Who Do You Love? Clint M Byars 2021-09-03 "God, what do you want me to do? What is my purpose in life?" Have you ever said something like this? Most of us feel like if God would just tell us what He wants us to do, then we'd know our purpose and could fulfill our calling. The problem with that way of thinking is it puts all the emphasis on performance. Yes, God has things He wants you to do, but that is not your purpose. Your purpose, or the reason you exist, is determined by something entirely different than your assignments in the Body of Christ. Your purpose is inherent to your identity as a child of God. Your calling is a journey you embark on with God to rescue people from darkness and bring them into the light of Christ. That is the desire of every believer, but we do not know how to discover our path. I have developed a process that will light the path of your calling. In this process, you will determine a course that is rooted in God's love for you and your compassion for others. I will walk you through a simple series of questions and exercises, culminating in a workable plan, with clear actionable steps to follow God and ultimately fulfill your calling. It's time to stop limiting yourself and set sail into the calling of God on your life.

BLACK POETRY AND BLACK FOLK NARRATIVES DR. JAMES OLIVER RICHARDSON 2013-11 Perhaps the greatest human understanding lies within the hearts and souls of Black people. The old Negro folk songs entered the African American church and became prayer songs and sorrow songs that still trouble our souls. These songs were spirituals groans and mournful meanings that are ever present in the old Negro spirituals; they were narratives and expressions of hope and of tragedy. The songs we hear were a prophecy of pride and self-respect. Through all of the unhappiness of the sorrow songs, there breathes a hope and a faith in the final justice of things. The minor cadences of despair change often to victory and calm confidence. Sometimes it is faith in life, sometimes a faith in death, and sometimes reassurance of boundless justice in some unknown world beyond. But whichever it is, the meaning is always clear: that sometime, somewhere, all men will be judge by their souls and not by the color of their skins. Perhaps, in America, many Black men cannot endure their life-world of Blackness. Nevertheless, there will come a time when individuals will be required to accept full accountability for their cruelty, hypocrisy, exploitation, and for empowering a reality of Whiteness. It will be a time when secrets of the hearts will be known.

The Will to Change bell hooks 2004-01-06 From the New York Times bestselling author of *All About Love*, a brave and astonishing work that challenges patriarchal culture and encourages men to reclaim the best part of themselves. Everyone needs to love and be loved—even men. But to know love, men must be able to look at the ways that patriarchal culture keeps them from knowing themselves, from being in touch with their feelings, from loving. In *The Will to Change*, bell hooks gets to the heart of the matter and shows men how to express the emotions that are a fundamental part of who they are—whatever their age, marital status, ethnicity, or sexual orientation. But toxic masculinity punishes those fundamental emotions, and it's so deeply ingrained in our society that it's hard for men to not comply—but hooks wants to help change that. With trademark candor and fierce intelligence, hooks addresses the most common concerns of men, such as fear of intimacy and loss of their patriarchal place in society, in new and challenging ways. She believes men can find the way to spiritual unity by getting back in touch with the emotionally open part of themselves—and lay claim to the rich and rewarding inner lives that have historically been the exclusive province of women.

The Scientific American Book of Love, Sex and the Brain Judith Horstman 2011-11-15 Who do we love? Who loves us? And why? Is love really a mystery, or can neuroscience offer some answers to these age-old questions? In her third enthralling book about the brain, Judith Horstman takes us on a lively tour of our most important sex and love organ and the whole smorgasbord of our many kinds of love—from the bonding of parent and child to the passion of erotic love, the affectionate love of companionship, the role of animals in our lives, and the love of God. Drawing on the latest neuroscience, she explores why and how we are born to love—how we're hardwired to crave the companionship of others, and how very badly things can go without love. Among the findings: parental love makes our brain bigger, sex and orgasm make it healthier, social isolation makes it miserable—and although the craving for romantic love can be described as an addiction, friendship may actually be the most important loving relationship of your life. Based on recent studies and articles culled from the prestigious *Scientific American* and *Scientific American Mind* magazines, *The Scientific American Book of Love, Sex, and the Brain* offers a fascinating look at how the brain controls our loving relationships, most intimate moments, and our deep and basic need for connection.

Do You Love Me? Michael Crosby Throughout the Gospel of John Jesus poses a series of questions: "What are you looking for?" "Do you want to be healed?" "Why do I speak to you at all?" as well as the most poignant, addressed to Peter, "Do you love me?" Michael Crosby's reflections on these questions take us into the heart of John's gospel. He highlights an important theme: the tension between a model of the church that gives emphasis to the Petrine principle of apostolic authority and a model of the church -- characterized by the Beloved Disciple -- that gives greater emphasis to loving service and discipleship. As Crosby shows, it is in balancing the roles of both Peter and the Beloved Disciple that the church best reflects the spirit of Christ.

Who Do I Think I Am? Anjelah Johnson-Reyes 2022-03-15 This hilarious and thoughtful memoir from comedy legend Anjelah Johnson-Reyes explores questions of identity, belonging, and her two dreams as a kid: to be an actress and to be a chola. You may know Anjelah Johnson-Reyes for her viral sketch "Nail Salon" (over 100 million views globally) or her beloved MadTV character Bon Qui Qui, but it's her clean humor and hilarious storytelling that make her one of the most successful stand-up comedians and actresses today. With her razor-sharp wit, Anjelah recounts funny stories from her journey—from growing up caught between two worlds (do chips and salsa go with potato salad?) to unexpectedly embracing faith ("I love Jesus, but I will punch a 'ho") to her many adventures in dating (she may or may not have accepted dates simply for the food). Through it all, Anjelah transforms from a suburban-adjacent kid with Aquanet-drenched hair into a devoted Christian who abstains from drinking and premarital sex, into a mall-famous Oakland Raiders cheerleader, and then an actually famous comedian traveling the world and meeting people from all-walks of life, including Oprah. No biggie. (Huge biggie.) As she travels the world, Anjelah has eye-opening experiences, and she morphs from square, rigid Anjelah into "Funjelah," and learns that she can still ride with Jesus without squashing the other parts of her personality. Anjelah's stories explore subjects such as navigating your racial identity, finding your place in the world, chasing your crazy dreams, embracing the messiness of an evolving faith, and searching for belonging and meaning. Through her journey, Anjelah gets closer to discovering her true identity and encourages readers to have the audacity to dream big.
