**Orientaciones éticas para tiempos inciertos** Marciano Vidal García 2013-12-02 A juicio de muchos, corren malos tiempos para la moral, sobre todo para la moral católica. Son tiempos inciertos. A pesar de ello, o precisamente por eso, cobra mayor importancia la reflexión ética en estos momentos. El presente libro tiene el coraje de replantear los valores evangélicos para una cultura de la secularidad y para una sociedad guiada por el principio de la laicidad. En esta nueva obra, el prof. Marciano Vidal presenta un cuadro completo de la ética teológica y dentro de él aborda las cuestiones morales más candentes: la eutanasia, la ética sexual, la homosexualidad, los divorciados vueltos a casar, la corrupción, la globalización, etcétera. Marciano Vidal nació en San Pedro de Trones (León, España) en 1937. Actualmente es profesor ordinario en el Instituto Superior de Ciencias Morales (Madrid). De renombre internacional, ha colaborado de forma decisiva en la renovación de la teología moral católica de las tres últimas décadas. En la editorial Desclée De Brouwer ha publicado: *Ética civil y sociedad democrática* (2ª ed., 2002); *Nueva Moral Fundamental. El hogar teológico de la Ética* (2ª ed., 2002); *El matrimonio. Entre el ideal cristiano y la fragilidad humana. Teología, moral y pastoral* (2003).

**Tres Ensayos de Teoría Sexual** SIGMUND. FREUD 2018 La sexualidad humana es indispensable para la sobrevivencia de la especie y es un acto natural. Así como la humanidad ha evolucionado la sexualidad también lo ha hecho y la forma en la que se concibe actualmente ha dejado de ser únicamente para la procreación y tiene tintes hasta políticos, y que decir de los religiosos. En esta entrega, el padre del psicoanálisis reflexiona entorno a la sexualidad y como el ser humano la adopta, concibe, practica y politiza. ¿Desviaciones o variaciones? ¿O variaciones o preferencias? Son algunas de las preguntas que intenta responder a este libro a través de la pluma del hombre que sentó las bases para comprender al ser humano de mejor forma. Esperamos, querido lector, que las reflexiones de este libro le sean de gran utilidad y pueda abrirse un nuevo panorama en el paradigma de su forma de ver la sexualidad.

*Diccionario de la Democracia* Patricio Marcos 2012-10 El Diccionario de la Democracia contiene la teoría y la ideología de los regímenes democráticos: sus antecedentes; orígenes; principios; modalidades de deliberación y leyes; sus instituciones clave y variedades, acorde con la clase social que los dirige y el arreglo institucional correlativo. Asimismo compara sus principios, leyes e instituciones con otros regímenes, particularmente con sus opuestos, las oligarquías o gobiernos de pocos, pero también con la república, la tiranía y la realeza; las razones de Estado que permiten su conquista, conservación y estabilidad; las fuentes internas y externas que los amenazan; las maneras de corromperse y las revoluciones que los afectan. Trata también de los usos, costumbres y caracteres democráticos; inventaría los rasgos éticos de la vida democrática, por sí mismos y comprobados con los de los ricos, las clases medias y los tiranos, hasta detallar las relaciones que sostienen entre sí dirigentes y dirigidos, hombres y mujeres, viejos, jóvenes, maestros y alumnos, ciudadanos y animales..., por el impacto que la libertad e igualdad popular tienen en la vida pública y privada de sus pueblos. Parte medular del mismo es la exposición de las doctrinas, dogmas, leyes e instituciones del modelo liberal moderno de la democracia; un credo que se analiza en calidad de justificación del nouveau régime por parte de sus ideólogos modernos más destacados y lúcidos, quienes desvían el significado de las palabras ] democracia ] y ] liberal ] atribuidas sin más a los Estados modernos.

*El corazón de Mango* Andrea Gay Zaragoza 2010-11 El corazón de mango teje la historia de una marca global con un estilo propio en los escaparates y la trastienda. Un título en el que los autores se adentran en el corazón de la compañía y analizan su modelo de gestión, sus planes de expansión y crecimiento y la estrategia corporativa.

