Three Sisters Investigate - Jiro Akagawa 1989

The Urbanization of Opera - Anselm Gerhard 1998-08-15
Why do so many operas end in suicide, murder, and death? Why do many characters in large-scale operas exhibit neurotic behaviors worthy of psychoanalysis? Why are the legendary grands operas - much celebrated in their time - so seldom performed today?

Tha◆◆s - An Opera in Three Acts - Jules Massenet 1998-08-06

Expertly arranged Vocal Score by Jules Massenet from the Kalmus Edition series. This Opera Score is from the Romantic era.

Don Leon - George Gordon Byron Baron Byron 1866

French Opera at the Fin de

Siècle - Steven Huebner 2006-02-02

This is the first book-length study of the rich operatic repertory written and performed in France during the last two decades of the nineteenth century. Steven Huebner gives an accessible and colorful account of such operatic favorites as *Manon* and *Werther* by Massenet, *Louise* by Charpentier, and lesser-known gems such as Chabrier's *Le Roi malgré lui* and Chausson's *Le Roi Arthus*.

Exploits & Opinions of Doctor Faustroll, Pataphysician - Alfred Jarry 1996

The singular novel by the legendary author of the play, *UBU ROI*, is a book that can only be compared to *Rabelais* or *Sterne*. **FAUSTROLL** recounts the adventures of the

inventor of PATAPHYSIC, the 'science of imaginary solutions.' Jarry would have found an audience more readily if he had simply written a work of science fiction, a symbolist narrative, a bawdy tale or a spritual allegory. As it is, FAUSTROLL is all of these at the same time.' - Roger Shattuk'

The Angel's Cry - Michel Poizat
1992

Discusses the expectations and desires of opera audiences, and explains the feelings evoked by this art form in the hearts and minds of its devotees

Reading Opera - Arthur Groos
2014-07-14

"Libretto-bashing has a distinguished tradition in the blood sport of opera," writes Arthur Groos in the introduction to this broad survey of critical approaches to that much-maligned genre. To examine, and to challenge, the long-standing prejudice against libretti and the scholarly tradition that has, until recently, reiterated it, Groos and Roger Parker have commissioned thirteen

stimulating essays by musicologists, literary critics, and historians. Taken as a whole, the volume demonstrates that libretti are now very much within the purview of contemporary humanistic scholarship. Libretti pose questions of intertextuality, transposition of genre, and reception history. They invite a broad spectrum of contemporary reading strategies ranging from the formalistic to the feminist. And as texts for music they raise issues in the relation between the two mediums and their respective traditions. Reading Opera will be of value to anyone with a serious interest in opera and contemporary opera criticism. The essays cover the period from the early nineteenth to the early twentieth centuries, with a particular focus on works of the later nineteenth century. The contributors are Carolyn Abbate, William Ashbrook, Katherine Bergeron, Caryl Emerson, Nelly Furman, Sander L. Gilman, Arthur Groos, James A. Hepokoski,

Jurgen Maehder, Roger Parker, Paul Robinson, Christopher Wintle, and Susan Youens. Originally published in 1988. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Paper Woman - Françoise Rey 1992

Rather than lose her lover, the anonymous heroine pours out her deepest feelings and wildest fantasies in a series of startlingly erotic and uninhibited letters.

Beasts - John Crowley
2013-03-29

Painter is a leo - part man, part lion - the result of one of man's genetic experiments, a powerful, beautiful, enigmatic creature deemed a 'failure' to be hunted down. But Painter has two advantages in this world of small bickering nation states and political accommodation and compromise: his own strength and integrity, and the guile of Reynard, another of man's experiments, a subtle and potent intriguer, a king-maker .

The Torture Garden - Octave

Mirbeau 2022-11-13

Clara is a sadist and hysteric, who delights in witnessing flayings, crucifixions and numerous tortures, all done in beautifully laid out and groomed gardens, and explaining the beauty of torture to her companion—the narrator. Her hysterical orgasm and resulting exhaustion is a curious exploration of pain and pleasure and made this novel a truly erotic BDSM masterpiece! Excerpt: "One evening some friends were gathered at the home of one of our most celebrated writers. Having dined sumptuously, they were discussing murder—apropos of what, I no longer remember probably apropos of nothing. Only men were present: moralists, poets, philosophers and doctors—thus everyone could speak freely, according to his whim, his hobby or his idiosyncrasies, without fear of suddenly seeing that expression of horror and fear which the least startling idea traces upon the horrified face of a notary. I—say notary,

much as I might have said lawyer or porter, not disdainfully, of course, but in order to define the average French mind..."

Lusosex - Susan Canty Quinlan 2002

Some of the most compelling theoretical debates in the humanities today center on representations of sexuality. This volume is the first to focus on the topic -- in particular, the connections between nationhood, sex, and gender -- in the Lusophone, or Portuguese-speaking, world. Written by prominent scholars in Brazilian, Portuguese, and Lusophone African literary and cultural studies, the essays range across multiple discourses and cultural expressions, historical periods and theoretical approaches to offer a uniquely comprehensive perspective on the issues of sex and sexuality in the literature and culture of the Portuguese-speaking world that extends from Portugal to Brazil to Angola, Cape Verde, and Mozambique. Through the critical lenses of gay and

lesbian studies, queer theory, postcolonial studies, feminist theory, and postmodern theory, the authors consider the work of such influential literary figures as Clarice Lispector and Silviano Santiago. An important aspect of the volume is the publication of a newly discovered-and explicitly homoerotic -- poem by Fernando Pessoa, published here for the first time in the original Portuguese and in English translation. Chapters take up questions of queer performativity and activism, female subjectivity and erotic desire, the sexual customs of indigenous versus European Brazilians, and the impact of popular music (as represented by Caetano Veloso and others) on interpretations of gender and sexuality. Challenging static notions of sexualities within the Portuguese-speaking

world, these essays expand our understanding of the multiplicity of differences and marginalized subjectivities that fall under the intersections of sexuality, gender, and race.

Aphrodisiacs and Anti-aphrodisiacs - John Davenport 1869

A Dictionary of the Anonymous and Pseudonymous Literature of Great Britain. Including the Works of Foreigners Written In, Or Translated Into the English Language (Volume IV) - Samuel Halkett 2020-07-21

The Nation's Image - Jane Fulcher 2002-08-08

Professor Fulcher argues that French grand opera was a subtly used tool of the state. *Catena Librorum Tacendorum* - Henry Spencer Ashbee 1885
