Trained by her Daddy - Shelly Douglas

2020-09-04

She never thought spending a week with a Daddy Dom would turn her life upside down...

The same year twenty-four-year-old Lori Gold's fifth grisly murder mystery novel made it to the New York Times bestseller list, she decided to write a series of books in the Daddy Dom/little girl romance category. After all, she was once involved in a risqué relationship, so what could be so difficult for the Queen of Crime to write sexy stories? Unfortunately, Lori's publisher Jake Wolk felt her novels were just too sweet for his readers who expected nothing less than sizzling scenes. Even though he was knowledgeable in the D/s lifestyle, it would be unprofessional for him to teach her about the steamy world of BDSM. But his father John proposed a solution. John is a real-life Daddy Dom, and he offers to train Lori in his home for a week—so she could write realistically from first-hand experience. Sparks fly between John and Lori in more ways than one, and Lori's eyes are opened to a way of life she never really understood. Naturally, it didn't take long for her to realize why she'd been drawn to write this type of unconventional fiction. As her intense week of instruction ends, she wonders if their new relationship will continue or was John only doing his son a favor by training her? Publisher's Note: This book contains elements of romance, sensual scenes, adult themes, power exchange and is intended for adults only. If any of these offend you, please do not purchase.

Love Signals - David Givens 2006-01-10

A world renowned anthropologist explores the nonverbal signs, signals, and cues human beings

exchange to attract and keep their mates. As a medium of communication, Love's silent language predates speech by millions of years. Today, we still express emotions and feelings largely apart from words. The postures, gestures, and facial cues of attraction are universal, in all societies and cultures. According to Dr. Givens, courtship moves slowly through five distinct phases: attracting attention, recognition phase, conversation phase, touching phase, making love. Since potential mates "test" each other before uniting as one, courtship is a choreographed give and take of signs granting physical and emotional closeness. Love Signals is part ethnography and part how-to. Dr. Givens documents the little courting rituals witnessed in elevators, on subways, and in the workplace. He examines the essential role the face plays in courtship and how it can be optimally displayed. He decodes the body to find silent messages given off by shoulders, neck, arms, hands, waist, calves, ankles, feet, and toes. Dr. Givens analyzes expressive shapes, colors, and markings encoded in arm wear, shoulder wear, leg wear, and shoes. He deciphers the background messages of spaces, places and interiors to learn how environs help or hinder in the meeting process. Chemical cues emanating from aromas, tastes, steroids, sterols, and hormones strongly shape a partner's feelings, so they are explored as well. The book suggests ways to gaze, ways to read eyes across a room, and ways to sit, stand, align, walk dress, and lift a drink to participate in the fascinating adventure of finding, winning, and keeping a mate. Knowing the unspoken vocabulary of love signals will give readers an edge. What this means for courtship is that the reader becomes able to read unspoken motives, emotions, and feelings with great clarity and precision. The

more readers know about the nonverbal idiom of attraction, the more likely they will find a loving, lasting partner.

Raelynn I don't do impulsive. Impulsive killed the love of my life. Stole my one shot at happiness. So when I heard about a K&R firm in Seattle looking for new recruits, I took a chance. They say they're a family, but I'm still an outsider. Maybe that's by choice. This orderly, controlled life ain't the one I wanted, but I'm making the best of it. Until I meet a man who sets me on fire. We burn hot, but he's got secrets. Then again, so do I. I'm startin' to think nothin' can douse these flames. Except a killer hell-bent on revenge. Nash I don't make plans. Or friends. Or stay in one place for more than six months. But when I rescue a drop-dead gorgeous Texan spitfire in the middle of a storm, I start to realize just how lonely I've been. I shouldn't start anything with Raelynn, but my heart has other plans. Now my past is catching up with me. I'm on the wrong side of a whole lot of crap, and the only way out? Letting Raelynn in. I'm putting her in danger. So why can't I walk away?