**Gender and Sexuality in Latin America - Cases and Decisions** Cristina Motta 2013-05-23 Translated and updated from the seminal Spanish text on legal decisions affecting gender and sexuality in Latin America, this English edition is the only law text to focus specifically on the rights of lesbians, gays, bisexuals and the transgender population in addition to women's rights more broadly. The volume provides close analysis of some of the most important decisions made by Latin American national courts, as well as those made by international legal bodies, that affect the rights and interests of these groups. Specially selected for their depth of argument and value as exemplars, the studies of good legal practice chart the path of the region's normative values of justice as they have evolved away from a partial, and patriarchal, exercise of the law. They show how cases with vastly differing contexts such as, property rights and domestic violence have resulted in a mixed body of Latin American law. Some decisions are protective of women's and minority rights. Some assess the wider social impacts of case law in which recognition of the discrete legal identities within households challenges established precepts, including religious ones. Other cases have been chosen as cautionary examples of bad decision-making and for the poverty of their legal debate. Updated to include the latest relevant jurisprudence from across the continent, this book is an informed, cohesive and comprehensive guide to understanding women's and gender-based rights in Latin America.

**The Novels of Josefina Aldecoa** Nuala Kenny 2012 The first comprehensive analysis of the novels of prominent contemporary Spanish writer and educator Josefina Aldecoa.

**Ambiguity and Gender in the New Novel of Brazil and Spanish America** Judith A. Payne 1993-05 In this first book-length study to compare the "new novels" of both Spanish America and Brazil, the authors deftly examine the differing perceptions of ambiguity as they apply to questions of gender and the participation of females and males in the establishment of Latin American narrative models. Their daring thesis: the Brazilian new novel developed a more radical form than its better-known Spanish-speaking cousin because it had a significantly different approach to the crucial issues of ambiguity and gender and because so many of its major practitioners were women. As a wise strategy for assessing the canonical new novels from Latin America, the coupling of ambiguity and gender enables Payne and Fitz to discuss how borders--literary, generic, and cultural--are maintained, challenged, or crossed. Their conclusions illuminate the contributions of the new novel in terms of experimental structures and narrative techniques as well as the significant roles of voice, theme, and language. Using Jungian theory and a poststructural optic, the authors also demonstrate how the Latin American new novel faces such universal subjects as myth, time, truth, and reality. Perhaps the most original aspect of their study lies in its analysis of Brazil's strong female tradition. Here, issues such as alternative visions, contrasexuality, self-consciousness, and ontological speculation gain new meaning for the future of the novel in Latin America. With its comparative approach and its many bilingual quotations, *Ambiguity and Gender in the New Novel of Brazil and Spanish America* offers an engaging picture of the marked differences between the literary traditions of Portuguese-speaking and Spanish-speaking America and, thus, new insights into the distinctive mindsets of these linguistic cultures.

*El "problema" del embarazo en la adolescencia. Contribuciones a un debate* Claudio Stern 2012 El embarazo en la adolescencia es considerado como un riesgo para la salud materna e infantil, así como un factor que contribuye al desmesurado crecimiento de la población, a la deserción escolar, y a la perpetuación de la pobreza, al coartar las posibilidades de desarrollo familiar. Sus causas se atribuyen principalmente a la sexualidad precoz y a la falta de información y de acceso a los métodos anticonceptivos. Esta publicación pone en cuestión los supuestos antes mencionados, destacando dos factores realmente subyacentes a esta problemática: la pobreza y la desigualdad, que dejan pocas oportunidades alternativas de desarrollo a una gran cantidad de nuestros jóvenes, y la falta de una verdadera educación para el ejercicio de la sexualidad que les permita enfrentarse con

responsabilidad a este aspecto tan central para su vida.

**Igualdad de género en Europa y América Latina** Diversos autores 2019-12-23 Quaderns de la Igualtat és una iniciativa de l'Observatori de la Igualtat de la Universitat Rovira i Virgili. Aquesta publicació representa la materialització de diverses mesures previstes en els Plans d'Igualtat de la URV. Aquestes accions plasmen el compromís de la Universitat amb els valors de la igualtat i la no-discriminació. Quaderns de la Igualtat és un espai que serveix per difondre l'activitat investigadora en matèria de polítiques d'igualtat per raó de gènere i aspira a facilitar a la comunitat acadèmica i científica una nova eina al servei de la transferència de coneixement sobre dones i feminisme.

