Discrepancies in Olympiad Dating and Chronological Problems of Archaic Peloponnesian History -

Pamela-Jane Shaw 2003

Nach den Erkenntnissen der Autorin existierten in der griechischen Antike mindestens zwei verschiedene Zählweisen der ersten und deshalb auch der folgenden Olympiaden. Durch die Argumente ihrer Arbeit erfahren so manche umstrittenen Daten eine neue chronologische Einordnung. Werden ihre Schlussfolgerungen akzeptiert, ist vieles aus der archaischen griechischen Geschichte neu zu schreiben. In jedem Fall legt hier die Autorin, Schlerin von Professor P. J. Rhodes, eine ebenso detaillierte wie komplexe, sorgfältige wie originelle und wissenschaftlich mutige Arbeit vor, die auf Jahre hinaus eine rege Forschungsdiskussion nach sich ziehen wird. Ce livre constitue un instrument de travail précieux par le regroupement de références. (♦) On dispose ici d'un outil propre à alimenter bien des discussions de détail. ♦ L'Antiquité Classique

Dating is an undeniably daunting task, especially when you're done with casual flings and are looking for the real deal to settle down with. When a 30-something woman signs up on a dating website for people looking to get married, she realizes just how delightful, vexing, amusing and befuddling trying to find the perfect husband can be. Based on real experiences, this book is not a guide to dating, but rather a delightful collection of episodes about meeting potential partners, epiphanies about them and soul-searching questions that will make you see relationships without the rose-tinted glasses. Especially pertinent to this age of online dating, this delicious-as-a-cappuccino book is for all those in love, looking for love or in between. With advice as sage (gained the hard way) as that in He's Just Not That Into You and scenarios as funny and outrageous as those in Sex and the City, 50 Cups of Coffee is a hilarious, honest and witty book, perfect to curl up with when a suitable beau or bae is not available.

The Tao of Dating - Ali Binazir 2012-06-13

The #1-Rated Dating Book by Readers on Amazon for 3+ Years Running This is what readers say: 'I have

read many books about relationships and dating, but *The Tao of Dating* is one of a kind, so different and mind-blowing in its common sense and simplicity that it is impossible to put it down once you start reading. 'Well, where shall I start? Mind blowing? Life-changing? Truly opened my eyes? No words can express how much I love this book. I wish I had read it much earlier.' 'I keep this book in a small, carefully chosen, boxed collection of 'indispensable advice I wish I had written' that I will pass along to my children as they navigate through teens, twenties, early adulthood and beyond.' 'This turned out to be one of the most transformative books I have ever read much more so than I thought it possibly could be.' 'The content is intelligent and compassionate and enriching far beyond anything to do with dating. In essence, this book somehow, magically, alchemically, brings you back to yourself. Everyday TV and other media specialize in portraying women as cheap and disposable. This book is the antidote. Just by reading it, one is restored to one's own heart. I can think of no better praise.' '1.5 reads of the book in and I can honestly say that I not only have a clear sense of the basic things that I was doing that were completely throwing off the dynamic with these men, but that I now have simple, quite beautiful little tools in mind when I'm interacting with men that make me properly excited to date. I'll admit that I bought a few books in this vein in one lump...but 'The Tao of Dating' just completely blew them out of the water.' 'This is the most helpful dating book that I have experienced! At the time of my purchase I also downloaded two other books and after reading this I can't even get through the first chapter of the other ones.' 'Thanks to this specific book, I went from having a nonexistent dating life, with empty weeks stretching ahead to being booked every night of the week and in some cases, having two or three dates per evening... the results, for me, were dramatic: I now feel like I have my pick of the litter a slew of fabulous guys who all clamor for my attention.' *Can You Have it All? Hell Yeah!* I believe that smart, successful women CAN have it all -- both a great career AND a rich, warm, fulfilling love life. Do read on if you agree. See -- smart women like yourself were having unfulfilling love lives on an epidemic scale when I was an advisor at Harvard. They either couldn't find the right guy, were with the wrong guy, had relationships that didn't last, or had given up on dating entirely. So I wrote this book to remedy the situation. This is not your grandma's dating guide. Partially because I'm not your grandma, and partially because the 21st century poses unprecedented challenges to the modern woman. With a high-powered career, it may seem that there just isn't time for love. And nowadays, lots of guys are less educated & affluent than you. What to do? Ancient Wisdom + Modern Science = Lasting Love & Happiness for You This book combines ancient wisdom with modern science to give smart, successful women like yourself a heart-centered, science-based, practical guide to finding fulfillment in your love lives -- and far beyond. I give it all to you in a progression of small, easy steps that put the fun back in dating, plus the science and reasoning behind it so you can trust where it all comes from.
