[The Four Noble Truths of Love](#) - Susan Piver 2018-06-01

"Susan Piver consistently offers what so many of us seek: A generous, caring, loving teacher, someone with an open heart and a clear mind, eager to help us find our own way forward." —Seth Godin, author of *Linchpin* Broken hearts, resentment, affairs, divorce. Why is it so hard to make relationships work? New York Times bestselling author and mindfulness expert Susan Piver applies classic Buddhist wisdom to modern romance, including her own long-term relationship, to show that ancient philosophies have timeless—and unexpected—wisdom on how to love. *The Four Noble Truths of Love* will challenge the expectations you have about dating, sex, and romance, liberating you from the habits, traumas, and expectations that have been holding back your relationships. This mindful approach toward love will help you open your heart fearlessly, deepen communications with your partner, increase your compassion and resilience, and lead you toward a path of true happiness. You have nothing to lose and everything to gain: expansive, real love for yourself and others.

Lasting Love - Gay Hendricks, Ph.D. 2004-01-17

In this long-awaited follow-up to their seminal *Conscious Loving*, Kathlyn and Gay Hendricks take on two of the most pressing problems that sap vitality and energy from our committed relationships: how to forge a closer relationship that still allows each partner full creative autonomy, and how to generate the passion and preserve the harmony essential to keeping long-term partnerships alive and blooming. *Lasting Love* grew out of the Hendricks' laboratory of their 23-year marriage as well as their 10-year study of more than 2,000 long-term, committed couples. They discovered that the most common couples conflicts could be traced to at least one of five root causes: * An imbalance between the creative energy each partner contributes to the relationship * A lack of emotional honesty * An unwillingness to accept responsibility for everyday issues * Deep-seated commitment problems * A deficiency of daily appreciations Using these insights as a starting point, the Hendricks devised a program based on five vital actions that simultaneously lead to a deeper flow of intimacy between partners and greater creative freedom for each individual: * Spend time expressing your own creativity rather than focusing on "fixing" your partner * Eliminate the barrier to speaking and hearing the truth about everything * Break the cycle of blame and criticism * Make commitments you can really stand by * Become a master of verbal and nonverbal appreciation Filled with helpful real-life scenarios and straightforward advice, *Lasting Love* is an essential guide for anyone involved in a long-term relationship who wants it not only to last but to flourish.

Spirit-Centered Relationships - Gay Hendricks 2006-01-01

This book shows you a new way to experience more love in your life. If you use the three simple tools described in the book, your relationships will undergo a spiritual transformation. Specifically, you will feel a deeper sense of your own spiritual center, while at the same time seeing the spiritual essence of your partner more clearly. What allows this transformation to take place? It's the power of Presencing, a new set of relationship-enhancing techniques that enable you to slip free of the shackles of the past into a new space of creative freedom. Based on work with more than 3,500 couples and 20,000 single and divorced people, Gay and Kathlyn Hendricks discovered that relationships flourish when each person develops a body-sense of spirit. This means that each person must get deeper than the level of spiritual concepts to feel a living sense of spirit inside. Using the three specific tools described in the book: Presencing Wonder, Presencing Spirit, and Spirit-Centered Listening, couples feel more love and harmony flowing into their lives, and single people find it much easier to attract genuine love to them.
