

Factory Girl

The Matchgirl - Lynette Rees 2018-07-26

A heartwarming saga, from the ebook bestselling author of THE WORKHOUSE WAIF Sixteen-year-old Lottie Perkins has an important decision to make... Conditions at the match factory she works at are dire. The girls get treated badly by the management and there is a severe risk to their health. But then a young journalist, Annie Besant, begins asking questions. Will Lottie and the other girls welcome her help, even when it could cost them their jobs - and their livelihoods...? Please note: this edition contains editorial revisions

Factory Girl, Factory Films - Gary Needham 2021-03-11

Edie Sedgwick, socialite, model, fashion icon, film star, and collaborator in Andy Warhol's underground cinema of the 1960s. The legacy of Edie Sedgwick as the New York fashion icon (Vogue's 'youthquaker' and Life's 'girl with the black tights') and associate of Andy Warhol is still keenly felt today with the recent homage to her in a collection by Marc Jacobs, and an earlier one at Dior in 2005, and even thirty-three years after her death (then only 28 years old) her image was used to front a successful NARS cosmetics campaign; in short, Edie Sedgwick is the definition of iconic. Factory Girl, Factory Films is the first to explore the relationship between Edie Sedgwick and Warhol anew specifically in relation to the filmmaking and cinema, detailing all 22 films and 3 videos. Gary Needham explores several issues relevant to the study of Warhol and Warhol's cinema, and proposing important new frameworks around collaborative artistic practices, acting, performance, stardom, and underground cinema.

Factory Girls - Michelle Gallen 2022-06-23

'The perfect pick for those missing their dose of Derry Girls' Irish Examiner 'Entertaining, touching and savagely funny' Sunday Times 'Vital, bang-on, and seriously funny' Roddy Doyle It's the summer of 1994, and all Maeve Murray wants is some money and good exam results so she can escape her shitty wee town in Northern Ireland. Over the holidays, Maeve bags herself a job at the local shirt factory with her best friends Caroline and Aoife. It's set to be the summer of their lives, but first she's got to survive a tit-for-tat paramilitary campaign as brutal as her relationship with her mam, iron 800 shirts a day to keep her job and dodge the attentions of Handy Andy Strawbridge, her slimy English boss. And when she starts to notice things aren't adding up at the factory, it seems like revealing the truth may just be her one-way ticket out of town.

Factory Girl - Josanne La Valley 2017-01-10

In order to save her family's farm, Roshen, sixteen, must leave her rural home to work in a factory in the south of China. There she finds arduous and degrading conditions and contempt for her minority (Uyghur) background. Sustained by her bond with other Uyghur girls, Roshen is resolved to endure all to help her family and ultimately her people. A workplace survival story, this gritty, poignant account focuses on a courageous teen and illuminates the value—and cost—of freedom.

Mr Manchester and the Factory Girl - Lindsay Reade 2016-08-15

A classic tale of sex, drugs, and rock'n'roll, this heartfelt and searingly honest memoir details the relationship between Tony Wilson (the legendary impresario behind Factory Records, Joy Division, New Order and the Happy Mondays) and his first wife, Lindsay Reade.

Factory Girls - Michelle Gallen 2022-11-29

A funny, fierce, and unforgettable read about a young woman working a summer job in a shirt factory in Northern Ireland, while tensions rise both inside and outside the factory walls. It's the summer of 1994, and all smart-mouthed Maeve Murray wants are good final exam results so she can earn her ticket out of the wee Northern Irish town she has grown up in during the Troubles. She hopes she will soon be in London studying journalism—away from her crowded home, the silence and sadness surrounding her sister's death, and most of all, away from the violence of her divided community. As a first step, Maeve's taken a job in a

shirt factory working alongside Protestants with her best friends. But getting the right exam results is only part of Maeve's problem—she's got to survive a tit-for-tat paramilitary campaign, iron 100 shirts an hour all day every day, and deal with the attentions of Handy Andy Strawbridge, her slick and untrustworthy English boss. Then, as the British loyalist marching season raises tensions among the Catholic and Protestant workforce, Maeve realizes something is going on behind the scenes at the factory. What seems to be a great opportunity to earn money turns out to be a crucible in which Maeve faces the test of a lifetime. Seeking justice for herself and her fellow workers may just be Maeve's one-way ticket out of town. Bitingly hilarious, clear-eyed, and steeped in the vernacular of its time and place, Factory Girls tackles questions of wealth and power, religion and nationalism, and how young women maintain hope for themselves and the future during divided, violent times.

Edie, Factory Girl - Nat Finkelstein 2006

She was riveting to look at, a sprite of the zeitgeist, the living distillation of the over-amped vision of New York in the mid-sixties. Like many exotic creatures that Andy Warhol shed his light on, she initially bloomed--became the symbol for all that was hip and stylish--and just as quickly began to disintegrate. Told with unsparing candor and with candid images that capture her at the peak of her Factory stardom, Edie Factory Girl is the short but enduring cultural story of Edie Sedgwick--releasing in time for the film of the same name starring Slenna Miller, and including rare photos of Miller as Edie. David Dalton was just a teen when he became one of Warhol's first assistants, and was present for the arrival of Edie: witnessing her rise, her Factory superstardom, and subsequent unraveling. Like an anthropologist thrown together with a tribe of "wild" people, Nat Finkelstein entered the Factory just as Warhol was emerging as the supreme catalyst of the sixties. Among the freaky menagerie, Nat found Andy's misbegotten princess the most fascinating and enigmatic character of her time, and with a compassionate lens recorded her fragile, fleeting beauty. Edie Factory Girl is a privileged glimpse into Warhol's inner sanctum, via revealing interviews with intimates, friends, and scenesters, in which Edie orbits around the likes of Bob Dylan, Salvador Dali, Betsey Johnson, Lou Reed, Judy Garland, and many more, before departing as quickly as she came.

