Swedish literary limelight.” —Shelf Awareness Blending autofiction and essay, *The Bear Woman* is a journey of feminism and literary detective work spanning centuries and continents. In the 1540s, a young French noblewoman, Marguerite de la Rocque, was abandoned on an island in the Gulf of Saint Lawrence with her maidservant and her lover. In present-day Stockholm, an author and mother becomes captivated by the image of Marguerite sheltered in a dark cave after her companions have died. This image soon becomes an obsession. She must find out the real story of the woman she calls the Bear Woman. But so much in this history is written so as to gloss over male violence. And the maps and other sources she consults are at times undecipherable. Karolina Ramqvist explores what it means to write history—and to live it. “Karolina Ramqvist writes with frosty precision the kind of literature that is unforgettable. Her portraits of women hit deep into bone and marrow.” – Dorte Nors, author of *A Line in the World* “Ramqvist’s acute rendering of embodied sensual experience combined with her evocation of her double character’s increasingly desperate circumstances create a story of high tension, startling insights, and lasting resonance.” – Siri Hustvedt, author of *Mothers, Fathers and Others* “One of my favorite discoveries from this year.” – Samanta Schweblin, author of *Little Eyes* “Ramqvist is a serious contender for the Swedish literary limelight.” – Shelf Awareness

Twenty Overs Kim Debono 2011

Country Boys and Redneck Women Diane Pecknold 2016-02-08 Country music boasts a long tradition of rich, contradictory gender dynamics, creating a world where Kitty Wells could play the demure housewife and the honky-tonk angel simultaneously, Dolly Parton could move from traditionalist “girl singer” to outspoken trans rights advocate, and current radio playlists can alternate between the reckless masculinity of bro-country and the adolescent girliness of Taylor Swift. In this follow-up volume to *A Boy Named Sue*, some of the leading authors in the field of country music studies reexamine the place of gender in country music, considering the ways country artists and listeners have negotiated gender and sexuality through their music and how gender has shaped the way that music is made and heard. In addition to shedding new light on such legends as Wells, Parton, Loretta Lynn, and Charley Pride, it traces more recent shifts in gender politics through the performances of such contemporary luminaries as Swift, Gretchen Wilson, and Blake Shelton. The book also explores the intersections of gender, race, class, and nationality in a host of less expected contexts, including the prisons of WWII-era Texas, where the members of the Goree All-Girl String Band became the unlikeliest of radio stars; the studios and offices of Plantation Records, where Jeannie C. Riley and Linda Martell challenged the social hierarchies of a changing South in the 1960s; and the burgeoning cities of present-day Brazil, where “college country” has become one way of negotiating masculinity in an age of economic and social instability.

A Not-so-distant Horror Joseph Nevins 2005 In his view, much if not all of the horror that plagued East Timor in 1999 and in the 24 preceding years could have been avoided had countries like Australia, Japan, the United Kingdom, and especially the United States, not provided Indonesia with valuable political, economic, and military assistance, as well as diplomatic cover.

Turn Around Bright Eyes Rob Sheffield 2014-05-20 Once upon a time I was falling apart. Now I'm always falling in love. When Rob Sheffield moved to New York City in 2001, he was a young widower trying to start a new life in a new town. One night, some friends dragged him to a karaoke bar—and that night turned into many nights in many karaoke bars. Karaoke became a way to be someone else if only for the span of a three-minute song, and through the sublime ridiculousness of karaoke, Rob began to find his voice. And then the unexpected happened. A voice on the radio got Rob's attention. And the voice came attached to a woman who could name every constellation in the sky, every Depeche Mode B side, and could belt out a

mean Bonnie Tyler. Turn Around Bright Eyes is a journey of hilarity and heartbreak with a karaoke soundtrack. It's about finding the courage to move on, clearing your throat, and letting it rip—and how songs get tangled up in our deepest emotions.

