Die andere Fakultät - Florian Mildenberger
2015-12-01

Die Autorinnen und Autoren schreiben über das ambivalente Verhältnis von Soziologie und Sexualität, Pädophilieforschung, Sex und Gewalt, das Glück des Sadomasochismus, die Geschichte der Schwulen in bewegter und grauvoller Zeit, Verfolgungen durch Akteure, von denen man das nie vermuten würde, und die schwierige Auseinandersetzung mit Homosexualitäten bis heute. Ihre Beiträge spiegeln in ihrer Vielfalt die Vielseitigkeit des Sozialforschers Rüdiger Lautmann - ihm ist dieser Band gewidmet. Mit Beiträgen von Joachim Bartholomae, Thorsten Benkel, Martina F. Biebert & Michael T. Schetsche, Lorenz Böllinger, Michael Bochow, Jens Dobler, Detlef Grumbach, Gert Hekma, Manfred Herzer, Burkhard Jellonnek, Susanne Karstedt, Marita Keilson-Lauritz, Daniela Klimke, Elmar Kraushaar, Martin Lücke, Fritz Sack, Volkmar Sigusch, Kurt Starke, James Steakley und Heinz-Jürgen Voß.

After The History of Sexuality - Scott Spector
2012-07-30

Michel Foucault's seminal *The History of Sexuality* (1976-1984) has since its publication provided a context for the emergence of critical historical studies of sexuality. This collection reassesses the state of the historiography on sexuality-a field in which the German case has been traditionally central. In many diverse ways, the Foucauldian intervention has governed the formation of questions in the field as well as the assumptions about how some of these questions should be answered. It can be argued, however, that some of these revolutionary insights have ossified into dogmas or truisms within the field. Yet, as these contributions meticulously reveal, those very truisms, when revisited with a fresh

eye, can lead to new, unexpected insights into the history of sexuality, necessitating a return to and reinterpretation of Foucault's richly complex work. This volume will be necessary reading for students of historical sexuality as well as for those readers in German history and German studies generally who have an interest in the history of sexuality.

The Moral Defense of Homosexuality - Chris Meyers
2015-05-14

In this book, Chris Meyers takes the reader on a careful, rational, sustained criticism of arguments about the immorality of homosexuality. Meyers refutes anti-gay arguments by showing that they are based on unreasonable or demonstrably false ideas about the nature of morality.

Seduction of Youth - Javier Samper Vendrell
2020

The Seduction of Youth offers a new perspective on the history of the Weimar Republic by exploring the intersection between the homosexual movement, print culture, and homophobic fears about the seduction of young boys.

Sexualgeschichte - Florian G. Mildenberger
2019-09-16

Die Sexualgeschichte ist keine eigenständige Disziplin, sondern Teilaspekt natur-, geistes- und sozialwissenschaftlicher Fächer sowie häufiges Thema gesellschaftspolitischer Diskussionen. Florian G. Mildenberger zeigt historische Entwicklungen, gesellschaftliche Diskurse und Problemfelder von der Antike bis zur Gegenwart auf, beschreibt sie überblicksartig und stellt weitere Literatur für eigene Studien bereit. Der Autor: Dr. Florian G. Mildenberger ist Professor am Institut für Geschichte der Medizin der Robert Bosch Stiftung in Stuttgart und forscht vorrangig zu Geschichte, Entstehung und

Bedeutung heilkundlicher, sozialer und sexueller Subkulturen im 19./20. Jahrhundert.

Racism and the Making of Gay Rights - Laurie Marhoefer 2022-04-27

In 1931, a sexologist arrived in colonial Shanghai to give a public lecture about homosexuality. In the audience was a medical student. The sexologist, Magnus Hirschfeld, fell in love with the medical student, Li Shiu Tong. Li became Hirschfeld's assistant on a lecture tour around the world. *Racism and the Making of Gay Rights* shows how Hirschfeld laid the groundwork for modern gay rights, and how he did so by borrowing from a disturbing set of racist, imperial, and eugenic ideas. Following Hirschfeld and Li in their travels through the American, Dutch, and British empires, from Manila to Tel Aviv to having tea with Langston Hughes in New York City, and then into exile in Hitler's Europe, Laurie Marhoefer provides a vivid portrait of queer lives in the 1930s and of the turbulent, often-forgotten first chapter of gay rights.

