The Poison Tree - Cynthia Harrod-Eagles

2011-08-25

1831: as England emerges from the post war depression, the country is changing, and the birth pains of the Reform Act bring it to the brink of revolution. The violent times breed violent acts, both outside and inside the Morland family. Sophie's life is shattered by a hideous crime. Rosamund learns that achieving her dreams brings as much pain as pleasure. Heloise, mourning her beloved James, lets control of Morland Place fall into chaos- Benedict has to flee his home and makes a life amongst the railway pioneers, while Nicholas now has the freedom to indulge the dark side of his nature. And amongst them all stalks the

deadly, invisible threat of cholera.

Before the Poison - Peter Robinson 2011-08-18

The Number One bestseller and winner of the Arthur Ellis Award for Best Novel After years of Hollywood success composer Chris Lowndes wanted only one thing: to take his beloved wife home to the Yorkshire Dales. But Laura is gone, and Chris is on his own. He welcomes the isolation of Kilnsgate House, and the beauty of the dale. And it doesn't surprise him that a man died there, sixty years ago. That his wife was convicted of murder. That something is pulling him deeper and deeper into the story of Grace Elizabeth Fox, who was hanged by the neck until she was dead . . .

Dark Asylum - E. S Thomson 2018-12-11

Set in a crumbling Victorian asylum where a gruesome murder is committed, this sequel to *Beloved Poison* explores the early science of brain study while giving chilling insight into an asylum's workings. 1851, Angel Meadow Asylum. Dr. Rutherford, principal physician to the insane, is found dead, his head bashed in, his ears cut off, his lips and eyes stitched closed. The police direct their attention towards Angel Meadow's inmates, but to Jem Flockhart and Will Quartermain the crime is an act of calculated retribution, rather than of madness. To discover the truth Jem and Will must pursue the story through the darkest corners of the city—from the depths of a notorious rookery, to the sordid rooms of London's brothels, the gallows, the graveyard, the convict fleet and then back to the asylum. In a world where guilt and innocence, crime and atonement, madness and reason, are bounded by hypocrisy, ambition, and betrayal, Jem and Will soon find themselves caught up in a web of dark secrets and hidden identities.

2016-09-13

Set in a crumbling 1850s London infirmary, a richly atmospheric Victorian crime novel where murder is the price to be paid for secrets kept. Ramshackle and crumbling, trapped in the past and resisting the future, St. Saviour's Infirmary awaits demolition. Within its stinking wards and cramped corridors, the doctors bicker and backstab. Ambition, jealousy, and loathing seethe beneath the veneer of professional courtesy. Always an outsider, and with a secret of her own to hide, apothecary Jem Flockhart

observes everything but says nothing. And then six tiny coffins are uncovered, inside each a handful of dried flowers and a bundle of mouldering rags. When Jem comes across these strange relics hidden inside the infirmary's old chapel, her quest to understand their meaning prises open a long-forgotten past—with fatal consequences. In a trail that leads from the bloody world of the operating room and the dissecting table to the notorious squalor of Newgate Prison and the gallows, Jem's adversary proves to be both powerful and ruthless. As St. Saviour's destruction draws near, the dead are unearthed from their graves while the living are forced to make impossible choices. And murder is the price to be paid for the secrets to be kept.

remembers that when she does have time on her hands, she doesn't know what to do with it. So it doesn't take much for the vicar of a nearby village to persuade her to help publicize the church fete - especially when the event organizer, George Selby, turns out to be a handsome widower. Agatha brings out the crowds for the fete all right, but there's more going on than innocent village fun. Several of the offerings in the jam-tasting booth turn out to be poisoned and the festive entertainment becomes the scene of two murders. Along with her young assistant, Toni, Agatha must lift the lid on the jam tampering, see to the safety of the church funds, and root out the nasty secrets lurking in the village. Quite a tall order while she is attempting to flirt with gorgeous George, who probably has a few secrets of his own! Praise for the Agatha Raisin series: 'M.C. Riches to rags ... Chaos has calmed ... At least while out on the lake ... Until poison is found, blowing up the peace again ... Enjoying a beautiful day on the lake, while Doreen tries her hand at paddleboarding, ends up on an odd note after finding poison in a bed of pansies. She garners a tidbit of information out of her BFF, Corporal Mack Moreau, about a man who'd recently walked into the emergency room, complaining he'd been poisoned. Only on a threat of good behavior (surely it doesn't count if given under duress), Doreen agrees to stay out of his case. But, as it happens, the mention of poison to her beloved Nan brings up another recent death and an old woman who'd been saying someone was poisoning her for months. Only no one listened. Now she is dead. When