Black Women in Interracial Relationships Kellina Craig-Henderson 2011-12-31 According to the most recent U.S. census, twice as many black men are involved in interracial relationships as black women. Do black women consciously resist such involvement? What motivates the relatively few women who are in these types of relationships? And how do they navigate the unfamiliar terrain in intimacy? One of the most popular explanations for black women's involvement in interracial intimacy is the unavailability of eligible black men. This explanation focuses on the dismal statistics popularly discussed in reports that forecast lonely futures for African American females. Craig-Henderson explores another, more provocative explanation. She argues that some black women may disassociate from larger social stereotypes by consciously and strategically making choices that distance them from what is considered characteristic of the "typical" African American woman. Scant serious attention has focused upon intimate interracial relationships, perhaps because of a general reluctance to deal with two extremely provocative issues: race and sex. As rates of interracial relationships continue to increase, discussions about interracial intimacy are relevant and timely. Craig-Henderson considers the continuing taboo of interracial relationships involving African Americans, the way this taboo is changing, and the way that contemporary race relations perpetuate longstanding stereotypes about race and sex. The book includes in-depth, unstructured interviews with a wide range of black women currently involved in interracial intimate relationships. Each individual discusses their relationships with family members, beliefs about the influence of race in America, unique problems associated with interracial intimacy, as well as sexual attraction, racial identity, and children. Of particular interest to specialists in race, gender, family, and sexual issues, this work is also accessible and appealing to general readers.

Holiday Escape Jean C. Gordon 2016-11-01

Only God Knows Why R.C. Parsons Glancing 'round the kitchen, I decided to make the most of my unexpected holiday. Instead of dressing for work in my drab olive-green Get Go outfit, I walked into the bedroom and grabbed a pair of faded old blue jeans and a white summer tank. I steered my butt into the bathroom and stood silently, questioning my appearance in the mirror. Lord. Living like this is really aging me. I'm forty-six years old, and all this shit's making me look like sixty. Grabbing my makeup bag, I did a quick Chinese slap-chop-suey on my face, finishing up with a lick of Latin lipstick. Ahhhh, not so bad with the cover-up. Gee, I seem to have dropped a few years. Why, I bet I could now pass for, let's see? Forty-five? Fifty? Laughing as I slipped my boots on, I tossed my old leather jacket over my arm for later and decided to head down to the local watering hole. It was

more than a tweak funny to me that the bar I was planning on kicking it in was the Get Together. It was an amusing coincidence considering the bullet I was dodging for the day was none other than the local Get Go. The bar had a long, sordid history on Kenilworth Ave. It was opened and closed by the local cops at least twice a year, a ripper bar when I'd begun shooting a stick at the tender age of eighteen. By the ripe age of twenty-four, I'd graduated up to serving beers and waiting tables, and it'd evolved into one of the roughest biker bars in Hamilton. Hells Angels, Red Devils, Outlaws, and the Chinese Tong all left their colours and turf wars outside to discuss business around the marble bar top. Once that was done, they'd slip down to the private "gentlemen's" room to shake hands over a few rails of the Christmas product they all pumped out on the streets. Walking down the street now, kissing fifty, I found myself running there for shelter. Shelter from the storm . . . Shelter from work, from life, from a man I used to love and a house I used to call home.

Marriage, Gender and Sex in a Contemporary Chinese Village Sun-Pong Yuen 2015-07-17 This book explores changing concepts of marriage and gender relationships and attitudes toward sex in a rural Chinese community over the past five decades. The book is based on a study of an industrialized peasant village in Guangdong Province from 1994 to 1996 and subsequent visits from 2000 to 2002. According to the authors, the rural economic reforms of the 1980s in southern China have challenged and reinforced the deep structure of Chinese familism and this has led to tensions between tradition and modernity. The first section of the book explores how attitudes toward marriage and courtship have changed over the past fifty years through personal accounts of three different marriages from different generations. In Part II, the transition from a traditional to a modern society is discussed from the perspective of several women from different generations. The third section focuses on sexual relationships and the growing sex trade in the village. Part IV includes updates to the original survey and takes a look at village politics.