Homosexuelle Opfer von staatlicher Verfolgung: Eine Analyse der Entstehung eines kollektiven Gedächtnisses - Dirk Sippmann 2012-08

Die vorliegende Arbeit setzt sich kritisch mit dem Thema der staatlichen Verfolgung homosexueller Opfer auseinander, um dann einen Blick auf die Entstehung eines kollektiven und kulturellen Gedächtnisses zu werden. Ein erster Aspekt wird mit der Verfolgung von Homosexuellen angesprochen. Erhebt man diesen Terminus zum Gegenstand einer Untersuchung, setzt dies zwangsläufig voraus, Homosexualität als Verhaltensmerkmal und Teilidentität des Menschen zu definieren und die Historie der Verfolgung von homosexuell veranlagten Menschen zu rekonstruieren. Am ehesten lässt sich dies anhand eines chronologischen Überblicks darstellen. Da selbst eine Engführung der Thematik auf die Verfolgungsgeschichte noch eine ganze Reihe von Perspektiven zulässt, wird hier ausschließlich die Entwicklung staatlicher Verfolgungs- und Repressionsmaßnahmen gegenüber homosexuellen Männern thematisiert. Darüber hinaus liegt der Fokus auf einer geschichtswissenschaftlichen Betrachtung dieses Aspekts. Auf medizinische, psychologische und soziologische Perspektiven

der Homosexualität und deren Verfolgung wird weitestgehend verzichtet. Neben dem Aspekt der Verfolgung von Homosexuellen ist das mittlerweile bei Historikern weitverbreitete Konzept der Erinnerungs- oder Gedenkkultur ein Schwerpunkt der folgenden Erörterung. Unter Historikern auf der ganzen Welt hat sich in den vergangenen Jahren vor allem die Gedächtnisproblematik zum Kernthema verschiedenster wissenschaftlicher Diskurse entwickelt. Auf den Terminus Gedächtnis, dessen Ausprägungen und theoretischen Typologien, wird im weiteren Verlauf näher eingegangen. Der dritte Aspekt dieser Arbeit betrifft die räumliche Eingrenzung. Dieser steht in direktem Zusammenhang mit der bereits erwähnten Geschichte von staatlicher Verfolgung Homosexueller. Die Schlagzeile aus der Süddeutschen Zeitung weist darauf hin, dass die Stadt (München) an die Verfolgung von Homosexuellen erinnern möchte. Diese geografische Beschränkung wird im Folgenden erweitert auf München und die nähere Umgebung. Eine Rekonstruktion der regionalen Historie staatlicher Verfolgung von Homosexuellen im Raum München kann nicht ausschließlich auf die Entwicklungen innerhalb des Stadtgebiets beschränkt bleiben. Unter anderem wird das bereits erwähnte Konzentrationslager in Dachau, außerhalb der Stadtgrenzen gelegen, im weiteren Verlauf der Arbeit noch des Weiteren thematisiert.

Dangerous - Milo Yiannopoulos 2017

The liberal media machine did everything they could to keep this book out of your hands. Now, finally, *Dangerous*, the most controversial book of the decade, is tearing down safe spaces everywhere.

Love in the Time of Communism - Josie McLellan 2011-09

This pioneering study explores the surprising extent and limits of the GDR's forgotten sexual revolution.