Teoría de la novela. Pasado, presente y futuro 2021 El volumen Teoría de la novela, pasado, presente y futuro contiene los trabajos de varios investigadores acerca de este tema, un vasto y complejo objeto de estudio que ha sido abordado desde varios puntos de vista, con el común denominador de ofrecer nuevas miradas y de intentar avanzar en el camino de creación de una Teoría de la novela para el siglo xxi. Es uno de los resultados de investigación del proyecto Genus novel, liderado por Luis Beltrán Almería. Convencidos del interés que suscita dicho tema y de la existencia de cierto estancamiento en los últimos años, hemos intentado abrir el campo y componer una obra que cumpla las expectativas de los lectores.

**La síndrome de les Superdones** Antoni Bolinches Sanchez 2019-12-20 Trobades i desencontres, parelles que es fan i es desfan, amors tan líquids que s'escorren entre les mans... Aquest és el diagnòstic que fa l'autor sobre la realitat sentimental d'una generació de dones decebudes i d'homes desorientats que pateixen, en tota la seva cruesa, les conseqüències dels canvis socials que ells mateixos han protagonitzat. La tesi que defensa Antoni Bolinches és que una part important de les dones d'èxit està pagant en soledat amorosa seus èxits socials, culturals i professionals, mentre que els homes que han assolit una preeminència semblant optimitzen les seves possibilitats de trobar parella. Per què es dona aquest resultat antagònic? Per què les dones tenen dificultats on els homes troben facilitats? En aquest interessant assaig el reconegut psicòleg dona resposta a aquests interrogants i reflexiona sobre un nou i injust fenomen psicosocial de naturalesa sexista a què s'ha anomenat «síndrome de les superdones». Si vol conèixer en què consisteix, qui pot patir-lo i com pot tractar-se, només ha de començar a llegir.

**Handbook of Research on the Impact of COVID-19 on Marginalized Populations and Support for the Future** Wahab, Haris Abd 2021-06-11 The COVID-19 pandemic has posed significant risks to particular communities and individuals, including indigenous communities, migrant workers, refugees, transgender individuals, and the homeless population. The disadvantaged population is overwhelmed by deprivation, inequality, unemployment, and infections, both communicable and non-communicable, which make them more vulnerable to COVID-19 and its negative consequences. These marginalized groups struggle to obtain an admirable political representation and face marginalization and lack of access to health, education, and social services. It is imperative that these marginalized groups and their right to life and their livelihoods are supported, especially when they are put at risk during global crises, such as the COVID-19 pandemic. The Handbook of Research on the Impact of COVID-19 on Marginalized Populations and Support for the Future represents a way of acknowledging an improved, pandemic-free, and prosperous environment for everyone in the future where society does not leave behind any poor or marginalized individuals. The book is a representation of the voice of the marginalized people in the new normal attempting to draw on a comprehensive knowledge bank, which includes anthropology, sociology, gender studies, media, education, indigenous dimension, philosophy, bioethics, care ethics, and more. This book focuses solely on the marginalized people, examines the oppressed communities in depth, and provides insights on how we should stand by these vulnerable people. This book is a valuable tool for social workers, government bodies, policymakers, social justice advocates, human rights activists, researchers in gender and race studies,

practitioners, academicians, and students interested in how COVID-19 has impacted marginalized populations and how social justice can be advocated for in the future.

**El Teatro Pánico de Fernando Arrabal** Diego Santos Sánchez 2014 Este libro es el primero en examinar lo radicalmente nuevo y desafiante Teatro Pánico, un grupo de obras compuestas por Arrabal entre 1957 y 1966, en el apogeo del movimiento avant-garde. ENGLISH VERSION This book is the first to examine closely the radically new and challenging Panic Theatre, a group of plays composed by Arrabal between 1957 and 1966, at the zenith of the avant-garde movement.

