

Sex In N Y City An Illustrated History

Censoring Sex - John E. Semonche 2007

In this volume, John E. Semonche surveys censorship for reasons of sex from the nineteenth century up to the present. He covers the various forms of American media - books and periodicals, pictorial art, motion pictures, music and dance, radio, television, and the Internet. Despite the varieties of censorship, running from self-censorship to government bans, a common story is told. Censorship, whether undertaken to ward off government regulation, to help preserve the social order, or to protect the weak and vulnerable, proceeds on the assumption that the censor knows best and that limiting the choices of media consumers is justified. Covering the history of censorship of sexual ideas and images is one way of telling the story of modern America.

Civic Wars - Mary P. Ryan 1997-06-16

Mary P. Ryan traces the fate of public life and the emergence of ethnic, class, and gender conflict in the nineteenth-century city in this ambitious retelling of a key period of American political and social history. Basing her analysis on three quite different cities—New York, New Orleans, and San Francisco—Ryan illustrates how city spaces were used, understood, and fought over by a dazzling variety of social groups and political forces. She finds that the democratic exuberance America enjoyed in the 1820s and 1840s was irrevocably damaged by the Civil War. Civic life rebounded after the War but was, in Ryan's words, "less public, less democratic, and more visibly scarred by racial bigotry." Ryan's analysis is played out on three different levels—the spatial, the ceremonial, and the political. As she follows the decline of informal democracy from the age of Jackson to the heyday of industrial capitalism, she finds the roots of America's resilient democratic culture in the vigorous, often belligerent urban conflicts that found expression in the social movements, riots, celebrations, and other events that punctuated daily life in these urban centers. With its insightful comparisons, meticulous research, and graceful narrative, this study illustrates the ways in which American cities of the nineteenth century were as full of cultural differences and as fractured by social and economic changes as any metropolis today.

The Three Graces of Raymond Street - Robert E. Murphy 2014-12-09

A compelling story about three murders in Brooklyn between 1872 and 1873 and the young women charged with the crimes. Between January 1872 and September 1873, the city of Brooklyn was gripped by accounts of three murders allegedly committed by young women: a factory girl shot her employer and seducer, an evidently peculiar woman shot a philandering member of a prominent Brooklyn family, and a former nun was arrested on suspicion of having hanged her best friend and onetime convent mate. Two were detained at the county jail on Raymond Street, while one remained at large, and her pursuit and eventual arrest was complicated by dissension in the police department. Lawyers for all three women prepared insanity defenses, and citizens thronged the courtrooms to witness the suspenseful trials. An intriguing account of the events surrounding the cases, which became entwined with Brooklyn's politics and religious differences, *The Three Graces of Raymond Street* offers insights into the sexual mores of the times and illustrates the development of the modern American city. Robert E. Murphy is the author of *Brooklyn Union: A Centennial History* and *After Many a Summer: The Passing of the Giants and Dodgers and a Golden Age in New York Baseball*. He lives in Brooklyn.

The Trial of Emma Cunningham - Brian Jenkins 2020-01-17

The alleged 1857 murder of a wealthy Bond Street dentist by Emma Cunningham, a mature widow he was believed to be sexually involved with, served to distract many New Yorkers from the deepening national crisis over slavery in the United States. Public anxieties seemed well founded--domestic murders committed by women were believed to be increasing sharply, jeopardizing society's patriarchal structure. The penny press created public demand for a swift solution. The inadequacy of the city police, complicated by the state's decision to install a new force, resulted in the rival forces battling it out on the streets. Elected coroners conducting inquests, and elected D.A.s prosecuting alleged culprits, fed a tendency to rush to judgment. New York juries, all men, were reluctant to send a middle class woman to the gallows. At trial, Cunningham proved a formidable and imaginative member of the so-called weaker sex and was acquitted. This reexamination places the story

in its social and political context.

