Scorpio - Vaibhav Chawadre 2018-01-17

One of the first things that you notice about Scorpios are their eyes; they will be very intense and totally hypnotic. Infact, many people find it very difficult to stand steady under a Scorpio's constant gaze. His eyes seem to be penetrating your soul, knowing your deepest secrets and desires. The truth is, more often than not, they are. Scorpios have a big ego. They know what they are and what they are not. It doesn't matter what you think about them. If you ask a Scorpio for a favour, it will be either a simple 'Yes' or 'No', not something like 'I will try'. If he really likes you, he will go out of the way to help you. You never have neutral feelings for a Scorpio; you will either be amongst his dedicated admirers or malicious enemies. However, no one challenges him openly, not even the most spiteful enemy. Scorpios have this lingering charm around them and are extremely sympathetic towards the sick or miserable. They are fearless and can stand anything from physical pain to poverty. If you are not sincere with your feelings, don't even try to get close to a Scorpio girl. With those beautiful, penetrating eyes of hers, she can read exactly what is on your mind. She can easily make out your real intentions, so Don't Flirt. It will amount to insulting her and I assure you, insulting her is not at all good for your health. Even when her tone is soothing, her disposition kind and her smile generous, she can be planning the most powerful retaliation. When a Scorpio woman is insulted or gets hurt, her fury knows no bounds Simply browse this book to learn in respect of the matters of heart, career and finances, business issues, office problems, family tensions, love and relationships, or whatever topic you may have in your mind for each of the zodiac signs

Astrology for Real Relationships - Jessica Lanyadoo 2019-12-31

A modern, inclusive guide to astrology that uses the zodiac to illuminate your love life as well as your relationships with your family, your friends, and yourself. When it comes to friendship, family, and romance, we all want the same things: to love and be loved, to communicate, to fight fair, and to feel okay in our own skin. Illuminating and accessible, *Astrology for Real Relationships* includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including: • Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself? • Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner? • Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

Soul Signs in Love - Diane Eichenbaum 2001-04-13

Do you believe that the key to finding your soul mate is only in your stars? That you and your partner must have compatible Sun signs if romance is going to thrive? Not so! The truth is that many couples who seem ideally matched astrologically don't sustain a loving relationship. While most astrology books may tell you that true love is a matter of fate, Diane Eichenbaum's *Soul Signs in Love* shows you that you have the freedom to create the relationship that's right for you. Eichenbaum reveals that relationships involve a combination of factors: destiny, an understanding of each partner's sign, and the willingness to work through the highs and lows of love's natural progression. Each of the twelve signs of the Zodiac corresponds to a phase of a romance, from passionate court-ship, represented by fiery Aries, to the commitment and soul bonding of watery Pisces. Each Sun sign has its gifts (the discernment of Virgo or the enthusiasm of Sagittarius, for example) and its corresponding challenges (the self-doubt of Taurus or the unpredictability of Aquarius) that it brings to a relationship. By understanding that the choice to love and grow with your partner is yours and yours alone, *Soul Signs in Love* shows you how to enjoy and revel in the unfolding process of discovery and revelation that underlies lasting love.
