**How to Kiss a Girl for the First Time** - Jessica James 2016-08-05

The Art of Kissing has been written and talked about for years. A kiss is not just a kiss; it may even be a relationship breaker. There are studies that show a woman is more likely to remember the details of her first kiss than her first sexual experience and that puts an awful lot of pressure on a guy to perform well. There's a lot of advice about kissing out there but most of it assumes you've already made it past the first kiss, and a lot of the advice is completely wrong - Grab a tit and hold your breath - will only get you a slap in the face or even a knee in the groin. Let's face it, going for that first kiss can be an ordeal. But fear no more! In 'How To Kiss A Girl For The First Time, ' Jessica James gives you tips about kissing to keep you relaxed and confident while your lady will be left breathless. From pucker preparation to timing and 'teasing' to the kiss itself, Jessica will guide you to pleasurable success.

**Kissed the Girls and Made Them Cry** - Lisa Bevere 2002-04-14

How far can I go? It's the question of a generation wanting straight answers. Often the very questions we ask reveal our hearts better than anything else. In *Kissed the Girls and Made Them Cry*, Lisa Bevere tackles these tough issues by moving us from rules to relationship. There is no question we need a renewal of purity, but what we're doing is not working. How far can you go? Ask yourself: What do you ultimately want? Immediate and temporary gratification that wanes with the passage of time? Or passion and exclusive intimacy that endures and intensifies? God wants to move us beyond the restraint of the law (which arouses sin) and plant us into a garden of longing -- where our sexuality and passion is carefully guarded and cultivated until the time for its

awakening. This is a book for every daughter in waiting and every woman who has never known desire in her life and marriage.

**Thirty-something and Over it** - Kasey Edwards 2011

An irreverent and self-deprecating memoir by a successful and ambitious career woman who woke up one morning and realised she didn't want to go to work - not just that day, but ever again. Kasey Edwards had a glamorous, successful and highly coveted career, flying around the world consulting to blue-chip organisations and commanding a six-figure salary. But all of a sudden her job didn't seem quite so challenging or glamorous, the role she'd been playing as a high-powered business woman felt phoney, and her whole life lost its zing. Kasey embarked on a journey of discovery into why she'd lost her purpose and meaning, and what she needed to do to find it again. Kasey also follows the story of her best friend, Emma, a senior marketing executive suffering a similar crisis. Both Emma and Kasey are well and truly over it, yet their approaches - and the results - are very different. Written with great honesty and wit, *THIRTY SOMETHING AND OVER IT* is a memoir for modern women seeking the key to life, love and happiness.

*The Guyde* - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success.

Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

[You can't just kiss anyone you want](#) - Marzena SOWA

2017-04-19T00:00:00+02:00

A little boy tries to kiss a little girl. No big deal. The little girl gets away and sends the little boy packing. Nothing more than an anecdote amongst many others of any normal childhood. But if this event takes place at school in a Socialist republic, half way through a propaganda movie, years before the wall is even showing the slightest sign of giving out... Well, it's asking for trouble. This is the story of two children in a society in which paranoia and obsessive control mean that even the most innocent gesture can be blown completely out of proportion.

In these honest examinations of identity, desire, and self-worth, Jill explores perhaps the most monumental cultural shift of our lifetimes: the mainstreaming of lesbian culture"--

**Daddy was a German Spy** - Brian Edwards 2008-09-29

This engaging memoir covers the first 25 years of Brian Edward's life in Northern Ireland during the 1940s and 1950s. His father abandoned his wife and son in dramatic circumstances when Brian was still a baby. He grew up in 'lodgings', often cared for by landladies who were mad, bad or simply sad, while his mother was at work. In his early teens Brian desperately tried to track down his mysterious father but to no avail. Years later he discovered that he had at least one half-sister and that his father may well have been a German spy, a bigamist and a charming con-man who embezzled funds from numerous employers. While Brian's relationship with his parents and their extended families lies at the heart of this book, Daddy was a German Spy is also a funny, poignant and intriguing story about growing up in Northern Ireland.
