos were stiff, formal affairs, partly because subjects needed to stay still for the exposure and partly because in Victorian England life was a serious business. In reality, the character of Alexandrina Victoria, Queen of Great Britain and Ireland, and latterly in her long reign, Empress of India, is rather different. In private, at least, Victoria had a reputation for being fun-loving and entertaining. Victoria kept a daily journal from the age of thirteen, which by the time of her death ran to 122 volumes. She writes openly and in great detail, revealing herself to be emotional and honest about her own feelings and experiences, as well as her opinions of other people. She praises Albert and pours out her love and desire for her husband, her adored lover, friend and companion. This book shows the redoubtable Victoria at her most human, whether enthusing over her hobbies and interests, delighting in her children and grandchildren, commenting on the ten different Prime Ministers who served during her reign, or sharing her love for her dearest, dearest Albert.

**Queen Victoria** - Lucy Worsley 2018-09-06

'A wonderfully fresh, vivid and engaging portrait.' Jane Ridley, author of *Bertie: A Life of Edward VII* 'Has much of the abundant charm of its author.' *Spectator* 'The glory of this book is in the details.' *The Times* 'Worsley's command of the material and elegant writing style make this a must-read.' *Publisher's Weekly* 'An intimate glimpse.' *Daily Mail* 'An engaging portrait of the monarch.' *i paper* 'Provides a unique insight into this inscrutable monarch.' *Choice Magazine* 'In this lively, light-footed biography, just out in paperback, the popular TV historian Lucy Worsley looks at just 24 days of Victoria's 81-year long life to reveal unexpected sides to the monarch.' *BBC History Magazine* \*\*\*\*\* Who was Queen Victoria? A little old lady, potato-like in appearance, dressed in everlasting black? She was also a passionate young princess who loved dancing. And there is also a third Victoria, the brilliant queen, one who invented a new role for the monarchy. Victoria found a way of ruling when people were deeply uncomfortable with having a woman on the throne. Her image as a conventional daughter, wife and widow concealed the reality of a talented, instinctive politician. Her actions, if not her words, reveal that she was tearing up the rules on how to be female. But the price of this was deep personal pain. By looking in detail

at twenty-four days of her life, through diaries, letters and more, we meet Queen Victoria up-close and personal. Living with her from hour to hour, we can see and celebrate the contradictions that make up British history's most recognisable woman.

*Madame de Pompadour* - Christine Pevitt 2004

Presenting a portrait of Louis XV's famous mistress, this book depicts her as a self-made woman who rose from anonymity in early eighteenth-century Paris to a person of influence in Versailles, describing her training, numerous transformations, marriage, and romance with the king.

*Queen Victoria* - Lytton Strachey 2022-09-15

DigiCat Publishing presents to you this special edition of "Queen Victoria" by Lytton Strachey. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

**The Young Victoria** - Deirdre Murphy 2019-01-01

A vivid portrait of Queen Victoria's childhood, offering new insights into one of the most celebrated, but often misunderstood, monarchs in British history, 200 years after her birth. This beautiful, extensively researched volume investigates the birth and early life of one of the most familiar British monarchs, Queen Victoria (1819-1901). A wealth of material, including many unexamined sources and unpublished images, sheds new light on Victoria's youth. Included here are portraits of the queen as princess, childhood diaries and sketchbooks, clothing, jewelery, and correspondence. Deirdre Murphy paints a vivid picture of Victoria's early years. Among her most surprising conclusions is the idea that the queen's personal mythology of a childhood characterized by sadness and isolation is less accurate than is generally thought. Victoria's personal relationships are brought brilliantly to life, from her affectionate but increasingly suffocating bond with her mother, the Duchess of Kent, to the controlling influence of Sir John Conroy, a man she came to despise, and her courtship with Prince Albert. Lesser-known figures are also explored, including Victoria's first schoolmaster the Reverend George Davys, her governess Louise Lehzen, and her half-sister Feodora. This fascinating cast of characters enhances our image of Victoria, who emerges as both willful and submissive, fickle and affectionate, and with the explosive temper of her Hanoverian ancestors.

**The Fortune Hunter** - Daisy Goodwin 2014-04-24

From the script writer of the epic TV drama, VICTORIA comes Daisy Goodwin's THE FORTUNE HUNTER for readers of MY LAST DUCHESS (THE AMERICAN HEIRESS) and any novel by Georgette Heyer \*A Richard and Judy Book Club title\* 'Pure, light-hearted, unpretentious entertainment' Sunday Express In 1875, Sisi, the Empress of Austria is the woman that every man desires and every woman envies. Beautiful, athletic and intelligent, Sisi has everything - except happiness. Bored with the stultifying etiquette of the Hapsburg Court and her dutiful but unexciting husband, Franz Joseph, Sisi comes to England to hunt. She also comes looking for excitement and finds it in the dashing form of Captain Bay Middleton, the only man in Europe who can outride her. Ten years younger than her and engaged to the rich and devoted Charlotte, Bay has everything to lose by falling for a woman who can never be his. But Bay and the Empress are as reckless as each other, and their mutual attraction is a force that cannot be denied.

