Fucking Law - Victoria Brooks 2019

An urgent call for everyone to find inventive ways to question the ethics of sexuality.

The Swinger - Michael Bamberger 2011-07-12

From two of today's most highly regarded sportswriters, a funny, feisty, and mischievous novel that takes readers on a high-spirited romp between the ropes and the sheets of the PGA Tour—published with major support from Sports Illustrated. The most famous athlete on the planet is a bit off his game. Maybe you heard? His name, as we all know, is Herbert X. "Tree" Tremont, and he's the richest and most celebrated athlete of our time—a multicultural golfing icon with fifty-three Tour wins, thirteen major victories, a smoking hot wife, and two adorable kids. Tree's carefully cultivated image of country club values has made him so beloved by corporate America that he is the first celebrity in history to endorse Coke and Pepsi. The world kneels at his feet. As it turns out, so do a good many agreeable young women. When a reporter uncovers evidence that Tree's sexual appetites are as prodigious as his tee shots, his public and private lives collide, producing the juiciest scandal in sports history. In this high-

spirited romp that recalls the hilarious work of Dan Jenkins and Rick Reilly, two veteran Sports Illustrated writers have some wicked fun with recent events as they take us inside "Treeworld" and the secret society of elite golf. It's a wild ride that whisks us between the ropes and the sheets of the PGA Tour, cracks open Tree's cloistered inner circle, and propels us around the world in high style . . . from Tree's top-secret compound in Florida to the wine cellar of Augusta National for an illicit tryst on Masters Sunday . . . from the deck of his \$61 million yacht to the plush interior of his favorite private plane (he owns a few) . . . from the secluded beaches of Maui to an exclusive Southampton estate. As the scandal spirals out of control and Tree is forced underground, we get to know his entourage: Andrew Finkelman, his famously brusque manager who left IGM to manage Tree alone; Turner Darlington, the bizarre and charismatic founder and CEO of Tree's main sponsor, Arrow Golf; Tree's wife, Belinda, a hot-blooded Italian former bikini-model who doesn't play golf but swings a mean fireplace tool; and a healthy number of the hundreds of women whose liaisons with Tree are brought to light as the plot unfolds. Bursting with inside observations and anecdotes about pro golf and life on Tour, *The Swinger* is a fast, funny, and gleefully outrageous novel that illuminates the life of the modern world-class, life-by-the-tail athlete. It is also a meditation on love, sex, marriage, friendship, celebrity, and the media. It is written with a smile, not with disdain for athletes like Tree, but with empathy and affection. It ends with the hope that Tree's transformation, redemption, and return to greatness may be just around the corner.

Manuscript, Print, and the English Renaissance Lyric - Arthur F. Marotti
2018-09-05

The last of the literary genres to be incorporated into print culture, verse in the English Renaissance not only was published in anthologies, pamphlets, and folio editions, it was also circulated in manuscript. In this groundbreaking historical and cultural study of sixteenth- and early seventeenth-century lyric poetry, Marotti examines the interrelationship between the two systems of literary transmission and shows how in England manuscript and print publication together shaped the emerging institution of literature. Surveying a wide range of manuscript and print poetry of the period, Marotti outlines the different social and institutional contexts in which poems were collected and transmitted. He focuses on the two kinds of verse that were circulated more commonly in manuscript than in print—the obscene and the political—and he considers the contributions of scribes and compilers, particularly in composing "answer poetry" and other verse. Analyzing the process through which print gradually replaced manuscript as the standard medium for lyric verse, he identifies four crucial events in the history of publication in England: the appearances of

Tottel's Miscellany (1557), Sir Philip Sidney's works in the 1590s, Ben Jonson's folio *Workes* (1616), and the posthumous editions of the poems of Donne and of Herbert (both 1633). Marotti also considers how certain material features of the book determined the reception of poetry, and he explores how poets attempted to establish their authority in print in relation to publishers, patrons, and readers.