**Feminismo, diferencia sexual y subjetividad nómada** Rosi Braidotti Este volumen ofrece un marco para analizar, decodificar y juzgar los cambios que se han producido en las condiciones históricas y en el imaginario social de las sociedades posindustriales, poscoloniales y poscomunistas al entrar en el nuevo milenio. Entre los factores que más inciden en la reestructuración del imaginario social contemporáneo están las nuevas tecnologías. Los análisis se centran en las representaciones de los sujetos corpóreos que están experimentando una amplia revalorización cultural en contextos sociales, culturales y políticos específicos de la posmodernidad tardía. La encarnación, la subjetividad, la sexualidad y la diferencia sexual son algunos de los términos clave que se discuten en este libro con referencia especial a los trabajos de los filósofos Gilles Deleuze y Luce Irigaray. Braidotti aboga por la necesidad de establecer definiciones del sujeto como no-unitario y nómada que, sin embargo, no supriman la noción de agencia o de responsabilidad. La teoría y la práctica feministas ofrecen las bases innovadoras y normativas de este proyecto: en primer lugar, las diferencias sexuales en tanto teoría asimétrica de relaciones de poder en la esfera social y la simbólica; en segundo lugar, las políticas de la ubicación o, en su versión epistemológica, de "conocimiento localizado" como una teoría radical de la responsabilidad; en tercer lugar, la cuestión específica de la corporeización o del materialismo corpóreo, tal como la han elaborado las filósofas feministas posestructuralistas. En diálogo y en amistoso desacuerdo con las principales interpretaciones norteamericanas de la filosofía francesa, este libro propone una teoría de las prácticas imbricadas de la subjetividad, que reflejan el contexto social e histórico de un tiempo de crisis y transformación.

*Allegories of Love* Diana de Armas Wilson 2014-07-14 In the work he considered his masterpiece, *Persiles and Sigismunda*, Cervantes finally explores the reality of woman--an abstraction largely idealized in his earlier writing. Traditional critics have perpetuated this disembodied ideal woman: "Every Man," claimed the translators of the 1706 *Don Quixote*, has "some darling Dulcinea of his Thoughts." As Diana de Armas Wilson shows, however, Cervantes himself envisioned the radical embodiment of "Dulcinea" in the later *Persiles*, a pan-European Renaissance allegory. Wilson illuminates Cervantes's strategic use of the ancient genre of Greek romance to contest various chivalric fictions about women, love, and marriage--fictions collapsing under the constraints of an emerging bourgeois culture. Taking as her subject Cervantes's erotic imperative--to leave behind "barbaric" notions of love in quest of a new conceptual space--Wilson demonstrates how the heroes of the *Persiles*, unlike *Don Quixote*, learn to cross the borders of difference. Their journey toward marriage is illustrated by thirteen inset "exemplary novels," perhaps the most exploratory of Cervantes's writings. *Allegories of Love* not only examines the fundamental importance of sexual and cultural difference in Cervantes's last romance, but also reveals the historical conditions of representation itself during the late Renaissance. [Subsanar Las Desigualdades En Una Generacin](#) World Health Organization 2009-04 " Para la Comisión sobre Determinantes Sociales de la Salud,

