

What Makes A Relationship Work

Couples That Work - Jennifer Petriglieri
2019-10-10

Every couple wants a happy relationship and a meaningful career but how do we balance both? In *Couples that Work*, Professor Jennifer Petriglieri shifts away from the language of sacrifice and trade-offs and focuses on how couples can successfully tackle the challenges they will face throughout their lives—together. The book explores key questions like: - Can you and your partner have equally important careers or must you prioritise one over the other? - How can you juggle children or family commitments without sacrificing your work? - Does every decision require compromise or can you find solutions that benefit you both? Identifying common triggers and traps, and presenting engaging exercises to help you avoid and overcome them, this book will help every couple design their own unique way to combine love and work at every stage of their journey. 'Hugely insightful. All couples must read this now' Susan David, author of *Emotional Agility* 'Managing one career is hard enough; two often seems impossible. In this book, Jennifer shares what she's learned about how couples can not only survive but thrive' Adam Grant, author of *Originals*

Marriage Be Hard - Kevin Fredericks 2022-09-13
NEW YORK TIMES BESTSELLER • Discover the keys to upholding your vows while staying sane in this hilariously candid guide to relationships, from the husband-and-wife team of comedian Kevin Fredericks and influencer Melissa Fredericks “Kev and Melissa are not afraid to tell the truth!”—Tabitha Brown, *New York Times* bestselling author of *Feeding the Soul* Growing up, Kevin and Melissa Fredericks were taught endless rules around dating, sex, and marriage, but not a lot about what actually makes a relationship work. When they first got married, they felt alone—like every other couple had perfect chemistry while the two of them struggled. There were conversations that they didn't know they needed to have, fears that

affected how they related to each other, and seasons of change that put their marriage to the test. Part of their story reads like a Christian fairytale: high school sweethearts, married in college, never sowed any wild oats, with two sons and a thriving marriage. But there's another side of their story: the night Melissa kicked Kevin out of her car after years of communication problems, the time early in their marriage when Kevin bordered on an emotional affair, the way they've used social media and podcasts to conduct a no-holds-barred conversation about forbidden topics like jealousy, divorce, and how to be Christian and sex positive. (Because, as Kevin writes, “Your hormones don't care about your religious beliefs. Your hormones want you to subscribe to OnlyFans.”) In *Marriage Be Hard*, the authors provide a hilarious and fresh master class on what it takes to build and maintain a lasting relationship. Drawing on interviews with experts and nearly two decades of marriage, they argue that • Compatibility is overrated. • Communication is about way more than simply talking. • Seeing divorce as an option can actually help your marriage. • There's such a thing as healthy jealousy. Real marriage is not automatic. It ain't no Tesla on the open road. Sometimes it's a stick shift on a hill in the rain with no windshield wipers. But if you get comfortable visiting—and revisiting—the topics that matter, it can transform your bond with your partner and the life you're building together. Written for those tired of unrealistic relationship books—and for anyone wondering if they're the only ones breaking all the rules—*Marriage Be Hard* is a breath of fresh air and the manual you wish existed after you said “I do.”

Long Distance Love - HowExpert 2016-09-11
If you want to make your long distance relationship work, then get this step by step guide by someone who has that EXACT experience in real life. As with any relationship, a long distance relationship involves more than

just the two people trying to make it in a difficult and strenuous relationship. It involves family, friends and all people who care about us. Because long distance relationships can be especially stressful, I offer a step-by-step guide to negotiating different aspects of the relationship. In my book, I discuss tips and guidelines that will help with each phase of the relationship from meeting to courtship. I interject personal stories and asides regarding my UK to US romance in a way that showcases the human side of the advice that is always easier to offer than to truly apply. Advice includes:

- What to consider entering a long distance relationship.
- How to find love and decide whether or not a connection is worth fighting for as it is maintained through a long distance relationship.
- Establishing the objectives and logistics involved in seeing through an online relationship to a successful outcome.
- How to trust and rely on a partner you are no with in the flesh. What to consider before committing to an online relationship and how to tackle feelings of mistrust and insecurity.
- Modern courtship and how to negotiate meeting the family and courting a long distance partner in an already difficult situation.
- Coping with the distance and loneliness involved in a long distance relationship.
- Preparing for the big day and changes that lie after working to be together with a long distance partner at last. As a long distance relationship forms and progresses, there are many obstacles, which require being addressed. My guide describes the stages of the relationship and the stages of planning a long distance relationship must undergo in order to succeed. About the Expert Having been in a long distance relationship more than once, I am all too familiar with the obstacles and concerns of everyone involved. Long distance relationships are something my family had to cope with as being part of a wave of the future. The ease of communication in the modern age also makes it easier to develop strong emotional attachment to people you can't since. My behavior initially made my family confused when I began expressing myself through online communication and relationships. While I did not expect to find love, let alone fight for it as I did, it was worth it in the end to see it succeed. HowExpert publishes quick 'how to'

guides on all topics from A to Z by everyday experts.

Passionate Marriage - David Schnarch, Ph.D.
1998-05-15

The greatest sexual pleasure in a person's lifetime is possible in one's middle and later years, asserts Dr. David Schnarch, when a mature sense of self has been achieved and genuine intimacy is possible with another person. At his Family Health Center in Colorado Dr. Schnarch works with couples in long-term committed relationships who want to get emotionally and sexually closer. In *Passionate Marriage* Dr. Schnarch shares what he has learned about how couples can--and must--simultaneously break through the sexual and the emotional blocks that hold them back from total satisfaction. He counsels that every sexual exchange, from kissing to daring erotic behaviors, is a picture of an entire relationship--a reflection of how you and your partner feel about yourselves and each other outside the bedroom. This respectful, erotic, uplifting, and spiritual guide to sexual and emotional fulfillment makes a passionate marriage within the reach of every couple.

Beyond Order - Jordan B. Peterson 2021-03-02

The inspirational sequel to 12 RULES FOR LIFE, which has sold over 5 million copies around the world - now in paperback In 12 Rules for Life, acclaimed public thinker and clinical psychologist Jordan B. Peterson offered an antidote to the chaos in our lives: eternal truths applied to modern anxieties. His insights have helped millions of readers and resonated powerfully around the world. Now in this long-awaited sequel, Peterson goes further, showing that part of life's meaning comes from reaching out into the domain beyond what we know, and adapting to an ever-transforming world. While an excess of chaos threatens us with uncertainty, an excess of order leads to a lack of curiosity and creative vitality. Beyond Order therefore calls on us to balance the two fundamental principles of reality - order and chaos - and reveals the profound meaning that can be found on the path that divides them. In times of instability and suffering, Peterson reminds us that there are sources of strength on which we can all draw: insights borrowed from psychology, philosophy, and humanity's greatest myths and stories. Drawing on the hard-won truths of ancient wisdom, as well as deeply personal lessons from his own life and clinical practice, Peterson offers twelve new principles to guide readers towards a more courageous, truthful and meaningful life.

A Book About Love - Jonah Lehrer 2016-07-12

“Jonah Lehrer has a lot to offer the world....The book is interesting on nearly every page....Good writers make writing look easy, but what people like Lehrer do is not easy at all.” —David Brooks, The New York Times Book Review Science writer Jonah Lehrer explores the mysterious subject of love. Weaving together scientific studies from clinical psychologists, longitudinal studies of health and happiness, historical accounts and literary depictions, child-rearing manuals, and the language of online dating sites, Jonah Lehrer’s *A Book About Love* plumbs the most mysterious, most formative, most important impulse governing our lives. Love confuses and compels us—and it can destroy and define us. It has inspired our greatest poetry, defined our societies and our beliefs, and governs our biology. From the way infants attach to their parents, to the way we fall in love with another person, to the way some find a love for God or their pets, to the way we remember and mourn love after it ends, this book focuses on research that attempts, even in glancing ways, to deal with the long-term and the everyday. The most dangerous myth of love is that it’s easy, that we fall into the feeling and then the feeling takes care of itself. While we can easily measure the dopamine that causes the initial feelings of “falling” in love, the partnerships and devotions that last decades or longer remain a mystery. This book is about that mystery. Love, Lehrer argues, is not built solely on overwhelming passion, but, fascinatingly, on a set of skills to be cultivated over a lifetime.
