fibers out of aerospace down to earth, making them affordable in a variety of everyday commercial products. Today, Zoltek carbon fibers can be found in most aircraft brakes, giant - over one hundred meters long - wind turbine blades and in cars, like the Tesla Roadster, Cadillac and Corvette. This book tells, in his own words, Zsolt's story, starting from living in an oppressive communist society in Hungary to experiencing freedom and unbridled opportunity in America. Zsolt, at the age of fourteen, along with his family, escaped from Budapest after the Russians crushed the 1956 revolution. He started in America as a poor immigrant, educated as a chemical engineer and spent a decade in the corporate world before striking out on his own. In this autobiography, Zsolt shares his life experiences as a skinny kid throwing Molotov cocktails at Russian tanks on the streets of his beloved Budapest to an exciting and full life in America. He also shares the inspirational business experiences of an entrepreneur starting with nothing and reaching great financial success. Zsolt's tale will not disappoint.

**Gilded Suffragists** Johanna Neuman 2019-03-01 New York City's elite women who turned a feminist cause into a fashionable revolution In the early twentieth century over two hundred of New York's most glamorous socialites joined the suffrage movement. Their names—Astor, Belmont, Rockefeller, Tiffany, Vanderbilt, Whitney and the like—carried enormous public value. These women were the media darlings of their day because of the extravagance of their costume balls and the opulence of the French couture clothes, and they leveraged their social celebrity for political power, turning women's right to vote into a fashionable cause. Although they were dismissed by critics as bored socialites “trying on suffrage as they might the latest couture designs from Paris,” these gilded suffragists were at the

epicenter of the great reforms known collectively as the Progressive Era. From championing education for women, to pursuing careers, and advocating for the end of marriage, these women were engaged with the swirl of change that swept through the streets of New York City. Johanna Neuman restores these women to their rightful place in the story of women's suffrage. Understanding the need for popular approval for any social change, these socialites used their wealth, power, social connections and style to excite mainstream interest and to diffuse resistance to the cause. In the end, as Neuman says, when change was in the air, these women helped push women's suffrage over the finish line.

**Ireland, India and Nationalism in Nineteenth-Century**

**Literature** Julia M. Wright 2007-04-19 In this innovative study Julia M. Wright addresses rarely asked questions: how and why does one colonized nation write about another? Wright focuses on the way nineteenth-century Irish writers wrote about India, showing how their own experience of colonial subjection and unfulfilled national aspirations informed their work. Their writings express sympathy with the colonised or oppressed people of India in order to unsettle nineteenth-century imperialist stereotypes, and demonstrate their own opposition to the idea and reality of empire. Drawing on Enlightenment philosophy, studies of nationalism, and postcolonial theory, Wright examines fiction by Maria Edgeworth and Lady Morgan, gothic tales by Bram Stoker and Oscar Wilde, poetry by Thomas Moore and others, as well as a wide array of non-fiction prose. In doing so she opens up new avenues in Irish studies and nineteenth-century literature.