reducir las desigualdades en materia de salud es un imperativo ético. La injusticia social está acabando con la vida de muchísimas personas." El informe final de la Comisión sobre Determinantes Sociales de la Salud identifica aspectos cruciales de las condiciones de vida cotidianas y de los factores estructurales subyacentes que las influyen, sobre los que es preciso actuar. El informe proporciona un análisis de los determinantes sociales de la salud y ejemplos concretos de tipos de medidas que han demostrado su eficacia para mejorar la salud y la equidad en materia de salud en países de todos los niveles de desarrollo socioeconómico. La parte 1 plantea la situación y expone los fundamentos lógicos de un movimiento mundial orientado a promover la equidad en materia de salud mediante medidas relacionadas con los determinantes sociales de la salud. Esta parte describe la amplitud del problema entre los países y dentro de ellos, señala lo que la Comisión cree son las causas de las inequidades en materia de salud y sugiere soluciones posibles. La parte 2 presenta el enfoque adoptado por la Comisión respecto de los datos y del indispensable valor que supone reconocer y utilizar la amplia diversidad de los diferentes tipos de conocimientos. Esta parte describe los principios básicos aplicados para seleccionar los determinantes sociales que serán objeto de análisis y sugiere, mediante un marco conceptual, de qué manera pueden interactuar esos determinantes. Las partes 3, 4 y 5 describen más detalladamente las conclusiones y recomendaciones de la Comisión. Los capítulos de la parte 3 abordan las condiciones de vida cotidianas, los aspectos más evidentes del nacimiento, el crecimiento y la educación; la vida y el trabajo; y la utilización de los servicios de salud. Los capítulos de la parte 4 se refieren a condiciones más estructurales, tales como las políticas sociales y económicas que determinan el crecimiento, la vida y el trabajo; las funciones relativas del Estado y el mercado para proporcionar un acceso fácil y equitativo a la salud; y las condiciones generales en los planos internacional y global que pueden facilitar o dificultar la aplicación de medidas de alcance nacional y local en pro de la equidad en materia de salud. La parte 5 se centra en la importancia crítica de los datos, no meramente en los de la investigación convencional, sino en los que aporten evidencias del mejoramiento o el deterioro de la calidad de vida y la salud de las personas, que sólo se pueden alcanzar mediante el compromiso y la capacidad en lo que concierne a la vigilancia y el seguimiento de la equidad en materia de salud. Por último, la parte 6 retoma cuestiones que la Comisión ha identificado y de las que dependerá el futuro de un movimiento mundial orientado a la equidad en materia de salud, incluidas las relativas a las redes mundiales, los vínculos regionales con la sociedad civil en todo el mundo, el creciente grupo de países asociados que promueven el progreso de los programas sobre determinantes sociales de la salud, los principales programas de investigación y las oportunidades de cambio en los ámbitos del gobierno y las instituciones mundiales. **Masculinidad tóxica** Sergio Sinay 2016-08-01 Un clásico que explora un tema lamentablemente vigente: el modelo masculino fundado en la agresividad, la fuerza y la anestesia emocional. De lectura obligatoria. "Hace diez años, cuando se publicó por primera vez este libro, los varones teníamos muchas tareas pendientes -dice en el prólogo a esta nueva edición ampliada el ensayista Sergio Sinay-. La mayoría de esos deberes siguen allí, esperándonos." El modelo masculino, plenamente vigente y hegemónico, se basa en la agresividad, el rendimiento, la fuerza y la anestesia emocional. Ha pasado una década de la primera edición de estas páginas y el autor sigue sosteniendo, todavía y a su pesar, que es impostergable denunciar y transformar ese modelo. Después de la formidable convocatoria de Ni Una Menos en junio de 2015, creímos más que oportuno revisar las cifras de la primera edición, analizar cuánto había cambiado la situación de las mujeres y cuán tóxico se mantenía el concepto de masculinidad en

nuestras sociedades.

**Pólvora, sangre y sexo** Assen Kokalov 2014-03-01 The book examines the links between literature and film in Latin America by using queer theory and a series of recent cultural productions whose arguments destabilize traditional gender roles and heteronormative masculinity. For many years, the connections between a literary text and its film adaptation have been considered only from the point of view of the latter's fidelity to the written work, which many scholars imagined to be the original that filmmakers needed to respect. Within the last two decades, however, the idea of adaptation fidelity has been challenged by a number of critics who refute the existence of an original text and promote the notion of an ambiguous and complex relationship between a literary work and its film adaptation. Based on such developments and with the help of queer theory, this book questions and revises several crucial theoretical approximations that analyze the relations between the two art forms in an attempt to overcome the limitations of fidelity discourse. This is the first book-length study that seeks to examine, with the appropriate detail, the connections between film and literature in Latin America through the lenses of queer theory and by focusing on the representations of numerous practices that do not fit within the general framework of heteronormative sexuality.

