The Light of Knowledge -
Francis Cody 2013-11-15
Since the early 1990s hundreds of thousands of Tamil villagers in southern India have participated in literacy lessons, science demonstrations, and other events designed to transform them into active citizens with access to state power. These efforts to spread enlightenment among the oppressed are part of a movement known as the Arivoli Iyakkam (the Enlightenment Movement), considered to be among the most successful mass literacy movements in recent history. In The Light of Knowledge, Francis Cody's ethnography of the Arivoli Iyakkam highlights the paradoxes inherent in such movements that seek to emancipate people through

literacy when literacy is a power-laden social practice in its own right. The Light of Knowledge is set primarily in the rural district of Pudukkottai in Tamil Nadu, and it is about activism among laboring women from marginalized castes who have been particularly active as learners and volunteers in the movement. In their endeavors to remake the Tamil countryside through literacy activism, workers in the movement found that their own understanding of the politics of writing and Enlightenment was often transformed as they encountered vastly different notions of language and imaginations of social order. Indeed, while activists of the movement successfully mobilized large numbers of rural women, they did so through logics that often pushed against the very

Enlightenment rationality they hoped to foster. Offering a rare behind-the-scenes look at an increasingly important area of social and political activism, *The Light of Knowledge* brings tools of linguistic anthropology to engage with critical social theories of the postcolonial state.

Music in Contemporary

Indian Film - Jayson Beaster-Jones 2016-10-04

Music in Contemporary Indian Film: Memory, Voice, Identity provides a rich and detailed look into the unique dimensions of music in Indian film. Music is at the center of Indian cinema, and India's film music industry has a far-reaching impact on popular, folk, and classical music across the subcontinent and the South Asian diaspora. In twelve essays written by an international array of scholars, this book explores the social, cultural, and musical aspects of the industry, including both the traditional center of

"Bollywood" and regional film-making. Concentrating on films and songs created in contemporary, post-liberalization India, this book will appeal to classes in film studies, media studies, and world music, as well as all fans of Indian films.

[Gender and Sexuality in India](#) -

Salla Sariola 2009-12-16
India has one of the highest numbers of HIV carriers in the world. HIV has remained associated with sex work, and large sums of money provided to fund public health interventions have come from global institutions such as UNAIDS, the World Bank and USAID. In the midst of these processes, however, sex workers and their everyday lives have been hidden behind the rhetorics of control and prevention. This book offers a detailed analysis of the experiences of sex workers in Chennai. Based on ethnographic fieldwork, it draws out themes of agency; notions of gender and sexuality; and the HIV prevention industry. While the women's experiences are closely knit into the medical discourse regarding sex workers, sex work emerges as a complicated knot of poverty, desire, women's oppression, love, co-option, and motherhood. The author examines how the sex workers actively negotiate the risks of

their industry and suggests alternative discourses on women's sexuality, sexual behaviour and desire, arguing that unless the power imbalances affecting women are addressed, such policies and activities will have little impact. She brings attention to the problems of current policies, discourses and attitudes regarding HIV, sexuality and sex work, and shows how new policies could help to reduce vulnerabilities not only for sex workers, but perhaps for all women in India. Caste Ideology and Interaction

- Dennis B. McGilvray
1982-09-02

Following the publication of the book by E. R. Leach, ed., *Aspects of Caste in South India, Ceylon and North-West Pakistan* (1960), much additional information was gathered on caste hierarchies in South Asia, and two major attempts were made to identify the underlying unity of this

material - a structuralist one by Louis Dumont and a ethnosociological one by McKim Marriott et al. This quest for unity seemed attractive, yet at the same time, as the contributions to the present volume indicate, premature. The four papers collected here and published in 1982 are all concerned with caste ideology and caste interaction in different locales of South Asia.

Tamil Brahmins - C. J. Fuller
2014-10-03

The Tamil Brahmins were a traditional, mainly rural, high-caste elite who have been transformed into a modern, urban, middle-class community since the late nineteenth century. Many Tamil Brahmins today are in professional and managerial occupations, such as engineering and information

technology; most of them live in Chennai and other Tamilnadu towns, but others have migrated to the rest of India and overseas. This book, which is mainly based on the authors ethnographic research, describes and analyses this transformation. It is also a study of how and why the Tamil Brahmans privileged status within a hierarchical society has been perpetuated in the face of both a strong anti-Brahman movement in Tamilnadu, and a series of wider social, cultural, economic, political, and ideological changes that might have been expected to undermine their position completely. The major topics discussed include Brahman rural society, urban migration

and urban ways of life, education and employment, the position of women, and religion and culture. The Tamil Brahmans class position, including the internal division into the upper- and lower-middle classes, and the process of class reproduction, are examined closely to analyze the congruence between Tamil Brahmanhood and middle classness, which as comparison with other Brahman and non-Brahman groups shows is highly unusual in contemporary India."
