*Women's Barracks* - Tereska Torres 2011-01-01

First Digital Edition; Grier Rating: A\*\*\* This is the true-life story of what happens when scores of young girls live intimately together in a French military barracks. Many of these girls, utterly innocent and inexperienced, meet other women who have lived every type of existence. Their problems, their temptations, their fights and failures are those faced by all women who are forced to live together during dangerous and stressful times. The girls who chose Tereska Torres, the author, as their confidante poured out to her their most intimate feelings, their secret thoughts. With all of its revelations and tenderness, *Women's Barracks* is an important book because it tells a story that had never been truly told before--the story of women in war. It also has the special distinction of being the first "lesbian pulp" novel ever published and became a record-breaking bestseller. This autobiographical novel takes place in London, England during World War II. The terror of the V-1 and V-2 rocket bombings, and the resulting fires and destruction, are an unknown experience to most readers. The women enduring these events were not even 20 years old when they first arrived. Many volunteered to be there. They were French, or of French heritage, and wanted to be part of the effort to help protect France from invasion by the Nazis. Throughout it all, passions flare, long-standing taboos are tossed to the wind, and passionate relationships are begun between older, more experienced butch officers and the young, inexperienced femme girls under their charge. In her telling of these women's stories, Torres remains nonjudgmental of the lesbian relationships these women explored. Perhaps as a result, *Women's Barracks* was banned in several states for being obscene. The House Select Committee on Current Pornographic Materials denounced the book in 1952 as an illustration of how the newly emerging paperback industry was breeding and promoting moral depravity. By today's standards, of course, the book is somewhat tame; however, the eroticism and honesty with which Torres writes immerses the reader in the love, tenderness, loyalty and passion that women share with each other.

*American Book Publishing Record* - 2003

*A Night in the Barracks* - Alex Buchman 2001

Find out what really goes on after 'lights out' in the homophobic yet intensely homoerotic world of masculine men in uniform. Tantalizing, explicit, sometimes disturbing and always genuine *A Night in the Barracks* delivers the goods. Former Marine Alex Buchman lays it on the line in this steamy collection of real-life sexual adventures related by the men themselves - including Buchman- who lived them. 'Confirms all your worst fears about homos in the military. They have sex! Really horny sex. With straight soldiers. The bastards.' Mark Simpson *Hearings, June 4-19, 1945* - United States. Congress. House. Select Committee on Post-war Military Policy 1945

**Military Trade** - Steven Zeeland 2019-07-18

A same-sex attraction for soldiers and sailors spans the globe and predates the term "homosexual" by several thousand years. But these days "military chasers" are likely to be seen as doubly incorrect. Most are gay men who pursue straight men. And, many of them do it in public. What continues to motivate so many men to brave arrest, violence, and the scorn of gay leaders who condemn any non-gay homosexual desire as "internalized homophobia"? In *Military Trade* (now updated to include an expanded photo insert!), Steven Zeeland, author of *Sailors and Sexual Identity*, *The Masculine Marine*, and *Barrack Buddies and Soldier Lovers*, brings together an edgy, enlightening, and richly entertaining collection of voices with a passion for servicemen, including: a TV talk-show host who pimped Marines to Hollywood stars a heavy metal superstar who dreams of being reincarnated as a Marine boot a women "trapped in a gay man's body" who seduces Marines online then dominates them in person with strap-on dildos a former Force Recon Marine who complains of being chased by civilians but is now a Marine-chaser himself By turns steamy, hilarious, appalling, and deeply moving, *Military Trade* challenges assumptions about both chaser and chased and poses pointed questions about the wisdom of those who seek to divide the world into

“straight” and “gay.” The interviews and essays collected in this book suggest that, paradoxically, for many men the advances of the gay rights movement have actually made it more difficult to form affectional bonds with other men. Gay sex has never been more openly advertised. But the military love of comrades is something that gay life can’t offer. Military Trade offers groundbreaking insight into: the difference between “military chasers” and uniform fetishists why gay men prefer sailors and Marines over soldiers and airmen the surprising range of sexual, “buddy,” and even love relationships “chasers” form with servicemen the nuances of “trade” and civil-military male prostitution what has been overlooked in the “sex panic” debate about men who have sex in public places For anyone interested in queer theory, the construction of masculinity, or sex between men outside of gay urban culture--and for anyone who has ever thrilled at the sight of a man in uniform--Military Trade is must reading.

**Hearings** - United States. Congress. House 1945

**The Bear Handbook** - Ray Kampf 2000

*The Good Occupation* - Susan L. Carruthers 2016-11-14

Waged for a just cause, World War II was America’s good war. Yet for millions of GIs, the war did not end with the enemy’s surrender. From letters, diaries, and memoirs, Susan Carruthers chronicles the intimate thoughts and feelings of ordinary servicemen and women whose difficult mission was to rebuild nations they had recently worked to destroy.

*Memorials and Monuments* - United States. Congress. Senate.

Committee on Energy and Natural Resources. Subcommittee on Public Lands, Reserved Water, and Resource Conservation 1986

**Monthly Labor Review** - 1985

Publishes in-depth articles on labor subjects, current labor statistics, information about current labor contracts, and book reviews.