*Latin American Social Work in the Justice System* Claudia Reyes-Quilodrán 2023-06-28 Social work has long been working directly with the criminal and civil courts of the justice system. The work of Latin American practitioners in the legal system, however, is little known at global and local levels. This book is the first to go beyond Western-centric appraisals and presents a truly Latin American portrait of social work in the justice system. The long-term interaction of social work practitioners with the judicial system enabled them to develop an expertise to dialogue with other disciplines such as law and psychology. This knowledge is very important to identify and share with other professionals to develop specialized programs for education and training. In this sense, positive and negative experiences of social work in the justice system allow one to improve its practice. It is crucial to identify local experiences and the great dilemmas that the profession faces on this subject. The volume's chapters deal with these dynamics in Latin American countries including: Forensic Social Work: The construction of possible ways of the criminal intervention Socio-Legal Social Work in the Field of Criminal Defense Family and Community Life: Contributions of Social Work to the Debate in Family Courts Support to Victims in High-conflict Scenarios: An approach from the socio-legal, the pedagogical, and the care perspectives The Assessment of Child and Adolescent Sexual Abuse Allegations from a Social Work Perspective Latin American Social Work in the Justice System is essential reading for students, researchers, academicians, policymakers, and practitioners who are interested in international social work with a special focus on Latin American countries and legal culture. Students and scholars in law, development studies, and public policy as well as psychologists working with and interested in the judicial system would also find this book a useful resource.

**Carajicomedia** Frank Domínguez 2015 A study and edition of one of the most ignored works of early Spanish literature because of its strong sexual content, this work examines the social ideology that conditioned the reactions of people to the events it describes as well as Fernando de Rojas's masterpiece, *Celestina*.

**La trata de mujeres con fines de explotación sexual** Iglesias Skulj, Agustina Del análisis minucioso realizado por la autora queremos destacar el que hace sobre los sujetos especialmente vulnerables (mujeres, niños y niñas) y las formas que propone para percibir y reducir la vulnerabilidad. También el análisis de la trata de personas como un proceso (con sus modalidades de explotación sexual y laboral ilegal). Se atreve a formular propuestas metodológicas para una legislación y una política eficaz contra la trata. Y para eso repasa las realizadas en el derecho comparado en esta etapa contemporánea. En ello nos parece encontrar buenos argumentos para cuidarse de que se solidifiquen nuevas representaciones de “lo femenino”, que puedan ser usadas para profundizar especiales situaciones de vulnerabilidad. Abandonar la idea de “mujer” permite analizar las necesidades de mujeres concretas, e intentar desarrollar políticas y leyes que reduzcan sus vulnerabilidades y que, por lo menos, no las reproduzcan y amplíen.

**La industria del sexo en Quito** Pamela Villacres Manzano 2009 Esta investigación se enfoca particularmente en la participación de mujeres inmigrantes colombianas y resalta su agencia en sus opciones laborales y migratorias. Por otra parte analiza el trabajo sexual como una actividad económica. El libro intenta revelar las mediaciones que el mercado sexual presenta y que dan especificidad y peculiaridad al trabajo sexual.

#### **HACIA UNA ANTROPOLOGÍA TEOLÓGICA DE LA SEXUALIDAD 2012**

Violated Frames Victoria Ruetalo 2022-01-11 When Armando Bó and Isabel Sarli began making sexploitation films together in 1956, they provoked audiences by featuring explicit nudity that would increasingly become more audacious, constantly challenging contemporary norms. Their Argentine films developed a large and international fan base. Analyzing the couple's films and their subsequent censorship, *Violated Frames* develops a new, roughly constructed, and "bad" archive of relocated materials to debate questions of performance, authorship, stardom, sexuality, and circulation. Victoria Ruétalo situates Bó and Sarli's films amidst the popular culture and sexual norms in post-1955 Argentina, and explores these films through the lens of bodies engaged in labor and leisure in a context of growing censorship. Under Perón, manual labor produced an affect that fixed a specific type of body to the populist movement of Peronism: a type of body that was young, lower-classed, and highly gendered. The excesses of leisure in exhibition, enjoyment, and ecstasy in Bó and Sarli's films interrupted the already fragmented film narratives of the day and created alternative sexual possibilities.

