The Satires of Juvenal Paraphrastically Imitated, and Adapted to the Times. With a Preface. [By Edward Burnaby Greene.] - Decimus Junius JUVENALIS 1763

Virgil, Aeneid, 4.1-299 - Ingo Gildenhard 2012

Love and tragedy dominate book four of Virgil's most powerful work, building on the violent emotions invoked by the storms, battles, warring gods, and monster-plagued wanderings of the epic's opening. Destined to be the founder of Roman culture, Aeneas, nudged by the gods, decides to leave his beloved Dido, causing her suicide in pursuit of his historical destiny. A dark plot, in which erotic passion culminates in sex, and sex leads to tragedy and death in the human realm, unfolds within the larger horizon of a supernatural sphere, dominated by power-conscious divinities. Dido is Aeneas' most significant other, and in their encounter

Virgil explores timeless themes of love and loyalty, fate and fortune, the justice of the gods, imperial ambition and its victims, and ethnic differences. This course book offers a portion of the original Latin text, study questions, a commentary, and interpretative essays. Designed to stretch and stimulate readers, Ingo Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis to encourage critical engagement with Virgil's poetry and discussion of the most recent scholarly thought.

Polysexuality - Francois Peraldi 1981

Mixing documents, interviews, fiction, theory, poetry, psychiatry and anthropology, "Polysexuality" became the encyclopedia sexualis of a continent that is still emerging. Originally conceived as a special Semiotext(e) issue on homosexuality at the end of the 70s, "Polysexuality" quickly evolved into a more complex and iconoclastic project whose intent was to do away with recognized genders altogether, considered far too limitative. The project landed somewhere between humor, anarchy, science-fiction, utopia and apocalypse. In the few years

that it took to put it together, it also evolved from a joyous schizo concept to a darker, neo-Lacanian elaboration on the impossibility of sexuality. The tension between the two, occasionally perceptible, is the theoretical subtext of the issue. Upping the ante on gender distinctions, "Polysexuality" started by blowing wide open all sexual classifications, inventing unheard-of categories, regrouping singular features into often original configurations, like Corporate Sex, Alimentary Sex, Soft or Violent Sex, Discursive Sex, Self- Sex, Animal Sex, Child Sex, Morbid Sex, or Sex of the Gaze. Mixing documents, interviews, fiction, theory, poetry, psychiatry and anthropology, "Polysexuality" became the encyclopedia sexualis of a continent that is still emerging. What it displayed in all its forms could be called, broadly speaking, the Sexuality of Capital. (Actually the issue being rather hot, it was decided to cool it off somewhat by only using "capitals" throughout the issue. It was also the first issue for which we used the computer). The "Polysexuality" issue was attacked in Congress for its alleged advocacy of animal sex. Includes work by Alain Robbe-Grillet, Félix Guattari, Paul Verlaine, William S. Burroughs, Georges Bataille, Pierre Klossowski, Roland Barthes, Paul Virilio, Peter Lamborn Wilson, and more.

Pataphilology: An Irreader - 2018

What do the bizzare etymologies of Jean-Pierre Brisset, made-up languages for literary fiction, The Dialectic of Enlightenment, Latin grammarians, Horace's Epodes, and the Papyrus of Ani have in common? Absolutely nothing. Yet, taken together they provide an unusually coherent picture of a hitherto unacknowledged non-tradition of linguistic investigation. At these moments, particularly within the traditions of European writing which can loosely be termed "avant-garde," philology goes rogue, hearkening to unearthly imperatives and barely comprehended intimations, and producing results well beyond those generated by more respectable - and supposedly more grounded - philological endeavors. 'Pataphilology: An Irreader seeks to document and analyze such moments of philological speculation, invention, and détournement. In using the term 'pataphilology, Gurd and van Gerven Oei are not proposing a facile analogy with 'pataphysics, where

'pataphilology would be philology's wacky twin, always out for a lark, never doing anything real. This would presuppose an operation (even if parenthetical) on philology analogous to a shift from physics to 'pataphysics, something which Alfred Jarry, to whom this volume owes the latter neologism, appears to contradict in his initial definition: "Pataphysics [...] is the science of that which is superinduced upon metaphysics, whether within or beyond the latter's limitations, extending as far beyond metaphysics as the latter extends beyond physics." Any way you cut it, 'pataphysics is a physics that demands -- or, better, that relies on -- an utmost philological sensitivity to writing, unheard etymologies, unstable translations, incomplete formalizations, and haphazard decryptions. This volume seeks, then, to document how philological practices -- no matter how non-standard, disreputable, or academically useless -- have played a role in the production of avant-garde literature and knowledge, as well as forgotten, alternative, or fictitious scholarly projects. Ranging from the papyrus of Ani to the future languages of speculative fiction, from the fictional tablets of Armand Schwerner to the Attic Nights of Aulus Gellius, from Horace to Lacan, 'Pataphilology: An Irreader is a cabinet of philological curiosity -- and a map of the ever-changing constellations that emerge when human language loses its chains.