What is Sexual History? - Jeffrey Weeks 2016-06-07

Until the 1970s the history of sexuality was a marginalized practice. Today it is a flourishing field, increasingly integrated into the mainstream and producing innovative insights into the ways in which societies shape and are shaped by sexual values, norms, identities and

desires. In this book, Jeffrey Weeks, one of the leading international scholars in the subject, sets out clearly and concisely how sexual history has developed, and its implications for our understanding of the ways we live today. The emergence of a new wave of feminism and lesbian and gay activism in the 1970s transformed the subject, heavily influenced by new trends in social and cultural history, radical sociological insights and the impact of Michel Foucault's work. The result was an increasing emphasis on the historical shaping of sexuality, and on the existence of many different sexual meanings and cultures on a global scale. With chapters on, amongst others, lesbian, gay and queer history, feminist sexual history, the mainstreaming of sexual history, and the globalization of sexual history, *What is Sexual History?* is an indispensable guide to these developments.

Was ist Homosexualität? - Florian

Mildenberger 2014-03-01

Umreißt man heute die Ambivalenz, Geschichte, Gegenwart und Zukunft von Homosexualität, so ist die Antwort auf die Frage gar nicht so einfach. Lange Zeit hätte man einfach gesagt: das Gegenteil von Heterosexualität, pervers, nicht den sexuellen Normen entsprechend, die innerhalb der westlichen Welt weitgehend akzeptiert waren. In einer globalisierten Welt, die gewachsene Strukturen und kulturelle Identitäten in Frage stellt, befindet sich auch die wissenschaftliche Betrachtung menschlicher Sexualitäten im Umbruch. Die Begriffe ändern sich, aus 'homosexuell' wurde 'schwul/lesbisch', dann 'LSBT*I', bzw. 'LGBT/GLBT', als weiterer Oberbegriff entwickelte sich 'queer', der auch die Heterosexualität in Teilen mit umfasst. Mit der zunehmenden Akzeptanz sexueller Vielfalt wächst aber auch die Sehnsucht nach einer klaren Ordnung, zeichnet sich eine neue Diskriminierung nicht-heterosexueller Lebensweisen ab. In dieser Situation bilanzieren die Autorinnen und Autoren dieses Bands, was in über hundert Jahren <Homosexualitätsforschung> geleistet wurde und vor welchen Herausforderungen eine sozialwissenschaftlich orientierte Sexualwissenschaft heute steht. Jeder Beitrag (einige in englischer Sprache) gibt einen allgemeinverständlichen Überblick über sein

Themengebiet und schließt mit einer ausführlichen Literaturliste, die zu weitergehenden Studien einlädt. "Auch einer nichtwissenschaftlichen, aber am Thema interessierten Leserschaft kann das Buch empfohlen werden - um leichte Kost für eilige Leser handelt es sich bei diesem fast 600 Seiten starken Werk aber nicht. Lobenswert ist das ausführliche Autorenverzeichnis im Anhang, das bei einer besseren Einordnung und Nachvollziehbarkeit der unterschiedlichen Argumentationen hilft. Durch ein nicht minder ausführliches Register lassen sich wichtige Personen und Schlagworte schnell und unkompliziert lokalisieren. [...] hier handelt es sich um eine in diesem Umfang wohl einmalige Zusammenstellung, die sich auf der Höhe des aktuellen Forschungsstands befindet und gewiss noch einige Zeit als Grundlagenwerk gelten dürfte. (Matthias Meitzler in "Zeitschrift für Sexualforschung", Heft 2/2015)

The Queer Art of History - Jennifer V. Evans
2023-03-17

In *The Queer Art of History* Jennifer V. Evans examines postwar and contemporary German history to broadly argue for a practice of queer history that moves beyond bounded concepts and narratives of identity. Drawing on Black feminism, queer of color critique, and trans studies, Evans points out that although many rights for LGBTQI people have been gained in Germany, those rights have not been enjoyed equally. There remain fundamental struggles around whose bodies, behaviors, and communities belong. Evans uses kinship as an analytic category to identify the fraught and productive ways that Germans have confronted race, gender nonconformity, and sexuality in social movements, art, and everyday life. Evans shows how kinship illuminates the work of solidarity and intersectional organizing across difference and offers an openness to forms of contemporary and historical queerness that may escape the archive's confines. Through forms of kinship, queer and trans people test out new possibilities for citizenship, love, and public and family life in postwar Germany in ways that question claims about liberal democracy, the social contract, and the place of identity in rights-based discourses.