**Bullying** José Ramón Ubieto 2016-02-01 Los adolescentes olvidan sus juguetes infantiles para vérselas con una nueva pareja: su cuerpo sexualizado que les produce extrañeza y los inquieta. Es allí donde la tentación del bullying aparece como una falsa salida: manipular el cuerpo del otro bajo formas diversas (ninguneo, agresión, exclusión, injuria) les permite poner a resguardo el suyo. Para eso hay que designar un chivo expiatorio y golpear y destruir esa diferencia que se le imputa a la víctima y que deviene, para algunos, insoportable porque confronta a cada uno con la asunción de su sexualidad y con encontrar un lugar en ese nuevo mundo que sucede a la adolescencia. Abordar el acoso implica acompañar a esos adolescentes en su delicado tránsito.

**Carceral Liberalism** Shreerekha Pillai 2023-08-15 One of Ms. Magazine's Most Anticipated Books of 2023 Carceral liberalism emerges from the confluence of neoliberalism, carcerality, and patriarchy to construct a powerful ruse disguised as freedom. It waves the feminist flag while keeping most women still at the margins. It speaks of a post-race society while one in three Black men remain incarcerated. It sings the praises of capital while the dispossessed remain mired in debt. Shreerekha Pillai edits essays on carceral liberalism that continue the trajectory of the Combahee River

Collective and the many people inspired by its vision of feminist solidarity and radical liberation. Academics, activists, writers, and a formerly incarcerated social worker look at feminist resurgence and resistance within, at the threshold of, and outside state violence; observe and record direct and indirect forms of carcerality sponsored by the state and shaped by state structures, traditions, and actors; and critique carcerality. Acclaimed poets like Honorée Fanonne Jeffers and Solmaz Sharif amplify the volume's themes in works that bookend each section. Cutting-edge yet historically grounded, *Carceral Liberalism* examines an American ideological creation that advances imperialism, anti-blackness, capitalism, and patriarchy. Contributors: Maria F. **Sex Code Femenino** Sergio Fosela 2023-01-16 Las necesidades eróticas de la mujer actual van mucho más allá de superar las disfunciones o patologías sexuales. Tienen que ver con la libertad sexual. Una libertad llena de trampas. Porque, aunque ya nadie duda de la capacidad de la mujer de desear y de sentir placer —los movimientos generados por la famosa saga Cincuenta sombras de Grey y el famoso succionador de clítoris así lo demuestran—, su libertad es constantemente vigilada y juzgada. Estas páginas constituyen una guía sin censura sobre la interesante y desconocida erótica femenina real. He recopilado las inquietudes sexuales relatadas por los cientos de mujeres que acuden a mi consulta creyendo estar rotas o ser raras. Una transformadora lectura para comprender, para aprender, e, incluso, para autorreconocerse, que ofrece un abordaje transversal de la sexualidad de la mujer proporcionando una visión más amplia y menos normativa sobre la misma. Hablo de deseo, excitación y orgasmo, pero también de atracción, de impulso sexual, de sensualidad, de erotismo, de miedos, de placer —a solas y en pareja—, de comunicación, de culpa, de expresión sexual, de cultivo de la sexualidad, de vergüenza, de complacencia... Temas de una importancia capital que, para muchas, aún están por resolver. Si eres mujer, aquí encontrarás ejercicios, consejos y recomendaciones para abrirte paso a una nueva y fascinante dimensión de placer, de sexualidad y de erotismo, en la que, por fin, podrás ser tú misma. «En este libro, Sergio Fosela hace una recopilación de situaciones cotidianas que se presentan en nuestro día a día. ¿Quién no ha sido testigo de la brutal revolución que supusieron, hace un par de años, los estimuladores de clítoris, que se llegaron a regalar como detalle navideño en las empresas, que pusieron en el mapa la masturbación femenina y que atrajeron al hombre hacia el debate del placer femenino, reivindicándolo y naturalizándolo? Ese es el trabajo que, como sociedad avanzada, tenemos que llevar a cabo». Lorena Berdún
