**Because of You, I Learned to Truly Love** - Abdul Haque Essop 2016-10-05

Love is not just about using the word to silence your partner in questioning any uncertainties or great concerns. But love should be shown in your actions to eliminate every doubt. It is not about giving your partner the most expensive gift that money can buy. But it has to do with the littlest of things thus showing your love for them, which becomes priceless. Ultimately, love has no price tag because money can buy you a good time, but love enriches your body, mind, heart, and soul. For a healthy relationship, refrain from hurting your partner in a manner whereby lying and cheating can totally destroy your relationship. Always remember not to hurt and break a heart that was meant to only love you. In the end, you can stand to lose that love and the person who stood by you, although they know your flaws and still completely accepted you. It is important to note that you shouldn't fool yourself by thinking that you have fooled a person by deceiving and lying to that person who truly loves you and cares about you. Only with time will it be your own guilt that will make you realize that this person always knew, and yet they have constantly forgiven you. Finally, you will certainly hurt when the day you lose that person forever by knowing that you continuously broke their trust. Take heed. When you love from your soul and someone breaks you down completely then those invisible tears become the most difficult to wipe away. To sum up my message to the world, this is my deepest and sincerest belief: Love is not who loves the other more or less but to whether your love for each other is sincere and true. Love is not who was there only when you always smiled but who was there to make you feel better when you broke down and cried. Love is not about who is right or wrong but how you work on the issues and keep your love growing strong. Love is not how many times you thought to walk away but how long you stayed in love and kept your relationship alive.

**All About Love** - bell hooks 2018-01-30

A New York Times bestseller and enduring classic, All About Love is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. All About Love reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in All About Love. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the "100 Visionaries Who Can Change Your Life." All About Love is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

**Creating Self-love** - Leandra de Andrade 2020-09-27

We've all heard the saying how can someone love you if you don't love yourself. The truth is, as a woman, we are often burdened with the pressures of life, relationships, and societal expectations. Sometimes it is hard to love ourselves. But it is vital to do so. The ultimate accomplishment in life is to be able to accept, embrace, and love ourselves regardless of our past, our imperfections, or our current circumstances. As women, we revel in the idea of men loving us, but in the process, we forget to love ourselves. If you can make the relationship with yourself the predominant one, then you are on solid ground. You can then be the best version of yourself. You will have clarity about what you want and what you don't want. You will have the confidence to make decisions that bring value to your life. Self-love is not a goal; it's a practice, and it is the basis on which we build a fulfilled life. You are the only one who has enough power to truly change yourself. Included: - 108 pages- 100 + Journal prompts- 30 Daily transformational tasks- Daily mood tracker- Gratitude journal- Notes / ideas / thoughts pages- Monthly printable mantra- Inspirational quotes