Lesbianism, Cinema, Space - Lee Wallace 2011-01-13

In this cutting edge volume, Wallace identifies a unique trend in post-Production Code films that deal with lesbian content: stories of lesbianism invariably engage with an apartment setting, a spatial motif not typically associated with lesbian history or cultural representation. Through the formal analysis of five lesbian apartment films, Wallace demonstrates how the standard repertoire of visual techniques and spatial devices (the elements of *mise-en-scène*, favoured locations and sets, classical systems of editing, and the implied story world itself) are used to scaffold female sexual visibility. With its sustained focus on the filmic syntax surrounding lesbian representation on screen in the post-Production Code era, the book comprises an original contribution to queer film studies. In addition, Wallace also deploys its discussion of lesbianism and cinematic space to critique a number of tendencies in contemporary social theory, particularly the theoretical identification of public sex cultures as the basis for a queer counterpublic sphere. *Civil War America, 1850 To 1875* - Richard F. Selcer 2014-05-14 Features essays, statistical data, period photographs, maps, and documents.

Sex in the City 2 [DVD Recording] - 2010

[Art and the Empire City](#) - Metropolitan Museum of Art (New York, N.Y.) 2000

Presented in conjunction with the September 2000 exhibition at the Metropolitan Museum, this volume presents the complex story of the proliferation of the arts in New York and the evolution of an increasingly discerning audience for those arts during the antebellum period. Thirteen essays by noted specialists bring new research and insights to bear on a broad range of subjects that offer both historical and cultural contexts and explore the city's development as a nexus for the marketing and display of art, as well as private collecting; landscape painting viewed against the background of tourism; new departures in sculpture, architecture, and printmaking; the birth of photography; New York as a fashion center; shopping for home decorations; changing styles in furniture; and the evolution of the ceramics, glass, and silver industries. The 300-plus works in the exhibition and comparative material are extensively illustrated in color and bandw. Oversize: 9.25x12.25". Annotation copyrighted by Book News Inc., Portland, OR

Science and Homosexualities - Vernon A. Rosario, M.D. 2013-01-11

Science and Homosexualities is the first anthology by historians of science to examine European and American scientific research on sexual orientation since the coining of the word "homosexual" almost 150 years ago. This collection is particularly timely given the enormous scientific and popular interest in biological studies of homosexuality, and the importance given such studies in current legal, legislative and cultural debates concerning gay civil rights. However, scientific and popular literature discussing the biology of sexual orientation have been short-sighted in representing it as objective, new scientific work. This volume demonstrates that the quest for the biological "cause" of homosexuality and other sexualities is as old as the term itself. These essays explore the active role experimental subjects played in shaping scientific theories of homosexuality and cultural perceptions of sexuality and sexual identity. Finally this anthology studies the way in which this doctor-patient interaction shaped not only scientific theories of homosexuality, but also cultural perceptions and self-identities as well. Contributors include: Garland E. Allen, Erin G. Carlston, Julian Carter, Alice D. Dreger, Anne Fausto-Sterling, Margaret Gibson, Stephanie Kenen, Hubert Kennedy, Harry Oosterhuis, James Steakley, Richard Pillard, Jennifer Terry

The Prostitute's Body - Nina Attwood 2015-10-06

Attwood examines Victorian attitudes to prostitution across a number of sources: medical, literary, pornographic.

Sex in the City - Alison Maddex 2002

This book celebrates sex and demonstrates--through a dramatic gallery of images--that New York is the sexiest city in the world.

[New York City For Dummies](#) - Brian Silverman 2007-01-17

From soaring skyscrapers to rumbling subways, power shopping to bargain-hunting, world-renowned restaurants to neighborhood delis and pizzerias, majestic cathedrals to Times Square—New York has it all.

Chances are you can't do it all, but this friendly guide helps you take a big bite out of the Big Apple with: Maps and tips for getting around by public transit, plus sights best seen on foot A calendar of events for every season A shopper's guide, including trendy areas like SoHo, NoHo, and NoLita Information about great free attractions, including the Staten Island Ferry Sample itineraries to help you make the most of your trip Like every For Dummies travel guide, *New York City For Dummies, Fourth Edition* includes: Down-to-earth trip-planning advice What you shouldn't miss — and what you can skip The best hotels and restaurants for every budget Handy Post-it Flags to mark your favorite pages With information on "must see" attractions like the Statue of Liberty, the Empire State Building, and Central Park, places to take the kids, an insider's look at the nightlife, tips on getting discount tickets to popular shows, and a Quick Concierge with all kinds of info, this guide will have you saying, "I love New York."