Factory Girl - Pamela Oldfield 2011

Everybody knows the sad tale of the Little Match Girl, but less well known is the story of the girls and women who slaved fourteen hours a day in the match factories for appalling pay, only to contract such fatal complaints as phossy jaw. The brutality of these conditions was brought to a head with the London Match Girls Strike of 1888. Told from the perspective of a young factory worker, this new title offers a fascinating insight into Victorian child labour.

The Factory Girl - 1860

Factory Girl - Barbara Greenwood 2007-02-01

At the dingy, overcrowded Acme Garment Factory, Emily Watson stands for eleven hours a day clipping threads from blouses. Every time the boss passes, he shouts at her to snip faster. But if Emily snips too fast, she could ruin the garment and be docked pay. If she works too slowly, she will be fired. She desperately needs this job. Without the four dollars a week it brings, her family will starve. When a reporter arrives, determined to expose the terrible conditions in the factory, Emily finds herself caught between the desperate immigrant girls with whom she works and the hope of change. Then tragedy strikes, and Emily must decide where her loyalties lie. Emily's fictional experiences are interwoven with non-fiction sections describing family life in a slum, the fight to improve social conditions, the plight of working children then and now, and much more. Rarely seen archival photos accompany this story of the past as only Barbara Greenwood can tell it.

Factory Girls - Leslie T. Chang 2009-08-04

An eye-opening and previously untold story, *Factory Girls* is the first look into the everyday lives of the migrant factory population in China. China has 130 million migrant workers—the largest migration in human history. In *Factory Girls*, Leslie T. Chang, a former correspondent for the *Wall Street Journal* in Beijing, tells the story of these workers primarily through the lives of two young women, whom she follows over the course of three years as they attempt to rise from the assembly lines of Dongguan, an industrial city in China's Pearl River Delta. As she tracks their lives, Chang paints a never-before-seen picture of migrant life—a world where nearly everyone is under thirty; where you can lose your boyfriend and your friends with the loss of a mobile phone; where a few computer or English lessons can catapult you into a completely different social class. Chang takes us inside a sneaker factory so large that it has its own hospital, movie theater, and fire department; to posh karaoke bars that are fronts for prostitution; to makeshift English classes where students shave their heads in monklike devotion and sit day after day in front of machines watching English words flash by; and back to a farming village for the Chinese New Year, revealing the poverty and idleness of rural life that drive young girls to leave home in the first place. Throughout this riveting portrait, Chang also interweaves the story of her own family's migrations, within China and to the West, providing historical and personal frames of reference for her investigation. A book of global significance that provides new insight into China, *Factory Girls* demonstrates how the mass movement from rural villages to cities is remaking individual lives and transforming Chinese society, much as immigration to America's shores remade our own country a century ago.

The Factory Girl - Ariel Ivers Cummings 1847*The Factory Girl* - Nancy Carson 2015-05-11

Henzey is no ordinary factory girl...

Mary Ashley the Factory Girl: or, Facts upon Factories - Frederic MONTAGU (of Lincoln's Inn.) 1839**The Factory Girl** - Maggie Ford 2015-05-21

From rags to riches... With the Armistice only a few months passed, times are hard for eighteen-year-old Geraldine Glover. A machinist at Rubins clothing factory in the East End, she dreams of a more glamorous life. When she meets Tony Hanford, the young and handsome proprietor of a small jeweller's shop in Bond Street, Geraldine is propelled into a new world – but it comes at a heavy price...

The Factory Girl's Song - Faye Godwin 2019-03-11

Olive Wickes knew a better life once. Before their old master died, her family lived in comfortable servants' quarters beside a garden where birdsong echoed through the day. But the new young master turned them out, and now Olive, her parents, and her five-year-old brother Jimmy are struggling to get by. In their cold and desolate tenement, Olive sings to Jimmy about the birds of the garden, trying to cling to hope. Things go from bad to worse when Father succumbs to consumption. Without his job at the docks, the family can't get by. They try to survive on the streets, but it's an impossible task for a destitute mother and her two small children. Olive embarks on a journey of loss and survival in the brutal setting of Victorian London. She has to survive the deaths of loved ones, the appalling conditions in the slums of Old Nichol, and worst of all, the horrors of a match factory and the deadly diseases lurking inside. But one bright thread runs through her story: a kind and handsome boy who gives her bread and whistles just like a nightingale. Might he be the thread by which she can pull herself back up into a better life?

Factory Girl Literature - Ruth Barraclough 2012-06

As millions of women and girls left country towns to generate Korea's manufacturing boom, the factory girl emerged as an archetypal figure in twentieth-century popular culture. This book explores the factory girl in Korean literature from the 1920s to the 1990s, showing the complex ways in which she has embodied the sexual and class violence of industrial life.

Songs of a Factory Girl - Ethel Carnie 1911**The Factory Girl and the Seamstress** - Amal Amireh 2021-12-24

This book studies the representations of working-class women in canonical and popular American fiction between 1820 and 1870. These representations have been invisible in nineteenth century American literary and cultural studies due to the general view that antebellum writers did not engage with their society's economic and social realities. Against this view and to highlight the cultural importance of working-class women, this study argues that, in responding to industrialization, middle class writers such as Melville, Hawthorne, Fern, Davies, and Phelps used the figures of the factory worker and the seamstress to express their anxieties about unstable gender and class identities. These fictional representations were influenced by, and contributed to, an important but understudied cultural debate about wage labor, working women, and class.