Beyond Same-Sex Marriage - Ronald C. Den

Downloaded from
legacy.opendemocracy.net on
2021-05-26 by guest

Otter 2016-09-06

This edited volume contributes to the growing literature on post-marriage-equality marriage. It is the first interdisciplinary approach to understanding the various historical, empirical, normative, and legal dimensions of marriage as Americans begin to imagine what marriage could be like in the future.

The Political Economy of Same-Sex Marriage -

Bronwyn Winter 2020-12-29

Same-sex marriage is now legal in twenty-nine countries and the subject of continued debate around the world. The Political Economy of Same-Sex Marriage: A Feminist Critique considers this debate from a political economy perspective. Rather than engaging directly in the now well-rehearsed social-movement and academic for-and-against debates, this book focuses on processes of institutionalization of same-sex marriage and so-called "rainbow families" within (neo)liberal capitalist democracies. It examines how states and markets appropriate same-sex marriage and family to enhance their own political and symbolic capital, consolidating power and profit within existing systems of gendered and raced socioeconomic stratification. Taking a radical feminist, heterodox, qualitative and intersectional approach, this book investigates the political economy of same-sex marriage across three axes: same-sex marriage as institution; same-sex marriage and the market; and the political economy of the "rainbow family". The examination of case studies from different countries and regions enables a comparative analysis that foregrounds cultural, political and economic path dependencies while at the same time highlighting a number of striking commonalities. In all the countries discussed in this book and in most respects, same-sex marriage has been integrated almost seamlessly into a mainstream/malestream political economy of marriage and family and its translation into added market and productive value. The Political Economy of Same-Sex Marriage: A Feminist Critique will be of use to researchers and students alike, and indeed to all those who are curious about the mainstreaming of homosexuality within twenty-first-century capitalist democracies.

Forum Homosexualität und Literatur - 2002

Studying Youth, Media and Gender in Post-Liberalisation India - Nadja-Christina Schneider 2014-11-21

This volume aims to look both at as well as beyond the 'Delhi Gang Rape' through the lens of Indian Media Studies. The editors consider it a critical event, or rather critical media event that needs to be contextualized within a rapidly changing, diversifying and globalizing Indian society which is as much confronted with new ruptures, asymmetries and inequalities as it may still be shaped by the old-established structures of a patriarchal social order. But the volume also looks beyond the 'Delhi Gang Rape' and introduces other related thematic areas of an emerging research field which links Youth, Media and Gender Studies.

Homosexuell - und das ist (nicht?) gut so! -

Heinz J. Aubeck 2023-08-24

Der Sozialwissenschaftler Heinz Jürgen Aubeck stellt die kontrovers diskutierten biologischen und sozialpsychologischen Theorien zur Ergründung homosexueller Orientierung vor und plädiert in diesem Kontext für die Fortführung der poststrukturalistischen Diskursanalyse im Feld der Sexualität, welche das auf repressiven, hierarchischen gesellschaftlichen Machtstrukturen basierende System der Geschlechterdualität, das mit einer kohärenten, immanent kausalen Konzeption von naturalisierter Geschlechtsidentität, komplementärem Geschlechterrollendiktat und zwangsheterosexueller Orientierungsnorm verbunden ist, entgegen den konservativen essentialistischen Ideologien als soziokulturelles Produkt charakterisiert und speziell die geschlechtliche Identität als performativ konstruierten Effekt und mythologische Fiktion in emanzipatorischer Intention enthüllt und kritisiert.