The First Sexual Revolution - Kevin White 1993

White contends that The Great American Man was constructed in the 1920s as a response to the appearance of The Flapper and to the same crumbling of Victorian culture that freed her. Previously, men were expected to acquire character and become Christian gentlemen; since then, they have been expected to acquire personality and to become a performing self. Paper edition (9258- 8), \$15. Annotation copyright by Book News, Inc., Portland, OR

The Mysterious Death of Mary Rogers - Amy Gilman Srebnick 1995

Srebnick uses the famous, unsolved murder of a Manhattan woman in 1841 as a window into urban culture in the mid-nineteenth-century.

Make Love, Not War - David Allyn 2016-05-23

First published in 2001. Routledge is an imprint of Taylor & Francis, an informa company.

Sex in N. Y. City - Alison Maddex 2006-02

This book celebrates sex and demonstrates--through a dramatic gallery of images--that New York is the sexiest city in the world.

Classroom Wars - Natalia Mehlman Petrzela 2015

Natalia Petrzela explores how in the late 1960s and 1970s, a growing number of Americans fused conventional values about family and personal morality with an Anglo jingoism, specifically marrying concerns about sexuality and language and blurring the distinction between public and private. Focusing on Spanish-bilingual and sex education in California, this book charts how during a time of extraordinary social change, grass-roots citizens defined the schoolhouse and family as politicized sites.

The Cambridge Illustrated History of the Islamic World - Francis Robinson 1996

Islamic peoples account for one fifth of the world's population and yet there is widespread misunderstanding in the West of what Islam really is. Francis Robinson and his team set out to address this, revealing the complex and sometimes contrary nature of Muslim culture. As well as taking on the issues uppermost in everyone's minds, such as the role of religious and political fundamentalism, they demonstrate the importance

of commerce; literacy and learning; Islamic art; the effects of immigration, exodus, and conquest; and the roots of current crises in the Middle East, Bosnia, and the Gulf. Throughout, emphasis is placed on the interaction between Islam and the West, from the first Latin translations of the Quran to the fatwa on Salman Rushdie. This elegant book deliberately sets out to dismantle the Western impression of Islam as a monolithic world and replace it with a balanced view, from current issues of fundamentalism to its dynamic culture and art. Francis Robinson is the editor of two outstanding reference works: *Atlas of the Islamic World Since 1500* (Cambridge, 1982) and *The Cambridge Encyclopedia of India* (1989).

Sex, the Illustrated History: Through Time, Religion, and Culture - John R. Gregg 2018-07-30

Sex, the Illustrated History: Volume III continues a courageous exploration of sexual customs and conflicts into the modern world. This work explores the fight for sexual freedom in a world of often-repressed sexuality. The conflict with the church and its control of sexuality and law has stood as a barrier against freedom of human sexuality. The focus of this work is primarily the European and American theater, as they strive to rise above the ancient precepts that have girdled sexuality. The fight was a long and hard-fought one; prejudice and prudery and claims of morality and law stood rigidly against a new rationalism beginning in the Reformation. The book explores in depth historical and contemporary worldwide slavery, forced marriage, child brides, abuses of the Catholic Church, and sexual trafficking. Also explored are the history of homosexual movements, bisexuality, and the larger LGBT+ movements.

The Encyclopedia of New York City - Kenneth T. Jackson 2010-12-01

Covering an exhaustive range of information about the five boroughs, the first edition of *The Encyclopedia of New York City* was a success by every measure, earning worldwide acclaim and several awards for reference excellence, and selling out its first printing before it was officially published. But much has changed since the volume first appeared in 1995: the World Trade Center no longer dominates the skyline, a billionaire businessman has become an unlikely three-term mayor, and urban regeneration—Chelsea Piers, the High Line, DUMBO, Williamsburg, the South Bronx, the Lower East Side—has become commonplace. To reflect such innovation and change, this definitive, one-volume resource on the city has been completely revised and expanded. The revised edition includes 800 new entries that help complete the story of New York: from Air Train to E-ZPass, from September 11 to public order. The new material includes broader coverage of subject areas previously underserved as well as new maps and illustrations. Virtually all existing entries—spanning architecture, politics, business, sports, the arts, and more—have been updated to reflect the impact of the past two decades. The more than 5,000 alphabetical entries and 700 illustrations of the second edition of *The Encyclopedia of New York City* convey the richness and diversity of its subject in great breadth and detail, and will continue to serve as an indispensable tool for everyone who has even a passing interest in the American metropolis.
