The Female Face of Shame - Erica L. Johnson 2013-05-16
 The female body, with its history as an object of social control, expectation, and manipulation, is central to understanding the gendered construction of shame. Through the study of 20th-century literary texts,

The Female Face of Shame explores the nexus of femininity, female sexuality, the female body, and shame. It demonstrates how shame structures relationships and shapes women's identities. Examining works by women authors from around the world, these essays provide an

interdisciplinary and transnational perspective on the representations, theories, and powerful articulations of women's shame.

The Oxford Handbook of Theology, Sexuality, and Gender - Adrian Thatcher 2015

Selected essays draw on reason as a distinct source of theology, discussing evolutionary biology and behavioural genetics, psychology, anthropological research, philosophical research, and queer theory. It examines the history of theologies of sexuality and gender, with close analysis of the Bible and the Christian tradition.

Stitched-up - Stephanie Vermeulen 2004

This feisty and inspiring treatise blames the destructive cultural myth of female self-sacrifice for the desire for breast implants, the conservative insistence on family values, and the general cultural attitude that prevents women from supporting one another's accomplishments. Using everything from psychological analysis to clever fairy-tale parodies--called "fairer tales"--the author promotes an ideology for women that is neither bra-burning feminism nor passive conservatism, but rather a belief in self-development.

ThirdWay - 1995-12

Monthly current affairs magazine from a Christian perspective with a focus on politics, society, economics and culture.

The Queer Bible Commentary, Second Edition - Mona West 2022-09-30

First published over ten years ago, *The Queer Bible Commentary* brings together the work of several scholars and pastors known for their interest in the areas of gender, sexuality and Biblical studies.

Contributors draw on feminist, queer, deconstructionist, utopian theories, the social sciences and historical-critical discourses. The focus is both how reading from lesbian, gay, bisexual and/or transgender perspectives affect the reading and interpretation of biblical texts and how biblical texts have and do affect LGBTQ+ communities. This revised 2nd edition includes updated bibliographies and chapters taking into account the latest literature relating to queer interpretation of scripture.

Queer Virtue - The Reverend Elizabeth M. Edman 2017-05-23

LGBTQ people are a gift to the Church and have the potential to

revitalize Christianity. As an openly lesbian Episcopal priest and professional advocate for LGBTQ justice, the Reverend Elizabeth Edman has spent her career grappling with the core tenets of her faith. After deep reflection on her tradition, Edman is struck by the realization that her queer identity has taught her more about how to be a good Christian than the church. In *Queer Virtue*, Edman posits that Christianity, at its scriptural core, incessantly challenges its adherents to rupture false binaries, to "queer" lines that pit people against one another. Thus, Edman asserts that Christianity, far from being hostile to queer people, is itself inherently queer. Arguing from the heart of scripture, she reveals how queering Christianity—that is, disrupting simplistic ways of thinking about self and other—can illuminate contemporary Christian faith. Pushing well past the notion that "Christian love = tolerance," Edman offers a bold alternative: the recognition that queer people can help Christians better understand their fundamental calling and the creation of sacred space where LGBTQ Christians are seen as gifts to the church. By bringing queer ethics and Christian theology into conversation, Edman also shows how the realities of queer life demand a lived response of high moral caliber—one that resonates with the ethical path laid down by Christianity. Lively and impassioned, Edman proposes that queer experience be celebrated as inherently valuable, ethically virtuous, and illuminating the sacred. A rich and nuanced exploration, *Queer Virtue* mines the depths of Christianity's history, mission, and core theological premises to call all Christians to a more authentic and robust understanding of their faith.

Gender Roles - Linda L. Lindsey 2015-10-14

Offers a sociological perspective of gender that can be applied to our lives. Focusing on the most recent research and theory—both in the U.S. and globally—*Gender Roles*, 6e provides an in-depth, survey and analysis of modern gender roles and issues from a sociological perspective. The text integrates insights and research from other disciplines such as biology, psychology, anthropology, and history to help build more robust theories of gender roles.

Women, Religion, and Space - Karen M. Morin 2007-06-01

This volume studies females who practice or interact with gender norms of Christianity, Judaism, and Islam in relation to the geography of place. The book focuses on attempts by religious and secular authorities to control women's access to distinct spaces to show how religious women navigate harsh terrain and attain mobility within established institutions. The writings are grouped under three sections: "Women and Colonial Regimes," "Religion and Women's Mobility," and "New Spaces for Religious Women." Secular, critical, and comparative viewpoints are explored, with much of the scholarship steeped in fieldwork, i.e., an orthodox district in Jerusalem, a shopping mall in Istanbul, women travelers in Pakistan, and Korean immigrant women in Los Angeles. Contributors broaden notions of space to extend beyond architecture, national borders, external and internal boundaries, and assorted identifying markers, such as race or clothing. In examining a "new" aspect of space/geography these essays promote challenge, irony, and unexpected avenues of thought. Multi-cultural and international in scope, this work makes a significant, groundbreaking contribution to the field of geography.

Words Made Flesh - Elaine Graham 2013-01-25

Words Made Flesh draws together a number of Elaine Graham's shorter writings and essays and thereby maps out the work of a pioneer theological thinker and the development of pastoral and practical theology in the last twenty years. Elaine Graham considers the theological significance of topics as diverse as nativity plays, science fiction, gender, consumerism, cyberspace and urban regeneration. They all share a concern with the way the sources and norms of the Christian tradition can enter into a creative and critical conversation with contemporary experience in order to generate the 'practical wisdom' by which the life of the Church can be directed. They reflect Elaine Graham's fundamental conviction that theology as 'talk about God-in-the-world' is always practical and public - and that it begins and ends in the complexities of the human condition: where words become flesh.

