Stalinist Confessions Igal Halfin 2009-08 During Stalin's Great Terror, accusations of treason struck fear in the hearts of Soviet citizens-and lengthy imprisonment or firing squads often followed. Many of the accused sealed their fates by agreeing to confessions after torture or interrogation by the NKVD. Some, however, gave up without a fight. In Stalinist Confessions, Igal Halfin investigates the phenomenon of a mass surrender to the will of the state. He deciphers the skillfully rendered discourse through which Stalin defined his cult of personality and consolidated his power by building a grassroots base of support and instilling a collective psyche in every citizen. By rooting out evil (opposition) wherever it hid, good communists could realize purity, morality, and their place in the greatest society in history. Confessing to trumped-up charges, comrades made willing sacrifices to their belief in socialism and the necessity of finding and making examples of its enemies. Halfin focuses his study on Leningrad Communist University as a microcosm of Soviet society. Here, eager students proved their loyalty to the new socialism by uncovering opposition within the University. Through their meetings and self-reports, students sought to become Stalin's New Man. Using his exhaustive research in Soviet archives including NKVD records, party materials, student and instructor journals, letters, and newspapers, Halfin examines the transformation in the language of Stalinist socialism. From an initial attitude that dismissed dissent as an error in judgment and

redeemable through contrition to a doctrine where members of the opposition became innately wicked and their reform impossible, Stalin's socialism now defined loyalty in strictly black and white terms. Collusion or allegiance (real or contrived, now or in the past) with “enemies of the people” (Trotsky, Zinoviev, Bukharin, Germans, capitalists) was unforgivable. The party now took to the task of purging itself with ever-increasing zeal.

*True Tales of American Life* Paul Auster 2010-11-25 Chosen by Paul Auster out of the four thousand stories submitted to his radio programme on National Public Radio, these 180 stories provide a wonderful portrait of America in the twentieth century. The requirement for selection was that each of the stories should be true, and each of the writers should not have been previously published. The collection that has emerged provides a richly varied and authentic voice for the American people, whose lives, loves, griefs, regrets, joys and sense of humour are vividly and honestly recounted throughout, and adeptly organised by Auster into themed sections. The section composed of war stories stretches as far back as the Civil War, still the defining moment in American history; while the sequence of 'Meditations' conclude the volume with a true and abiding sense of transcendence. The resultant anthology is both an enduring hymn to the strange everyday of contemporary American life and a masterclass in the art of storytelling.

Against Calvinism Roger E. Olson 2011-10-25 Calvinist theology has been debated and promoted for centuries. But is it a theology that should last? Roger Olson suggests that Calvinism, also commonly known as Reformed theology, holds an unwarranted place in our list of accepted theologies. In Against Calvinism, readers will find scholarly arguments explaining why Calvinist theology is incorrect and how it affects God’s reputation. Olson draws on a variety of sources, including Scripture, reason, tradition, and experience, to support his critique of Calvinism and the more historically rich, biblically faithful alternative theologies he proposes. Addressing what many evangelical Christians are concerned about today—so-called “new Calvinism,” a movement embraced by a generation labeled as “young, restless, Reformed” —Against Calvinism is the only book of its kind to offer objections from a non-Calvinist perspective to the current wave of Calvinism among Christian youth. As a companion to Michael Horton’s For Calvinism, readers will be able to compare contrasting perspectives and form their own opinions on the merits and weaknesses of Calvinism.

**The Trouble with Canada ... Still** William D. Gairdner 2011-11-14 Two decades ago *The Trouble with Canada* sparked a conservative renewal and inspired a generation. Now, in this completely revised update, William D. Gairdner rejoins the battle, showing that Canada suffered a disturbing regime change in the last quarter of the twentieth century and is now caught between two irreconcilable styles of government: top-down collectivism and bottom-up individualism. The result is a regime besotted with high taxation and big government, a welfare culture that rewards laziness, and a hug-a-thug mentality that betrays justice. In *The Trouble with Canada ... Still!* Gairdner puts familiar topics under a searing new light, and recent issues, such as immigration, diversity, and corruption of the law, are confronted head on, yielding many startling -- and sure to be controversial -- conclusions. This book is a clarion call to arms for Canada to examine and renew itself before it is too late.

