What about gay marriage and adoption? Invertebrate America - E. N. Haley 2004-09

Invertebrate America (IA) gives an overview of America's declining moral and spiritual values from a biblical perspective. It explains God's impending judgement on a nation that calls evil good and good evil vis-a-vis: same sex marriage, homosexuality, corporate greed, secret societies surreptitiously influencing business, education, and government. It shares how biblical prophecy is being fulfilled right before our very eyes. Read the books of Daniel, Zechariah, Ezekiel, Isaiah, Matthew and Revelation. It sheds some light on the coming one world government and one world religion. In short IA is a wakeup call to those who are searching for the truth and purpose of this world's existence! Learn why George Washington was leery of a two party dominated political system.

Sexual Rhetorics - Jonathan Alexander

2015-10-16

Sexual rhetoric is the self-conscious and critical engagement with discourses of sexuality that exposes both their naturalization and their queering, their torquing to create different or counter-discourses, giving voice and agency to multiple and complex sexual experiences. This volume explores the intersection of rhetoric and sexuality through the varieties of methods available in the fields of rhetoric and writing studies, including case studies, theoretical questioning, ethnographies, or close (and distant) readings of "texts" that help us think through the rhetorical force of sexuality and the sexual force of rhetoric.

The Civic Gospel - William M. Reynolds
2009-01-01

This book is a result of the times in which we are living. These times demand a response. When the authors began to write this book, it was not popular to dissent against the Bush administration. In fact, dissent was and still is equated with terrorism. Now, it might seem that the tide is turning and maybe after the 2008 election some of this nightmare we have been experiencing will change.

The Truth About Same-Sex Marriage - Erwin W. Lutzer
2009-12-17

HEADLINE: Is it really that big of a deal? A May 2009 Gallup poll revealed that fifty-seven percent of Americans oppose same-sex marriage, while only forty percent are in favor of it (down from forty-six percent in 2007). This short, easy-to-read book helps shed light on what so many people believe, and why they ought not be at a loss about what to do now. The headlines only tell part of the story. In this revised and updated version of his bestselling book, Dr. Erwin Lutzer clearly and accurately depicts the truth about what is at stake here. By asking the right questions and by pinpointing the very real ramifications of same-sex marriage this handbook will help guide reality back to Truth. Dr. Lutzer expertly answers the questions that so many individuals, parents, friends, and families are asking: -How did we get to this point? -Why is marriage, as God intended it, better—and healthier? -How can I talk to my kids about this? -How do I responsibly read, watch, and filter the news? -Is there still hope? Let no one say that we have to choose between loving homosexuals and opposing same-sex marriages. Biblically, love is defined not as license to legitimize sinful behavior of any kind, but love helps us see that there is a better way. Obviously, we must be as concerned about our own sins as we are about the sins of the homosexual community. We must be concerned enough to speak out about any action, heterosexual or homosexual, that violates God's intended plan for marriage and the family. This simple, straightforward look at the issue of same-sex marriage will equip you to know what is really happening and, most importantly, why it matters for you.

Masking Hegemony - Craig Martin 2016-04-29
'Masking Hegemony' presents a critical evaluation of the language used in liberal political thought, tracing liberalism's use of two key binary concepts - public/private and religion/state - from the Protestant Reformation to the present. Whilst appearing to separate "religion" from "state" and "public" from "private", this language actually masks the influence of religious institutions on state policies and the inevitable circulation of power from the private to the public sphere in a liberal democracy. 'Masking Hegemony' uses the work of Gramsci, Foucault and Bourdieu to offer a

A Constitutional Crisis - Warren Lee Grant

2013-04-23

America is facing a constitutional crisis that threatens the continuation of the Republic as founded and structured. The US Supreme Court is a primary agent in the rise, expansion, and promotion of this crisis. By the employ of one of the amendments, the Court continues its work of restructuring the governmental order established by the Constitution and of shifting the nation from its Christian foundation to one wholly secular. Such actions by the Court raise very serious questions: By what lawful authority does the Court engage in this work? What are the driving motives behind the Courts stratagem? What are some of the main consequences thus far produced? Address is given to these questions, as well as to the means of restoring constitutional order and limiting the powers of the Supreme Court to those specified.

A Biblical Point of View on Homosexuality -

Kerby Anderson 2008-03-01

In the last few decades, homosexuality has moved from the margins of society to the mainstream. In response to this cultural shift, Christian apologist and radio host Kerby Anderson sorts through myths to deliver the facts on homosexuality and the social impact it has had on families, the church, schools, and traditional marriage. With a balance of God's truth found in the Bible and a desire to reach out to homosexuals, he answers key questions about homosexuality, including: What percentage of the population is homosexual? Is homosexuality the worst of all sins? Did Jesus remove God's condemnation of homosexuality? Is there a connection between gay teens and suicide? What are the causes of homosexuality? Anderson also looks at the spiritual aspects of homosexuality and offers practical suggestions for Christians seeking to reach out to gay and lesbian friends and loved ones. This book is an essential resource for anyone seeking to better understand the roots, goals, and implications of homosexuality and the pro-gay movement.

We Will Not Be Silenced - Erwin W. Lutzer
2020-11-03

"If I could, I would put this book into the hands of every Christian in America." —Dr. David Jeremiah "Be strong and courageous. Do not be frightened, and do not be dismayed, for the LORD your God is with you wherever you go" (Joshua 1:9). Each day, you watch America turn further from Christian values and the core principles of liberty. It's frustrating to feel you can't assert biblical truth without facing condemnation, and fearful to witness outrage and victimhood replace respect and reason. Amidst this dissent, how can you not only stay rooted in your own faith, but continue publicly testifying for Jesus? In *We Will Not Be Silenced*, Dr. Erwin W. Lutzer prepares you to live out your convictions against a growing tide of hostility. Gain a better understanding of nonbelievers' legitimate hurts and concerns regarding issues like racism, sexism, and poverty—and identify the toxic responses secular

culture disguises as solutions. In the process, you'll see how you can show compassion and gentleness to those outside of the faith without affirming their beliefs. *We Will Not Be Silenced* will ready you to move beyond fear and boldly accept the challenge of representing Christ to a watching world that needs Him now more than ever before.

Same-sex Marriage - Mathew D. Staver 2004
Staver argues that the allowing of same-sex marriages in San Francisco speaks to the homosexual agenda's cultural assault and the church's timidity in confronting it.

The Other Worldview - Peter Jones 2015-06-24
"A must-read for every concerned American--and especially for every Christian who weeps at the graveside of his culture." --R.C. Sproul
A cataclysmic change has occurred as our culture has shifted toward belief in "Oneism." Every religion and philosophy fits into one of two basic worldviews: "Oneism" asserts that everything is essentially one, while "Twoism" affirms an irreducible distinction between creation and Creator. *The Other Worldview* exposes the pagan roots of Oneism, traces its spread throughout Western culture, and demonstrates its inability to save. "For bodily holiness and transformed thinking . . . we depend entirely on one amazing thing: the incredibly powerful message of the Gospel to a sinful world, which is the ultimate expression and goal of Twoism. The only hope is in Christ alone."