Controversies in Queer Theology - Susannah Cornwall 2011

An introduction to one of the most challenging areas of contextual

theology. Queer theology is a significant new development and central to much current teaching and thinking about gender, sexuality and the body.

The Theory of Christian Psychology - Eva Klostreich 2008-07-17

The Theory of Christian Psychology comes from the worldview that sees humanity as the object of a love relationship with Jesus Christ. Parallel to Buddhist forms of Psychology, The Theory of Christian Psychology meets the worldwide Christian population need for its own Psychology. The Theory of Christian Psychology presents a flexible foundation, addressing personality with full humanity dimension, integrating principles of clinical psychology found in Psychoanalytic Psychodynamic Psychology. Soundly Biblical and non-denominational it focuses on key precepts that bind Christianity together. The Theory of Christian Psychology bridges clinical psychology and theology in an intersection of power accessibility. Psychology has been culture alien to Christianity. I have been asked to leave churches who only need God when they discovered I was a psychologist, and criticized by others, who only need psychology. Sound psychological principles are inherent throughout the Bible. There is no dichotomy necessary. We just need to speak the same language to clearly see the intersection. Issues addressed in The Theory of Christian Psychology carry relevancy for law and education. Her first book, Dr. Klostreich plans to continue to write and speak. She is initiating The Institute for Christian Psychology to offer seminars, training, certification and ongoing research.

Gender and Christian Ethics - Adrian Thatcher 2020-10-22

Provides strong theological arguments for replacing the binary understanding of gender, and for the embracing of sexual minorities.

Dreaming of Eden - Kathy Galloway 1997

Sexuality as life journey, including: - Christianity and sexual violence - Impact of feminism and gay thought on male heterosexuality - Incarnating feminist theology - Reconstruction and deconstruction of marriage - Celibacy; a subversive proclamation of Christian freedom, or sexual repression?

De-Centering Sexualities - Richard Phillips 2005-08-19

This book of critical rural geography breaks new ground by drawing attention to sex and sexualities outside the metropolis. It explores sexualities and sexual experiences in a variety of rural and marginal spaces with international contributions from a wide range of disciplines. These include: literary and cultural studies, lesbian and gay studies, geography, history and law. Among the topics uncovered are: * a lesbian in rural England * sexual life in rural Wales * sexuality in rural South Africa * scandal in the American South: sex, race and politics * nature and homosexuality in literature * Derry/Londonderry as a sexual space * how 'country folk' are sexualised in popular culture.

Values in Sex Education - J. Mark Halstead 2003

An accessible, yet authoritative book, situating sex education both in the primary and secondary school, within the current focus on values and citizenship.

Feminist Theology - Watson 2003-12-08

Rethinking the Christian faith from a woman's perspective has been an important advancement in modern theology. This book introduces the methods, ideas, and contributions of recent feminist theology to readers encountering the subject for the first time. Natalie Watson explores the historical background of feminist theology, discusses the value of reading Scripture from a feminist perspective, and shows how this approach can offer a critical, creative, and constructive rereading of the Christian tradition. She also sets forth some fresh ideas encouraging people to see feminism not as a threat to the church but as a challenging perspective that actually enhances its life in today's world. An extensive annotated bibliography invites readers to further study, presenting a wealth of books on feminist theology by many well-known authors. Ideal for classroom instruction, discussion groups, and personal study, this volume is an exceptional, user-friendly guide to contemporary feminist thought.

Introducing Feminist Perspectives on Pastoral Theology - Zoe Bennett Moore 2002-12-12

This book introduces feminist perspectives in pastoral theology. It is concerned both with pastoral care and practice and also with pastoral

theology and theory. It seeks to explore why the inclusion of women's experiences and of feminist perspectives is of vital importance to Christian pastoral practice and to a Christian understanding of God. The book is designed for concerned practitioners and also has specifically in mind the needs of students of pastoral theology. It begins with the lived experience of violence in Church and society, moving through to the implications of this for our understanding of the human community and the divine.

The Faith Lives of Women and Girls - Nicola Slee 2016-03-16

Identifying, illuminating and enhancing understanding of key aspects of women and girls' faith lives, *The Faith Lives of Women and Girls* represents a significant body of original qualitative research from practitioners and researchers across the UK. Contributors include new and upcoming researchers as well as more established feminist practical theologians. Chapters provide perspectives on different ages and stages of faith across the life cycle, from a range of different cultural and religious contexts. Diverse spiritual practices, beliefs and attachments are explored, including a variety of experiences of liminality in women's faith lives. A range of approaches - ethnographic, oral history, action research, interview studies, case studies and documentary analysis - combine to offer a deeper understanding of women's and girls' faith lives. As well as being of interest to researchers, this book presents resources to enhance ministry to and with women and girls in a variety of settings.

Some Issues in Human Sexuality - A Working Party of the House of Bishops 2003

This widely anticipated report will be welcomed by all who wish to come to a greater understanding of the issues surrounding homosexuality, bisexuality and transsexualism and the Church. It provides an in-depth account of the surrounding issues, and provides detailed analyses of key Scriptural passages.

Found Wanting - Alison R. Webster 1995

A controversial and trenchant critique of Christian teachings about sexuality, which demonstrates how Christianity has idolized a particular

heterosexual idea which has been devised, refined and imposed with

scant consideration of the experience, desires or needs of women.

Copyright © Libri GmbH. All rights reserved.