----- “Taken” is a steamy hot Dubcon Secret Agent Erotic Romance. Full length, explicit sex scenes, standalone, no cheating or cliffhangers - and Happily Ever After. Reader advisory: This story contains elements of non-consensual sex and very explicit sex scenes. Themes: Protector, Kidnapped, Law enforcement, Military, On the road, Enemies to lovers, Happily ever after, Disguise, Opposites attract, Taming the playboy, Mistaken identity, Alpha male, Fling, Love triangle, Matchmaker, Redemption, Reunion, Unrequited love, Second chance, Woman in peril  
NOTE: This story was previously published under the title "Kidnapped". The story has been comprehensively rewritten and significantly lengthened. ----- A few words from the author: We all need to be touched. To feel the skin of another person. No matter whether that touch is a kiss, a hug or a friendly pat on the shoulder. It tells us we matter and that we are important. So, what happens if you don't have that closeness? What if you have everything else (wealth, fame), except that one thing you really need? These thoughts were the reason behind this short story, and I hope you will enjoy reading it. Ada ----- Excerpt: Holly felt disappointed when he left her. She wanted to talk to him. To learn more about him. He looked like the classic soldier. Strong features and barking orders. If only he knew that those orders made her panties moist. She giggled. It was probably better he didn't know. She'd never spent so much time in the presence of a man who wasn't a close family member. And never with such a handsome man. He was the epitome of the strong, silent protector. In her fantasies, he was a lot more than her kidnapper. She'd never seen such a look of hunger in her husband's eyes when watching her brush her hair. It felt so intimate. So arousing. Like a forbidden erotic fantasy that teased and tempted her like nothing she'd ever experienced before. She was going crazy. That was the only explanation. She couldn't possibly like a man who kidnapped people. She rose and went inside the small cottage. Since she was feeling crazy, she

might as well cook dinner. He'd allowed her to make lunch earlier. He wouldn't object if she kept herself busy. A while later, he barged inside. He stopped when he saw her by the kitchen sink. Had he thought she'd run away? "What are you doing?" he asked. "Cooking," Holly said and smiled. "Cooking?" His eyes widened as if the word was unfamiliar to him. "It's nothing fancy," she said and lowered her eyes. "Just some pasta and tomato sauce. I'm a little rusty." He stared at her as if she was the domestic goddess when she was well aware she was nothing of the kind. "Let me help," he said. She blushed as she looked into his eyes. "Can you set the table? It's nearly done." "Sure." He walked over to the cupboard and found plates and cutlery. "Do you have any sugar?" she asked. "Left shelf," he said. She found it and added a teaspoon of sugar to bring out the tomato flavour. She tasted the sauce and gave a contented moan. She turned to place the spoon in the sink. At the same time, she crashed into her kidnapper. He grabbed her waist as she started to topple over. He pulled her hard against his body. "Careful," he said, holding her tightly. She felt as if she had just fallen off a cliff. All the air in her lungs seemed to have disappeared. She couldn't breathe. She opened her mouth to force herself to breathe. Immediately she saw his eyes focus on her lips. She knew he wanted to kiss her. —————

*Italian Gothic Horror Films, 1957-1969* Roberto Curti 2015-04-02 The "Gothic" style was a key trend in Italian cinema of the 1950s and 1960s because of its peculiar, often strikingly original approach to the horror genre. These films portrayed Gothic staples in a stylish and idiosyncratic way, and took a daring approach to the supernatural and to eroticism, with the presence of menacing yet seductive female witches, vampires and ghosts. Thanks to such filmmakers as Mario Bava (Black Sunday), Riccardo Freda (The Horrible Dr. Hichcock), and Antonio Margheriti (Castle of Blood), as well the iconic presence of actress Barbara Steele, Italian Gothic horror went overseas and reached cult status. The book examines the Italian Gothic horror of the period, with an abundance of previously unpublished production information drawn from official papers and original scripts. Entries include a complete cast and crew list, home video releases, plot summary and the author's analysis. Excerpts from interviews with filmmakers, scriptwriters and actors are included. The foreword is by film director and scriptwriter Ernesto Gastaldi.