Die Vertreibung aus dem Serail - Georg

Klauda 2008-09-01

Islamische Staaten geraten durch die Verfolgung Homosexueller immer wieder in den Blickpunkt der westlichen Medien, die solche Vorfälle gern als Zeichen kultureller Rückständigkeit interpretieren. Einige Bundesländer schlugen deshalb vor, Muslime im Einbürgerungsverfahren nach ihrer Einstellung zu Homosexuellen zu befragen. Zeigen sich deklassierte Halbstarke aus Migrantenfamilien

aggressiv gegenüber Schwulen, werden reflexhaft religiöse Motive unterstellt. Dabei beschworen Homosexuelle die Kultur des "Orient" noch zu Beginn des 20. Jahrhunderts als ein tolerantes Gegenbeispiel zu den Jahrhunderten religiöser und säkularer Verfolgung in Europa. Die klassische arabische Liebeslyrik z.B. ist voll von gleichgeschlechtlichen Motiven, die man in der Literatur des "aufgeklärten" Abendlands vergeblich sucht. Man mag kaum glauben, dass sich die Lebensweise in islamischen Gesellschaften in einer so kurzen Zeitspanne auf so einschneidende Weise geändert haben soll. Doch gerade diejenigen, die mit dem Finger auf die Homophobie der islamischen Welt zeigen, gehen jeder Erklärung dieses Wandels aus dem Weg. Anhand zahlreicher historischer und aktueller Quellen belegt der Autor, dass die Schwulenverfolgung in Ländern wie Iran und Ägypten weniger das Relikt einer vormodernen Vergangenheit ist. Vielmehr handelt es sich um das Resultat einer gewaltsamen Angleichung an die Denkformen ihrer ehemaligen Kolonialherren, die Homosexuelle im Prozess der Modernisierung erstmals identifiziert, benannt und zum Objekt staatlichen Handelns gemacht haben. Homophobie ist eine Erfindung des christlichen Westens, die im Zuge der Globalisierung in die entlegensten Winkel dieser Welt exportiert wird.

Of Maybugs and Men - Pieter R. Adriaens 2022
A much-needed exploration of the history and philosophy of scientific research into male homosexuality. Questions about the naturalness or unnaturalness of homosexuality are as old as the hills, and the answers have often been used to condemn homosexuals, their behaviors, and their relationships. In the past two centuries, a number of sciences have involved themselves in this debate, introducing new vocabularies, theories, arguments, and data, many of which have gradually helped tip the balance toward tolerance and even acceptance. In this book, philosophers Pieter R. Adriaens and Andreas De Block explore the history and philosophy of the gay sciences, revealing how individual and societal values have colored how we think about homosexuality. The authors unpack the entanglement of facts and values in studies of

male homosexuality across the natural and human sciences and consider the extent to which science has mitigated or reinforced homonegative mores. The focus of the book is on homosexuality's assumed naturalness. Geneticists rephrased naturalness as innateness, claiming that homosexuality is innate-- colloquially, that homosexuals are born gay. Zoologists thought it a natural affair, documenting its existence in myriad animal species, from maybugs to men. Evolutionists presented homosexuality as the product of natural selection and speculated about its adaptive value. Finally, psychiatrists, who initially pathologized homosexuality, eventually appealed to its naturalness or innateness to normalize it. Discussing findings from an array of sciences--comparative zoology, psychiatry, anthropology, evolutionary biology, social psychology, developmental biology, and machine learning--this book is essential reading for anyone interested in what science has to say about homosexuality.

A Badge of Injury - Sébastien Tremblay
2023-12-04

A Badge of Injury is a contribution to both the fields of queer and global history. It analyses gay and lesbian transregional cultural communication networks from the 1970s to the 2000s, focusing on the importance of National Socialism, visual culture, and memory in the queer Atlantic. Provincializing Euro-American queer history, it illustrates how a history of concepts which encompasses the visual offers a greater depth of analysis of the transfer of ideas across regions than texts alone would offer. It also underlines how gay and lesbian history needs to be reframed under a queer lens and understood in a global perspective. Following the journey of the Pink Triangle and its many iterations, *A Badge of Injury* pinpoints the roles of cultural memory and power in the creation of gay and lesbian transregional narratives of pride or the construction of the historical queer subject. Beyond a success story, the book dives into some of the shortcomings of Euro-American queer history and the power of the negative, writing an emancipatory yet critical story of the era.