Nightshade A gripping and darkly atmospheric thriller set in Victorian London, perfect for fans of The Seven Deaths of Evelyn Hardcastle, The Strangers Diaries and The Silent Companions.

London, 1851. Restless and bored after a long hot summer, apothecary and poison expert Jem Flockhart decides to redesign her physic garden. But plans are thrown into confusion when a man's skeleton is unearthed from beneath the

deadly nightshade, a smaller, child-like skeleton curled at its feet. The body bears evidence of knife wounds to its ribs and arms, and is accompanied by a collection of macabre objects: a brass bowl, a curious coin-like token, a set of tiny ivory skulls. The police claim the victim is too long-buried for answers to be found, but for Jem, a corpse in her own garden is something that cannot be ignored. The plans to the garden, laid out some forty years earlier, reveal a list of five names. When Jem and Will start asking questions, the murders begin. Each victim has a past connection with the physic garden; each corpse is found with its jaw broken wide and its mouth stuffed with deadly nightshade. As they move closer to uncovering the truth Jem Flockhart and Will Quartermain encounter a dark world of addiction, madness, power and death that strikes at the very heart of Jem's own history. This time, the poison is personal. . .

WINNER OF THE CRIME WRITERS' ASSOCIATION DIAMOND DAGGER AWARD
2017 Ann Cleeves Classic Crime - engaging mysteries to savour, beloved characters to meet again. Another Man's Poison is the fifth novel featuring George and Molly Palmer-Jones by Ann Cleeves, author of the Shetland and Vera Stanhope crime series. Ever since the death of her husband, Ursula Ottway has lived alone in Back Rigg Cottage, high up on the fells overlooking the beautiful Crow Water reservoir. She has always been popular in the local community, but Ursula's life is far from secure. Her landlord, the ambitious politician Marcus Grenville, wants his property back, as the cottage would provide a perfect holiday residence for the tourists who come up to shoot on the estate. After months of petty harassment,

Ursula discovers that the illegal use of poisoned bait on Grenville's land has killed not only a rare bird of prey but her two beloved cats. And she realises that she can bear no more. Outraged by this act of cruelty, Ursula storms up to the Grenvilles' house and - to the amazement and horror of the guests gathered for dinner - she denounces Marcus Grenville and threatens revenge. It would hardly look good, after all, for a future government minister to be caught flouting the law on his own land. But when her niece, Molly Palmer-Jones, arrives at Ursula's house the next morning, it is to find her body slumped lifeless on a sofa. Shocked and saddened, Molly and her husband George decide to piece together a picture of Ursula's last days. And it soon becomes clear that, for many people on the estate, hers was a very convenient death. The Palmer-Joneses embark on a murder investigation . . . but even their professional expertise doesn't prepare them for what is to follow. Because a lifetime's worth of secrets

Her lips were dry and cracked. I saw them move; a black tongue pass over them as if she was trying to speak, but she made no sound. A plague is coming to London. Dreaded more than the Devil himself, cholera - the 'blue death' - spares no one. have until execution day to save him. The search for the identity of the corpse, and the killer, takes them to the gates of Blackwater Hall, home to the secretive, and corrupt Mortmain family. With the approach of autumn, no one is safe, for the fog brings with it an evil and poisonous sickness - the perfect shroud for murder. When family secrets are prised out into the open, people begin dying. But who, or what, is the cause? Searching for answers, Jem and Will are driven underground, to the passages and tunnels beneath the city's teeming streets. Here, their adversary proves to be more elusive, and more deadly, than ever.