*Deep Water* - E. M. Kahn 2005

Gene is a successful woodworker in New York with two passions in his

life. One is sailing, from the abandoned islands dotting Long Island Sound to the fathomless depths of the Caribbean. His other passion is Kevin--the young man who was friend, sailing buddy, and lover. *Deep Water: A Sailor's Passage* is the compelling memoir of a modern-day gay sailor and his seafaring adventures with Kevin and many other friends.

*After the Ball* - Marshall Kirk 1989

A compelling and compassionate work that never fails to stimulate. *After the Ball* is required reading for straights interested in understanding a minority that comprises 10% of the population and for gays who are learning that the revolution is far from over.

*It Couldn't Happen to Me: Three True Stories of Teenage Moms* - Beth Johnson 2005-01-01

Johanna, Rasheedah, and Rachel: each became an unmarried mother while she was still in her teens. With the birth of her baby, each girl’s “ordinary” teen life was over. Johanna’s boyfriend acted happy when he heard she was pregnant. But as her pregnancy progressed, she saw less and less of him. Soon after the baby’s birth, he went to jail. How would she support a baby without even a high school degree? After Rasheedah’s baby was born, all she could do was cry. She didn’t know anything about babies. She didn’t even dare touch this screaming, demanding stranger. Her depression grew as her dreams of college vanished into thin air. Rachel wanted to be popular. Boys liked her. But she also wanted to save her reputation. When she discovered she was pregnant, she told a lie—one that would haunt her until her daughter was born. Johanna, Rasheedah, and Rachel are three of today’s teen moms. They have offered to share their stories so that other young girls won’t make the mistake of thinking, “It couldn’t happen to me.”

*Barracks Bad Boys* - Alex Buchman 2014-01-14

Unmistakably original, utterly heartfelt, stranger than fiction, hotter than any off-the-rack gay fantasy! Building on the success of his extraordinary debut—the critically acclaimed, #1 “men’s interest” bestseller *A Night in the Barracks*—former U.S. Marine Alex Buchman presents a spellbinding, startlingly unique collection of erotic memoirs by or about “bad boys” in the Armed Forces. Buchman’s radical approach to an otherwise rigidly

formulaic sub-genre: he does the legion of purportedly “true confessions” books with a military theme one better: the first-person narratives he has assembled actually are true. Boldly defying the conventions of gay male “one-handed reading,” the unembellished chronicles Buchman brings us from the intensely homoerotic secret world of men in uniform are more erotically charged than any porn-by-numbers fantasy. The theme of Barracks Bad Boys is trouble. All-too-true stories of criminally sexy soldiers and sailors in trouble, who cause trouble, or who just plain are trouble. The unvarnished accounts of romance with baby-faced deserters bound for the brig make for riveting reading. Equally gripping is the disarmingly candid pillow talk of young military men whose trouble runs deeper than mere “unauthorized absence” or “indecent acts.” Some of the surprises you’ll encounter in Barracks Bad Boys include: a straight, married soldier’s detailed description of his one and only sexual experience with another man a seasoned military chaser’s review of his all-time favorite sailor-hustlers a dazed gay studies author’s “I should have known better” journal documenting how young sailors half his age seduced him, gave him street drugs, and pressured him to videotape them performing lewd acts Editor Buchman’s own offbeat and powerful story of being taken by surprise by the sexual advance of a Marine sergeant who began rubbing Buchman’s chest and asking him if he felt an “urge to be evil . . .” By turns hair-raising and wrenching, poignant and laugh-out-loud funny, these authentic accounts of sex in the Armed Forces are sure to elicit one universal reaction: no one could make this up! Barracks Bad Boys is compulsory reading for anyone interested in men in uniform; human sexuality in the military; and cutting-edge nonfiction literary erotica.

Our Boys - Helen Parr 2018-09-06

'This is an extraordinary book. It is partly about the Falklands War itself and the terrible things that the Paras endured, and the terrible things that some of them did, but it is also about the white working class of the 1970s and why some men born into this class ended up marching across an island that most of them had never heard of. Thoughtful and sometimes heart-breaking' Richard Vinen, author of National Service Our Boys brings to life the human experiences of the paratroopers who fought in the Falklands War, and examines the long aftermath of that conflict. It is a first in many ways - a history of the Parachute Regiment, a group with an elite and aggressive reputation; a study of close-quarters combat on the Falkland Islands; and an exploration of the many legacies of this short and symbolic war. Told unflinchingly through the experiences of people who lived through it, Our Boys shows how the Falklands conflict began to change Britain's relationship with its soldiers, and our attitudes to trauma and war itself. It is also the story of one particular soldier: the author's uncle, who was killed during the conflict, and whose fate has haunted both the author and his fellow paratroopers ever since.

**Best Gay Erotica** - 2005

**Barracks Bad Boys** - Alex Buchman 2004

Buchman takes a radical approach to an otherwise rigidly formulaic sub-genre by presenting true first-person narratives about criminally sexy soldiers and sailors in trouble, who cause trouble, or who just are trouble.