*Prince Albert* - A. N. Wilson 2019-09-05

Chosen as a Book of the Year in The Times and the Daily Mail 'Highly entertaining' Sunday Times 'Enthralling' Daily Telegraph For more than six decades, Queen Victoria ruled a great Empire at the height of its power. Beside her for more than twenty of those years was the love of her life, her trusted husband and father of their nine children, Prince Albert. But while Victoria is seen as the embodiment of her time, it was Prince Albert, A. N. Wilson expertly argues, who was at the vanguard of Victorian Britain's transformation as a vibrant and extraordinary centre of political, technological, scientific and intellectual advancement. Far more than just the product of his age, Albert was one of its influencers and architects. A composer, engineer, soldier, politician, linguist and bibliophile, Prince Albert, more than any other royal, was truly a 'genius'. Albert lived only forty-two years. Yet in that time, he fathered the royal dynasties of

Germany, Russia, Spain and Bulgaria. Through Victoria, Albert and her German advisers pioneered the idea of the modern constitutional monarchy. In this sweeping biography, Wilson demonstrates that there was hardly any aspect of British national life which Albert did not touch. Drawn from the Royal archives, including Prince Albert's voluminous correspondence, this brilliant and ambitious book offers fascinating never-before-known details about the man and his time. A superb match of biographer and subject, Prince Albert, at last, gives this important historical figure the reverence and recognition that is long overdue.

**Victoria Rebels** - Carolyn Meyer 2013-01-01

Queen Victoria's personal journals inform this "intimate and authentic portrait" (Booklist) of one of history's most prominent female leaders. Queen Victoria most certainly left a legacy—under her rule as the longest reigning female monarch in history. But what was she really like? To be a young woman in a time when few other females held positions of power was to lead in a remarkable age—and because Queen Victoria kept personal journals, this historical novel from award-winning author Carolyn Meyer shares authentic emotional insight along with accurate information, weaving a fascinating story of intrigue and romance.

**The Silver River** - Daisy Goodwin 2008

Other children had imaginary friends; I had a fictional mother, a siren from the southern hemisphere.

**Hidden London** - David Bownes 2019-09-03

Travel under the streets of London with this lavishly illustrated exploration of abandoned, modified, and reused Underground tunnels, stations, and architecture.

**Victoria: The Heart and Mind of a Young Queen** - Helen Rappaport 2017-01-31

The official companion to the Masterpiece presentation on PBS, Victoria delves into the private writings of the young Queen Victoria, painting a vivid picture of the personal life of one of England's greatest monarchs. From the producers of Poldark and Endeavour, ITV's Victoria follows the early years of the young queen's reign, based closely on Victoria's own letters and journals. Now explore this extensive collection in greater depth, and discover who Victoria really was behind her upright public persona. At only eighteen years old, Victoria ascended the throne as a rebellious teenager and gradually grew to become one of the most memorable, unshakeable and powerful women in history. The extensive writings she left behind document this personal journey and show how she triumphed over scandal and corruption. Written by author and Victoria historical consultant, Helen Rappaport, and including a foreword by Daisy Goodwin—acclaimed novelist and scriptwriter of the series—Victoria details the history behind the show. Revealing Victoria's own thoughts about the love interests, family dramas and court scandals during her early reign, it also delves into the running of the royal household, the upstairs-downstairs relationships, and what it was like to live in Victorian England. Full of beautiful photography from the series and genuine imagery from the era, Victoria takes you behind the palace doors and discover the girl behind the queen.

**The Victoria Letters** - Helen Rappaport 2016

The official companion to ITV's hotly anticipated new drama, The Victoria Letters delves into the private writings of the young Queen Victoria, painting a vivid picture of the personal life of one of England's greatest monarchs. From the producers of Poldark and Endeavour, ITV's Victoria follows the early years of the young Queen's reign, based closely on Victoria's own letters and journals. Now explore this extensive collection in greater depth, and discover who Victoria really was behind her upright public persona. At only 18 years old, Victoria ascended the throne as a rebellious teenager and gradually grew to become one of the most memorable, unshakeable and powerful women in history. The extensive writings she left behind document this personal journey and show how she triumphed over scandal and corruption. Written by Internationally bestselling author, historian of 12 books and Victoria historical consultant, Helen Rappaport, and including a foreword by Daisy Goodwin - acclaimed novelist and screenwriter of the series - The Victoria Letters details the history behind the show. Revealing Victoria's own thoughts about the love interests, family dramas and court scandals during her early reign, it also delves into the running of the royal household, the upstairs-downstairs relationships, and what it was like to live in Victorian England. Full of beautiful photography from the series and genuine imagery from the era, come behind the palace doors and discover the girl behind the Queen.