FINNEGANS WAKE - James Joyce 2017-12-06

This eBook edition of "FINNEGANS WAKE" has been formatted to the highest digital standards and adjusted for readability on all devices. Finnegans Wake is a novel by Irish writer James Joyce. It is significant for its experimental style and reputation as one of the most audacious works of fiction in the English language. Written in Paris over a period of seventeen years, and published in 1939, two years before the author's death, Finnegans Wake was Joyce's final work. The book discusses, in an unorthodox fashion, the Earwicker family, comprising the father HCE, the mother ALP, and their three children Shem the Penman, Shaun the

Postman, and Issy. James Joyce (2 February 1882 – 13 January 1941) was an Irish novelist, short story writer, and poet. He contributed to the modernist avant-garde and is regarded as one of the most influential and important authors of the 20th century.

‘A Truly Golden Handbook’ - Veerle Achten 2016-09-26

What would the ideal society of the future look like? In 1516, the eminent English humanist Thomas More tried his hand at imagining a perfect society on a distant island. His Utopia was published in the Flemish town of Leuven, home of a university that was established almost a century earlier. 500 years later, scholars of this university revisit More's best-known work and reflect on the ideal society of the future, using the scientific insights of today, including perspectives which More could never have imagined. What will our cities look like a hundred years from now? How will stem cell research and 3D printing change the world? Will we be able to cure all diseases? Will we be traveling to other planets? Will computers take over? Or will humanity find a way to improve the quality of life for everyone and feed a growing world population? In 'A Truly Golden Handbook', more than fifty KU Leuven scholars share their science-based utopian dreams. From the creation of spare organs, artificial intelligence and the genetic future, to global governance, ecological sustainability and pathways to more equality, this visionary book offers a broad interdisciplinary look at the world of tomorrow. Enslavement of Black Africans 1418-1839 - Pius Onyemechi Adiele 2017-09-01

Mehr als 400 Jahre lang erlitten schwarzafrikanische Männer, Frauen und Kinder während des transatlantischen Sklavenhandels schlimmste Formen der Versklavung und Erniedrigung durch Katholiken und das westliche Christentum. Damals wie heute glaubte niemand an die tiefe Verwicklung der Kirche und des Papsttums in den schwarzafrikanischen Holocaust. Trotz jüngster Behauptungen des päpstlichen Officiums in Rom, wonach die Päpste jegliche Form von Sklaverei verurteilten, so auch im Falle der Versklavung von Schwarzafrikanern, verweisen neuere Studien innerhalb dieses Forschungsfeldes auf das Gegenteil. Die Kirche und die Päpste nahmen vielmehr zentrale Rollen in diesem schlimmsten Verbrechen gegen die Schwarzafrikaner seit Beginn der schriftlichen

Dokumentation ein. Mithilfe zahlreicher päpstlicher Bullen aus den Geheimarchiven des Vatikans und einer Vielzahl an königlichen Dokumenten aus dem portugiesischen Nationalarchiv in Lissabon, strebt der vorliegende Band eine kritische und analytische Untersuchung dieses Aspekts des transatlantischen Sklavenhandels an, der über so viele Jahre von den westlichen Historikern und Gelehrten verschleiert wurde. For over 400 years, Black African men, women and children suffered the worst type of enslavement and humiliation from the hands of Catholics and other Western Christians during the transatlantic slave trade. Before now, no one could ever believe that the Popes of the Church were deeply involved in this Holocaust against Black African people. Despite the claims made by the hallowed papal office in Rome in recent years that the Popes condemned the enslavement of peoples wherever it existed including that of Black Africans, recent researches in these fields of study have proved the contrary to be true. The Church and her Popes were rather among the major "role players" in this worst crime against Black Africans in recorded history. With the help of a considerable number of papal Bulls from the Vatican Secret Archives and a great amount of Royal documents from the Portuguese National Archives in Lisbon, the present book is aiming to undertake a critical and analytical inquiry of this aspect of the transatlantic slavery that has been kept in the dark for so many years by the Western historians and scholars. The results of this studious but fruitful academic inquiry are

laid bare in this notable work of the 21st century. Pius Onyemechi Adiele is a Catholic priest of Ahiara Diocese Mbaise and an alumnus of Seat of Wisdom Seminary Owerri and Bigard Memorial Seminary Enugu in Nigeria. He obtained his licentiate in Theology from the famous University of Münster and his doctoral degree in Church History from the renowned University of Tübingen in Germany. At present, he is a research fellow in the areas of African Church History and Enslavement of peoples as well as the pastor in charge of the merged parishes of Lauchheim, Westhausen, Lippach, Röttingen and Hülen in Germany. **American Slavery as it is** - American Anti-Slavery Society 1839
